## COMRADES EXPO AT THE HUB OF IT ALL

WITH the Ultimate Human Race just days away, the Comrades Marathon Association's (CMA) race organising committee is hard at work getting all the facilities at the annual Comrades Expo race ready for the 94th edition of the ultramarathon. The annual three-day Comrades Expo will be hosted at the Durban

Exhibition Centre. It is the largest and longest running expo of its kind in the country and will be held from June 6 to June 8. Spread over 9 000 square metres, this year's Expo is bigger and better than ever, and brings together runners, supporters, sporting enthu-

siasts, CMA sponsors and partners, as well as local and international visitors. Showcasing the best sports brands and the latest in running apparel, shoes and accessories, fitness equipment and allied products, the expo is not to be missed. An integral part of Comrades race

week, the expo also serves as the official registration point for the marathon and the place where more than 20 000 athletes will collect their race packs, goodie bags, share information and finalise registration ahead of race day. Go to [www.comrades.com](http://www.comrades.com) for more information.
