DA to escalate Petrusburg abandoned house crisis to Public Works

by Cllr. Thabo Nthapo - DA Councillor
Letsemeng Municipality

The Democratic Alliance (DA) in Letsemeng will escalate the matter of an abandoned state-owned house in Petrusburg to the Provincial Department of Public Works and engage law enforcement to protect it from further vandalism and criminal occupation.

Once used by local magistrates, the property has been left vacant for years, deteriorating into a hotspot for criminal activity and posing safety risks to nearby residents.

The DA's intervention seeks to hold the Department of Public Works accountable and prioritise the safety and well-being of the community.
