T1: TENDERING PROCEDURES

T1.1 Notice and Invitation to Tender

T1.1.1 The words "**tender**" and "**bid**" in this document or any documents referred to in this document are interchangeable and are deemed to have the same meaning, similarly the words "tenderer" and "tendering Service Provider" are interchangeable and are deemed to have the same meaning. Unless inconsistent with the context, the masculine gender includes the feminine and neuter genders and *vice versa*, and the singular includes the plural and *vice versa*. In this document, words and expressions signified in the text by the use of capital initial letters, shall have the meanings defined in the Standard Professional Services Contract except where the context otherwise requires.

T1.1.2 The Government of the Republic of South Africa in its Department of Public Works invites tenders for the provision of **PROFESSIONAL TOWN PLANNING SERVICES** as further fully described in C3 Scope of Services hereof.

T1.1.3 The address for collection of tender documents and the telephone number of the tender section are as advertised in the notice and invitation to tender. Tender will be closing on 02nd October 2024 at 11h00 am.

T1.1.4 Tender documents may be collected on working days **between 07:30 and 12:45** and **between 13:30 and 15:30**.

T1.1.5 A non-refundable deposit of **R 100.00** is payable, in cash only, on collection of the tender documents.

T1.1.6 Queries relating to these documents may be addressed to the Employer's authorised and designated representative who is the departmental project manager:

Ms. Victoria Sukumani

Tel no: 012 406 1054
Cell no: 064 847 9567
Fax: N/A

Physical address: Central Government Office
256 Madiba Street
Pretoria

Postal address: Private Bag X65
Pretoria
0001

T1.1.7 The closing time for receipt of tenders is as advertised in the notice and invitation to tender. Telephonic, facsimile, electronic and late tenders will not be accepted.

T1.1.8 Requirements for sealing, addressing, delivery, opening and assessment of tenders are stated in T1.2 Tender Data.

T1.2 Tender Data

T1.2.1 Standard Conditions of Tender

The conditions of tender are the **Standard Conditions of Tender** as contained in **Annexure C** of the **Construction Industry Development Board Standard for Uniformity in Engineering and Construction Works Contracts** as per Government Notice No. 423 published in Government Gazette No. 42622 of **8 August 2019** and as amended from time to time.

The Standard Conditions of Tender is not included in this tender document. Tenderers

must obtain it on the CIDB's Website at:

http://www.cidb.org.za/procurement/procurement_toolbox/cidb_pub/default.aspx

The Standard Conditions of Tender make several references to the Tender Data for details that apply specifically to this tender. The Tender Data shall have precedence in the interpretation of any ambiguity or inconsistency between it and the Standard Conditions of Tender.

Each item of data given below is cross-referenced to the clauses marked [C] in the Standard Conditions of Tender to which it mainly applies.

By submitting a tender in response to T1.1 Notice and Invitation to Tender above, the tenderer binds himself to a *pactum de contrahendo* (contract aimed at conclusion of another contract), the terms of which are contained in the Standard Conditions of Tender and T1.2 Tender Data.

Clause number	
[C.1.1]	The Employer is the Government of the Republic of South Africa in its Department of Public Works and Infrastructure.
[C.1.2]	For this Contract the single volume approach is adopted. This procurement document has been formatted and compiled under the headings for a single volume approach as contained in table 5 of the CIDB's "Standard for Uniformity in Construction Procurement." The tendering Service Provider's attention is specifically drawn to the T2 Returnable Documents identified in the T2.1 List of Returnable Documents and in the T2.2 Returnable Schedules. The Returnable Documents must be obtained and the Returnable Schedules must be completed by a tenderer when submitting a tender. The tenderer must complete these documents, including the "Offer" document in C1.1 Form of Offer and Acceptance, and deliver his tender back to the Employer bound as it was received. The tender document, issued by the Employer, comprises the following separate identifiable documents collectively forming the "Tender Document in a single volume": <u>The Tender</u> T1: Tendering Procedures T1.1 Notice and Invitation to Tender T1.2 Tender Data T2: Returnable Documents T2.1 List of Returnable Documents T2.2 Returnable Schedules <u>The Contract</u> C1: Agreement and Contract Data C1.1 Form of Offer and Acceptance C1.2 Contract Data C2: Pricing Data C2.1 Pricing Assumptions C2.2 Activity Schedule C3: Scope of Services C4: Site Information

