T1.2 Tender Data

T1.2.1 Standard Conditions of Tender

The Standard Conditions of Tender make several references to the Tender Data for details that apply specifically to this tender. The Tender Data shall have precedence in the interpretation of any ambiguity or inconsistency between it and the Standard Conditions of Tender.

Each item of data given below is cross-referenced to the clauses marked [C] in the Standard Conditions of Tender to which it mainly applies.

By submitting a tender in response to T1.1 Notice and Invitation to Tender above, the tenderer binds himself to a *pactum de contrahendo* (contract aimed at conclusion of

another contract), the terms of which are contained in the Standard Conditions of Tender and T1.2 Tender Data.

Clause number	
[C.1.1]	The Employer is the Government of the Republic of South Africa in its Department of Public Works and Infrastructure.
[C.1.2]	<p>For this Contract the single volume approach is adopted.</p> <p>The tendering Service Provider's attention is specifically drawn to the T2 Returnable Documents identified in the T2.1 List of Returnable Documents and in the T2.2 Returnable Schedules. The Returnable Documents must be obtained and the Returnable Schedules must be completed by a tenderer when submitting a tender. The tenderer must complete these documents, including the "Offer" document in C1.1 Form of Offer and Acceptance, and deliver his tender back to the Employer bound as it was received.</p> <p>The tender document, issued by the Employer, comprises the following separate identifiable documents collectively forming the "Tender Document in a single volume":</p> <p><u>The Tender</u></p> <p>T1: Tendering Procedures T1.1 Notice and Invitation to Tender T1.2 Tender Data</p> <p>T2: Returnable Documents T2.1 List of Returnable Documents T2.2 Returnable Schedules</p> <p><u>The Contract</u></p> <p>C1: Agreement and Contract Data C1.1 Form of Offer and Acceptance C1.2 Contract Data</p> <p>C2: Pricing Data C2.1 Pricing Assumptions C2.2 Activity Schedule</p> <p>C3: Scope of Services</p> <p>C4: Site Information</p>
[C.1.4]	The Employer's agent for the purpose of this tender is deemed to be the authorised and designated representative of the Employer, who will be the departmental project manager as noted in T1.1.6 Notice and Invitation to Tender.
[C.2.1]	<p><u>Tenders will only be considered for acceptance if</u> (i.e. will only be regarded as responsive if):</p> <p>1. The tendering Service Provider is a town and regional planning practice and which is owned and controlled by registered professional planners, by at least a percentage determined by the South African Council for Planners in its Code of Professional Conduct, in terms of number, shareholding and voting power, who are registered in terms of the Planning Profession Act, 2002 (Act no 36 of 2002) and who will hereafter be referred to as registered principals of the practice or a multi-disciplinary professional practice, that also practises town and regional planning work, which division/section is under the fulltime supervision of a registered professional planner, and which is owned and controlled by registered</p>

professionals by at least a percentage determined by any of the relevant professional Councils for cases pertaining to multi-disciplinary practices/business undertakings, in their respective Codes of Professional Conduct, in terms of number, shareholding and voting power, who are registered in terms of the Architectural Profession Act, 2000 (Act no 44 of 2000), Landscape Architectural Profession Act, 2000 (Act no 45 of 2000), Engineering Profession Act, 2000 (Act no 46 of 2000), Project and Construction Management Professions Act, 2000 (Act no 48 of 2000) and/or Quantity Surveying Profession Act, 2000 (Act no 49 of 2000); Planning Profession Act, 2002 (Act no 36 of 2002) and who will hereafter be referred to as **registered principals**.

In the event of any legal entity, as meant above, being a listed public Company on the stock exchange, the percentages related to ownership and control referred to are to be made relevant to persons duly appointed as Directors of such entity.

2. Copies of certificates or other documentation clearly proving current professional registration with the relevant council, including registration numbers, of all the registered principals mentioned in 1 above are included with the tender as part of the returnable documentation. In the event of any legal entity, as meant above, being a private Company with shareholding, the same information/documentation as for registered principals must be provided with the tender, in respect of all Directors formally appointed to manage the business undertaking. Sole Proprietors, Partners in Partnerships, and Members of Close Corporations are principals as defined in 1 above and information/documentation in respect of such persons must be provided as described;
3. The information, required in respect of 1 and 2 above, has been provided for all Service Providers tendering in consortium or joint venture;
4. At least one registered professional planner, of whom the same documentation as in 2 above has been included in the tender, of the tendering Service Provider has been listed in C1.2.3, clause 7.1.2 Key Persons;

[The Employer retains the right to verify current professional registration required in terms of 2, 3 and 4 above with the relevant council as part of the tender evaluation process. **In the event of any such person not currently being registered with the relevant council, it will render the tender as unacceptable (i.e. non-responsive) and excluded from further consideration.**]

5. All Returnable Documents mentioned in T2: Returnable Documents (T2.1 List of Returnable Documents and T2.2 Returnable Schedules) have been included in the tender;
6. (a) The tendering Service Provider has provided the required information/documentation to enable an evaluation panel to perform functionality and risk assessments as described in 6(b) and 6(c) hereafter and referred to in T2.1 – sub paragraph 4;

(b) Tender offers are judged by an evaluation panel in terms of functionality, which functionality will be evaluated against the following criteria on a scoring system of 1 to 5, weighted as indicated:

Note: Bids will be evaluated solely on the basis of price and preference. Functionality will be applied as a criterion for assessing risk to the Employer on projects with a threshold over R500 000.

Functionality Criteria	Weighting Factor
<p>Proposed programme plan (approach and methodology): Quality of project comprehension demonstrated in proposal i.e.</p> <ol style="list-style-type: none"> 1. project execution plan dictated by the required statutory land development application processes; 2. project management approach including detail on required specialist studies; 3. proposed timeframe for the project in line with the Critical Milestones; 4. Methodology to transfer knowledge regarding the preparation, submission and management of the land development application process. <p>All of the above = 5 4 of the above = 3 Less than 4 = 0</p>	30
<p>Town planning company with minimum of 10 years' experience in the successful completion of statutory land development applications. Attach a list of related statutory town planning projects with valid reference letters from clients or completion letters, i.e. letters of approval from municipality, to substantiate.</p> <p>10 years of experience with 15 or more projects = 5 10 years of experience with 10-14 projects = 3 10 years of experience with 5-9 projects = 2 10 years of experience with less than 5 projects = 0</p>	30
<p>Relevant experience of all key specialists listed under Responsiveness Criteria in projects of a similar scale and nature. Valid reference letters or completion letters to be provided. The extent of the land is +/- 1.4ha. The project require preparation, submission, management and approval of statutory land development applications for rezoning and consolidation to enable highest and best use of the land.</p> <p>Projects of similar nature, delivered within the given timeframe: 6 projects and above = 5 points 5 projects = 3 points Less than 5 projects = 1 point</p>	30
<p>Provide bank rating from banking institution to justify credit risk for the town planning company.</p> <p>Bank Rating of 'A' = 5 Points Bank Rating of 'B' or 'C' = 2 Points Bank Rating of 'D' or 'E' = 1 Point No bank rating = 0</p>	10
Total	100 Points

Note: Functionality will be applied as a prequalification criterion. Such criteria are used to establish minimum requirements where after bids will be evaluated solely on the basis of price and preference.

(Weightings will be multiplied by the scores allocated during the evaluation process to arrive at the total functionality points)

Minimum functionality score to qualify for further evaluation:	60

- (c) Tender offers are judged by an evaluation panel in terms of risk to the Employer. Such risk will be evaluated against technical and commercial risk criteria listed below. Such risk will be evaluated against the criteria listed below. Each criterion carries the same weight / importance and will be evaluated individually by the Bid Evaluation Committee appointed on the project. An assessment of unacceptable risk on any single criterion will constitute unacceptable risk for the award as a whole, resulting in the tender to be disqualified and removed from further consideration.

In order for the evaluation reports to be prepared by the Bid Evaluation Committee, the Tenderer is obliged to provide comprehensive information on form DPW-09 (PSB). Failure to complete the said form will cause the tender to be declared non-responsive and removed from any further consideration. Information provided in the returnable documentation must be provided in sufficient detail to enable the evaluation panel to evaluate the risk criteria set out below.

The Employer reserves the right to request further clarification, elucidation, additional documentation / information, etc. as may be required to evaluate the tender. The afore-mentioned can also entail that the persons, named in the schedule of Key Persons (C1.2.3 Data provided by the Service Provider, clause 7.1.2), be invited to an interview.

The information must be provided by the Tenderer within the stipulated time as determined by the Bid Evaluation Committee, failing which the tender offer will *mutatis mutandis* be declared non-responsive.

The risk criteria are as follows:

Technical risks:

Criterion 1: Experience on comparable projects during the past 5 years.

The tendering Service Provider's experience on comparable projects during the past 5 years. The number of current and previous comparable projects performed by the Tenderer as per the evaluation report prepared by the Bid Evaluation Committee, based on its research and inspection of a representative sample of the Tenderer's current and previous work as reflected on form DPW-09 (PSB), as well as, if necessary, of any additional work executed by the Tenderer, not reflected on form DPW-09 (PSB).

Aspects to be regarded as "comparable" includes (but may be extended according to circumstances): size of projects (measured against monetary value or other project quantifying parameters), nature of projects (building, engineering, high/low rise, etc.), locality/area of execution (site-specific influences, knowledge of local conditions, etc.), complexity of project, projects for similar client department irrespective of end purpose of buildings/facilities

created or in progress of being created and time scales of projects (normal, fast track, etc.) and stage of its/their development.

[An opinion will be formed by each of the members of an evaluation panel according to his/her assessment of the experience and performance of the tendering Service Provider from information submitted with the tender (in written-, report- and/or brochure format), and upon further investigations/reference checks that may be performed, for which purpose the tendering Service Provider must include names and contact particulars of present and previous Employers to whom services are/were rendered. The Employer retains the right to contact references not mentioned by the tendering Service Provider. Members of the evaluation panel will discuss their respective risk perceptions in order to reach consensus, failing which the specific risk will be put to the vote. **No risk assessment will be performed for this criterion in the absence of relevant information with the tender and will therefore render the tender as unacceptable and excluded from further consideration.**]

Criterion 2: Contractual commitment and quality of performance on comparable projects during the past 5 years.

Adherence to contractual commitments and quality of performance of comparable current and previous projects performed by the Tenderer as per the evaluation report prepared by the Bid Evaluation Committee, based on its research and inspection of a representative sample of the Tenderer's current and previous work as reflected on form DPW-09 (PSB), as well as, if necessary, of any additional work executed by the Tenderer, not reflected on form DPW-09 (PSB).

Aspects to be considered include but not limited to time management & programming, quality of detailed designs, extent of variations to scope due to shortcomings in original designs, compliance to relevant regulations, personnel resources & technical experience of representatives, turnover in representatives, decision making & problem solving skills, promptness and quality of contract administration in terms of reporting and issuing contract documents, attending site meetings, scope management, leadership and accountability, conformance to specification and quality compliance, risk Identification and mitigation, all with respect to specific aspects of the project / comparable projects and the project tendered for.

[An opinion will be formed by each of the members of an evaluation panel according to his/her assessment of the experience and performance of the tendering Service Provider from information submitted with the tender (in written-, report- and/or brochure format), and upon further investigations/reference checks that may be performed, for which purpose the tendering Service Provider must include names and contact particulars of present and previous Employers to whom services are/were rendered. The Employer retains the right to contact references not mentioned by the tendering Service Provider. Members of the evaluation panel will discuss their respective risk perceptions in order to reach consensus, failing which the specific risk will be put to the vote. **No risk assessment will be performed for this criterion in the absence of relevant information with the tender and will therefore render the tender as unacceptable and excluded from further consideration.**]

Criterion 3: Suitably qualified and appropriately experienced human resources

Allocation of suitably qualified and appropriately experienced human resources, both in respect of principals and/or other staff (professional, technical and/or administrative) of the tendering Service Provider to the project, as described in the schedule of Key Persons in terms of clause 7.1.2 of the General Conditions

of Contract, as proof that the tendering Service Provider will be able to react/respond appropriately to the Services required herein. The Company Organogram with CV's and certified ID's of all principals and employed workforce as well as proof of Professional Registration will be verified. Current and future workload of the tenderer in relation to capacity and capability will also be considered. The tenderer should demonstrate that he or she possesses the necessary professional and technical qualifications, and professional and technical competence in relation to the scope of work and service to be rendered.

[An opinion will be formed by each of the members of an evaluation panel according to his/her assessment of the qualifications and experience of the human resources allocated to the project in terms of the Key Persons (C1.2.3 Data provided by the Service Provider, clause 7.1.2), from information contained in curriculum/curricula vitae submitted with the tender. Members of the evaluation panel will discuss their respective risk perceptions in order to reach consensus, failing which the specific risk will be put to the vote. **No risk assessment will be performed for this criterion in the absence of relevant information / curricula vitae with the tender and will therefore render the tender as unacceptable and excluded from further consideration.]**

Criterion 4: Proof of Professional Indemnity Insurance

Confirmation of the required level of professional indemnity insurance specified in terms of Contract Data clause 5.4.1 (C1.2.3 Data provided by the Service Provider).

