

Buying cars and castles for traditional leaders

The Free State government has bought six luxury cars for Free State Traditional Leaders saying Kings deserve proper services and to be at the same level of prestige with other Kings and Queens overseas.

Though Premier Sefaro Ntombela could not disclose the amount of money used to purchase the luxury vehicles, she said the traditional leaders deserve

to be shown respect and have castles built for them and have luxury cars.

The Premier also revealed that the Free State government will be building castles for Traditional Leaders. One of these castles is nearing completion in Qwa-qwa.

“Kings deserve to have good things, when you go overseas and see Kings and Queens, notice how they built them

nice castles. Even with our Kings we need to show them that they are Kings, they deserve respect, that we buy them nice cars and build them castles. Public Works will use its people to build the castles,” said Ntombela.
