

## **Portfolio Committee on Public Works and Infrastructure gathers first-hand knowledge on DPWI and its entities**

26 August 2019

The Portfolio Committee on Public Works and Infrastructure has met with the DPWI principals and some senior officials at the Departmental headquarters in Pretoria. The 26 August 2019 meeting forms part of the Committee's oversight visits to the Department and its entities.

The Committee would, in the course of the week, proceed to visit the Independent Development Trust (IDT), Agrément South Africa (ASA), the Construction Industry Development Board (CIDB) and the Council for the Built Environment (CBE).

The visits are aimed at providing the Members of the Committee with an in-depth understanding of the public works and infrastructure sector, its facilities and the work of the Public Works and Infrastructure entities. Besides listening to presentations and engaging in discussions, the Members of the Committee will also visit various project sites.
