# ANNUAL PERFORMANCE PLAN

## 2015-2016

**public works**

Department:  
Public Works  
**REPUBLIC OF SOUTH AFRICA**

## Director General's Foreword

It is my pleasure to present the Annual Performance Plan 2015 – 2016 (APP) for the Department of Public Works (DPW). This APP is aligned to the Strategic Plan 2015-2020 and provides the key performance indicators that will determine how the targeted work will be undertaken by the Department within the context of the allocated resources.

As the National Department is mandated to provide accommodation to Government and to regulate and transform the built environment, this financial year will focus on implementing efficient measures to meet our mandate, vision and mission. In addition, the Department will invest in improving its administrative systems, processes and capacities so as to provide an efficient and effective service to the citizens of this country.

In order to fulfil our commitment for this financial year, Cabinet approved a budget of R6,4 billion for the Department, including a R3.5 billion as a transfer payment for the operationalisation of the Property Management Trading Entity (PMTE) and R50 million for the Non-State Sector for Expanded Public Works Programme (EPWP). In this regard, more than 30% of the Department's budget, almost R2 billion, has been allocated to the EPWP due to its national economic and strategic importance.

Aligned to this approved funding, the APP 2015 – 2016 outlines the Department's commitments to fulfil its mandated obligations.

The PMTE will assume the delivery of infrastructure services to user departments which were previously performed by the Department, i.e. the planning, acquiring, managing and disposing of immovable assets under the custodianship of the Department. With the operationalisation of the PMTE, the policy formulation, oversight role of the public sector as well as the construction and property regulation and development take on a greater focus in the Department.

Following numerous consecutive negative audit outcomes over the past seven years, targeted interventions have been put in place to fundamentally improve the financial management of the Department. These interventions have resulted in the achievement of an unqualified audit outcome for the 2013/14 financial year. The Department is on track to sustain and improve its performance by building on the sound processes and controls put in place for financial administration and supply chain management. The intention over the medium-term is to develop these functions into recognised centres of excellence within the Public Works sector. Given the unacceptable high levels of irregular expenditure that has been detected in the recent past, this will be a focus area of corrective action that will involve all stakeholders participating in the review of business processes. The Department will inter alia also target the investigation of all existing irregular transactions and institute appropriate action based on the recommendations in each particular case.

During this financial year, the EPWP will continue to be the Department's flagship programme which is targeted to create 1,127,186 work opportunities by public bodies through the use of labour intensive methodologies. Of these, a total of 450 462 work opportunities will be Full Time Equivalent (FTE) jobs. In partnership with the Construction and Education and Training Authority (CETA) and National Skills Fund (NSF), the EPWP has ensured that the training interventions offered are recognised by the South African Qualifications Authority (SAQA) and

cover both soft and technical skills; 700 000 of these will be work opportunities which will be created in rural municipalities. In addition, eligible Provinces, 275 Municipalities and Non-Governmental Organisations will be incentivised to increase job creation efforts in EPWP. This will be achieved by shifting towards more labour intensive methodology of construction.

In order to reduce the fraud and corruption risk levels, the Department will vigorously implement its Fraud Prevention Strategy and the Anti-Fraud and Corruption Policy, and, in so doing, we commit ourselves to initiate investigations within 30 days of receipt of allegations to maximise recourse for the Department.

During this financial year, the Department will develop and gazette the DPW White Paper for public comments. The Department will, in addition, finalise the Independent Development Trust (IDT) Business Case to establish it as an institution of Government; and develop a Draft Bill to amend the State Land Disposal Act, 1961.

Of critical importance is the finalisation of the Human Resources Plan to incorporate the staff complement of the PMTE. This Plan will be submitted to Department of Public Service and Administration (DPSA) to facilitate the immediate operationalisation of the PMTE.

With the plan now firmly in place, the Department is gearing itself to meet its commitments. Some work has already commenced and very good progress has been made. I am confident that 2015 – 2016 heralds the beginning of the upward trajectory towards the realisation of an efficiently managed Department which will meet its required obligations and responsibilities.

**M Dlabantu**

## Official sign-off

It is hereby certified that:

This Annual Performance Plan was developed by the management of the Department of Public Works under the guidance of Minister TW Nxesi prepared in line with the 2015-2020 Strategic Plan of the Department and accurately reflects the performance targets which the Department will endeavour to achieve given the resources made available in the budget for 2015/16.

## 1.2 Relating expenditure trends to strategic goals

The Cabinet approved budget for the Department of Public Works is R6.4 billion, including a R3.5 billion transfer payment for the operationalisation of the Property Management Trading Entity (PMTE) and R50 million for the Non-State Sector for Expanded Public Works Programme (EPWP). The Department's budget is aligned to the implementation of priorities within the National Development Plan (NDP) in relation to job creation, infrastructure development, integrated rural economy and the fight against corruption.

The overall strategic direction of the Department as informed by strategic perspective of the NDP focuses on five key priority areas as set out in the Policy Statement of the Minister of Public Works being: The creation of 6 million work opportunities over a period of five years, the operationalisation of Property Management Entity (PMTE) and the transformation of the core property business of the Department, the operationalisation of the Governance, Risk and Compliance Branch to spearhead the anti-corruption drive and Phase II of the Turnaround, new legislation in the form of a Public Works Act that aims to create seamless Government that delivers services to the nation through the three (3) spheres of Government.

A lack of regulatory frameworks for concurrent function poses limitations on the Department's oversight role over the Provincial counterparts. Through the new Public Works Act, the Department aims to deliver integrated services where each sphere is directed towards developmental and service delivery objectives of Government as a whole. The development of a new Public Works Act, will further ensure the coordinated and integrated implementation of National policies and programmes at Provincial level.

The lack of regulatory frameworks in Prestige has resulted in multi functions and responsibilities which requires a proper mandate and scope for the Prestige property management function. The Department will develop policies, norms and standards for all categories of Prestige clients, including the signing of service level agreements with strategic institutions. The Department will create capacity to ensure monitoring and compliance of the policies, norms and standards in the provision of suitable accommodation for Prestige clients in ensuring an efficient and effective public service.

The spending focus includes the improved coordination of the Expanded Public Works Programme to achieve the Department's target of 3 877 076 work opportunities (1 544 275 full time equivalents) by the end of 2017/18. To achieve the target for work opportunities, Cabinet has approved an additional allocation of R50 million in 2015/16 under transfers and subsidies for the Non-State Sector in the Expanded Public Works Programme. Over the medium-term, bulk of the expenditure for the Department will be on transfers and subsidies with more funds being transferred under the Property and Construction Industry Policy and Research programme for operationalisation of the Property Management Trading Entity.

Cabinet approved budget reductions of R541.1 million over the medium-term and will be affected as follows: R252.2 million from transfers to the Property Management Trading Entity; R39.4 million from the Construction Industry Development Board; R5.9 million from the Council for the Built Environment; R98.2 million from the Expanded Public Works Programme integrated grant for Municipalities; R49.8 million from the Social Sector Expanded Public Works Programme incentive grant for Provinces; R24.3 million from the Expanded Public Works Programme integrated grant for Provinces; R55.2 million from goods and services; R12.1 million from compensation of employees; and R3.9 million from payments for capital assets. Approved budget reductions are largely as a result of continual underspending in the Department capital budget for infrastructure, goods and services for office accommodation and compensation of employees.

Transfers and subsidies to Construction Industry Development Board and Council for the Built Environment were also reduced due to significant amount of cash reserves in the Entities.

Over the medium-term, transfers and subsidies increase by R3.8 billion or 35.3 per cent, from R2.6 billion in 2014/15 to R6.4 billion in 2017/18 due to new transfers to the Property Management Trading Entity under Property and Construction Industry Policy and Research programme. Accordingly, other economic classification items decrease over the MTEF period, notably compensation of employees by 32.4 per cent, goods and services by 31.1 per cent, as well as payments for capital assets by 54.7 per cent. This trend follows the operationalisation of the Property Management Trading Entity in 2015/16 in which the entity assumes the implementation functions of the Department of Public Works, and the Department now transfers an additional R11.2 billion of its budget to the entity over the MTEF.

When considering the new budget structure relative to the old structure, current payments expenditure for compensation of employees and goods and services is projected to increase at an average rate of 3.6 per cent over the medium-term in support of the Expanded Public Works Programme and provision for policy formulation, coordination, regulation as well as for monitoring and evaluation of the Public Works sector by the Department.

### ***Performance and expenditure trends for Programme 1***

The spending focus over the medium-term will be on Management and Corporate Services, such as Legal Services, Human Resources Management, and Finance and Supply Chain Management. The bulk of this expenditure is on compensation of employees and goods and services for day to day operation of the Department.

Between 2012/13 and 2013/14, spending in the Finance and Supply Chain Management sub programme increased significantly due to the implementation of the Turnaround Programme in the Department. The Department's Turnaround Programme was funded mostly from funds reprioritised to this programme from the Property and Construction Industry Policy and Research programme. The decrease in goods and services in this programme is linked to phasing out of the completed Turnaround projects.

As part of the Cabinet approved budget reductions, the Department will reduce spending by R45 million over the medium-term period. The reductions were implemented mainly in spending on compensation of employees and non-core goods and services items.

Personnel numbers are expected to remain at this level over the medium term.

