DPWI, CITY OF CAPE TOWN COLLABORATION YIELDS RESULTS

By Maanea Maselesele

The collaboration between the Department of Public Works and Infrastructure (DPWI) and the City of Cape Town to reclaim public buildings is starting to yield good results following Western Cape High Court granting an eviction order at the Castle of Good Hope. Today, Minister Dean Macpherson, accompanied by Executive Mayor, Geordin Hill-Lewis, toured neglected state-owned buildings in Cape Town.

"The tour aimed at restoring state owned properties for public good and ensuring they contribute to job creation and economic growth" said Macpherson.

The Minister later visited Hout Bay Harbor to explore further opportunities to revitalise public assets.

It was a beautiful and joyous event on the 20th of September 2024 when ladies from the Department of Public Works and Infrastructure's (DPWI) Head Office and Pretoria Regional Office enjoyed a women's month commemoration held at Thaba Tshwane in Pretoria under the theme "Celebrating 30 Years of Democracy Towards Women's Development."

The purpose of the event is to celebrate women's achievements in various fields and the roles they play in the department and society at large.

Chief Director of the Gender Unit, Dr. Mveleli Gqwede, encouraged women to practice unity within a working environment. "Women from 1956 paved a way of unity. May we learn from them and be like them", said Chief Director Gqwede.
