

GOVAN MBEKI AWARDS

KZN sets the pace again!

"We have broken the back of quality challenges. We have consistently led the country in the numbers of houses built. We must now manage expectations within limited budgets. More emphasis needs to be placed on serviced sites, informal settlement upgrades and title deed handovers." - Ravi Pillay, MEC for Human Settlements and Public Works

IN a clean sweep, KwaZulu-Natal took top honours at the 2018 Govan Mbeki Awards held at the East London International Convention Centre on November 30.

The Province also took the first runner-up positions in many of the categories it had entered.