### 3. Programme 2: Intergovernmental Coordination

**Purpose of the programme:** Provide sound sectoral intergovernmental relations and strategic partnerships. Coordinate with Provinces on immovable asset register, construction and property management, the implementation of Government Immovable Asset Management Act (2007) and the reporting on performance information within the public works sector

Table 11: Intergovernmental Coordination: Strategic objective annual targets for 2015/16 – 2017/18

### ***Performance and expenditure trends for Programme 2***

The spending focus over the medium-term will be on promoting sound sectoral intergovernmental relations and strategic partnership monitoring. The bulk of this expenditure is on compensation of employees including goods and services.

The programme aims at ensuring consistent, sound and integrated corporate governance within the Department through the implementation of the service delivery improvement framework and coordination of intergovernmental forums.

Personnel numbers are expected to increase over the medium-term with the filling of the critical vacant positions to ensure promotion of sound sectoral intergovernmental relations and strategic monitoring.

## 4. Programme 3: Expanded Public Works Programme

**Purpose of the programme:** Coordinate the implementation of the expanded public works programme which aims to create work opportunities and provide training for unskilled, marginalised and unemployed people in South Africa.

Table 15: Expanded Public Works Programme: Strategic objective annual targets for 2015/16 to 2017/18

Strategic Objective	Strategic Plan Target (5 year target)	Actual Performance			Estimated Performance 2014/15	Medium Term Targets

### **Performance and expenditure trends for Programme 3**

The spending focus over the medium-term will be on coordinating the implementation of the Expanded Public Works Programme which aims to create work opportunities and provide income support to poor and unemployed through the use of labour intensive methods. The bulk of the programme's budget goes towards the payment of performance based incentives to eligible Provinces, municipalities and non-profit organisations to incentivise them to increase job creation efforts in Expanded Public Works Programmes by shifting towards more labour intensive methods of construction.

The increase in spending between 2011/12 and 2013/14 was due to the allocation of additional funding in the form of performance incentives to eligible Provinces, Municipalities and Non-Profit Organisations for job creation efforts in support of the introduction of Phase II of the programme. Over 4 million work opportunities were created in this period in line with the business plan for Phase II of the programme. Spending increases in this programme expected over the MTEF period are due to increased funding for the Non-State Sector to subsidise the sector for additional work opportunities to be created. The programme aims to create 1 127 186 work opportunities (450 462 full time equivalents) through the expanded Public Works Programme by up scaling the programme and improving coordination and performance in all four (4) participating sectors in 2015/16.

Cabinet approved budget reductions of R195 million over the medium-term and will be affected in the following areas: R98 million on transfers and subsidies for integrated grant to Municipalities, R50 million on transfers and subsidies for social sector incentive grant to Provinces, R24 million on transfers and subsidies for integrated grant to Provinces and R23 million on goods and services.

The Department received additional funding of R50 million in 2015/16 on transfers and subsidies to the Non-State Sector for the Expanded Public Works Programme.

Personnel numbers are expected to remain at this level over the medium-term.

## 5. Programme 4: Property and Construction Industry Policy Regulation

**Purpose of the programme:** Promote the growth and transformation of the construction and property industries. Promote a standardised approach and best practice in construction and immovable asset management in the public sector.

Table 19: Property and Construction Industry Policy Regulation: Strategic objective annual targets for 2015/16 – 2017/18

Strategic Objective	Strategic Plan Target (5 year target)	Actual Performance			Estimated Performance 2014/15	Medium Term Targets	
		2011/12	2012/13	2013/14		2015/16	2016/17
1. To regulate and transform the Construction and Property industries	Public Works Act promulgated	-	-	-	Draft situational analysis on DPW White Papers commenced	Draft Public Works White Paper gazetted for public comments	Draft Public Works Bill submitted to Cabinet for approval to publish for public comment
2. Promote sound immovable asset management in the public sector	New legislative and policy frameworks to govern the immovable assets under the custodianship of the Department	-	-	-	-	Draft 1 of Bill to amend the State Land Disposal Act, 1961 submitted to Minister for approval to submit to Office of the Chief State Law Advisor (OCSLA) for initial scrutiny	Draft Bill to amend the State Land Disposal Act, 1961 submitted to Parliament
		-	-	-	-	Public Works General Laws Amendment and Repeal Bill submitted to Parliament	Amended State Land Disposal Act, 1961 promulgated

Table 20: Property and Construction Industry Policy Regulation: Programme performance indicators and annual targets for 2015/16 – 2017/18

Performance Indicator	Audited/ Actual Performance		Estimated Performance 2014/15	Medium Term Targets		2017/18
	2011/12	2012/13		2015/16	2016/17	
1. Promulgation of the Public Works Act	-	-	Draft situational analysis on DPW White Papers commenced.	Draft Public Works White Paper gazetted for public comment	Draft Public Works Bill submitted to Cabinet for approval to publish for public comment	Public Works Act promulgated
2. Establishment of Independent Development Trust (IDT) as an institution of Government	-	-	IDT Business Case submitted to DPSA for approval	IDT Business Case to establish IDT as an institution of Government submitted to Cabinet for endorsement	IDT established as an institution of Government	-
			Draft IDT Business Case developed in June 2013 for consultation with key stakeholders.			
			Following the consultation, the IDT Business Case (mandate) was revised and a HR Model (Draft 1) aligned to the revised Business Case was developed.			
3. Assessment of contractor development programme	-	-	-	Bi-annual contractor development implementation reports submitted to Minister for consideration	Bi-annual contractor development implementation reports submitted to Minister for consideration	Bi-annual contractor development implementation reports submitted to Minister for consideration
4. Approved DPW Property Management Empowerment Policy	-	-	-	Final draft DPW Property Management Empowerment Policy submitted to Minister for approval	-	-

Performance Indicator	Audited/ Actual Performance			Estimated Performance 2014/15	Medium Term Targets		
	2011/12	2012/13	2013/14		2015/16	2016/17	2017/18
5. Review of legislation and guidelines to manage the immovable assets under the custodianship of the Department approved.	-	-	-	Draft 1 of Bill to amend the State Land Disposal Act, 1961 submitted to Minister for approval to submit to OCSLA for initial scrutiny.	Draft Bill to amend the State Land Disposal Act, 1961 submitted to Parliament.	Amended State Land Disposal Act, 1961 promulgated.	

Table 21: Property and Construction Industry Policy Regulations: Quarterly targets for 2015/16

Performance Indicator	Reporting period	Annual Target 2015/16	Quarterly Targets			
			1 <sup>st</sup>	2 <sup>nd</sup>	3 <sup>rd</sup>	4 <sup>th</sup>
1. Draft Public Works White Paper developed	Quarterly	Draft Public Works White Paper gazetted for public comments.	Research on identified themes undertaken.	Draft 1 of Public Works White Paper consulted with stakeholders	Draft 2 of Public Works White Paper developed.	Draft Public Works White Paper gazetted for public comments.
2. Developed Business case to establish Independent Development Trust (IDT) as an institution of Government	Quarterly	IDT Business Case to establish IDT as an institution of Government submitted to Cabinet for endorsement	-	Business Case submitted to DPSA for approval towards establishing IDT as an institution of Government	-	Business case establishing IDT as an institution of Government submitted to Cabinet for endorsement
3. Assessment of contractor development programme	Bi-annually	Bi-annual contractor development implementation reports submitted to Minister for consideration.	-	Consolidated contractor development implementation report (2014/15 FY) submitted to Minister for consideration.	-	Contractor implementation report (April – September 2015) submitted to Minister for consideration.
4. Approved DPW Property Management Empowerment Policy	Quarterly	Final draft DPW Property Management Empowerment Policy submitted to Minister for approval.	-	Draft 1 of DPW Property Management Empowerment Policy developed.	Draft 2 of DPW Property Management Empowerment Policy developed	Final draft DPW Property Management Empowerment Policy submitted to Minister for approval.
5. Developed Draft Bill to manage the disposal of immovable assets under the custodianship of the Department	Quarterly	Draft 1 of Bill to amend the State Land Disposal Act, 1961 submitted to Minister for approval to submit to OCSLA for initial scrutiny	Draft 1 of discussion document on the amendment of the State Land Disposal Act, 1961 developed	Draft 2 of discussion document on the amendment of the State Land Disposal Act, 1961 developed	Regulatory Impact Assessment submitted to Minister for approval of the preferred option.	Draft 1 of Bill to amend the State Land Disposal Act, 1961 submitted to Minister for approval to submit to OCSLA for initial scrutiny

Performance Indicator	Reporting period	Annual Target 2015/16	Quarterly Targets			
			1 <sup>st</sup>	2 <sup>nd</sup>	3 <sup>rd</sup>	4 <sup>th</sup>
6. Developed Draft Bill to repeal or amend legislation administered by the Department that is inconsistent with the Constitution or obsolete	Quarterly	Public Works General Laws Amendment and Repeal Bill submitted to Parliament	Draft Public Works General Laws Amendment and Repeal Bill gazetted for public comment	Public Works General Laws Amendment and Repeal Bill approved by Minister for submission to Cabinet	Minister's intention to submit the Public Works General Laws Amendment and Repeal Bill to Parliament gazetted	Participation in Parliamentary process
7. Reviewed GIAMA Best practice guidelines and standards to manage immovable assets.	Quarterly	Revised Guidelines on User and Custodian Asset Management Plans submitted to Minister for approval.	Revised Guidelines on User and Custodian Asset Management Plans developed for consultation with key stakeholders (National and Provincial)	Consultation with key stakeholders concluded	Submitted to Technical MinMec for endorsement	Revised Guidelines on User and Custodian Asset Management Plans submitted to Minister for approval

## 5.1 Reconciling performance targets with the Budget and MTEF

#### ***Performance and expenditure trends for Programme 4***

The spending focus over the medium-term will be on promoting the growth and transformation of the property and construction industries.

