MEC ABRAHAM VOSLOO EMBARKS ON FRUITFUL VISIT TO VINE ACADEMY

KAKAMAS: In a bid to foster collaboration and drive innovation in education and sustainable agriculture, Northern Cape Education MEC Abraham Vosloo paid a visit to the Vine Academy and Model Farm in Kakamas on the 24th of January 2025. Accompanied by the Mayor and Council of Kai Garib Municipality, as well as the School Management of Martin Oosthuizen High School, the meeting aimed to explore potential areas of cooperation. The Vine Academy, a beacon of progressive education, offers a unique learning platform that combines modern methodologies with hands-on agricultural training. This distinctive approach cultivates skills that benefit both personal growth and societal development. Over the past two years, the Academy has demonstrated remarkable growth, and the MEC's visit marks a commitment to strengthening collaboration and nurturing future leaders in agriculture. As the newly appointed MEC for Education, Abraham Vosloo brings a wealth of experience to the table, having previously served as MEC for Finance, Economic Development, and Tourism, as well as MEC for Roads and Public Works. His expertise will undoubtedly play a crucial role in shaping the future of education in the Northern Cape.