[If confirmation/proof of professional indemnity insurance is not duly confirmed in C1.2.3 Data provided by the Service Provider, the risk to Employer will be regarded as unacceptable and render the tender unacceptable on grounds of not being to specification. The Employer retains the right to request documentary proof of such insurance as part of the tender evaluation process. **Unconfirmed professional indemnity insurance will render the tender as unacceptable in terms of risk to the Employer and excluded from further consideration.]**

Criterion 5: Attendance of compulsory bid clarification meeting, if applicable

If applicable, submission of confirmation of DPW-16.1 (PSB) attendance of compulsory bid clarification meeting or proof of attending the compulsory virtual meeting by a suitably qualified and experienced representative of the tendering Service Provider in terms of clause [C.2.7] (T1.2 - Tender Data).

[Non-attendance, if compulsory in terms of [C.2.7], will be regarded as a risk to the Employer in that salient information required for tender purposes would not have been to the knowledge of the tendering Service Provider, rendering any resultant tender to be incomplete. **Non-attendance will render the tender a risk to the Employer and therefore excluded from further consideration.**

In the event of the clarification meeting not being compulsory, this risk criterion will not be applicable.]

Commercial risks:

The financial viability assessment evaluates the risk over the life of the service contract period, as to whether the tenderer will be able to deliver the goods and services which are specified in the contract and / or be able to fulfil guarantees or warranties provided for in the contract in order to complete the project successfully for the amount tendered.

Aspects to be considered include but not limited to, the respective rates tendered, bank rating, financial capability and capacity whether the tenderer has

	<p>or has access to sufficient financial resources to deliver the goods or services described in the tender documentation (including fulfilling any guarantees or warranty claims), whether the tenderer is not subject to any current or impending legal action (either formal proceedings or notification of legal action) which could impact on the financial standing of the tenderer or the delivery of the goods or services, management accounts / financial report from auditors as proof of current liquidity, and company or any parent company or investor guarantee/s and financial statements.</p> <p>[An opinion will be formed by each of the members of an evaluation panel according to his/her assessment of the financial viability of the amount tendered in order to render the service. Members of the evaluation panel will discuss their respective risk perceptions in order to reach consensus, failing which the specific risk will be put to the vote. No risk assessment will be performed for this criterion in the absence of relevant information/ curricula vitae with the tender and will therefore render the tender as unacceptable and excluded from further consideration.]</p> <p>Other <u>project specific</u> risk criteria: Not applicable</p> <p>Note: Any tender not complying with <u>all</u> of the above-mentioned stipulations will be regarded as non-responsive and will therefore <u>not</u> be considered for further evaluation.</p>
--	--

[C.2.7]	<p>A tender clarification meeting will not be held in respect of this tender.</p> <p>Attendance of said clarification meeting is not compulsory.</p> <p>The particulars for said tender clarification meeting are: Location: N/A Venue: N/A Virtual Meeting: N/A Date: N/A Starting time: N/A</p>
[C.2.13.3]	<p>Each tender offer communicated on paper shall be submitted as an original. Each page of the tender document shall be initialled by the Authorised Signatory as per the Resolution of the Board of Directors, Consortia or Joint Venture in terms of PA15.1, PA15.2 or PA15.3.</p>
[C.2.13.4]	<p>Delete the last sentence of the paragraph: "Signatories for ... of the tender offer."</p>

PA-16: PREFERENCE POINTS CLAIM FORM IN TERMS OF THE PREFERENTIAL PROCUREMENT REGULATIONS 2017

This preference form must form part of all bids invited. It contains general information and serves as a claim form for preference points for Broad-Based Black Economic Empowerment (B-BBEE) Status Level of Contribution

NB: BEFORE COMPLETING THIS FORM, BIDDERS MUST STUDY THE GENERAL CONDITIONS, DEFINITIONS AND DIRECTIVES APPLICABLE IN RESPECT OF B-BBEE, AS PRESCRIBED IN THE PREFERENTIAL PROCUREMENT REGULATIONS, 2017 AND THE AMENDED B-BBEE CODES.

1. GENERAL CONDITIONS

1.1 The following preference point systems are applicable to all bids:

- the 80/20 system for requirements with a Rand value of up to R50 000 000 (all applicable taxes included); and
- the 90/10 system for requirements with a Rand value above R50 000 000 (all applicable taxes included).

1.2 The value of this bid is estimated to **Not Exceed** R50 000 000 (all applicable taxes included) and therefore the **80/20** points system shall be applicable.

1.3 Preference points for this bid shall be awarded for:

- (a) Price; and
- (b) B-BBEE Status Level of Contribution.

1.3.1 The maximum points for this bid are allocated as follows:

	POINTS
1.3.1.1 PRICE	80
1.3.1.2 B-BBEE STATUS LEVEL OF CONTRIBUTION	20
Total points for Price and B-BBEE must not exceed	100

1.4 Failure on the part of a bidder to fill in and/or to sign this form and submit a B-BBEE Verification Certificate from a Verification Agency accredited by the South African Accreditation System (SANAS) or an Accounting Officer as contemplated in the Close Corporation Act (CCA) together with the bid, will be interpreted to mean that preference points for B-BBEE status level of contribution are not claimed.

1.5 An Exempted Micro Enterprise (EME) is only required to obtain a sworn affidavit or a certificate issued by Companies and intellectual property Commission (CIPC) confirming their annual turnover of R10 Million or less and level of black ownership to claim points.

1.6 Qualifying Small Enterprise (QSE) is only required to obtain a sworn affidavit or a certificate issued by Companies and intellectual property Commission (CIPC) confirming their annual turnover of R10 Million or less and level of black ownership to claim points.

1.7 The purchaser reserves the right to require of a bidder, either before a bid is adjudicated or at any time subsequently, to substantiate any claim in regard to preferences, in any manner required by the purchaser.

1.8

3. ADJUDICATION USING A POINT SYSTEM

- 3.1 The bidder obtaining the highest number of total points will be awarded the contract.
- 3.2 Preference points shall be calculated after prices have been brought to a comparative basis taking into account all factors of non-firm prices and all unconditional discounts;.
- 3.3 Points scored must be rounded off to the nearest 2 decimal places.
- 3.4 In the event that two or more bids have scored equal total points, the successful bid must be the one scoring the highest number of preference points for B-BBEE.
- 3.5 However, when functionality is part of the evaluation process and two or more bids have scored equal points including equal preference points for B-BBEE, the successful bid must be the one scoring the highest score for functionality.
- 3.6 Should two or more bids be equal in all respects, the award shall be decided by the drawing of lots.

4. POINTS AWARDED FOR PRICE

4.1 THE 80/20 OR 90/10 PREFERENCE POINT SYSTEMS

A maximum of 80 or 90 points is allocated for price on the following basis:

$$P_s = 80 \left(1 - \frac{P_t - P_{\min}}{P_{\min}} \right) \quad \text{or} \quad P_s = 90 \left(1 - \frac{P_t - P_{\min}}{P_{\min}} \right)$$

Where

- P_s = Points scored for comparative price of bid under consideration

Acceptance

By signing this part of this form of offer and acceptance, the Employer identified below accepts the tenderer's offer. In consideration thereof, the Employer shall pay the Service Provider the amount due in accordance with the conditions of Contract identified in the Contract Data. Acceptance of the tenderer's offer shall form an agreement between the Employer and the tenderer upon the terms and conditions contained in this agreement and in the Contract that is the subject of this agreement.

The terms of the Contract are contained in:

- Part C1 Agreements and Contract Data, (which includes this agreement)
- Part C2 Pricing Data
- Part C3 Scope of Services

and drawings and documents or parts thereof, which may be incorporated by reference into Parts C1 to C3 above.

Deviations from and amendments to the documents listed in the Tender Data and any addenda thereto as listed in the tender schedules as well as any changes to the terms of the offer agreed by the tenderer and the Employer during this process of offer and acceptance, are contained in the schedule of deviations attached to and forming part of this agreement. No amendments to or deviations from set documents are valid unless contained in this schedule.

The tenderer shall within two weeks after receiving a completed copy of this agreement, including the schedule of deviations (if any), contact the Employer's agent (whose details are given in the Contract Data) to arrange the delivery of any bonds, guarantees, proof of insurance and any other documentation to be provided in terms of the conditions of Contract identified in the Contract Data. Failure to fulfil any of these obligations in accordance with those terms shall constitute a repudiation of this agreement.

Notwithstanding anything contained herein, this agreement comes into effect, if sent by registered post, 4 days from the date on which it was posted, if delivered by hand, on the day of delivery, provided that it has been delivered during ordinary business hours, or if sent by fax, the first business day following the day on which it was faxed. Unless the tenderer (now Service Provider) within seven working days of the date of such submission notifies the Employer in writing of any reason why he cannot accept the contents of this agreement, this agreement shall constitute a binding contract between the Parties.

By the duly authorised representatives signing this agreement, the Employer and the tenderer agree to and accept the foregoing schedule of deviations as the only deviations from and amendments to the documents listed in the Tender Data and addenda thereto as listed in the tender schedules, as well as any confirmation, clarification or changes to the terms of the offer agreed by the tenderer and the Employer during this process of offer and acceptance.

It is expressly agreed that no other matter whether in writing, oral communication or implied during the period between the issue of the tender documents and the receipt by the tenderer of a completed signed copy of this Agreement shall have any meaning or effect in the Contract between the Parties arising from this agreement.

C1.2 Contract Data

C1.2.1 Standard Professional Services Contract
The conditions applicable to this Contract are the **Standard Professional Services Contract (July 2009 edition)** published by the **Construction Industry Development Board (CIDB)**.

The Standard Professional Service Contract is not included in this tender document. Tenderers must obtain it on the CIDB's Website at:

http://www.cidb.org.za/procurement/procurement_toolbox/cidb_pub/default.aspx

C1.2.2 Data provided by the Employer

Clause	
1	<p>Contract Data</p> <p>Specific data, which together with these General Conditions of Contract, collectively describe the risks, liabilities and obligations of the contracting Parties and the procedures for the administration of the Contract. Clauses stipulated in the Contract Data are in addition to or amendments to or replace the corresponding clauses in the STANDARD PROFESSIONAL SERVICES CONTRACT (July 2009) (Third Edition of CIDB document 1014).</p> <p>The Contract Data shall have precedence in the interpretation of any ambiguity or inconsistency between it and the General Conditions of Contract.</p> <p>The General Conditions of Contract in the Standard Professional Services Contract (July 2009) make several references to the Contract Data for details that apply specifically to this tender.</p>
1	<p>Period of Performance</p> <p>The Period of Performance is the period commencing from the date of signature of the letter of acceptance until the Service Provider has completed all Deliverables in accordance with the Scope of Services and in accordance with the approved baseline programme or within the approved extended programme as per Clause 3.15 of the Standard Professional Services Contract (July 2009).</p>
3.4.1	<p>Replace Clause 3.4.1 with the following:</p> <p>Any notice, request, consent, approvals or other communication made between the Parties pursuant to the Contract shall be in writing and forwarded to the address specified in the Contract Data. Such communication shall be deemed to have been made when delivered in person to an authorized representative of the Party to whom the communication is addressed, or one week after having been sent by registered post, or unless otherwise indicated in the Contract Data. Communication by e-mail is permitted but the originals of all contractual documents must be submitted. Email communication shall be deemed to have been delivered to the recipient one calendar day after sending.</p>
3.5	<p>Add to clause 3.5</p> <p>The Services shall be executed in the Service Provider's own office and/or on the Project site as described in C3.2.2 Project description. No portion of the work may be performed by a person employed by the State. No portion of the work may be sublet to any other person or persons without the prior written approval of the Employer.</p>
3.6	<p>Omit the following: "... within two (2) years of completion of the Service ...".</p>

3.8.2	<p>Add the following to clause 3.8.2:</p> <p>The cost of preparation so negotiated shall not exceed the hourly tariff for time based fees as published at the time of the Employer's instruction and the hours will be as negotiated for each Category as defined in C2.1.3.2.</p> <p>The cost, for incorporation into the Contract any variations to the Services as ordered by the Employer, shall be calculated according to the Service Provider's tendered price. Implementation of the variation in services to be rendered by the Service Provider, shall only proceed after a written agreement between the parties.</p>
3.9.1 (a)	<p>Replace clause 3.9.1 (a) with the following:</p> <p>A change in legislation takes place in accordance with the provisions of Clause 3.2 provided the change in legislation came into effect after the completion of the tender documentation approved by the Employer.</p>
3.9.1. (c)	<p>Replace "Employers or others" with "the Employer, its employees or clients and/or their agents" Only extension of time without cost will considered in case where a 3rd party has caused a delay.</p>
3.9.1 (d)	<p>No Clause.</p>
3.9.1 (e)	<p>Replace clause 3.9.1 (e) with the following:</p> <p>The contract is restarted following a suspension period of 2 years the Service Provider is entitled to a change in contract price based on the applicable fee scales as published at the time of uplifting the suspension. The applicable fee scales as published at the time of uplifting the suspension will only be applied to the remaining work stages following the suspension</p>
3.9.3	<p>Replace clause 3.9.3 with the following:</p> <p>"Upon receiving an application from the Service Provider to amend the period of performance and/or fees, the Employer shall assess the changes to the Contract Price and/or extension of the Period of Performance on the impact of the delay on the Services based on the fee structure that the Service Provider has tendered for and appointed on.</p> <p>Additional Services ordered by the Employer shall be assessed on time-based fees as tendered for and adjusted in terms of price adjustment to time-based fees for inflation as per 3.16.</p>
3.9.4	<p>Add to clause 3.9.4:</p> <p>The application for changes to the Period of Performance is subject to the delay being on the Critical Path of the approved programme and due to no fault of the Service Provider.</p>
3.12	<p>Penalty</p> <p>Replace clauses 3.12.1 and 3.12.2 with the following:</p> <p>Period of Performance shall be sub dividable in separate target dates according to the programme for each assignment to be submitted in terms of clause 3.15 hereof.</p> <p>Without prejudice to his other remedies under the Contract or in law, the Employer shall have the right to recover all cost claimed by the contractor in the event that the contractor claimed for delays resulting from actions or non-actions of the Service Provider.</p> <p>The Employer shall further have the right to recover all other cost, including but not restricted to extended rental cost resulting from the delay caused directly or indirectly by the Service Provider, certifying incorrect work for payment, delay in the construction period, remedial cost to correct incorrect designs and or documentation, including omissions.</p>

Without prejudice to his other remedies under the Contract or in law, the Employer shall recover a penalty amount per day, stipulated in the table below per target date for the full period of the delay.