Expenditure decreased from R5.4 billion in 2011/12 to R3.5 billion in 2014/15 at an average annual rate of negative 12.9 per cent. Expenditure decrease was mainly due to phasing out of the devolution of property rates fund grant to Provinces as it has formed part of the Provincial equitable share from the beginning of 2013/14 as well as under spending on infrastructure budget between 2012/13 and 2013/4 period.

Between 2015/16 and 2017/18, expenditure on transfers and subsidies is projected to increase at an average rate of 69 per cent in line with the operationalisation of Property Management Trading Entity. Current payments are projected to decrease at an average of 73.6 per cent al in line with the operationalisation of Property Management Trading Entity.

Personnel numbers are expected to increase over the medium-term in line with the filling of the critical positions in this programme.

## 6. Programme 5: Prestige Policy

**Purpose of the programme:** Provide norms and standards for the prestige accommodation portfolio and meet the protocol responsibilities for State functions.

Table 23: Prestige: Strategic objective annual targets for 2015/16 – 2017/18

<b>Strategic Objective</b>	<b>Strategic Plan Target (5 year target)</b>	<b>Audited/ Actual Performance</b>				<b>Estimated Performance 2014/15</b>	<b>Medium Term Targets 2016/17</b>	<b>2017/18</b>

### ***Performance and expenditure trends for Programme 5***

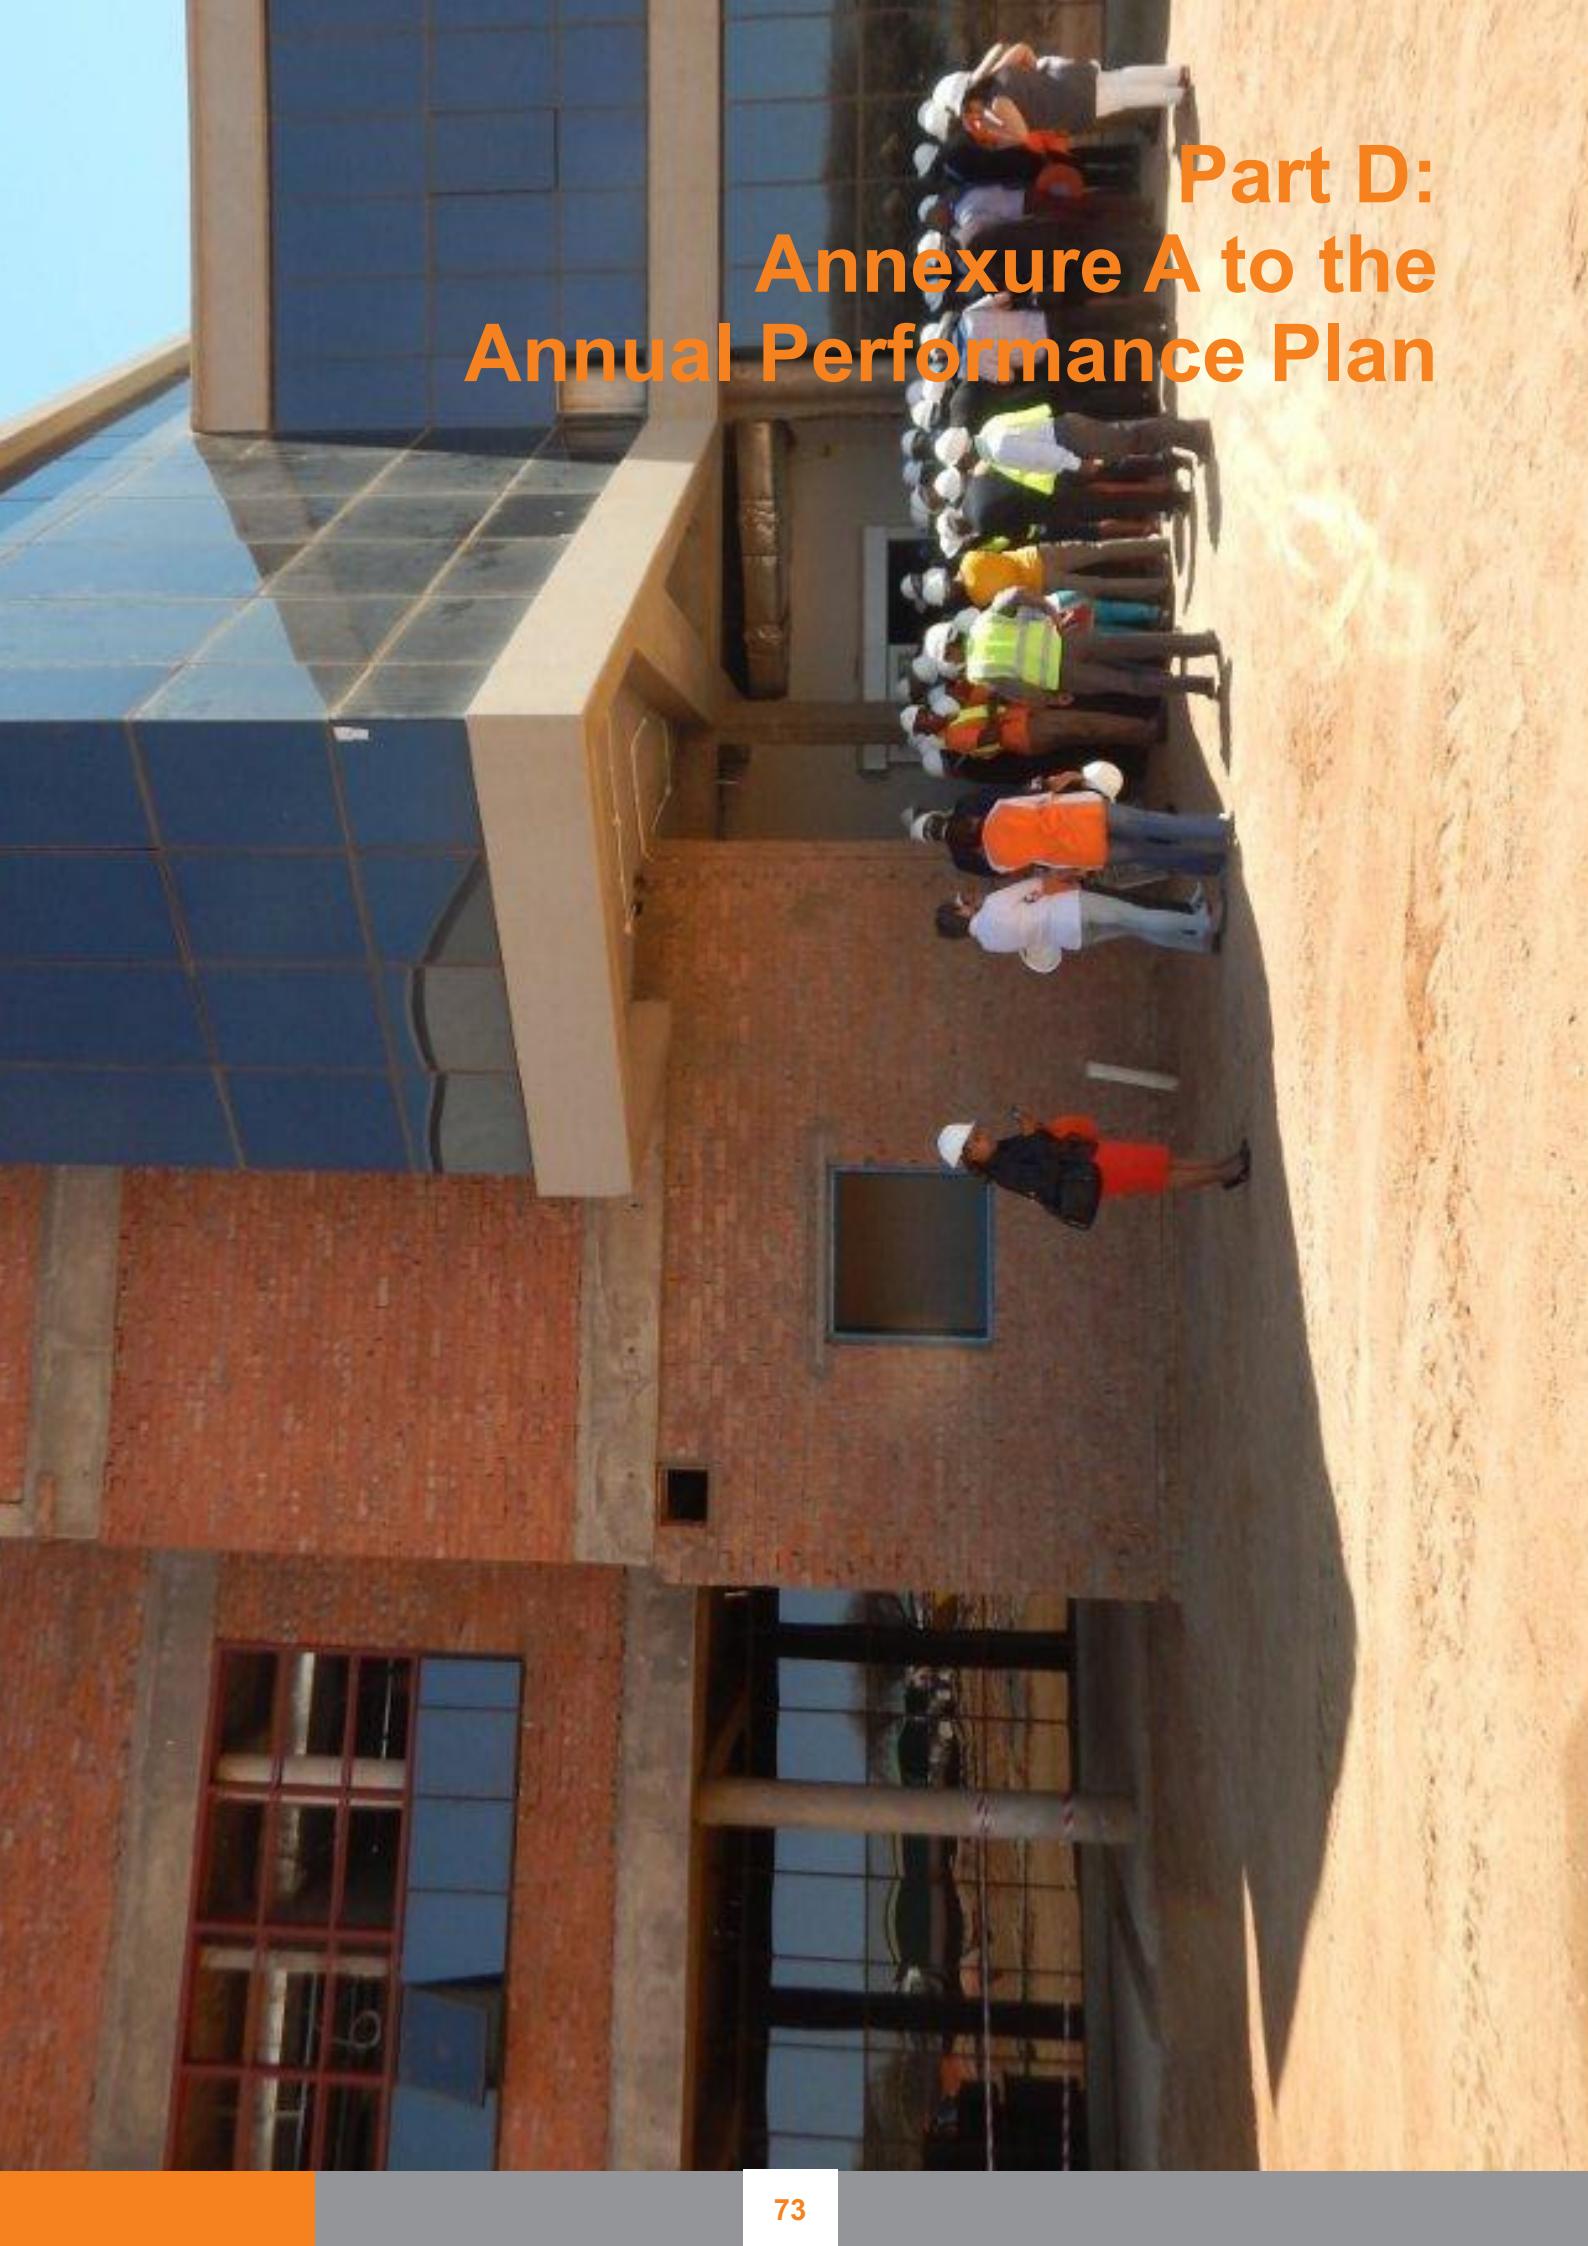

The spending focus over the medium-term will be on provision for norms and standards for prestige accommodation and meet the protocol responsibilities for the State functions.

The programme aims at providing 45 logistical services for State functions over the MTEF, providing movable assets (office and residential), setting monitoring and reviewing of policies, as well as developing norms and standards for prestige accommodation.

Personnel numbers are expected to increase over the medium term in line with the filling of the critical positions in this programme.

A photograph of a modern brick building with a grey concrete facade. The building features several large windows with dark frames and a prominent balcony on the right side. The sky is clear and blue.

## Part C: Long Term Infrastructure Plans (Refer to the Strategic Plan)

## **Part D: Annexure A to the Annual Performance Plan**

## 7. Annexure A: Technical indicator descriptions

### 7.1 Management

<b>Indicator title</b>	<b>Percentage of investigations initiated within 30 days of admissible allegations</b>
<b>Short definition</b>	The indicator is measuring investigations initiated within 30 days of receipt of fraud and corruption allegations reported. This indicator is linked to Phase II of the Turnaround Strategy.
<b>Purpose/importance</b>	To ensure that all reported fraud and corruption allegations are attended to timely and corrective actions are implemented within a reasonable time frame. The process cannot be confined to a specific time period as the nature of each case varies
<b>Source/collection of data</b>	Register of allegations, National Corruption Hotline reports, requests from Management, anonymous reporting DPW officials and stakeholders.
<b>Method of calculation</b>	The number of investigations initiated within 30 days of an allegation being reported divided by the total number of investigations reported.
<b>Data limitations</b>	Lack of allegations reports; unavailability and or non -cooperation from officials and Management to provide information.
<b>Type of indicator</b>	Output
<b>Calculation type</b>	Cumulative
<b>Reporting cycle</b>	Quarterly
<b>New indicator</b>	No
<b>Desired performance</b>	100% of all investigations instituted within 30 days of receipt of admissible allegations.
<b>Indicator responsibility</b>	Director: Fraud awareness and investigations

<b>Indicator title</b>	<b>Percentage change of fraud and corruption risk levels</b>
<b>Short definition</b>	The indicator is measuring the increase or decrease of fraud and corruption levels in the Department by evaluating the probability and impact of the fraud risk register for the Department and PMTE. This indicator is linked to Phase II of the Turnaround Strategy.
