

*The new age #34 30/01/13***NEWS SHORTS****Nkandla spending grotesque – Cosatu**

THE R206m security upgrade to President Jacob Zuma's Nkandla home is "grotesque", Cosatu said yesterday. "Cosatu does not question the need for the state to take adequate measures to secure the president and other public office bearers," spokesperson Patrick Craven said. "(However) for the government to spend such a grotesque amount of public money on any one person is shocking and grossly insensitive to the workers, the poor and the homeless." – Sapa