In the event that the delay exceeds 30 days, the Employer will have the option to either:

- (i) terminate the contract and recover any loss as a result of the termination from the Service Provider, or
- (ii) allow the Service Provider to continue with the Services after the agreement of a new target date and recover the penalty per calendar day, as stipulated in the table below for the full period of the delay.

- a) claim against professional indemnity insurance, or
- b) deduction from fee account, or
- c) direct payment to the contractor by the consultant, or
- d) litigation, or
- e) any other method available to the Employer

3.15.1

Replace clause 3.15.1 with the following:

A baseline programme for the performance of the Service shall be submitted by the Service Provider, identified as the principal agent in terms of C3.5.1 Service Providers, to the departmental project manager, within a period of two (2) weeks following the briefing meeting and whenever a programme is amended or revised, submit for the Employer's approval a programme for the performance of the Services which shall, inter alia, include:

- a) the order and timing of operations by the Service Provider and any actions, access to people, places and things and work required of the Employer and Others;
- b) the dates by which the Service Provider plans to complete work needed to allow the Employer and Others to undertake work required of them;
- c) provisions for float;
- d) the planned completion of the Services or part thereof in relation to a Period of Performance; and
- e) other information as required in terms of the Scope of Work or Contract Data.

The baseline programme will be the result of the co-ordination of all appointed Service Providers' inputs and shall be in sufficient detail describing key milestones, events and activities linked to

	<p>the fastest realistic timeframes in which the Service can be delivered. Milestones and events are to be listed based on the Scope of Services described in part C3 of the various appointed Service Providers' tender documents and presented in bar chart format. No milestones may, at the co-ordination stage, be extended beyond the timeframes outlined in C3.2.2.3 Project Programme, unless approved by the Employer. The programme thus compiled and presented by the principal agent must be counter-signed by all appointed Service Providers as proof that the programme was agreed upon by all during the said co-ordination action. Such signed programme shall then constitute the Service Contract Period between the Employer and all the appointed Service Providers.</p> <p>In the event of the Employer not being satisfied with the submitted programme, the Parties will negotiate in good faith towards a programme that will be agreeable to both. Such an agreed-upon programme will form the basis for the management of the appointment, the Period of Performance and remuneration purposes of the respective Service Provider/s. Should circumstances change from the initial briefing, the Service Provider/s and the Employer will negotiate a revised programme to satisfy such change(s). Should the Parties fail to reach agreement on the programme or revised programme, the matter will be dealt with in terms of clause 12.1.2 of the General Conditions of Contract. Should the mediation process fail, the Contract will be deemed to have been mutually terminated and any reasonable fees accrued at that stage settled by the Employer.</p> <p>Any failure to comply with the provisions of clause 3.15.1 <i>supra</i> and submit or re-submit the programmes of works or failure to submit the programme on the date required by the Employer, which request shall at all material times be reasonable and fair, shall constitute a material breach of the terms and condition of contract which entitles the Employer to terminate the contract with due regard to clause 8.4 (cidb Standard Professional Services Contract, July 2009).</p>
3.16.2	<p>The adjustment to the time-based fees shall be equal to:</p> $(CPI_n - CPI_s) / CPI_s$ <p>where CPI_s = the indices specified in the Contract Data during the month in which the start date falls CPI_n = the latest indices specified in Contract Data during the month in which the anniversary of the Start Date falls</p> <p>Where CPI_s = the index of StatsSA P0141 (Table B) for the month during which the tender closed. CPI_n = the index of StatsSA P0141 (Table B) for the month in which the anniversary of the tender date falls.</p> <p>The indices of StatsSA P0141 are available on the Website: http://www.statssa.gov.za/Publications/statsdownload.asp?PPN=P0141</p> <p><i>The formula for calculating the adjusted hourly rate will be:</i></p> $(((CPI_n - CPI_s) / CPI_s) \times \text{original hourly rate}) + \text{original hourly rate}$
4.1.1	<p>Add to clause 4.1.1 the following:</p> <p>Briefing meeting: The departmental project manager shall arrange a briefing meeting, compulsory for all appointed Service Providers, as soon as practicable after the appointment of the professional team as referred to in C3.5.1 Service Providers, or after the appointment of the core members of the professional team required to commence with the Services if not appointed at the same time, during which meeting the departmental project manager, together with any supporting advisors, will verbally brief the professional team comprehensively regarding the requirements of the project and the Scope of Services and hand over, to the Service Provider/s, all documentation relevant to the execution of the Service.</p>

4.4	Others providing Services on this Project are as listed in C3.5.1 Service Providers.
5.4.1	<p>Add to clause 5.4.1:</p> <p>Minimum professional insurance cover as more comprehensively described in C1.2.3 Data provided by the Service Provider and in respect of which the Service Provider must provide proof of insurance as required.</p>
5.5	<p>Replace clause 5.5 with the following:</p> <p>The Service-Provider is required to obtain the Employer's prior approval in writing before taking, inter alia, any of the following actions:</p> <ul style="list-style-type: none"> a) appointing Subcontractors for the performance of any part of the Services; b) appointing Key Persons not listed by name in the Contract Data; c) travelling for which payment will be claimed, as defined in C2.1.6 Travelling and subsistence arrangements and tariffs of charges; d) deviate from the programme for each assignment; e) deviate from or change the Scope of Services; f) change Key Personnel on the Service; <p>Add to clause 5.5 c:</p> <p>1 Exclusion of authority/powers The Service Provider's authority to act and/or to execute functions or duties is excluded in respect of the matters listed below. The Employer shall retain its powers and authority as stipulated in the applicable clauses of the contract data which are relevant and applicable to the JBCC or GCC conditions of contract.</p> <ul style="list-style-type: none"> 1.1 Nomination of nominated or selected subcontractors; 1.2 Granting of extension of time and/or ruling on claims associated with claims for extension of time; 1.3 Acceleration of the rate of progress and determination of the cost for payment of such acceleration; 1.4 Rulings on claims and disputes; 1.5 Suspension of the works; 1.6 Final payment certificate; 1.7 Issuing of <i>mora</i> notices to the contractor; 1.8 Cancellation of the contract between the Employer and contractor. <p>Any claims, demands, notices, notifications, updated particulars and reports in writing, together with additional supporting documentation pertaining thereto, must be submitted by the contractor to the Service Provider, acting as principal agent, in respect of any of the matters listed in 1.1 to 1.8 above. This must be done within the time periods and in the format(s) as determined in the said/relevant conditions of contract. On receipt thereof, said Service Provider must study the documentation, obtain comments/advice/recommendations from the professional team members and submit a motivated recommendation to the Employer. This must be done timeously as to allow the Employer sufficient time to respond within the time periods and in the format(s) determined in said conditions of contract. The Employer's ruling will be copied to the Service Provider for information.</p> <p>2 Limitation of authority/powers The Service Provider's authority is limited in respect of the submission to the Employer of comments/recommendations/reports for prior endorsement/approval and further instructions. These pertain to any decision in respect of approval for/of:</p> <ul style="list-style-type: none"> 2.1 Institution of or opposing litigation; 2.2 Issuing of variation orders/contract instructions/orders in writing which increase the value of the works/contract value and/or change the design of intended use of the project; 2.3 Instructions to embark on dayworks; 2.4 Dayworks rates; 2.5 Material quotes relating to dayworks; 2.6 Adjustment of general items relating to dayworks;

	<p>2.7 Expenditure on prime cost items; 2.8 Issuing of practical completion, completion, works completion, final completion and/or final approval certificates.</p> <p>In respect of the matters listed in 2.1 to 2.8 above, the Service Provider must submit all necessary documentation in order to enable the Employer to formulate decisions and to obtain the Employer's formal endorsement/approval prior to acting and/or executing functions or duties in respect of the contract between the Employer and the contractor. This must be done timeously so as to allow the Employer sufficient time for decision-making in terms of the said conditions of contract.</p> <p>Failure to adhere to the above stipulation will cause the Service Provider to be liable in terms of the Contract between Service Provider and Employer for all such unintended costs and damages.</p>
5.8	<p>Add clause 5.8:</p> <p>The Service Providers shall finalize their work and complete the first final account were the contractor's contract has been terminated, where after the Service Providers contract shall terminate, unless the Employer elects to retain the services of the Service Providers'.</p>
7.1.1	<p>Replace clause 7.1.1 with the following:</p> <p>The Service Provider shall employ and provide all qualified and experienced Personnel required to perform the Services. Service Provider/s including personnel performing service must be fit and proper persons with positive security screening and South African identity document (south African citizens).</p>
8.1	<p>Replace clause 8.1 with the following:</p> <p>The Service Provider is to commence the performance of each assignment immediately with due diligence after the approval of the PROGRAMME as specified in clause 3.15 above. Failure to comply shall result in penalties in terms of clause 3.12 and / or termination in terms of 8.4.1.</p>
8.2.4	<p>Replace clause 8.2.4 with the following:</p> <p>The Employer shall, within 30 Days of receipt of a detailed request, grant such extension to the Period of Performance as may be justified, either prospectively or retrospectively, if the extension requested is below 20% of the original period of performance, and 60 days if more than 20% of the original period of performance or, inform the Service Provider that he is not entitled to an extension.</p> <p>Should the Service Provider find the decision of the Employer to be unacceptable he shall, nevertheless, abide by such decision in the performance of the Services and the matter shall be dealt with as a dispute in terms of Clause 12 inform the Service Provider that he is not entitled to an extension. Should the Service Provider find the decision of the Employer to be unacceptable he shall, nevertheless, abide by such decision in the performance of the Services and the matter shall be dealt with as a dispute in terms of Clause 12.</p>
8.4.1	<p>Replace clause 8.4.1 with the following:</p> <p>The Employer may terminate the Contract with the Service Provider:</p> <ul style="list-style-type: none"> (a) where the Services are no longer required; (b) where the funding for the Services is no longer available; (c) where the project has been suspended for a period of two (2) years or more; (d) if the Service Provider does not remedy a failure in the performance of his obligations under the Contract within fourteen (14) Days after having been notified thereof, or within any further period as the Employer may have subsequently approved in writing; (e) if the Service Provider becomes insolvent or liquidated; or (f) if, as the result of <i>Force Majeure</i>, the Service Provider is unable to perform a material portion of the Services for a period of not less than sixty (60) Days; (g) should the Service Provider cease to exist or be incapacitated for whatever reasons, the Employer is entitled, if it so elects;

	<p>(h) at its sole discretion, where the Service Provider is not performing Services in accordance with clause 5.1.1;</p> <p>(i) where the Service Provider has engaged in corrupt or fraudulent practices in tendering for the service contract, or in executing the service contract or in managing the construction contract.</p> <p>(j) at its sole discretion, where the Service Provider is in violation of clause 5.1.1.</p>
8.4.3 (c)	<p>Add to clause 8.4.3 (c) the following:</p> <p>The period of suspension under clause 8.5 is not to exceed two (2) years.</p>
8.4.4	<p>Replace clause 8.4.4 with the following:</p> <p>Upon termination of this Contract pursuant to Clauses 8.4.1 or 8.4.3, the Employer shall remunerate the Service Provider in terms of the Contract for Services satisfactorily performed prior to the effective date of termination and reimburse the Service Provider any reasonable cost incident to the prompt and orderly termination of the Contract, except in the case of termination pursuant to events (d) and (e) of Clause 8.4.1.</p>
8.4.6	<p>Add clause 8.4.6:</p> <p>Upon termination of this Contract or any part thereof, a copy of any drawings and documents produced pursuant to the Contract being ended and not previously provided by the Service Provider to the Employer shall be delivered to the Employer by the Service Provider within 7 working days after the date of termination.</p>
8.4.7	<p>Add clause 8.4.7:</p> <p>Any deviation or failure to comply with the provision of clause 8.4.6 supra would entitle the Employer to withhold any payment due to the Service Provider and to invoke any other remedies available in law to enforce compliance therewith.</p>
9.1	<p>Add to clause 9.1:</p> <p>Copyright of documents prepared for the Project shall be vested with the Employer.</p>
10.2	<p>Replace clause 10.2 with the following:</p> <p>An assignment shall be valid only if it is a written agreement between the Employer and Service Provider by which the Service Provider transfers his rights and obligations under the Contract, or part thereof, to others.</p>
10.3	<p>Replace clause 10.3 with the following:</p> <p>The Service Provider shall not, without the prior written consent of the Employer, assign the Contract or any part thereof, or any benefit or interest thereunder.</p>
12.1.2	<p>Interim settlement of disputes is to be by mediation.</p>
12.2.1	<p>Add to clause 12.2.1:</p> <p>In the event that the Parties fail to agree on a mediator, the mediator is to be nominated by the Association of Arbitrators (Southern Africa).</p>
12.3	<p>No Clause.</p>
12.4	<p>No Clause.</p>
12.5	<p>Add Clause 12.5:</p> <p>Final settlement is by litigation.</p>