<b>Purpose/importance</b>	The Department conducted an assessment of Fraud Risks to mitigate the prevalence and vulnerability of the Department to fraud and corruption and to identify its roots causes. The outcome of Fraud Risk Assessment informs the Fraud Prevention Plan of the Department.
<b>Source/collection of data</b>	Fraud Risk Register
<b>Method of calculation</b>	Risk rating (probability x impact rating) of the current fraud risk register The previous year's (probability x impact rating) fraud and corruption risk rating
<b>Data limitations</b>	Lack of allegations reports, unavailability and or non -cooperation from officials and Management to provide information.
<b>Type of indicator</b>	Output
<b>Calculation type</b>	Non- cumulative
<b>Reporting cycle</b>	Quarterly
<b>New indicator</b>	Yes
<b>Desired performance</b>	Reduction in the fraud and corruption risk levels across the Department
<b>Indicator responsibility</b>	Director: Fraud awareness and investigations

## 7.2 Finance and Supply Chain Management

<b>Indicator title</b>	<b>Percentage change in the rand value of irregular expenditure baseline.</b>
<b>Short definition</b>	The indicator is measuring the reduction in irregular expenditure baseline as a result of non-compliance with prescripts and internal controls in prior years.
<b>Purpose/importance</b>	To reduce the irregular expenditure baseline as a result of proper consequence management implemented by the Department.
<b>Source/collection of data</b>	Irregular expenditure register indicating reduced amounts including, but not limited to, amounts condoned and written off.
<b>Method of calculation</b>	Current financial year's rand value of irregular expenditure Previous financial year's rand value of irregular expenditure
<b>Data limitations</b>	None
<b>Type of indicator</b>	Output
<b>Calculation type</b>	Non-cumulative
<b>Reporting cycle</b>	Quarterly
<b>New indicator</b>	No
<b>Desired performance</b>	Actual performance that is higher than targeted performance is desirable.
<b>Indicator responsibility</b>	Chief Director: Finance

<b>Indicator title</b>	<b>Percentage of compliant invoices settled within 30 days from receipt of invoice.</b>
<b>Short definition</b>	The indicator is measuring the percentage of compliant invoices received from service providers for services rendered which are required to be paid within 30 days in accordance with the Treasury Regulations 8.3.1.
<b>Purpose/importance</b>	Tracks the turnaround time of payments to ensure compliance with regulatory prescripts and to ensure that service providers are not disadvantaged with regard to late payment
<b>Source/collection of data</b>	BAS report indicating when the invoice was received and when it was paid.
<b>Method of calculation</b>	The number of compliant invoices that are paid within 30 days The total number of compliant invoices received
<b>Data limitations</b>	Late and non-submission of invoices to registry.
<b>Type of indicator</b>	Output
<b>Calculation type</b>	Non-cumulative
<b>Reporting cycle</b>	Quarterly
<b>New indicator</b>	No
<b>Desired performance</b>	100 % compliance to 30 day payment regulations
<b>Indicator responsibility</b>	Director: Inspectorate and Compliance

<b>Indicator title</b>	<b>Percentage of bids awarded within legislated 56 working days of closure of tender advertisement</b>
<b>Short definition</b>	The indicator is measuring the percentage of relevant bids awarded for services procured for the Department within validity period. This indicator is linked to Phase II of the Turnaround Strategy.
<b>Purpose/importance</b>	To demonstrate that the end to end business process for processing bids is able to be executed within the prescribed validity period thereby enhancing service delivery to clients and ensuring compliance to regulations.
<b>Source/collection of data</b>	Statistics related to all bids awarded by the respective approval authorities will be collected from the SCM tender section that is responsible to collate and manage this information.
<b>Method of calculation</b>	Number of bids awarded within the 56 days validity The total number of bids awarded in the reporting quarter.
<b>Data limitations</b>	Dependent on the decisions taken by the BAC.
<b>Type of indicator</b>	output
<b>Calculation type</b>	Cumulative.
<b>Reporting cycle</b>	Quarterly.

