

# Cleaning up Vaalwater and Leseding

**Lizzy Bapela**

Modimolle-Mookgophong Mayor Marlene van Staden will lead an initiative to clean up the towns of Vaalwater and Lesiding Section on Wednesday 5 September.

The Mayor will be accompanied by councillors from all political parties within the municipality, municipal employees, the Community Works Programme and the Extended Public Works Programme, Waterberg District Municipality, local schools, and the local businesses community.

Van Staden has called on the broader community to support the initiative.

She said equipment such as spades, gloves and masks would be provided to volunteers.

Those who wish to support the campaign were advised to make contact with the mayor's office.

She said the more volunteers joined in, the better for the neighbourhoods, and the ultimate success of the clean-up campaign.

Van Staden said starting times and point of departure would be announced closer to the time.