[C.1.4]	The Employer's agent for the purpose of this tender is deemed to be the authorised and designated representative of the Employer, who will be the departmental project manager as noted in T1.1.6 Notice and Invitation to Tender.
[C.2.1]	<u>Tenders will only be considered for acceptance if</u> (i.e. will only be regarded as responsive if): 1. The tendering Service Provider is a town and regional planning practice and which is owned and controlled by registered professional planners, by at least a percentage determined by the South African Council for Planners in its Code of Professional Conduct, in terms of number, shareholding and voting power, who are registered in terms of the Planning Profession Act, 2002 (Act no 36 of 2002) and who will hereafter be referred to as registered principals of the practice or a multi-disciplinary professional practice, that also practises town and regional planning work, which division/section is under the fulltime supervision of a registered professional planner, and which is owned and controlled by registered professionals by at least a percentage determined by any of the relevant professional Councils for cases pertaining to multi-disciplinary practices/business undertakings, in their respective Codes of Professional Conduct, in terms of number, shareholding and voting power, who are registered in terms of the Architectural Profession Act, 2000 (Act no 44 of 2000), Landscape Architectural Profession Act, 2000 (Act no 45 of 2000), Engineering Profession Act, 2000 (Act no 46 of 2000), Project and Construction Management Professions Act, 2000 (Act no 48 of 2000) and/or Quantity Surveying Profession Act, 2000 (Act no 49 of 2000), Natural Scientist (Act No. 27 of 2003) or S24H of NEMA (Act No. 107 of 1998) and the Section 24H Registration Authority Regulations Professional and Technical Surveyors' Act (Act No. 40 of 1984) Planning Profession Act, 2002 (Act no 36 of 2002) and who will hereafter be referred to as registered principals. In the event of any legal entity, as meant above, being a listed public Company on the stock exchange, the percentages related to ownership and control referred to are to be made relevant to persons duly appointed as Directors of such entity. 2. Copies of certificates or other documentation clearly proving current professional registration with the relevant council, including registration numbers, of all the registered principals mentioned in 1 above are included with the tender as part of the returnable documentation. In the event of any legal entity, as meant above, being a private Company with shareholding, the same information/documentation as for registered principals must be provided with the tender, in respect of all Directors formally appointed to manage the business undertaking. Sole Proprietors, Partners in Partnerships, and Members of Close Corporations are principals as defined in 1 above and information/documentation in respect of such persons must be provided as described; 3. The information, required in respect of 1 and 2 above, has been provided for all Service Providers tendering in consortium or joint venture; 4. At least one registered professional planner, of whom the same documentation as in 2 above has been included in the tender, of the tendering Service Provider has been listed in C1.2.3, clause 7.1.2 Key Persons; [The Employer retains the right to verify current professional registration required in terms of 2, 3 and 4 above with the relevant council as part of the tender evaluation process. In the event of any such person not currently being registered with the relevant council, it will render the tender as unacceptable (i.e. non-responsive) and excluded from further consideration.]

5. All Returnable Documents mentioned in T2: Returnable Documents (T2.1 List of Returnable Documents and T2.2 Returnable Schedules) have been included in the tender;
6. (a) The tendering Service Provider has provided the required information/documentation to enable an evaluation panel to perform functionality and risk assessments as described in 6(b) and 6(c) hereafter and referred to in T2.1 – sub paragraph 4;
- (b) Tender offers are judged by an evaluation panel in terms of functionality, which functionality will be evaluated against the following criteria on a scoring system of 1 to 5, weighted as indicated:

Note: Failure to meet minimum functionality score will result in the tenderer being disqualified.

Functionality Criteria	Weighting Factor
TOWN AND REGIONAL PLANNING PROJECT EXPERIENCE Attach a list of successfully completed town planning projects undertaken in the past 10 years. List to be accompanied by contactable and verifiable references and/or completion letters to substantiate the stated experience. (NB: Appointment letters will not be considered) 8 and more projects = 5 points 6 to 7 projects = 4 points 4 to 5 projects = 3 points Less than 4 Projects = 0 point	30
LEAD PROFESSIONAL TOWN AND REGIONAL PLANNER A Lead Professional Town Planner with post-registration experience 1. Lead Prof. Planner with 8 years and more = 5 Points 2. Lead Prof. Planner with 7 years = 4 points 3. Lead Prof. Planner with 6 years = 3 points 4. Lead Prof. Planner with less than 6 years = 0 point NB: Prof is an abbreviation for Professional	30
SUPPORTING PROFESSIONAL PROJECT TEAM REQUIRED The supporting professional team with post-registration experience. 5 years and more post-registration = 5 points 4 years post-registration = 4 points 3 years post-registration = 3 points Less than 3 years post-registration = 0 point NB: The team will be scored according to the lowest experienced member.	30

FINANCIAL CREDIBILITY	10	
Provide Bank Rating Letter from a Banking Institution to justify credit worthiness and/or risk. The Bank Rating Letter must be stamped and not be older than 6 months. (No bank statements, letter of good standing or proof of bank account will be accepted) Bank Rating of 'A' = 5 points Bank Rating of 'B' = 4 points Bank Rating of 'C' = 3 points Bank Rating of 'D' = 2 points Bank Rating of 'E' = 1 point In the event of a joint venture, each bidder to submit its own Bank Rating. The highest bank rating will be considered.		
Total	100 Points	