<b>New indicator</b>	Yes
<b>Desired performance</b>	To award all bids within the prescribed 56 day validity to prevent extending tender validity periods beyond this period. SCM will strive to achieve for actual performance that exceeds the targeted performance as this will indeed contribute to service delivery improvements
<b>Indicator responsibility</b>	Chief Director: Supply Chain Management

<b>Indicator title</b>	<b>Percentage procurement cost of goods and services purchased (excluding built environment)</b>
<b>Short definition</b>	The indicator is measuring the cost of a tender to establish whether the Department is paying prevailing market related costs and not paying for a tender wherein the price is inflated and includes excessive profit margins. This indicator is linked to Phase II of the Turnaround Strategy.
<b>Purpose/importance</b>	The Department procures goods and services to support its service delivery objectives. In most cases the cost of the services are higher than market related. In order to ensure cost effectiveness, the Department will be reducing these costs.
<b>Source/collection of data</b>	The tender section will provide the tender price of every tender that is awarded by the relevant approval authorities.
<b>Method of calculation</b>	<u>Actual tender price of goods and service procured</u> The benchmarked price for goods and services  This will be translated into a percentage to determine the total percentage variation.
<b>Data limitations</b>	None
<b>Type of indicator</b>	Output
<b>Calculation type</b>	Cumulative.
<b>Reporting cycle</b>	Quarterly.
<b>New indicator</b>	Yes
<b>Desired performance</b>	The Department will scrutinise all tenders received and compare the tendered price to the estimate and the variance between all bidders' tendered prices. The Department will also evaluate the prices of past tenders awarded for a similar scope of work to establish a benchmark price. The intent is to pay a price that is market related but inclusive of the premium of 10% as provided for in the BBBEE preference system. This will possibly include a process of negotiation with tenderers to get best value for the State. The tender section will provide the tender price of every tender that is awarded by the relevant approval authorities.
<b>Indicator responsibility</b>	Chief Director: Supply Chain Management

<b>Indicator title</b>	<b>Percentage of contracts with variations executed within the allowable variation threshold as legislated by National Treasury (excluding built environment).</b>
<b>Short definition</b>	The Department procures goods and services to support its service delivery objectives. These contracts need to be managed in accordance with the agreed scope and cost. The indicator is measuring the variations to the contracts which should be done within the relevant prescribed threshold. The allowable variation is 15% for goods and services. This indicator is linked to Phase II of the Turnaround Strategy.
<b>Purpose/importance</b>	To ensure that the Department manages its contracts in such a way that they are concluded in accordance with the tendered price. In instances where variations are necessary, then contracts must be varied only within the allowable National Treasury limitations.
<b>Source/collection of data</b>	The Variation Order Committee will provide statistics on all variations approved that fall within and outside the allowable National Treasury rates.
<b>Method of calculation</b>	<u>The total number of all contracts with variations approved that are within the allowable range</u> The total number of all contracts that were varied.  Number is then converted to a percentage.
<b>Data limitations</b>	Incomplete Variation Order documentation
<b>Type of indicator</b>	Output
<b>Calculation type</b>	Cumulative.
<b>Reporting cycle</b>	Quarterly.

<b>New indicator</b>	Yes
<b>Desired performance</b>	The Department will scrutinise all tenders received and compare the prices to the estimate and the variance between all received tender prices. The Department will also evaluate the prices of similar in nature tenders to establish a benchmark. The intent is to pay a price that is market related but inclusive of the premium of 10% as provided for in the BBBEE preference system.
<b>Indicator responsibility</b>	Chief Director: Supply Chain Management

### 7.3 Corporate Services

<b>Indicator title</b>	<b>Implementation of the approved HR Plan for DPW and PMTE</b>
<b>Short definition</b>	The indicator is measuring the implementation of the Human Resource (HR) plan (inclusive of the organisational structure, workplace skills plan, artisan and graduate programmes and resourcing of the core business) which is completed for DPW and be submitted to DPSA as required. The implementation of the approved plan focuses on the activities relating to the organizational structure and training of staff. This indicator is linked to Phase II of the Turnaround Strategy.
<b>Purpose/ importance</b>	It is to ensure that the Department is capacitated in terms of the core business with the appropriate structure and the relevant skills
<b>Source / collection of data</b>	Staff establishment, approved structure and training requirement of all Business Units in DPW and PMTE
<b>Method of calculation</b>	None
<b>Data limitations</b>	None
<b>Type of indicator</b>	Output
<b>Calculation type</b>	Non-cumulative
<b>Reporting cycle</b>	Quarterly
<b>New indicator</b>	No
<b>Desired performance</b>	Completion, approval, submission and implementation of HR Plan
<b>Indicator responsibility</b>	Chief Director: Human Resources

<b>Indicator title</b>	<b>Percentage of funded and prioritised vacancies filled as per approved Recruitment Plan with the HR Plan.</b>
<b>Short definition</b>	The indicator is measuring how the Department will be filling vacant and funded posts which have been prioritised as critical and funded positions. These posts are to be filled within 4 months of the date of the post advertisement. This indicator is linked to Phase II of the Turnaround Strategy.
<b>Purpose/ importance</b>	To capacitate the Department with skills required by various units to deliver on the mandate of the Department
<b>Source / collection of data</b>	All Business Units in DPW and PMTE.
<b>Method of calculation</b>	<u>Number of vacancies filled within 4 months of advertisement</u> The total number of vacancies filled
<b>Data limitations</b>	None
<b>Type of indicator</b>	Output
<b>Calculation type</b>	Cumulative
<b>Reporting cycle</b>	Quarterly
<b>New indicator</b>	No
<b>Desired performance</b>	Vacant and funded positions advertised and filled within the required timeframe
<b>Indicator responsibility</b>	Chief Director: Human Resources Management

<b>Indicator title</b>	<b>Number of beneficiaries participating in DPW skills development programme</b>
<b>Short definition</b>	The indicator is measuring the beneficiaries participating in the skills development programme (Young Professionals, Candidates, Interns, Learners, Management Trainees, Schools programme beneficiaries, and Artisans Trainees) which contributes to the capacitation of the Department which is part of the HR Plan. This indicator is linked to Phase II of the Turnaround Strategy.

<b>Purpose/ importance</b>	The Departmental skills development programme which is part of the HR Plan contributes to skills development is a legislative requirement and contributes to the Sector Skills Plan.
<b>Source / collection of data</b>	All Business Units in DPW and PMTE.
<b>Method of calculation</b>	A count of the number of beneficiaries participating in the skills training programme
<b>Data limitations</b>	None
<b>Type of indicator</b>	Output
<b>Calculation type</b>	Non- cumulative
<b>Reporting cycle</b>	Quarterly
<b>New indicator</b>	No
<b>Desired performance</b>	To provide valuable on the job training to beneficiaries whilst capacitating the Department
<b>Indicator responsibility</b>	Chief Director: Human Resources & Organisational Development Management

<b>Indicator title</b>	<b>Reengineered ICT infrastructure within DPW and PMTE</b>
<b>Short definition</b>	The indicator is measuring the upgrading and redesigning of network infrastructure (VoIP and LAN) to meet the business requirements on ICT. This indicator is linked to Phase II of the Turnaround Strategy.
<b>Purpose/ importance</b>	To ensure that DPW and PMTE users are provided with reliable and relevant ICT infrastructure
<b>Source / collection of data</b>	All Business Units in DPW and PMTE
<b>Method of calculation</b>	None
<b>Data limitations</b>	User requirements and specifications not available
<b>Type of indicator</b>	Output
<b>Calculation type</b>	Non-cumulative
<b>Reporting cycle</b>	Quarterly
<b>New indicator</b>	Yes
<b>Desired performance</b>	Upgrade to LAN infrastructure
<b>Indicator responsibility</b>	Chief Director: Information Communication Technology

