## Mashatile briefed on interventions for water

**Deputy president** Paul Mashatile has received measures and interventions aimed at addressing SA's water challenges. His spokesperson Keith Khoza said yesterday Mashatile met with the Water Task Team, comprising ministers of water and sanitation; police; finance; human settlements; public works and infrastructure; agriculture; electricity; Cogta; and land reform and rural development. "Today's meeting received presentations from the departments, and issues discussed included measures by the departments to work towards resolving the water and reticulation challenges. — Herman Moloi
