Mahumapelo opens case against officials

FORMER North West premier Supra Mahumapelo has opened a criminal case against former Ngaka Modiri Molema district municipality mayor Themba Gwabeni and Public Works MEC Gaoage Oageng Molapisi.

Mahumapelo alleges the two approached him “with an offer of corrupt intent when I was premier”.

This followed a report in the Sunday World newspaper that a gang member alleged Mahumapelo ordered a hit on businessman Wandile Bozwana, who died in 2015 after being shot. Mahumapelo denied involvement in the murder. | African News Agency (ANA)