<b>Indicator title</b>	<b>Business applications implemented within DPW and PMTE</b>
<b>Short definition</b>	The indicator is measuring the implementation of business applications i.e. Procurement systems, Worx4u mobile APP and other ERP modules
<b>Purpose/ importance</b>	Business applications are important to automate business processes with the view of improving productivity. This indicator is linked to Phase II of the Turnaround Strategy.
<b>Source / collection of data</b>	All Business Units in DPW.
<b>Method of calculation</b>	None
<b>Data limitations</b>	User requirements and specifications not available
<b>Type of indicator</b>	Output
<b>Calculation type</b>	Non-cumulative
<b>Reporting cycle</b>	Quarterly
<b>New indicator</b>	Yes
<b>Desired performance</b>	Implementation of Electronic procurement system and Worx4u mobile application
<b>Indicator responsibility</b>	Chief Director: Information Communication Technology

<b>Indicator title</b>	<b>Percentage of default judgments against the Department prevented</b>
<b>Short definition</b>	The Department faces litigation cases on an on-going basis. The indicator is measuring how effective litigations cases are managed thereby preventing default judgements from being granted, in other words, the Department should not face fruitless or wasteful expenditure
<b>Purpose/ importance</b>	To ensure that the Department proactively manages litigation and prevents default judgements from taking place
<b>Source / collection of data</b>	Court orders
<b>Method of calculation</b>	<u>Number of default judgements prevented</u> Total number of default judgements
<b>Data limitations</b>	Incorrect or incomplete records on legal matters
<b>Type of indicator</b>	Output
<b>Calculation type</b>	Cumulative
<b>Reporting cycle</b>	Quarterly
<b>New indicator</b>	Yes
<b>Desired performance</b>	To ensure that there are no default judgements against the Department
<b>Indicator responsibility</b>	Chief Director: Legal Services

<b>Indicator title</b>	<b>Percentage of reported fraud and corruption misconduct cases subjected to disciplinary processes.</b>
<b>Short definition</b>	The indicator is measuring the percentage of reported fraud and corruption misconduct cases subjected to disciplinary processes to ensure that all reported fraud and corruption misconduct cases subjected to disciplinary processes and officials are held accountable. There can be no time period specified for the completion of the disciplinary process since each case is different in nature.
<b>Purpose/ importance</b>	To root out fraud and corruption in the Department of Public Works by employees.
<b>Source / collection of data</b>	All Business Units in DPW
<b>Method of calculation</b>	<u>The number of reported fraud and corruption misconduct cases subjected to disciplinary processes</u> <u>The total number of fraud and corruption cases reported</u> How many have been initiated, how many are in process and how many are completed
<b>Data limitations</b>	Non availability of information to investigate allegations of misconduct.
<b>Type of indicator</b>	Output
<b>Calculation type</b>	Non-Cumulative
<b>Reporting cycle</b>	Quarterly
<b>New indicator</b>	Yes
<b>Desired performance</b>	All reported fraud and corruption misconduct cases finalised within reasonable period.
<b>Indicator responsibility</b>	Chief Director: Legal Services

## 7.4 Intergovernmental Coordination

<b>Indicator title</b>	<b>Number of intergovernmental forums convened for oversight of the Public Works Sector</b>
<b>Short definition</b>	This indicator is measuring the various intergovernmental forums that are coordinated by Intergovernmental Relations and Parliamentary Services with stakeholders from within the Public Works Sector which is used as a mechanism to manage the concurrent functions.
<b>Purpose/importance</b>	To ensure effective coordination of interaction and engagement within the Public Works Sector on concurrent functions
<b>Source/collection of data</b>	MinMecs, Technical MinMecs Forums and CFO's Forums (minutes, agenda, implementation reports)
<b>Method of calculation</b>	A count of the number of MinMecs, Technical MinMecs and CFO's Forums per annum
<b>Data limitations</b>	None
<b>Type of indicator</b>	Output
<b>Calculation type</b>	Non- cumulative
<b>Reporting cycle</b>	Quarterly
<b>New indicator</b>	No
<b>Desired performance</b>	All intergovernmental forums coordinated and executed efficiently to deal with issues within the Public Works Sector.
<b>Indicator responsibility</b>	Chief Director: Intergovernmental Relations and Parliamentary Services.

<b>Indicator title</b>	<b>Development of public works sector diagnostic report</b>
<b>Short definition</b>	This indicator is measuring the compilation of diagnostic reports for the public works sector based on an evaluation of performance of the previous financial year as well as other relevant matters relating to concurrent functions
<b>Purpose/importance</b>	The plays Oversight and Coordination role within the three Spheres of Government as part of the concurrent function (Schedule 4 of the Constitution). The Intergovernmental Coordination Programme seeks to ensure that there is coordination and integration within the sector. However, the Department has not fully played this role in the past hence this indicator seeks to establish a baseline in terms of the level of performance within the sector.
<b>Source/collection of data</b>	Auditor-General reports, Quarterly Reports of customised indicators
<b>Method of calculation</b>	1 Report will be developed annually
<b>Data limitations</b>	Inaccurate or incomplete quarterly reports from Provinces
<b>Type of indicator</b>	Output
<b>Calculation type</b>	Non-cumulative
<b>Reporting cycle</b>	Quarterly
<b>New indicator</b>	Yes
<b>Desired performance</b>	1 Diagnostic report developed annually analysing performance of the public works sector and providing strategies for service delivery for the sector.
<b>Indicator responsibility</b>	Deputy Director-General: Governance, Risk and Compliance

<b>Indicator title</b>	<b>Completed service delivery framework for identified services</b>
<b>Short definition</b>	The indicator is measuring the compilation of a Service Delivery Framework (consisting of business processes, standard operating procedures, unit costing, service standards, service charters) informed by the service delivery planning framework and methodology of DPSA. The identified services for DPW and PMTE include: Construction and Property Sector Regulation Services, Construction Management Services, Property Management Services, EPWP Management Services and Intergovernmental Coordination. Additional services or sub services may be identified over the MTEF. This indicator is linked to Phase II of the Turnaround Strategy.

<b>Purpose/importance</b>	The development and implementation of Service Delivery Framework is a statutory requirement and is necessary to ensure continuous incremental service delivery improvement and the quality of services over a three-year horizon.
<b>Source/collection of data</b>	DPSA guideline, SDIP Document, Strategic Plan and Annual Performance Plan
<b>Method of calculation</b>	None
<b>Data limitations</b>	Lack of existing business process and no unit costings available
<b>Type of indicator</b>	Output
<b>Calculation type</b>	Non- cumulative
<b>Reporting cycle</b>	Quarterly
<b>New indicator</b>	Yes
<b>Desired performance</b>	Detailed service delivery model/ framework completed
<b>Indicator responsibility</b>	DDG: Governance, Risk and Compliance

<b>Indicator title</b>	<b>Change in average score of management practices through the MPAT improvement plan</b>
<b>Short definition</b>	MPAT assesses the quality of management practices across a comprehensive range of management areas. Improved management practices are the key to an improved service delivery through providing a holistic picture of the quality of management practices within a Department against common standards. The indicator is measuring the improvement in the effectiveness of management practices within the Department and PMTE through the implementation of the MPAT improvement plan . This indicator is linked to Phase II of the Turnaround Strategy.
<b>Purpose/importance</b>	To assess the extent of compliance within DPW and PMTE and develop action plans to incrementally improve management practices and overall performance of DPW and PMTE.
<b>Source/collection of data</b>	Management Performance Assessment Tool, DPSA Service Delivery Planning Framework and Methodology
<b>Method of calculation</b>	Average MPAT score from the previous financial year – the average MPAT score from the current financial year
<b>Data limitations</b>	Lack of business process and detailed service delivery model
<b>Type of indicator</b>	Output
<b>Calculation type</b>	Non - cumulative
<b>Reporting cycle</b>	Quarterly
<b>New indicator</b>	Yes
<b>Desired performance</b>	To ensure that the management practices of the Department are fully effective through the MPAT improvement Plan resulting in an average score of 4 on all Key Performance Areas
<b>Indicator responsibility</b>	DDG: Governance, Risk and Compliance

## 7.5 Expanded Public Works Programme

<b>Indicator title</b>	<b>Number of work opportunities created by public bodies in the EPWP aligned to the Phase III Business Plan</b>
<b>Short definition</b>	The indicator is measuring the creation of work opportunities by public bodies in all spheres of Government as well as Non -Profit Organisations through labour intensive approaches which are coordinated by the EPWP Branch. The 5 year target of 6 million work opportunities is based on baseline funding received from National Treasury over the MTEF.
<b>Purpose/importance</b>	To ensure effective and efficient coordination of the EPWP for the creation of work opportunities by implementing bodies.
<b>Source/collection of data</b>	The EPWP reporting systems.
<b>Method of calculation</b>	A count of the aggregate work opportunities created/reported. Work opportunity is paid work created for an individual on an EPWP project for any period of time. The same person can be employed on different projects and each period of employment will be counted as work opportunity.
<b>Data limitations</b>	Dependence on reporting bodies to accurately record, report and verify the reported data.
<b>Type of indicator</b>	Output
<b>Calculation type</b>	Cumulative
<b>Reporting cycle</b>	Quarterly
<b>New indicator</b>	No
<b>Desired performance</b>	Actual performance exceeding targeted performance is desirable.
<b>Indicator responsibility</b>	Chief Director: Expanded Public Works Programme: Monitoring and Evaluation

