GTM promises electricity to 85 houses in six months

Acting Mayor for Greater Tzaneen Municipality (GTM), Clr Conny Ramothwala, handed an electricity project to the contractors that will see the electrification of 85 households to the residents of Thabina Valley, Ward 33.

GTM has budgeted R1 661 750 for the Thabina Valley electrification project and it is expected to be completed in the next six months. The project started on Wednesday, October 18 and will be completed in April 2024. Ramothwala introduced the community to the consultants in charge of the project, Muteo Consulting Engineers and Mmwinwa Trading.

A community liaison and safety representative will also be appointed and four workers from the Expanded Public Works Programme (EPWP) from the ward will work on the project. Present at the site handover event was the portfolio head of Planning and Economic Development, Clr Sophie Ragganya.
