Minister Nxesi and DPW employees mark International Nelson Mandela Day in Mamelodi

Public Works Minister, Mr TW Nxesi, MP, commemorated the International Nelson Mandela Day at Mamelodi Secondary School in Pretoria on 18 July 2018.

The school was adopted under the Public Works schools programme. The theme for this year's International Mandela Day Commemoration is #Be The Legacy.

The Minister, as part of the department's commitment to contribute towards social upliftment, rolled up his sleeves and led the department in a variety of activities such as painting and cleaning at the school as it was identified as one of the disadvantaged schools in the area.

The department also donated computers to the school as part of its investment in learners' education.
