

The community of Rambuda together with the traditional council of Rambuda said they are not going register to vote in the 2019 election if their needs aren't met. Right: Thovhele Rambuda Ratshibvumo II.

'Tar our roads or we won't vote'

Ntsieni Sirwali

THE community of Rambuda, and the traditional council of Rambuda, are adamant that they are not going to register for the 2019 General Election.

The decision came after a meeting that was held last Wednesday at Ha-Rambuda Musanda with the MEC for Public works, Roads and Infrastructure, Nandi Ndalane.

She was accompanied by delegates from Road Agency Limpopo.

The traditional leader of the

Rambuda community, Thovhele Rambuda Ratshibvumo II told CV that the decision was taken by the community and the traditional council after they have been promised several times, and were tired of hearing the same promises from the last two Roads MEC's. The community of Rambuda want the roads from Tshandama to Ha-khakhhu, and from Muswodi to Folovhodwe, tarred as a matter of urgency.

Rambuda said that in 2016, the then MEC Jerry

Ndou, also visited the area.

He said Ndou assured the community that his department was working on the issue to appoint a contractor. He claimed nothing has been done since. He mentioned that the recent visit by Ndalane was equally disappointing.

"She promised us the same thing and now it is three years later," he said.

During her visit, Ndalane once again stated that a contractor would be appointed.