13.1.3	<p>Replace clause 13.1.3 with the following:</p> <p>All partners in a joint venture or consortium shall carry the same professional indemnity insurance as per clause 5.4.1 of the General Conditions of Contract.</p>
13.4	<p>Replace clause 13.4 with the following:</p> <p>Neither the Employer nor the Service Provider is liable for any loss or damage resulting from any occurrence unless a claim is formally made within 5 years from the date of termination or completion of the Performance Contract.</p>
13.5	<p>Replace clause 13.5 with the following:</p> <p>The amount of compensation is as per Clause 5.4.1.</p>
13.6	No Clause.
14.2	<p>Replace 14.2 clause with the following:</p> <p>Amounts due to the Service Provider shall be paid by the Employer within thirty (30) Days of receipt by him of the relevant invoices and source documents, which are correct in all respects. If the Service Provider does not receive payment by the due date, he shall be entitled to charge interest on the unpaid amount, at the Prescribed Rate of interest as determined by the appropriate Minister at the time when <i>mora</i> interest is charged.</p>
14.4	<p>Replace 14.4 clause with the following:</p> <p>In respect of Services charged for on a time-basis and all other reimbursable expenses the Service Provider shall maintain records in support of such charges and expenses for a period of sixty months after the completion or termination of the Contract. Within this period the Employer may, on not less than 14 Days' notice, require that a reputable and independent firm of accountants, nominated by him at his expense, audit any claims made by the Service Provider for time charges and expenses by attending during normal working hours at the office where the records are maintained.</p>
15	<p>Add to clause 15:</p> <p>In respect of any amount owed by the Service Provider to the Employer, the Service Provider shall pay the Employer interest at the rate as determined by the Minister of Finance, from time to time, in terms of section 80(1)(b) of the Public Finance Management Act, 1999 (Act no1 of 1999).</p>

C1.2.3 Data provided by the Service Provider

Clause	
	Each item of data given below is cross-referenced to the clause in the General Conditions of Contract to which it mainly applies.
1	The Service Provider is the company, close corporation, natural person or partnership named in C1.1 Form of Offer and Acceptance by the tendering Service Provider.
5.3	The authorised and designated representative of the Service Provider is the person named in the resolution PA-15.1, PA-15.2 or PA-15.3 by the tendering Service Provider.

5.4.1	<p><u>Indemnification of the Employer</u></p> <p>I, the undersigned, being duly authorized by the Service Provider, in terms of the completed resolution (PA-15.1, PA-15.2 or PA-15.3)</p> <p>.....(Name of authorized person)</p> <p>hereby confirm that the Service Provider known as:</p> <p>.....(Legal name of entity tendering herein)</p> <p>tendering on the project:</p> <p>.....</p> <p>.....(Name of project as per C1.1 Form of offer and acceptance)</p> <p>holds professional indemnity insurance cover, from an approved insurer, duly registered with the Finance Services Board, of <u>not less than R1,5 Million at the time of tender.</u></p> <p>I shall submit proof of acceptable Professional Indemnity insurance where the minimum insurance cover is R1,5 Million or 15% of the Value of the Work for the applicable discipline, whichever the greater, to the Client Representative within 30 days upon completion of the planning based on the pre-tender estimate, prior to the commencement of construction. The limit of indemnity will remain intact for Each and Every Claim, no matter how many claims are made.</p> <p>I further confirm that should the professional indemnity insurance, with no knowledge of the Employer, be allowed to lapse at any time or in the event of the Service Provider cancelling such professional indemnity insurance, with no knowledge of the Employer, at any time or if such professional indemnity cover is not sufficient, then the Service Provider, (i) accepts herewith full liability for the due fulfilment of all obligations in respect of this Service; and (ii) hereby indemnifies, and undertakes to keep indemnified, the Employer in respect of all actions, proceedings, liability, claims, damages, costs and expenses in relation to and arising out of the agreement and/or from the aforesaid Service Provider's intentional and/or negligent wrongful acts, errors and/or omissions in its performance on this Contract.</p> <p>I confirm that the Service Provider undertakes to keep the Employer indemnified, as indicated above, beyond the Final Completion Certificate/Final Certificate by the Employer (whichever is applicable) for a period of five (5) years after the issue of such applicable certificate.</p> <p>I confirm that the Service Provider renounces the benefit of the <i>exceptionis non causa debiti, non numeratae pecuniae</i> and <i>excussionis</i> or any other exceptions which may be legally raised against the enforceability of this indemnification.</p> <p>Notwithstanding the indemnification required above, the Employer reserves the right to claim damages from the Service Provider for this Project where the Service Provider neglects to discharge its obligations in terms of this agreement.</p> <p>NAME:</p> <p>CAPACITY:</p> <p>SIGNATURE:</p>

C2: PRICING DATA

C2.1 Pricing Assumptions

C2.1.1 Basis of remuneration, method of tendering and estimated fees

C2.1.1.1 Professional fees for **Town Planning Services** will be paid on a **time basis**

C2.1.1.2 **Tenderers are to tender:**

The different rates for the different levels in C2.2.2 Activity Schedule for Time Based Fees, column (c)

all as set out below.

C2.1.2 Remuneration for **Town Planning Services**

C2.1.2.1 **Professional fees for Services rendered by the Service Provider shall be calculated as follows:**

- **The different rates tendered for the different levels in “C2.2.2 Activity Schedule for Time Based Fees”, column (c), multiplied by the actual number of hours spent** plus Value Added Tax, all according to the provisions under C2.1.3.

C2.1.2.2 The amount tendered herein (C1.1) is for tender purposes only and will be amended according to the actual number of hours for each level as agreed in PEP.

C2.1.2.3 Reimbursable rates for typing, printing and duplicating work and forwarding charges as set out under C2.1.5 herein will be paid in full, irrespective of the rates tendered as referred to in C2.1.1.2 and C2.1.2.1 above.

C2.1.2.4 The site, and/or venues for meetings, and/or offices for applications must be visited as often as the Services require for the execution of all duties on the Project. The Service Provider must be available at 48 hour notice if so required.

C2.1.2.5 All fee accounts are to be signed by a principal of the Service Provider and submitted in original format, failing which the accounts will be returned. Copies, facsimiles, electronic and other versions of fee accounts will not be considered for payment.

C2.1.2.6 For all Services provided on a time basis, time sheets giving full particulars of the work, date of execution and time duration, should be submitted with each fee account.

C2.1.2.7 Payments to the Service Provider will be made electronically according to the banking details furnished by the Service Provider. Any change in such banking details must be communicated to the departmental project manager timeously. Fee accounts, correct in all respects, will be deemed submitted when received by the Employer and settled when electronically processed by the Employer. The Employer reserves the right to dispute the whole account, any item or part of an item at any time and will deal with such case in terms of clause 14.3 of the General Conditions of Contract.

C2.1.2.8 Accounts for Services rendered may be submitted on the successful completion of each stage of work as per the agreed PEP. No interim accounts prior to completion of stages will be entertained. Payment of accounts rendered will be subject to the checking thereof by the departmental project manager. The Employer reserves the right to amend the amounts claimed in order to conform to the rates stipulated in this Contract and make payment on the basis of the balance of the account in accordance with clause 14.3 of the General Conditions of Contract.

C2.1.2.9 The cost of all site Personnel, rendering standard services, will be deemed to be included in the applicable fees as stated in C2.1.1.1 above.

C2.1.2.10 Fee accounts shall be submitted on the Employer's prescribed format, if available, obtainable on the Employer's Website: [http://www.publicworks.gov.za/under "Documents"; "Consultants Guidelines"](http://www.publicworks.gov.za/under%20Documents).

C2.1.3 Time based fees

C2.1.3.1 Fees for work done under a time based fee
Where time based fees are payable (if basis of remuneration has been set at "time basis" according to C2.1.1.1), the various rates per hour tendered for the various levels in C2.2.2 Activity Schedule for Time Based Fees (column (c) "Tenderer's rates for Time Based Fees") and the principles as laid down below will be used. These various rates will annually be adjusted for inflation as determined by clause 3.16.2 of the Contract, as amended in the Contract Data in C1.2.2. The time based rates applicable at the time of the execution of the work, may be claimed.

C2.1.3.2 The various levels (referred to in C2.2.2 Activity Schedule for Time Based Fees) are the levels referred to in paragraphs A to D below.

To determine the time based fee rates, the professional and technical staff concerned are divided into:-

In terms of GOVERNMENT GAZETTE, 21 JANUARY 2021

- (a) **Category A** in respect of a private consulting practice in Planning shall mean a top practitioner whose expertise and relevant experience is nationally or internationally recognised and who provides advice at a level of specialisation where such advice is recognised as that of an expert or managing director or member of a company or close corporation who, jointly and severally with other partners, co-directors or co-members, bears the risks of the business, takes full responsibility for the liabilities of such practice, where level of expertise and relevant experience is commensurate with the position, performs work of a conceptual nature in Planning and development, provides strategic guidance in planning and executing a project and / or carries responsibility for quality management pertaining to a project. He or She shall have been registered by SACPLAN as a Professional Planner in terms of the Planning Profession Act, 2002.
- (b) **Category B** in respect of a private consulting practice in Planning, shall mean all salaried professional staff with adequate expertise and relevant experience of performing work of a planning nature and who carry the direct technical responsibility for one or more specific activities related to a project. A person referred here shall be what is referred to in the Planning Profession Act, 2002 as a Professional Planner and shall have been registered by SACPLAN as such.
- (c) **Category C** in respect of a private consulting practice in Planning, shall mean all salaried technical staff with adequate expertise and relevant experience of performing work of a planning nature with direct and control provided by any person contemplated in Categories A and B above. He or She shall have been registered by SACPLAN as a Technical Planner in terms of the Planning Profession Act, 2002.
- (d) **Category D** in respect of a private consulting practice in Planning, shall mean all other salaried professional or technical staff members who have not yet completed the 24 months post qualification experience requirement for registration with SACPLAN in terms of the Planning Profession Act, 2002. He or She will be performing work of a Planning nature under the direct supervision provided by any person contemplated in categories A and B above. He or She shall have been registered by SACPLAN as a Candidate Planner in terms of the Planning Profession Act, 2002.

- Hourly rates calculated in terms of all the above shall be deemed to include overheads and charges in respect of time expended by clerical Personnel which shall, therefore, not be chargeable separately.
- C2.1.3.3 Work will be remunerated for at the level in which it falls as defined in C2.1.3.2 above, irrespective of whether the person who in fact executed the work functions at a higher level of responsibility and competence.
- C2.1.4.5 All fees claimable on an hourly basis must be substantiated by a comprehensive time sheet indicating the date, name of person whom rendered the service, description of the service rendered, the number of hours spent in rendering the service, the applicable rate per hour in terms of this agreement and the total amount claimed per incident. The Employer reserves the right to validate the information provided by the Service Provider and will remunerate the Service Provider on what is deemed to be fair and reasonable.
- C2.1.4 Set off**
The Employer reserves the right to set off against any amount payable to the Service Provider, any sum which is owing by the Service Provider to the Employer in respect of this or any other project.
- C2.1.5 Typing, printing and duplicating work and forwarding charges**
- C2.1.5.1 Reimbursable rates
The costs of typing, printing and duplicating work in connection with the documentation which must of necessity be done, except those which must in terms of the relevant Manual or other instructions be provided free of charge, shall be reimbursable at rates applicable at the time of the execution of such work. The document "Rates for Reimbursable Expenses" as amended from time to time and referred to below, is obtainable on the Employer's Website: <http://www.publicworks.gov.za/> under "Documents"; "Consultants Guidelines"; item 1.
- C2.1.5.2 Typing and duplicating
If the Service Provider cannot undertake the work himself, he may have it done by another service provider which specialises in this type of work and he shall be paid the actual costs incurred upon submission of statements and receipts which have been endorsed by him confirming that the tariff is the most economical for the locality concerned.
- If the Service Provider undertakes the work himself, he shall be paid in respect of actual expenses incurred subject to the maximum tariffs per A4 sheet as set out in Table 1 in the "Rates for Reimbursable Expenses".
- Typing and duplicating expenses shall only be refunded in respect of the final copies of the following documents namely formal reports, formal soil investigation reports, specifications, feasibility reports, bills of quantities, material lists, minutes of site meetings and final accounts. The cost of printed hard covers shall only be paid in respect of documents which will be made available to the public such as bills of quantities and specifications or where provision of hard covers is specifically approved.
- The typing of correspondence, appendices and covering letters are deemed to be included in the value based fees and time based fees paid.
- C2.1.5.3 Drawing duplication
(a) For drawing duplication the standard rate as set out in Table 2 in the "Rates for Reimbursable Expenses" may be claimed **or** may be claimed according to the provisions as in (b) or (c) below.
- (b) If the Service Provider undertakes the duplication of drawings, using his own duplication equipment, he shall be paid the actual cost incurred on condition that it is not higher than the lowest of three quotations of local firms doing drawing duplication in his locality. Such quotations must accompany his account.