<b>Indicator title</b>	<b>Number of EPWP work opportunities created in rural municipalities aligned to the Phase III EPWP Business Plan.</b>
<b>Short definition</b>	The indicator is measuring the effective and efficient coordination of the EPWP for the creation of work opportunities through the implementation of projects in rural municipalities. The projects are implemented by public bodies. The target for this indicator is based on baseline funding over the MTEF.
<b>Purpose/importance</b>	To ensure effective and efficient coordination of the EPWP toward the creation of work opportunities in rural municipalities. The targets for this indicator forms part of the overall EPWP work opportunity target. It aims to highlight the contributions of EPWP in rural municipalities.
<b>Source/collection of data</b>	The data comes from all implementing bodies implementing EPWP projects in rural municipalities, i.e. National and Provincial Government Departments as well as Municipalities. It also includes projects implemented in the Non -State Sector.
<b>Method of calculation</b>	A count of the aggregate work opportunities created in rural municipalities
<b>Data limitations</b>	Dependence on Implementing public bodies to accurately record, report and verify the reported data.
<b>Type of indicator</b>	Output
<b>Calculation type</b>	Cumulative
<b>Reporting cycle</b>	Quarterly
<b>New indicator</b>	No
<b>Desired performance</b>	Actual performance exceeding the targeted performance is desirable.
<b>Indicator responsibility</b>	Chief Director: Expanded Public Works Programme: Infrastructure

<b>Indicator title</b>	<b>Percentage of EPWP participation among designated groups (percentage of women, youth and persons with disabilities) aligned to the EPWP Business Plan.</b>
<b>Short definition</b>	The indicator measures the contribution of the EPWP toward the creation of work opportunities in for designated groups (youth, women and people with disabilities) in the country. The targets for this indicator forms part of the overall EPWP work opportunity target. It aims to highlight the contributions of EPWP in vulnerable groups of our society.
<b>Purpose/importance</b>	To ensure effective and efficient coordination of the EPWP toward the creation of work opportunities among designated groups by implementing bodies.
<b>Source/collection of data</b>	The EPWP reporting systems.
<b>Method of calculation</b>	A count of the aggregate work opportunities created/reported among designated groups. Work opportunity is paid work created for an individual on an EPWP project for any period of time. The same person can be employed on different projects and each period of employment will be counted as work opportunity.
<b>Data limitations</b>	Dependence on reporting bodies to accurately record, report and verify the reported data.
<b>Type of indicator</b>	Output
<b>Calculation type</b>	Non-Cumulative
<b>Reporting cycle</b>	Quarterly
<b>New indicator</b>	No
<b>Desired performance</b>	Actual performance that is higher than the targeted performance is desirable since this implies more beneficiaries received training.
<b>Indicator responsibility</b>	Chief Director: Expanded Public Works Programme: Monitoring and Evaluation
<b>Indicator title</b>	<b>Percentage of disbursed performance-based incentive allocations to eligible public bodies across all sectors.</b>
<b>Short definition</b>	The indicator is measuring the total incentive amount disbursed by Department of Public Works as a percentage of the allocated incentive amount to eligible Public Bodies.
<b>Purpose/importance</b>	To ensure effective and efficient coordination of the EPWP through the disbursement of the incentive amounts to eligible public bodies. The Department of Public Works provides amongst others technical support to public bodies to become eligible for the incentive and to improve performance since greater performance implies more work opportunities created. This in turn leads to an increase in the incentive amounts disbursed.
<b>Source/collection of data</b>	Disbursement reports.
<b>Method of calculation</b>	Disbursed amount expressed of performance-based incentive allocations The allocated amount of performance-based incentive allocations.
<b>Data limitations</b>	Dependence on reporting bodies reporting EPWP projects, signing incentive agreements, submitting business plans and expenditure reports.
<b>Type of indicator</b>	Activity
<b>Calculation type</b>	Cumulative
<b>Reporting cycle</b>	Quarterly
<b>New indicator</b>	No
<b>Desired performance</b>	100% disbursement of the allocated incentive indicates comprehensive implementation of the EPWP.
<b>Indicator responsibility</b>	Chief Director: Expanded Public Works Programme: Infrastructure Chief Director: Expanded Public Works Programme: Operations

<b>Indicator title</b>	<b>Number of municipalities provided with technical support</b>
<b>Short definition</b>	The indicator is measuring the technical support provided by National Department of Public Works to municipalities to implement projects according to EPWP guidelines. This involves assisting municipalities in designing and implementing projects in line with the EPWP guidelines
<b>Purpose/importance</b>	Technical support is provided to municipalities to ensure the correctness in the reporting of the number of work opportunities created through the EPWP
<b>Source/collection of data</b>	EPWP Annexure Reports.
<b>Method of calculation</b>	A count of the number of municipalities provided with technical support.
<b>Data limitations</b>	Misalignment of reporting timelines between Treasury and EPWP Reporting. Lack of capacity to report by municipalities.
<b>Type of indicator</b>	Output
<b>Calculation type</b>	Cumulative
<b>Reporting cycle</b>	Quarterly
<b>New indicator</b>	No
<b>Desired performance</b>	An increase in number of municipalities reporting on the number of work opportunities created through the EPWP.
<b>Indicator responsibility</b>	Deputy Director-General: Expanded Public Works Programme

<b>Indicator title</b>	<b>Number of Public bodies submitted signed off data reports</b>
<b>Short definition</b>	The indicator is measuring the number of sign off reports that have been received from Public bodies indicating a true reflection of projects reported into the EPWP reporting systems. This report will contain the number of projects, work opportunities created by every public body per province or sector.
<b>Purpose/importance</b>	The indicator intends to ensure that the data reported is reliable and accurate as reported by public bodies.
<b>Source/collection of data</b>	EPWP Sign off Reports
<b>Method of calculation</b>	A count of the number of Public Bodies submitting signed off EPWP data reports
<b>Data limitations</b>	Dependence on reporting bodies to accurately record, report and verify the reported data.
<b>Type of indicator</b>	Input
<b>Calculation type</b>	Non – cumulative
<b>Reporting cycle</b>	Quarterly
<b>New indicator</b>	Yes
<b>Desired performance</b>	All data used for reporting should be data that is signed off by Public bodies
<b>Indicator responsibility</b>	Chief Director: Expanded Public Works Programme: Monitoring and Evaluation

## 7.6 Property and Construction Industry Policy Regulations

<b>Indicator title</b>	<b>Draft Public Works White Paper developed.</b>
<b>Short definition</b>	The indicator is measuring the development and gazetting of the draft Public Works White Paper for public comments.
<b>Purpose/importance</b>	To inform the development of a Public Works Act.
<b>Source/collection of data</b>	White Papers: (1) Public Works towards the 21st Century (1997); and (2) Creating an Enabling Environment for Reconstruction, Growth and Development in the Construction Industry (1999), relevant legislation and Government policies.
<b>Method of calculation</b>	None
<b>Data limitations</b>	None
<b>Type of indicator</b>	Output
<b>Calculation type</b>	Non-cumulative
<b>Reporting cycle</b>	Quarterly
<b>New indicator</b>	No
<b>Desired performance</b>	Draft Public Works White Paper gazetted for public comments.
<b>Indicator responsibility</b>	Chief Director: Construction Policy Development; and Chief Director: Property Policy Development

<b>Indicator title</b>	<b>Business case to establish Independent Development Trust (IDT) as an institution of Government developed</b>
<b>Short definition</b>	The indicator is measuring the establishment of the IDT as an institution of Government reporting to the Minister of Public Works.
<b>Purpose/importance</b>	To define the IDT's mandate and to improve its governance and accountability to the Executive Authority.
<b>Source/collection of data</b>	Relevant delegations
<b>Method of calculation</b>	None
<b>Data limitations</b>	None
<b>Type of indicator</b>	Output
<b>Calculation type</b>	Non-cumulative
<b>Reporting cycle</b>	Quarterly
<b>New indicator</b>	No, this is continuation without change from the previous year.
<b>Desired performance</b>	IDT established as an institution of Government
<b>Indicator responsibility</b>	Chief Director: Construction Policy Development

<b>Indicator title</b>	<b>Assessment of contractor development programme.</b>
<b>Short definition</b>	The indicator is measuring the monitoring of the implementation of contractor development.
<b>Purpose/importance</b>	To monitor implementation of contractor development initiatives and ensure alignment to the National Contractor Development Programme.
<b>Source/collection of data</b>	Quarterly reports
<b>Method of calculation</b>	A simple count of the contractor development reports drafted
<b>Data limitations</b>	None
<b>Type of indicator</b>	Output
<b>Calculation type</b>	Non-cumulative
<b>Reporting cycle</b>	Bi-annually
<b>New indicator</b>	Yes
<b>Desired performance</b>	Bi-annual contractor development implementation reports submitted to Minister for consideration.
<b>Indicator responsibility</b>	Chief Director: Construction Policy Development.

