**Steven Penny Louw Haggard:** People should not have guns, as they are going gun crazy. Once you pull the trigger and kill someone you can't pull the bullet back. Government should ban all guns.

**Shaun Rudling:** We have the right to protect ourselves with firearms. He could have done just as much harm with a machete.

**Nozipho Khumalo:** Ex bf was a cop mind u.

**Kelvin William Smith:** Thank God my mother was inside the building all ready before this all happened and not outside. Thank you Lord.

**Mike Purchase:** What a beautiful country we live in.

• **City in need of a permanent recycling solution**

**Michelle Anne de Lange:** They stopped collecting our recycling about a year ago. No notice, it just stopped. Judging from the story, that's about the time the municipality took over. We now take our recycling to Hayfields Pick n Pay centre.

**Buhle Karen Shezi:** Oh please, the municipality is not looking to do anything. I know of a few projects that were turned down. Private sector must step in

**Lungelo Khumalo:** From Glenwood, I take my recyclables to the collection point in Hayfields Pick n Pay.

**Denesh Ramdat Govender:** Any idea what I can do with these increasing bin bags of bottles?

**Lungelo Khumalo:** Denesh Ramdat Govender your heart is in a right place, can I encourage you to make

just one trip to Hayfields PnP? There's a recycling depot just above the parking area, a very friendly chap will be glad to remove the bags from your car and sort the material accordingly. With Msunduzi the way it is, we mustn't give up.