- (c) If the Service Provider does not undertake his own drawing duplication, he shall be paid the lowest of three quotations of local firms doing plan printing in his locality. Such quotations must accompany his account.
- (e) Should there not be three firms doing drawing duplication in his locality, it must be mentioned on his account and the available quotation(s) must then accompany the account.
- (The cost of providing all polyester negative prints required to form part of the original set of drawings, as-built drawings including computer assisted drawing records for all facets/disciplines involved in the project are included in the tendered fees and will not be reimbursed separately.)
- C2.1.5.4 Forwarding charges
- (a) Only the charges in respect of the forwarding of parcels by courier or air freight on special request by the Employer will be refunded, provided that such charges will not be refunded if the request had been made as a result of a delay caused by the Service Provider.
- (b) The cost of postage, facsimile transmissions, telephone calls, e-mails, etc., is deemed to be included in the value based fees and time based fees paid.
- C2.1.6 Travelling and subsistence arrangements and tariffs of charges
When the Service Provider is requested in writing by or obtained prior approval in writing from the Employer to attend specific meetings at any of the Employer's offices or any extraordinary meetings on site or elsewhere, he will be remunerated according to the provisions under C2.1.6.1 to C2.1.6.5 herein.
- C2.1.6.1 General
The most economical mode of transport is to be used taking into account the cost of transport, subsistence and time. Accounts not rendered in accordance herewith may be reduced to an amount determined by the Employer.
- As the tariffs referred to hereunder are adjusted from time to time, accounts must be calculated at the tariff applicable at the time of the expenditure.
- Where journeys and resultant costs are in the Employer's opinion related to a Service Provider's mal-performance or failure, in terms of this Contract, to properly document or co-ordinate the work or to manage the Contract, no claims for such costs will be considered.
- C2.1.6.2 Travelling time
In the case of an appointment on a percentage basis, total travelling time less two hours, will be fully reimbursed. In the case of an appointment on an hourly basis, travelling time will be fully reimbursed. No travelling time will be paid in respect of journeys to DPWI Head Office or the office of the Departmental Project Manager without prior approval in writing.
- C2.1.6.3 Travelling costs
Fees for travelling costs are as set out in Table 3 in the "Rates for Reimbursable Expenses".
- Travelling costs will be refunded for the full distance covered per return trip measured from the office of the Service Provider appointed.
- Compensation for the use of private motor transport will be in accordance with the Government tariff for the relevant engine swept volume, up to a maximum of 3000 cubic centimetres, prescribed from time to time and as set out in Table 3 in the "Rates for Reimbursable Expenses".
- C2.1.6.4 Hired vehicles
In cases where use is made of hired vehicles, the most economical sized vehicle available is to be used but compensation shall nevertheless be restricted to the cost of a hired car not exceeding a capacity of 1300 cc. Where use of a special vehicle is essential (e.g. four track or minibus to accommodate more people), prior approval in writing must be obtained from the departmental project manager.

C2.1.6.5 Subsistence allowance

Subsistence costs associated with travelling for this service as tendered under C2.2 Activity Schedule, will annually be adjusted for inflation for the full duration of the Service Contract Period, as determined by clause 3.16.2, of the Contract, as amended in the Contract Data in C1.2.2. The rates claimable are the rates applicable at the time of the execution of the work.

Subsistence cost associated with travelling undertaken in excess of the original Service Contract Period in terms of 3.15.1 of Contract Data will be in terms of Tables 4 and 5 in the "Rates for Reimbursable Expenses" as published by the NDPWI from time to time.

Should the daily tariff as set out in Table 4 be inadequate, substantiated actual costs plus a special daily allowance as shown in Table 5 for incidental expenses, may be claimed. It must be noted that claims may only be according to Table 4 or Table 5. Accommodation should be limited to the equivalent of a three-star hotel and no alcoholic beverages or entertainment costs may be claimed for.

Only actual costs are payable in respect of absence from office of less than 24 hours.

C3.2.1.1 Scope of Project

Refer to Annexure A

The Tendering entity is referred to the space limits and cost norms of the Department of Public Works, or space norms as may be published in the government gazette, or norms determined by the Employer, collectively referred to as the "Client's needs assessment". The applicable document(s) is/are to be used as a benchmark for the project to be developed which then sets the scale of site required for identification and/or clearance. A document in which this is set, if applicable, is attached as part of C4 hereof.

C3.2.1.2 Location of the Project

Refer to Annexure A

C3.2.1.3 Project Programme

DETAILS OF MILESTONES	PROJECT DELIVERABLES	DELIVERABLES TIMEFRAMES (min-max)
PHASE 1: INCEPTION AND PLANNING		
<ul style="list-style-type: none"> • Consultation and finalisation of project brief • Analysis of the client's accommodation needs in relation to the identified site • Site orientation and assessment (screening/ verification of property information, cadastral information, restrictive conditions, zoning and development parameters including parking requirements in accordance to SPLUMA) • Consultation with the municipality and any other statutory institutions regarding their requirements for the proposed development • Basic location map of the site • Project programme and timeframes for deliverables • Briefing and management of sub-consultants • Preparation and submission of a comprehensive inception report • Attending all project meetings when necessary 	<ul style="list-style-type: none"> • Comprehensive inception report 	1 month

PHASE 2: STATUTORY PROCESSES & SITE AUDIT		
<ul style="list-style-type: none"> • Undertake sub-consultant specialist studies • Analysis of specialists studies undertaken by sub-consultants and submission of site audit report • Assessment of, and agreement on the specialist reports and information produced by consultants • Preparation of Site Audit Report including all land development applications for consideration • Professional team to address any comments from the departmental professionals 	<ul style="list-style-type: none"> • Comprehensive site audit report inclusive of all detailed specialists reports, land use application, topographical survey and traditional council consent letter. • Input letters from Departmental Professionals to be incorporated to final site clearance report. 	3 months
PHASE 3: FINALISATION AND PROJECT CLOSE OUT		
<ul style="list-style-type: none"> • Submission of land development applications • Facilitate public participation and all matters related to the process • Obtain comments from internal Municipal departments • Address and respond to comments received • Provide timeous input as required by the Municipality in terms of the by-law • Attainment of approval for applications from Municipality • Assist with process to enter into SLA's with Municipality if required • Attend to approval (Surveyor General) and registration of consolidation (Registrar of Deeds) of consolidated property and other legal processes in consultation with State Attorney and PE Regional Office • Attend all project meetings as and when required • Manage sub-consultants in delivery of the project • 	<ul style="list-style-type: none"> • Final site clearance report with all required approvals with confirmation letters for bulk services from the local authority 	11 months

The project execution is hereto expected to be completed by the Service Provider in line with the above time period hence the contract is valid only for 36 months maximum Any deviation to the above although within the 36 months period to be agreed with and must be approved by the Departmental Project Manager. With the above milestones in mind, a Project Execution Plan (PEP) must be submitted in the format and within the time period stated in 3.15 of the Contract Data.

The PEP shall depict the work procedure proposed to obtain required result. It must, *inter alia*, include:

- a) cost per key milestone events/activities and/or deliverables;
- b) programme of key milestone events or activities for completion of Services;
- c) responsibilities, and facilities/resources that will be provided,
- d) CV of all persons whom the consultant proposes to use where qualifications or experience are of crucial importance.

The programme for the execution of the project is dependent on the various approval processes within the Department and a programme with specific time frames can therefore not be provided at tender stage since it will depend on the time frames required by the consultants for completion of the design and documentation based on the final scope of work, as well as approval processes within the Department and other legislative bodies from whom approvals may be required. The final programme will be in accordance with the approved programme in terms of clause 3.15 of the Standard Professional Services Contract and clause 3.15.1 of the Contract Data. The following table depicts provisional project milestone dates envisaged for tendering purposes only (To be removed):

C3.2.1.4 Information available from Employer
Refer to Annexure A

C3.2.1.5 Reporting Requirements and Approval Procedure

As identified in C3.3 extent of the Services and the to-be-submitted PEP.

Notwithstanding any other requirements as listed elsewhere, the Service Provider shall submit a monthly report indicating progress of the Services.

C3.3 Extent of the Services

The specific town planning services required on this Project and referred to in C3.2 above entails the following, relative to the site to be cleared: [The Employer reserves the right to increase/decrease the services marked herein].

C3.3.1 Site Identification

If a site is not pre-identified by either the Client Department or the departmental project manager, the Service Provider must identify suitable sites, provide substantiation, deliberations and recommend the most suitable site.

Deliverable: Site Identification Report

Site Identification Report to show alternative site options with pro's and con's, the evaluation of each option with a point scoring system and a recommended site as to the best site for the purposes of the proposed development. The said Report to cover the following, duly supplemented with annexures:

- Property Description**
- Locality map**
- Land-use map**
- Ownership**
- Property Size**
- Zoning/Land use rights**
- Heritage aspects to be investigated**
- Environmental aspects to be investigated**
- Access**
- Accessibility**
- Feasibility**
- Availability of Services**
- Alternative site options**
- Recommendation**

C3.3.2 **Site Audit**

If a site was identified by the client department or the departmental project manager as an acceptable site for the development, the Services Provider's task is to verify whether the proposed site is suitable for the proposed facilities and to confirm the availability, feasibility and legal status of the proposed development on the site. The use of specialist professionals may be required.

Deliverable: Site Audit Report

Audit of the acceptable site's pros and cons, verification of viability of pre-determined site, findings and recommendations.

- Title Deeds**
- Surveyor General Diagram**
- Topographical Land Survey with contours, structures, trees etc.**
- Servitudes, services traversing the site, right of ways**
- Locality map**
- Land-use map**
- Impact on the surrounding land uses from the proposed development**
- Impact on the development from the surrounding land uses**
- Zoning certificate**
- Heritage aspects to be investigated and application lodged if needed**
- Need for EIA or Basic Assessment or Exemption**
- Confirm Access and Accessibility**
- Infrastructure Services report indicating capacity of services**
- Geotechnical Report**
- Site contamination/pollution report**
- Traffic Impact Assessment and mitigation measures**
- Photographs, aerial photographs, maps**
- Community support**
- Recommendation**

Professional inputs required

Specialist/professional services that may be required for this appointment/project may include any of the following:

- Civil Engineer**
- Architect**
- Electrical Engineers**
- Land Surveyor**
- Environmental Consultant**
- Geotechnical Specialist**
- Soil Scientist**
- Heritage Specialist**
- Contamination/pollution specialist**
- Any Specialist as may be required depending on the characteristic of the property**

3.3.3 **Land Procurement / Availability**

If no suitable State owned property is available for the intended service, the department needs to secure alternative land for the proposed development. As such it is expected of the Service Provider to enter into preliminary negotiations and to conclude a Land Availability Agreement, which includes confirmation of all conditions pertaining to the proposed transaction, as well as the owner's willingness to make the land available to the State.

Deliverable: Land procurement report

Report to motivate the need to procure land to create an appropriate site for the proposed development.

- Land ownership report**
- Land availability**
- Probable conditions and cost implications**
- Diagram of required land**
- Title deeds**
- Valuations**

- Draft Deed of Sale (obtainable from the Regional Office of DPW)
- Council Resolution when Municipal land is to be acquired/ donated
- If property has been vested (Item 28(1) Certificate to be obtained from Department of Agriculture Land Reform and Rural Development)
- Deed of Donation is required in the event that the property being the subject of a donation.

If the land is held in trust for a Tribal Authority or in the ownership of the Department of Land Affairs (the old TBVC-areas), it is necessary to obtain Tribal approval of the proposed acquisition/donation. It is then necessary to obtain an Item 28(1) certificate form the Department of Land Affairs.

- Meeting with Tribal Authority in the presence of an authorized official Of the Department of Land Affairs
- Tribal Authority approval Surveyed Diagram
- Item 28(1) Certificate
- PTO from Department of Traditional Affairs in KwaZulu-Natal – only for Ngonyama Trust Land

3.3.4 **Site Creation**

This is the final phase of the project. The outcome informs the departmental project manager on site information available or remaining, risk factors for the planning and construction phases, approvals obtained, remaining approvals, conditions to guide planning and development, important issues to note.

Legalization

After a proposed or determined site is selected and approved by the departmental project manager and client department, the process of formalization is referred to as Site Creation and may include the following unless circumstances dictate differently in which case the PEP must be adjusted and agreed prior to execution of the Service:

- Township Establishment
- Rezoning
- Consent use
- Consolidation
- Subdivision
- Removal of restrictions
- DFA-application
- Environmental Authorization from the National Department of Environmental Affairs
- Heritage audit/approval
- Less Formal Township Establishment

Deliverable: Site Report

Final report containing the site information/documentation from all professions and all approvals from authorities. This is deemed the final product.

- Essential engineering services capacity vs. demand report
- Approved SG Diagram
- Title Deeds
- Heritage approval (SAHRA permit & conditions)
- EIA authorizations and report it. Act 73 of 1989
- Environmental Management Plan imposed on the execution phase (EIA)
- Land use rights approval from the municipality
- Local Authority Financial Contributions
- Infrastructure Service Level Agreement

C3.4 Use of reasonable skill and care

It will be expected of the Service Provider to apply reasonable skills and due diligence in the execution of the duties stipulated in this document which shall include *inter alia* the following:

Although the Service Provider's documents may be scrutinised by the Employer, this shall in no way relieve him of his professional responsibility for the proper and prompt execution of his duties. The Employer shall also be entitled to have any documentation or calculations verified by Others.

