This is a life changing opportunity that young women across the Western Cape should not miss. Applications for the 24 BRAVO women's course opened on 1 February and will close on the 29th.

The programme commences with an induction, personal mastery, emotional intelligence, leadership, diversity, inclusion, drilling and fitness. There are also curricula in healthy living, environmental awareness and conflict management, which is all done in an effort to develop

important life skills. On completion of the course graduates are also offered a 12-month employment opportunity through our Expanded Public Works Programme and are placed in various entities.

This is among others, inclusive of WCG departments, municipalities and the South African Police Service.
