

OWNERSHIP OF THE OLD KAROO HOSPITAL SITE

DE AAR – The photo below this article show a number of "rolbosse" emanating from the old Karoo Hospital site.

We have been inundated with phone calls of community members demanding from the Municipality to come and clean in front of their yards as well as the old hospital site. We want to put it on record that the site does not belong to the Municipality, but to the Department of Public Works. We have made contact with the department and they have agreed and promised that, starting Monday, they will clean the site and keep it clean. Meanwhile, Residents are requested to clean in front of their houses. Isak Visser - Municipal Manager.