In the event of mal-performance, default or negligence, the Employer shall have the right to claim compensation or damages and set off such against any amount payable.

Occupational Health and Safety Act, 1993 (Act 85 of 1993)

The Service Provider shall be fully responsible for the compliance of his operation, equipment as well as staff and persons under his supervision in terms of the said Act, whether by invitation, instruction or otherwise and regardless of the capacity, purpose and relationship of any such persons to the appointment, to all aspects of all applicable regulations and stipulations under the Act.

Others may include, but are not limited to, Local, provincial and national authorities, statutory bodies, governmental departments, Others, as may be required from time to time, including the client department/end user(s).

C3.5 Brief

C3.5.1 Targeted dates and times

The Service Provider will be expected throughout to give preference to the execution of the work involved in this commission.

All work is to be performed by the persons listed as Key Persons and persons under their supervision and further be executed as described in the Programme according to clause 3.15 of the Contract Data (and/or PEP according to the same clause, if applicable).

C3.5.2 Final disposal of documents

Upon approval and finalisation of the final account of projects requiring a security clearance, it is a requirement that the Service Provider forward to the Employer all documents relating to this service. The same may be requested on any other project of the Employer.

C3.6 Applicable legislation and standards

This section applies to legislation emanating from national and provincial governments as well as that of any local authorities in whose area of jurisdiction the subject of the appointment falls and which has a bearing on the activities and services under this appointment.

All the applicable legislation, which do not specifically allow discretion in respect of compliance by the State, shall be followed exactly as intended by such legislation regardless of any instructions, verbal or in writing, to the contrary.

Should any applicable legislation allow discretion in respect of compliance by the State, it shall be followed exactly as intended by the relevant legislation as if no discretion is allowed until such time as specific instructions in writing are issued to the appointed professional team by the departmental project manager.

The Service Provider undertakes to ensure that his actions and outcome thereof including, but not limited to, the services to be affected by the Services shall be in accordance with all relevant legislation.

C3.7 Access to land/buildings/sites

Access to the land/buildings/sites shall be negotiated in consultation with the departmental project manager and with the pre-agreement with owner of such land/buildings/sites.

C3.8 Software application for programming

The Service Provider must avail himself of software to be used in the Project documentation for compatibility with other Service Providers as well as the Employer.

C3.9 Security clearance

It is an explicit condition of this agreement that partners, directors and/or the members of staff who will have insight into the planning of projects requiring security clearance, be kept to a minimum and that such persons will not object to being submitted to a security clearance, if the Employer so requires.

If the latter is applicable, the necessary forms will accompany this tender or be provided to the Service Provider at any stage thereafter. These forms must be completed, if attached, and returned with the tender. It is important to furnish information which is complete in every respect.

Should the authority responsible for the clearance, for security reasons not be satisfied with the classification obtained of any of the staff members of the Service Provider, it will be a further condition of this appointment that none of such staff members be involved with any aspect of the Project.

All documents pertaining to these projects must be stored in a safe place when not in use so as to ensure that the level of security of the projects is maintained.

The Employer will not accept liability for any costs in this regard.

FINGER PRINTS (except Defence projects)

Persons of whom security clearance is required can obtain a finger print form SAP 91(a) from any police station. Kindly ensure that the police official responsible for taking the finger prints certifies the form since non-certification will result in the form being unacceptable.

C3.10 Condition to accept unregistered persons with suitable built environment qualifications on secondment

It is an express term of the contract that the Service Provider, after award of tender, accept unregistered, suitably qualified (built environment) persons in his office for the purpose of exposing the latter to the full extent of professional work, or as may be required according to specific circumstances, in order to gain experience which can be presented to the relevant Council for consideration towards professional registration. The secondment of such unregistered persons will be negotiated with the Service Provider in terms of numbers, periods of training and extent of professional work opportunity to be afforded. The conditions of secondment will be the subject of a separate Memorandum of Understanding with the Service Provider which will serve as an annexure hereto. Any secondment arrangements will cease upon the professional registration of the seconded person or as agreed on and so included in the aforesaid Memorandum of Understanding. The responsibility for salaries of seconded persons will remain with the Employer, but responsibility for operational expenses, necessary for the execution of the work, will vest with the Service Provider, all of which will be dealt with in the Memorandum of Understanding.

C3.11 Submission of Accrual Reports

The Service Provider shall submit accrual reports to the client representative at the end of March and September each year for the duration of the Service Contract period from the date of appointment up to and including project closeout. This is to ensure that PMTE complies with the accounting framework GRAP, which requires that PMTE disclose all its accruals as at the end of each reporting date.

C3.12 Submission of monthly Project Execution Plans (PEP)

The Principle Agent will submit monthly an updated Project Execution Plans (PEP) in accordance with DPWI standard proforma, on a date as agreed with the Employer's Representative.

C3.13 Contract Skills Development Goal

The Contract Skills Development Goal is not applicable to this project.

The cidb Standard for Developing Skills through Infrastructure Contracts as published in the Government Gazette Notice, No. 43495 of 3 July 2020 where the Service Contract has a duration

of 12 months or more, and the professional fees excluding allowances and including VAT exceeds R5 million. This best practice Standard for developing skills through infrastructure contracts standard establishes a minimum contract skills development goal which is to be achieved in the performance of a contract in relation to the provision of different types of workplace opportunities linked to work associated with a contract which culminate in or lead to registration in a professional category by one of the professional bodies listed in the standard (Table 1).

Table 1: Categories of registration

Profession	Category of registration	Act
Architectural	Architect, Senior Architectural Technologist, Architectural Technologist or Architectural Draughts person	Architectural Profession Act of 2000 (Act No.44 of 2000)
Construction Project Management or Construction Management	Construction Project Manager or Construction Manager	Project and Construction Management Professions Act of 2000 (Act No. 48 of 2000)
Engineering	Engineer, Engineering Technologist, Engineering Technician or Certificated Engineer	Engineering Profession Act of 2000 (Act No. 46 of 2000)
Health and Safety Practitioners	Construction Health and Safety Agent, Construction Health and Safety Manager, Construction Health and Safety Officer	Occupational Health and Safety Act of 1993 (Act No. 85 of 1993) Construction Regulations, 2014
Landscape Architectural	Landscape Architect, Landscape Technologist, Landscape Technician or Landscape Assistant	Landscape Architectural Profession Act of 2000 (Act No. 45 of 2000)
Planning	Planner or Technical planner	Planning Profession Act, 2002. (Act No. 36 of 2002)
Quantity surveying	Quantity surveyor	Quantity Surveying Profession Act of 2000 (Act No. 49 of 2000)

Valuers	Valuer or Associate Valuer	Property Valuers Profession Act (Act No. 47 of 2000)

The Contract Skills Development Goal (CSDG) is the number of hours of skills development opportunities that a Service Provider contracts to provide in relation to work directly related to the Service Contract up to completion the Professional Service Contract. The contract skills development goals, expressed in hours, shall be not less than the professional fees [(1) from the Activity Schedule + VAT] in millions of Rand multiplied by 150 where professional fees is the financial value of a professional service contract at the time of the award of the contract excluding all allowances and expenses, but including value added tax.

Example: The contract amount for a professional services contract is R5.6 m. The contract skills development goal in hours is $R5.6m \times 150 = 840$ hours, where the contract amount is the basic fee for services excluding allowances but including VAT.

Where required in terms of the service contract, a specified proportion of the learners and candidates shall be selected from persons in the employ of the state who meet the relevant eligibility criteria for the relevant programme.

Where required in terms of the service contract, the Employer shall advise the Service Provider of the types of training to be undertaken by the learners and candidates. The mentor shall be a registered person, designated to guide a learner of candidate through structured work experience

learning component of a learning programme required for the acquisition of a part or full qualification or professional designation.

Achieving the Contract Skills Development Goal (CSDG)

The Service Provider shall achieve the measurable contract skills development goal by providing opportunities to learners requiring structured workplace learning using one or a combination of any of the following in relation to work directly related to the contract or order:

Method 1: structured workplace learning opportunities for learners towards the attainment of a part or a full occupational qualification;

Method 2: structured workplace learning opportunities for apprentices or other artisan learners towards the attainment of a trade qualification leading to a listed trade (GG No. 35625, 31 August 2012) subject to at least 60% of the artisan learners being holders of public TVET college qualifications;

Method 3: work integrated learning opportunities for University of Technology or Comprehensive University students completing their national diplomas; or

Method 4: structured workplace learning opportunities for candidates towards registration in a professional category by a statutory council listed in Table 1 above.

Employed learners may not account for more than 33 percent of the contract skills development goal. Not more than one method may be applied to any individual concurrently in the calculation of the contract skills development goal. The principle is that an individual can only be counted once towards the CSDG.

Not more than one method may be applied to any individual concurrently in the calculation of the contract skills development goal.

Contract Skills Development Goal Credits

Contract skills development credits will not be awarded for learners enrolled as beneficiaries of other funded or subsidised programmes.

In the case of engineering and construction works, design and build and services contracts:

- a) The contract skills development goals shall be granted by multiplying the number of people employed by the Service Providers and placed for continuous training opportunities in a three-month period by the notional values contained in Table 3, or as revised in a Gazette notice.
- b) The Service Provider may source beneficiaries of the contract skills development goal from the cidb Skills Development Agency (SDA).
- c) All beneficiaries of the Standard must be registered with the cidb SDA.

NOTE: The role and function of a cidb SDA is outlined in the Standard, Annexure B.

Credits towards the contract skills development goal for professional services contracts shall be granted by summing the hours of structured workplace learning opportunities provided to P1 and P2 learners as well as professional candidates in accordance with the Act, Clause 3.3.

No more than 45 hours may be claimed per week for any individual.

Contract skills development goal credits shall be reduced to the extent that they fail to comply with the requirements of this standard.

The Service Provider shall achieve in the performance of the contract the contract skills development goal established in this Standard for developing skills through infrastructure contracts (March 2020).

Table 3: The notional cost of providing training opportunities per quarter

Type of Training Opportunity	Provision for stipends (Unemployed learners only)	Provisions for mentorship	Provisions for additional costs*	Total costs	
				Unemployed learners	Employed learners
Method 1

Candidates with 480 or more credits qualification	R47 000	R20 000	R4 500	R71 500	R20 000

* Additional provisions include provisions for personal protective equipment, insurance, medical assessments, course fees and trade tools (where applicable) assessment, moderation and monitoring of learners.

NOTE:

- i) Where an unemployed learner is employed directly by the Service Provider, the Service Provider shall pay the stipend directly to the learner
- ii) Where an unemployed learner is sourced through an SDA, training provider or skills development facilitator the Service Provider must pay the stipend to the SDA, training provider or skills development facilitator who in turn will pay the learner
- iii) The notional cost of providing training opportunities will be increase by CPI on an annual basis. The new, revised costs will be published on the cidb website on 1 April in each year.

The Employer requires that employees of the state be seconded to the Service Provider in order to be provided with structured workplace learning opportunities in accordance with the provisions of this standard. The specified number of employees of the state is **N/A**. The Employer shall provide a list of persons for selection by the Service Provider as prescribed in the implementation guidelines. Persons selected by the Service Provider shall be seconded to the Service Provider under the terms and conditions prescribed in the implementation guidelines.

Credits towards the contract skills development goal shall be denied where the Service Provider fails to comply in terms of Clause 3.4 of the Act. Compliance requirements shall be in terms of Clause 4 of the Act and records to be provided to be in accordance with Clause 5 of the Act.

Role and Functions of the Skills Development Agency

The Skills Development Agency (SDA) will provide career management and compliance reporting functions for all learners for CSDG compliance in terms of this Standard. Where the Service Providers provide direct employment to unemployed learners, or enrolls own employees for CSDG compliance, the Service Provider shall register them with the cidb SDA. The SDA can also act as an employment intermediary for unemployed learners.

The roles and functions of the Skills Development Agency (SDA) are summarised below.

Career Management and Compliance Reporting

The Service Provider shall enter into a contract agreement with the cidb SDA, training provider or skills development facilitator to manage their learners according to the provisions given below:

- a) preparing training plans for registered learners, including details of the scope of experiential

- work to be covered and expected outcomes;
- b) registering learners with the appropriate Sector Educational and Training Authority established in terms of the Skills Development Act of 2008 (Act 37 of 2008);
 - c) conducting entry and exit level medicals for learners at the conclusion of each placement opportunity;
 - d) providing personal protective equipment;
 - e) liaising with the supervisor to monitor onsite training progress of learners;
 - f) liaising with the supervisor to arrange for summative assessments at appropriate stages of the training; and
 - g) liaising with the supervisor to prepare reports for the Employer's representative and cidb at practical completion of the contract.

The relevant training provider or skills development facilitator shall invoice the Service Providers for the provision of these services as per cost schedule in Table 3.

The cidb SDA shall open a trust fund to ring-fence monies essential for all learner requirements where necessary provided for in this standard such as personal protective equipment, medical assessments, insurance, course fees, monitoring as well as top up training and assessment.

Employment Intermediary

The cidb SDA can act as an employment intermediary for unemployed learners and provide Service Providers with learners qualifying for participation in the CSDG, as well as managing their employment functions such as payment of stipends, workman's compensation, provision of personal protective equipment, trade specific tools, etc.

In such cases, the Service Provider shall contract directly with an SDA, training provider or skills development facilitator of their choice for the recruitment, placement and management of learners. The Service Provider shall pay the SDA, training provider or skills development facilitator in accordance with the notional costs provided for in this standard, or as amended by a Gazette.

