Indeed *South Africa works because of Public Works*. President Cyril Matamela Ramaphosa officially opened the newly-built Mokopane Home Affairs office in Limpopo on **7 May 2024**, a project that is successfully delivered by the Department of Public Works and Infrastructure's Polokwane Regional Office.

President Ramaphosa was accompanied by Home Affairs Minister, Dr Aaron Motsoaledi; Deputy Minister of Home Affairs, Mr Njabulo Nzuza; Premier of Limpopo Province, Mr Stanley Mathabatha; Executive Mayor of Waterberg District Municipality, Cllr Morris Mataboge and local Mayors.

DPWI's Acting Deputy Director-General: Construction Project Management (CPM) Mr Nkosana Kubeka applauded Acting Regional Manager: Polokwane Regional Office Mr Ndivhoni Mathivha and his team for successfully delivering the project to the client Home Affairs Department. Kubeka acknowledged that, "like any other project, there were challenges during this project but hard work and dedication of the DPWI team made it possible to deliver the project successfully."

This project has created work opportunities for the local SMME's and at least 70 unemployed young people were trained through the Expanded Public Works Programme. At the end of the project beneficiaries were also awarded certificates as they gained experience in civil, plumbing and electrical trades.

The state-of-the-art Mokopane Home Affairs Office allows people of Mokopane to enjoy live capture capabilities for the processing of smart ID cards and passports, and it also provides the whole suite of Home Affairs services products such as registration of birth, marriage and death - amongst other services.
