

# **Call for applications: Green Building Summer School 2020**

19 hours ago

The University of Venda, Department of Physics will be hosting a two-week program in partnership with the Department of Science and Innovations, Lucerne University of Applied Science and Arts, Switzerland, Department of Public Works and infrastructure, and the Department of Defence. The program will be based on Green building and sustainable design, aiming to the practice of increasing the efficiency with buildings and their sites use of energy, water, and materials, and of reducing impacts on human health and the environment for the entire lifecycle of a building. The workshop will be hosted from 02 – 14 March 2020 at the University of Venda.