Sanctions

Failure by the Service Provider to achieve the **total** Notional Cost of the Contract Skills Development Goal (Excluding VAT), as indicated in the pricing schedule item, will result in a penalty of 30% of the value of the portion not achieved, unless the Service Provider can prove to the Employer's satisfaction that the non-achievement was beyond his/her control.

1 BACKGROUND

The Department of Public Works and Infrastructure (DPWI) provides accommodation to various User Departments that are located in Qonce, located in the Buffalo City Metropolitan Municipality (BCM) in the Eastern Cape Province and has established the need to plan and develop a Government Precinct in the town of Qonce.

Erven 522, 523, 524 and 525, King William's Town are strategically located in the Qonce town centre and are currently vacant. It is the intention to facilitate the highest and best use of the site to maximise on the development potential. Specialist studies generated by the service provider as part of this project, will inform the required and appropriate land development applications (Site Clearance).

2 APPLICATION PROPERTIES INFORMATION

2.1 Property Descriptions and Size

The properties are registered as follows:

PROPERTY DESCRIPTION	TITLE DEED NUMBER	EXTENT (m ²)
Erf 522, King William's Town	T2056/1996	3851
Erf 523, King William's Town	T2056/1996	4543
Erf 524, King William's Town	T2056/1996	2062
Erf 525, King William's Town	T2056/1996	4356
	TOTAL	14812

The total extent of the properties is 14812m². The properties will have to be consolidated.

2.2 Locality

Erven 522, 523, 524 and 525, King William's Town are located to the north east of the Qonce town centre and adjacent to the Buffalo River to the west. The erven are bound by properties to the north and south (Erf 526, King William's Town), Engineers Terrace to the east and the Buffalo River to the west.

2.3 Ownership

Ownership of the properties can be summarised as follows:

PROPERTY DESCRIPTION	TITLE DEED NUMBER	OWNERSHIP
Erf 522, King William's Town	T2056/1996	Republic of South Africa
Erf 523, King William's Town	T2056/1996	Republic of South Africa
Erf 524, King William's Town	T2056/1996	Republic of South Africa
Erf 525, King William's Town	T2056/1996	Republic of South Africa

All properties are registered under the Republic of South Africa. The properties therefore are under the custodianship of the DPWI. Power of Attorney(s) will be issued to the service provider.

2.4 Restrictive Conditions of Title

A Conveyancer Certificate must confirm the presence of any servitudes or restrictive conditions. The information in the Conveyancer Certificate will inform the need for an application to remove any conditions or cancel any servitudes that does not support the proposed development of the properties for a government precinct.

2.5 Physical Attributes

All on-site information have to be verified as part of the project.

2.6 Surrounding Land Use

Erven 522, 523, 524 and 525, King Willilam's Town is located on the north-western edge of the Qonce town centre.

The streets in proximity to the properties are Oak Street to the north, Engineers Terrace to the east and McKinnon and Smith Streets to the south.

The land uses surrounding the site are:

- Metlife Mall to the east;
- Vacant land to the north
- Land with small structures to the south;
- Buffalo River to the west;
- Taxi rank to the south;

The area to the east include those uses that are typical to the CBD of a town, i.e. offices, restaurants, retail which include the shopping mall, parking, filling stations, banks and government departments, i.e. SAPS, the operational centre of the Department of Home Affairs, the Magistrate Court, offices of the Department of Correctional Services and a Technical and Vocational Education and Training (TVET) College Campus. This information and the locality of government departments, both in leased and state owned accommodation must be recorded on a map in detail.

2.7 Zoning

The zoning certificates, stating the zoning of the erven in terms of the Buffalo City Zoning Scheme regulations must be obtained and the zoning confirmed. If the current zoning of the properties do not support the development of a government precinct, a land development application for the rezoning of the properties to increase the land development control measures, must be submitted to the BCM. The details of the application will be based on a High Level Concept that was developed for the site and the parameters relevant to the High Level Concept and the outcome of consultation with the municipality.

Applications can only be prepared and concluded for submission following consultation with the Municipality and the DPWI.

2.8 Parking

Parking requirements will support the High Level Concept and the outcome of consultation with the Department and the municipality. The TIA should be clear on the provision for access and parking on the consolidated site.

In terms of parking requirements, parking should be provided in consultation with the Municipality and the DPWI to ensure the most feasible parking solution, taking into account

the needs of the envisaged user departments that will locate in the precinct and the functioning of the government facilities to be constructed.

2.9 Bulk Engineering Services

As part of the Site Audit Report, detailed engineering reports will be prepared by the service provider.

2.10 Environmental and Heritage Impact Implications

An environmental screening must be concluded to determine if any part of the proposed development or the properties affected is deemed to be a "listed activity" in terms of the National Environmental Management Act (NEMA) with specific reference to the regulations promulgated under Section 24(5) thereof. If necessary, an application submitted to the environmental authorities with regard to the requirement to procure environmental authorization to conduct the listed activity must be concluded, managed and approval obtained.

The land development application process initiated for the properties will need to include a heritage screening. If required, a Heritage Impact Assessment must be concluded, managed and approval obtained if any structures or building(s) on the properties are to be conserved in terms of the National Heritage Resource Act, Act 25 of 1999. This will be included as part of the environmental process.

3 PROJECT TASKS

Draft reports must be submitted to the project manager for comments prior to submission of the final report for each phase. Sufficient time (at least one week) must be allocated for this purpose to ensure that the final deliverable for each phase is submitted on the date stated in the PEP.

The project will comprise the following phases:

3.1 Phase 1: Inception and Planning

Phase 1 concludes with the Inception Report that will confirm the methodology and project time frame and associated budget linked with project team members, their role and professional fee and time that will be allocated to each team member. The following must be considered as part of this phase of the project:

- Project report in word and pdf format
- Bound as 2X Colour hard copies and soft copy on external drive (to be provided by services provider)
- Project time frame in Excel format
- The dates for submission of detailed monthly progress reports. These monthly reports must be submitted on or before the last Friday of each month.
- Detailed Scope
- Budget
- Time sheets with associated hourly rates and related cost by each team member for all activities related to the project
- Provision for briefing or terms of reference workshop with client
- Analysis of information that is available from the Chief Directorate: Planning & Precinct Development (PPD) related to the proposed development
- Outcome of site orientation (status quo)
- Provision for briefing of all sub-consultants
- Meetings with relevant Buffalo City Municipality officials to confirm nature of land development application parameters
- The tenderer must make provision for all activities necessary for the execution of the service as set out in this Scope of Services and complete Annexure B (Pricing Schedule)
- Inception Report

3.2 Phase 2: Site Audit

Phase 2 must include the following:

- Undertake sub-consultant specialist studies
- Analysis of specialists studies undertaken by sub-consultants and submission of site audit report

- Assessment of, and agreement on the specialist reports and information produced by consultants
- Prepare all relevant land development applications
- Site Audit Report including all land development applications for consideration
- All draft documentation must be provided in soft copy (both MS Word and PDF format) on USB device and two (2) hard copies

This Time Based Deliverable involves the undertaking of specialist studies which are based on the scope of work as follows:

3.2.1 Task 1: Professional Town Planner

This Task Based Deliverable involves the scope of work for the professional registered Town Planner which amongst others include: description, explanation, preparation and management of the appropriate land development applications with intended land use rights and aligned to supporting documents by sub-consultants.

Other requirements as part of the process:

- Address comments received, respond to objections if received and attend to all matters related to objections.
- Prepare documentation, obtain expert input if necessary and lead participation in any hearing that may be necessitated by the process.
- Attend all meetings convened for the project.
- Attainment of approval of land development applications.
- Management of all sub-consultants involved in the delivery of the project.
- Take into account all previous studies and documentation relating to the properties.
- Facilitate all other processes necessary for the delivery of the project.
- Manage registration of the consolidation and any other process that may be required to formalise the land development application outcome.

3.2.2 Task 2: Architect

This Task Based Deliverable involves the scope of work for the sub-contracted professional registered Architect which amongst others include:

A Site Plan, based on the high level volumetric study which was developed by PPD. The architect needs to confirm the development rights on the site taking into account the optimum development potential detailed and accurate data made available as part of the site survey conducted by the land surveyor, to inform the land development applications and other specialist studies including:

The fully detailed plan, to a minimum scale of 1:200, which shall be amplified by means of the high level volumetric sketch plans to a minimum scale of 1:100: Provided that the Municipality may accept scales other than the afore-mentioned and which fully illustrates the following aspects:

- The siting, height, FAR and coverage of all proposed buildings and structures.
- Landscaping.
- Entrances to and exits from the erf to any public street.
- The proposed lines of consolidation.
- Entrances to buildings, parking spaces and vehicular and pedestrian traffic systems.
- Building Restriction Areas and the building set-backs on any boundary.
- The location of existing buildings on adjoining erven.
- Contour lines with 0,5m intervals or other intervals or height indications to the satisfaction of the Municipality.
- Physical barriers on the street boundaries if these are required by the Municipality.

3.2.3 Task 3: Land Surveyor

This Task Based Deliverable involves the scope of work for the sub-contracted professional registered Land Surveyor which amongst others include:

A detailed site survey is required. In this regard the land surveyor will be responsible for the following:

Detailed site survey to provide:

- A comprehensively detailed contour map of the existing site, also showing all relevant and necessary detail and data required of all existing facilities and services as well as cadastral information, which information will be required for the future design and accurate placing of the proposed building.
- All natural and manmade features that may have an impact on the placing of the building.
- Contours to 0,25m vertical intervals on a scale of 1:500 and to 0,50m on a scale of 1:1000 with supplementary spot heights wherever the contours are unable to portray ground shapes faithfully. Frequent spot heights shall be given on features such as roads, where elevations may be necessary for engineering design. Tachometric spot heights will be taken on all changes of slope.
- Positions of survey stations and details of survey beacons used for the survey.
- Above ground and/or exposed water mains, sewers, storm water pipes, and other services.
- Power and telephone lines, showing individual poles or pylons in their surveyed positions.
- Routes of underground pipe lines, cables and other buried services, which positions must be obtained from the local authority with support from the relevant professional engineer and from surface and sub-surface indications, e.g. manholes, cable markers, etc.
- Other information which must be detected and recorded are:
 - ❖ Confirmation of natural ground level.
 - ❖ Road levels.
 - ❖ Cuttings and banks (road).
 - ❖ Fences and property beacons.
 - ❖ Culvert dimension
 - ❖ Natural drainage and drainage improvements.
 - ❖ Structures affected by planning.
 - ❖ Existing access to adjoining properties.
 - ❖ Position of foundation test holes with reduced ground levels if available.
 - ❖ North direction pointer.
 - ❖ Any special features.
 - ❖ Road and footpaths, differentiating between blacktop and other surfaces.
 - ❖ Structures, with details regarding the openings, sizes, structure number and type of construction where such a structure has a bearing on the site.
 - ❖ Drainage and irrigation furrows.
 - ❖ All individual buildings - differentiating between types of construction and stating the general use of the building/groups.
 - ❖ Gates and fences - differentiating between ordinary, stock proof, jackal proof, security fences, etc.
 - ❖ Stone, brick or any other type of walls.

- ❖ Wells, boreholes, tunnels.
- ❖ All cadastral and servitude information will be shown in the surveyed area, together with the names of owners and municipal boundaries, if applicable.
- ❖ Approval will be obtained from the Department in cases where it is difficult to supply cadastral information and where such data can be omitted without detrimental effect.
- ❖ Reference system shall be WGS 84.
- ❖ A map in PDF format will also be included in the data provided.
- ❖ A Land Surveyor's Certificate including land audit report indicating whether and how the property(ies) are affected by conditions of title or servitudes recorded in the Title Deed(s) and on an approved general plan or small scale diagram, that affect the proposed land development area.
- Attend to survey, drafting of consolidation diagram and approval (Surveyor General) of consolidation in support of registration of the consolidation of the properties supporting the task of the Conveyancing Attorney.

3.2.4 Task 4: Environmental Practitioner

This Task Based Deliverable involves the scope of work for the sub-contracted Environmental Practitioner which amongst others includes:

- Environmental Impact Assessment ("EIA") in terms of the National Environmental Management Act, 2004 (Act 8 of 2004) ("NEMA") provided that; (a) if the development is a "listed activity" in terms of the National Environmental Management Amendment Act, 2004 (Act 8 of 2004) (NEMA), with specific reference to the Regulations promulgated under Section 24(5).
- If the land use rights being applied for does not require an EIA with specific reference to the Regulations to NEMA, submit proof that such EIA is not required and an explanation as to why it will not be required by the Municipality over and above the legislation; including:
 - i. give a short, general overview / description of the site situation highlighting identified site sensitivities;
 - ii. indicate if the site is situated next to an existing open space resource; and
 - iii. indicate how the proposed development respond to the open space resource with specific referral to levels, placing and functioning of building footprints, landscaping, and access.
- If required, a Heritage Impact Assessment must be concluded, managed and approval obtained if any structures or building(s) on the properties are to be conserved in terms of the National Heritage Resource Act, Act 25 of 1999.