<b>Indicator title</b>	<b>Developed DPW Property Management Empowerment Policy</b>
<b>Short definition</b>	The indicator is measuring the development of the Property Management Empowerment Policy aligned to the BBBEE Act, 2003 (as amended).
<b>Purpose/importance</b>	To ensure compliance by the Department to the BBBEE Act, 2003 (as amended) and to promote growth and transformation in the Property sector.
<b>Source/collection of data</b>	BBBEE Act, 2003 (as amended).
<b>Method of calculation</b>	None
<b>Data limitations</b>	None
<b>Type of indicator</b>	Output
<b>Calculation type</b>	Non-cumulative
<b>Reporting cycle</b>	Quarterly
<b>New indicator</b>	Yes
<b>Desired performance</b>	Property Management Empowerment Policy approved by the Minister.
<b>Indicator responsibility</b>	Chief Director: Property Policy Development

<b>Indicator title</b>	<b>Developed Draft Bill to manage the disposal of immovable assets under the custodianship of the Department</b>
<b>Short definition</b>	The indicator is measuring the amendment of the State Land Disposal Act, 1961 to be aligned to the Constitution, other relevant legislation and recognised best practices in the disposal of state immovable assets.
<b>Purpose/importance</b>	To contribute to orderly development and the acceleration of Government's socio-economic objectives.
<b>Source/collection of data</b>	Constitution, 1996; State Land Disposal Act, 1961; Public Finance Management Act, 1999; Provincial Land Administration Laws; DPW Immovable Asset Disposal Policy, 2013.
<b>Method of calculation</b>	None
<b>Data limitations</b>	None
<b>Type of indicator</b>	Output
<b>Calculation type</b>	Non-cumulative
<b>Reporting cycle</b>	Quarterly
<b>New indicator</b>	Yes
<b>Desired performance</b>	Draft Bill to amend the State Land Disposal Act, 1961 to govern the disposal of immovable assets under the custodianship of the Department developed.
<b>Indicator responsibility</b>	Chief Director: Property Policy Development

<b>Indicator title</b>	<b>Developed draft Bill to repeal or amend legislation administered by the Department that is inconsistent with the Constitution or obsolete.</b>
<b>Short definition</b>	The indicator is measuring the submission to Parliament of a draft Bill to repeal or amend legislation or provisions in legislation administered by the Department, that are (a) inconsistent with the Constitution, particularly the equality clause thereof, or (b) obsolete.
<b>Purpose/importance</b>	To act on the recommendations of the South African Law Reform Commission in terms of the programme to (a) align the statute book with the Constitution, 1996; and (b) free the statute book from obsolete and unnecessary legislation.
<b>Source/collection of data</b>	Constitution, 1996; all legislation administered by the Department; Report of the South African Law Reform Commission on Statutory Law Revision (Project 25).
<b>Method of calculation</b>	n/a
<b>Data limitations</b>	None
<b>Type of indicator</b>	Output
<b>Calculation type</b>	n/a
<b>Reporting cycle</b>	Quarterly

<b>New indicator</b>	Yes
<b>Desired performance</b>	Public Works General Laws Amendment and Repeal Bill submitted to Parliament.
<b>Indicator responsibility</b>	Chief Director: Property Policy Development.

<b>Indicator title</b>	<b>Reviewed GIAMA Best practice guidelines and standards to manage immovable assets.</b>
<b>Short definition</b>	The indicator is measuring the development of best practice guidelines and standards to give effect to implementation of GIAMA.
<b>Purpose/importance</b>	To ensure uniformity and compliance to GIAMA.
<b>Source/collection of data</b>	GIAMA, Land Administration Acts and relevant immovable asset management policies.
<b>Method of calculation</b>	None
<b>Data limitations</b>	None
<b>Type of indicator</b>	Output
<b>Calculation type</b>	Non-cumulative
<b>Reporting cycle</b>	Quarterly
<b>New indicator</b>	Yes
<b>Desired performance</b>	Revised Guidelines on User and Custodian Asset Management Plans developed and aligned to GIAMA.
<b>Indicator responsibility</b>	Chief Director: Property Policy Development

## 7.7 Prestige Policy

<b>Indicator title :</b>	<b>Developed Prestige norms and standards</b>
<b>Short definition:</b>	The indicator is measuring the development of norms and standards for the provision of Prestige movable and immovable assets. This indicator is linked to Phase II of the Turnaround Strategy.
<b>Purpose/importance:</b>	Historically there has been lack of a guidelines/framework for Prestige. The development of norms and standards will create consistency in the management of Prestige Accommodation
<b>Source/collection of data:</b>	Ministerial Handbook, Departmental policies and relevant legislation
<b>Method of calculation:</b>	None
<b>Data limitations:</b>	Inadequate information available from external stakeholders
<b>Type of indicator:</b>	Output
<b>Calculation type:</b>	Non-cumulative
<b>Reporting cycle:</b>	Quarterly
<b>New indicator:</b>	Yes
<b>Desired performance:</b>	A complete set of norms and standards in place for all types of Prestige accommodation
<b>Indicator responsibility:</b>	National Coordinator: Prestige

<b>Indicator title :</b>	Developed Prestige policy guidelines
<b>Short definition:</b>	The indicator is measuring the development of policy guidelines for Prestige accommodation to ensure compliance to Prestige policy frameworks
<b>Purpose/importance</b>	To ensure consistency in the provision and management of Prestige accommodation
<b>Source/collection of data</b>	Ministerial Handbook, Prestige policy and relevant legislation
<b>Method of calculation</b>	None
<b>Data limitations</b>	Inadequate information available from external stakeholders

<b>Type of indicator</b>	Output
<b>Calculation type</b>	Non-cumulative
<b>Reporting cycle</b>	Quarterly
<b>New indicator</b>	Yes
<b>Desired performance</b>	A complete set of policies and guidelines for Prestige
<b>Indicator responsibility</b>	National Coordinator: Prestige

<b>Indicator title :</b>	<b>Signed service level agreements</b>
<b>Short definition:</b>	The indicator is measuring the Service Level Agreement for Presidency and Parliament that needs to be in place. This indicator is linked to Phase II of the Turnaround Strategy.
<b>Purpose/importance</b>	That there was lack of expected levels of service with Prestige clients. The Service Level Agreement will ensure consistency in the provision and management of Prestige Accommodation
<b>Source/collection of data</b>	Ministerial Handbook, Prestige policy, other relevant Departmental policies and relevant legislation
<b>Method of calculation</b>	A simple count of the SLA's signed for Prestige clients
<b>Data limitations</b>	Lack of business processes and service delivery standards
<b>Type of indicator</b>	Output
<b>Calculation type</b>	Non-cumulative
<b>Reporting cycle</b>	Quarterly
<b>New indicator</b>	Yes
<b>Desired performance</b>	Signed SLA's in place for Parliament and Presidency
<b>Indicator responsibility</b>	National Coordinator: Prestige

<b>Indicator title</b>	<b>Number of Prestige events supported with movable structures.</b>
<b>Short definition</b>	The indicator is measuring the provision of items such as marquees and decor for national events such as Cabinet Lekgotla, National Awards, SONA, Mandela Day etc.
<b>Purpose/ importance</b>	To support the success of the Prestige events by providing the required infrastructure.
<b>Source / collection of data</b>	Based on the formal request/specifications of Prestige clients.
<b>Method of calculation</b>	Simple count of Prestige events support with required infrastructure.
<b>Data limitations</b>	Specifications of infrastructure required not available upfront / changes to specifications impacting service delivery.
<b>Type of indicator</b>	Output
<b>Calculation type</b>	Non-cumulative
<b>Reporting cycle</b>	Quarterly
<b>New indicator</b>	No
<b>Desired performance</b>	The aim is to ensure that all Prestige events have the required infrastructure in the correct quantity and the correct time.
<b>Indicator responsibility</b>	National Coordinator: Prestige

<b>Indicator title :</b>	<b>Turnaround time for the provision of movable assets (office and residential) to Prestige clients</b>
<b>Short definition:</b>	The indicator is measuring the provision of movable assets (furniture) to Prestige clients within 60 <b>working</b> days of receipt of request
<b>Purpose/importance</b>	To ensure that Prestige clients receive the correct immovable assets in the correct quantities at the right time
<b>Source/collection of data</b>	Needs assessments from user departments, condition assessments
<b>Method of calculation</b>	None
<b>Data limitations</b>	Incomplete needs assessment from user departments
<b>Type of indicator</b>	Output
<b>Calculation type</b>	Cumulative
<b>Reporting cycle</b>	Quarterly
<b>New indicator</b>	No
<b>Desired performance</b>	Provision of the correct movable assets at the required times in the required quantities
<b>Indicator responsibility</b>	National Coordinator: Prestige

<b>Indicator title :</b>	<b>Monitoring of Prestige infrastructure budget expenditure</b>
<b>Short definition:</b>	The indicator measures the tracking of expenditure of the infrastructure budget for Prestige in the delivery of accommodation for Prestige clients
<b>Purpose/importance</b>	To ensure development of accommodation for Prestige clients in the correct amounts, within the correct timeframes and within the required budgets
<b>Source/collection of data</b>	Estimates of National Expenditure; User Asset Management Plan
<b>Method of calculation</b>	Percentage of expenditure is based on time lapse of the financial year
<b>Data limitations</b>	None
<b>Type of indicator</b>	Output
<b>Calculation type</b>	Non-cumulative
<b>Reporting cycle</b>	Quarterly
<b>New indicator</b>	Yes
<b>Desired performance</b>	100% expenditure of prestige infrastructure budget
<b>Indicator responsibility</b>	National Coordinator: Prestige