3.2.5 Task 5: Civil Engineering Investigation

This Task Based Deliverable involves the scope of work for the sub-contracted professional registered Civil Engineer which amongst others include:

- Assessment of reports prepared by sub-consultants.
- Provisional status quo (existing) condition assessment of infrastructure services for water, sewerage, storm water and roads.
- Preliminary calculations for the total wet services infrastructure requirements for the proposed development, with particular reference to water demand (including fire water demand), sewerage collection/discharge and storm water collection/disposal (incl. retention pond requirements, if applicable).
- Providing particular recommendations on the provision of civil engineering services to the development.
- Preliminary detailed cost calculation/s, for the total development, required for the provision of planned on-site wet services infrastructure.
- Obtain formal confirmation from the BCM about its ability to develop and deliver bulk civil engineering infrastructure services, complete with estimated bulk services contribution costs and timelines for the provision of each service.
- Confirmation of 1:100 year floodline (mapped).
- Preparation of a civil engineering report detailing the aforementioned requirements and submission thereof to the BCM for consideration.
- Facilitation, if necessary, of the development and signing of Service Level Agreement (SLA) with the BCM in relation to all Civil Engineering Services required.
- Attend all project meetings as and when required.
- Provide comments, advice and information to be included as part of the Site Plan.

3.2.6 Task 6: Electrical Engineering Investigation

This Task Based Deliverable involves the scope of work for the sub-contracted professional registered Electrical Engineer which amongst others include:

- Assessment of reports prepared by sub-consultants.
- Investigation of existing infrastructure services for electricity.
- Preliminary calculations of the projected capacity demand for electricity in relation to the proposed development.
- Providing particular recommendations on the provision of electricity to the development.
- Preliminary detailed cost calculation/s, for the total scheme development requirements, for the provision of the required electrical infrastructure.
- Obtain formal confirmation from the BCM about its ability to develop and deliver electrical engineering infrastructure services, complete with estimated bulk services contribution costs and timelines for the provision of electricity.
- Preparation and submission of electrical engineering report detailing the aforementioned requirements.
- Facilitation, if necessary, of the development and signing of Service Level Agreement (SLA) with the BCM in relation to Electrical Engineering Service.
- Attend all project meetings as and when required.
- Provide comments, advice and information to be included as part of the Site Plan.

3.2.7 Task 7: Traffic Impact Assessment (TIA)

This Task Base Deliverable involves the scope of work for the professional registered Civil Engineer: Transportation Specialist which amongst others include:

- Assessment of reports prepared by sub-consultants.
- Undertake traffic impact assessment and develop a traffic impact assessment report
- Provide traffic projections for the proposed development in relation to vehicles in all categories, cycling, motorbikes and pedestrians to name a few.
- Develop a costing model of alternative access options and recommend a feasible option supported by a comprehensive, detailed motivation which should include schematic drawings.
- Consultation with all other professional experts involved in this project is a requirement to ensure an integrated approach.

- Provide inputs on Site Plan for the development.
- Provide recommendations for traffic routes and management in the proposed development.
- Attain comments on proposed traffic measures from relevant departments and institutions responsible for transportation matters.
- Respond to all traffic related matters in all processes of the development.
- Consider the need to upgrade road network to accommodate the additional land use rights associated with the planned development.
- Take into account the existing and planned public transport network and pedestrianisation of the area.
- Attend all project meetings as and when required.

3.2.8 Task 8: Conveyancing Attorney

This task based deliverable involves the scope of work for the Conveyancing Attorney which amongst other include:

Develop a conveyancing certificate (land audit report) to confirm the following:

- who the registered owner of the property(ies) is,
- the conditions of title or servitudes recorded in the Title Deed(s),
- how these conditions of title or servitudes affect the proposed land development,
- The report must indicate how to deal with such conditions or restrictions to enable the planned development,
- Facilitate registration of the consolidation of the properties after approval by the Surveyor General and/or removal of restrictive conditions by the State Attorney in consultation with the PE Regional Office.

3.2.9 Task 9: Geotechnical Investigation

This Task Based Deliverable involves the scope of work described hereunder for the professional registered Civil Engineer with geotechnical experience (ECSA) or

Geologist / Geotechnical Specialist (SACNASP) and include the following information:

(a) Desktop Study

Topographical maps and aerial photographs should be consulted to gain information on the general topography and prominent features. Geological maps should be consulted to gain information on the basic geology and possible dolomite areas.

The Municipality and other organizations should be approached to establish whether they know about and/or have records available on investigations conducted in the area.

The study of overlapping aerial photographs through a stereoscope may be of value in identifying geological features such as faults, dykes, geological boundaries, dolomite, etc. as well as soil types and drainage patterns. These features are often not apparent in the field.

(b) Site Reconnaissance

A site reconnaissance should be undertaken in order to gain geotechnical information from visible features, establish the suitability of various geophysical testing methods and investigate accessibility for drilling equipment.

- Geophysical investigations

Wherever practicable, a geophysical investigation will be undertaken. This investigation will comprise a seismic/resistivity/gravimetric/electromagnetic evaluation of the subsurface conditions of sufficient extent and depth in order to assist in the determination and selection of the most economic detailed investigation, aimed at foundation solutions/types. The service provider shall report on this aspect in his assessment report.

- Detailed investigations – Exploratory holes (typically by back tractor)

The purpose of exploratory holes is to permit visual examination, testing of the in-situ material and for the recovery of samples.

Hand or machine (back actor) excavated test pits should suffice for this section. Adequate direction and supervision of the work by competent staff with appropriate knowledge and experience as well as the authority to decide on variations to the investigation when required, is essential in order to obtain the greatest benefit from the investigation.

- Logging and profiling

This work shall be carried out in accordance with the following:

A guide to soil profiling for civil engineering purposes, as Produced by the South African Institute for Engineering and Environmental Geologists (SAIEG), South African Institute of Civil Engineers (SAICE) Geotechnical Division and Association of Engineering Geologists (AEG) (1993), edited by ABA Brink and RM Bruin.

- Format of report

The geotechnical report shall provide clear guidance to the engineer, enabling him to select the most appropriate solutions and foundation types. The report should quantify the parameters required for the design of the proposed foundation and embankments. The report, together with the inspection of the site, will provide the future contractor with sufficient information to reasonably anticipate any problems that may occur during the execution of the works. This will enable the future contractor to tender a realistic price for the construction of the work and to select the most appropriate equipment and techniques. The report shall be compiled under the following headings and shall include - but not be limited to the following, as relevant:

1. Introduction

- ❖ Terms of reference;
- ❖ Description of the planning stage, and the purpose for which the investigation was conducted.

2. Description of the site

- ❖ Location of the site;
- ❖ Accessibility of the site;
- ❖ Traffic ability of the site for construction equipment;
- ❖ Listing of sources where data is available or was obtained from;
- ❖ Description of regional geology, vegetation, drainage and other general features of importance.

3. Investigations Carried Out

- ❖ Name(s) of firm(s) responsible for the field work (consultant, contractor);
- ❖ Name(s) of person(s) responsible for the interpretation of the geophysical work and for the profiling;
- ❖ Dates when the work was conducted;
- ❖ Description of the types of field work undertaken and equipment used.

4. Investigation Results

- ❖ Description of the soils encountered - identifying their stability or potential problems they may present, e.g. tendency to heave, collapse, settle, etc.;
- ❖ Description of hard rock geology - identifying the type, quality, degree of weathering, fracturing, etc.;
- ❖ Description when potential for boulders and/or other obstructions to deep seated foundations;
- ❖ Description of the problems experienced or to be expected;
- ❖ Description of ground water and expected variations;
- ❖ Field and laboratory testing carried out i.e.:
- ❖ Types of tests conducted on the respective materials;
- ❖ Results obtained and their reliability.

5. Recommendations

- ❖ Type of foundation best suited;
- ❖ Expected bearing capacity and settlement for the respective materials on which founding could be considered;
- ❖ Precautionary measures;
- ❖ Construction sequences.

6. References

- ❖ Listing of standards used for the classification of materials in respect of soil condition and rock hardness.

7. Annexure

- ❖ Locality plan to appropriate scale;
- ❖ Laboratory test results;
- ❖ Drawings to scale showing the location - including levels of all positions investigated physical features of the site and setting out points.

3.3 Phase 3: Site Creation –Land Development Application and other Statutory Processes

The land development application administrative process in terms of the by-law is as follows:

- Submission of land development applications.
- Facilitate public participation.
- Obtain comments from internal Municipal departments.
- Address and respond to comments received.
- Attend to objections, if any, in line with municipal by-law.
- Provide timeous input as required by the Municipality in terms of the by-law.
- Attainment of approval for applications from Municipality.
- Assist with process to enter into SLA's with Municipality if required.
- Attend to registration of consolidation of properties with support from DPWI project manager and State Attorney.
- Attend all project meetings as and when required.
- Manage sub-consultants in delivery of the project.

3.4 Phase 3: Project Finalisation and Delivery

This phase will provide for the handover of information and data in the following format:

- The final Site Report must consist of:
 - ❖ Two printed copies (full colour)
 - ❖ Soft copies in MS Word and PDF on USB device

4 CRITICAL MILESTONES

The project has to be delivered within a period of fifteen (15) months.

This programme provides a guideline for preparation of the Project Execution Plan with millstones, responsible professional and associated cost. Once the PEP has been submitted and approved by the DPWI Project Manager, it must be followed.

DETAILS OF MILESTONES	PROJECT DELIVERABLES	DELIVERABLES TIMEFRAMES Minimum
PHASE 1: INCEPTION AND PLANNING		
<ul style="list-style-type: none"> • Consultation and finalisation of project brief • Analysis of the client's accommodation needs in relation to the identified site • Site orientation and assessment (screening/ verification of property information, cadastral information, restrictive conditions, zoning and development parameters including parking requirements in accordance to SPLUMA) • Consultation with the municipality and any other statutory institutions regarding their requirements for the proposed development • Basic location map of the site • Project programme and timeframes for deliverables • Briefing and management of sub-consultants • Preparation and submission of a comprehensive inception report • Attending all project meetings when necessary 	<ul style="list-style-type: none"> • Comprehensive inception report 	1 month
PHASE 2: STATUTORY PROCESSES & SITE AUDIT		
<ul style="list-style-type: none"> • Undertake sub-consultant specialist studies • Analysis of specialists studies undertaken by sub-consultants and submission of site audit report • Assessment of, and agreement on the specialist reports and information produced by consultants • Preparation of Site Audit Report including all land development applications for consideration • Professional team to address any comments from the departmental professionals 	<ul style="list-style-type: none"> • Comprehensive site audit report inclusive of all detailed specialists reports, land use application, topographical survey and traditional council consent letter. • Input letters from Departmental Professionals to be incorporated to final site clearance report. 	3 months

PHASE 3: FINALISATION AND PROJECT CLOSE OUT		
<ul style="list-style-type: none"> • Submission of land development applications • Facilitate public participation and all matters related to the process • Obtain comments from internal Municipal departments • Address and respond to comments received • Provide timeous input as required by the Municipality in terms of the by-law • Attainment of approval for applications from Municipality • Assist with process to enter into SLA's with Municipality if required • Attend to approval (Surveyor General) and registration of consolidation (Registrar of Deeds) of consolidated property and other legal processes in consultation with State Attorney and PE Regional Office • Attend all project meetings as and when required • Manage sub-consultants in delivery of the project 	<ul style="list-style-type: none"> • Final site clearance report with all required approvals with confirmation letters for bulk services from the local authority 	<p>11 months</p>

Submission of deliverables, in line with the allocated time frames, need to consider and allocate time for input and feedback by project manager.

5 FUNCTIONALITY CRITERIA

Functionality Criteria	Weighting Factor
<p>Proposed programme plan (approach and methodology): Quality of project comprehension demonstrated in proposal i.e.</p> <ol style="list-style-type: none"> 1. project execution plan dictated by the required statutory land development application processes; 2. project management approach including detail on required specialist studies; 3. proposed timeframe for the project in line with the Critical Milestones; 4. Methodology to transfer knowledge regarding the preparation, submission and management of the land development application process. <p>All of the above = 5 4 of the above = 3 Less than 4 = 0</p>	<p>30</p>
<p>Town planning company with minimum of 10 years' experience in the successful completion of statutory land development applications. Attach a list of related statutory town planning projects with valid reference letters from clients or completion letters, i.e. letters of approval from municipality, to substantiate.</p> <p>10 years of experience with 15 or more projects = 5 10 years of experience with 10-14 projects = 3 10 years of experience with 5-9 projects = 2 10 years of experience with less than 5 projects = 0</p>	<p>30</p>

<p>Relevant experience of all key specialists listed under Responsiveness Criteria in projects of a similar scale and nature. Valid reference letters or completion letters to be provided. The extent of the land is +/- 1.4ha. The project require preparation, submission, management and approval of statutory land development applications for rezoning and consolidation to enable highest and best use of the land.</p> <p>Projects of similar nature, delivered within the given timeframe: 6 projects and above = 5 points 5 projects = 3 points Less than 5 projects = 1 point</p>	<p>30</p>
<p>Provide bank rating from banking institution to justify credit risk for the town planning company.</p> <p>Bank Rating of 'A' = 5 Points Bank Rating of 'B' or 'C' = 2 Points Bank Rating of 'D' or 'E' = 1 Point No bank rating = 0</p>	<p>10</p>

6 CONCLUSION

This aim of this project is to address the need for accommodation for national government departments in Qonce. Erven 522, 523, 524 and 525, King William's Town are located in the Qonce town centre and are currently vacant. It is the intention to facilitate the highest and best use of the site to maximise on the development potential through rezoning and consolidation of the properties.