(Weightings will be multiplied by the scores allocated during the evaluation process to arrive at the total functionality points)

Minimum functionality score to qualify for further evaluation:	60
---	-----------

- (c) Tender offers are judged by an evaluation panel in terms of risk to the Employer. Such risk will be evaluated against technical and commercial risk criteria listed below. Such risk will be evaluated against the criteria listed below. Each criterion carries the same weight / importance and will be evaluated individually by the Bid Evaluation Committee appointed on the project. An assessment of unacceptable risk on any single criterion will constitute unacceptable risk for the award as a whole, resulting in the tender to be disqualified and removed from further consideration.

In order for the evaluation reports to be prepared by the Bid Evaluation Committee, the Tenderer is obliged to provide comprehensive information on form DPW-09 (PSB). Failure to complete the said form will cause the tender to be declared non-responsive and removed from any further consideration. Information provided in the returnable documentation must be provided in sufficient detail to enable the evaluation panel to evaluate the risk criteria set out below.

The Employer reserves the right to request further clarification, elucidation, additional documentation / information, etc. as may be required to evaluate the tender. The afore-mentioned can also entail that the persons, named in the schedule of Key Persons (C1.2.3 Data provided by the Service Provider, clause 7.1.2), be invited to an interview.

The information must be provided by the Tenderer within the stipulated time as determined by the Bid Evaluation Committee, failing which the tender offer will *mutatis mutandis* be declared non-responsive.

The risk criteria are as follows:

Technical risks:

Criterion 1: Experience on comparable projects during the past 10 years.

The tendering Service Provider's experience on comparable projects during the past 5 years. The number of current and previous comparable projects performed by the Tenderer as per the evaluation report prepared by the Bid Evaluation Committee, based on its research and inspection of a representative sample of the Tenderer's current and previous work as reflected on form DPW-09 (PSB), as well as, if necessary, of any additional work executed by the Tenderer, not reflected on form DPW-09 (PSB).

Aspects to be regarded as "comparable" includes (but may be extended according to circumstances): size of projects (measured against monetary value or other project quantifying parameters), nature of projects (building, engineering, high/low rise, etc.), locality/area of execution (site-specific influences, knowledge of local conditions, etc.), complexity of project, projects for similar client department irrespective of end purpose of buildings/facilities created or in progress of being created and time scales of projects (normal, fast track, etc.) and stage of its/their development.

[An opinion will be formed by each of the members of an evaluation panel according to his/her assessment of the experience and performance of the tendering Service Provider from information submitted with the tender (in written-, report- and/or brochure format), and upon further investigations/reference checks that may be performed, for which purpose the tendering Service Provider must include names and contact particulars of present and previous Employers to whom services are/were rendered. The Employer retains the right to contact references not mentioned by the tendering Service Provider. Members of the evaluation panel will discuss their respective risk perceptions in order to reach consensus, failing which the specific risk will be put to the vote. **No risk assessment will be performed for this criterion in the absence of relevant information with the tender and will therefore render the tender as unacceptable and excluded from further consideration.**]

Criterion 2: Contractual commitment and quality of performance on comparable projects during the past 10 years.

Adherence to contractual commitments and quality of performance of comparable current and previous projects performed by the Tenderer as per the evaluation report prepared by the Bid Evaluation Committee, based on its research and inspection of a representative sample of the Tenderer's current and previous work as reflected on form DPW-09 (PSB), as well as, if necessary, of any additional work executed by the Tenderer, not reflected on form DPW-09 (PSB).

Aspects to be considered include but not limited to time management & programming, quality of detailed designs, extent of variations to scope due to shortcomings in original designs, compliance to relevant regulations, personnel resources & technical experience of representatives, turnover in representatives, decision making & problem solving skills, promptness and quality of contract administration in terms of reporting and issuing contract documents, attending site meetings, scope management, leadership and accountability, conformance to specification and quality compliance, risk identification and mitigation, all with respect to specific aspects of the project / comparable projects and the project tendered for.

[An opinion will be formed by each of the members of an evaluation panel according to his/her assessment of the experience and performance of the

tendering Service Provider from information submitted with the tender (in written-, report- and/or brochure format), and upon further investigations/reference checks that may be performed, for which purpose the tendering Service Provider must include names and contact particulars of present and previous Employers to whom services are/were rendered. The Employer retains the right to contact references not mentioned by the tendering Service Provider. Members of the evaluation panel will discuss their respective risk perceptions in order to reach consensus, failing which the specific risk will be put to the vote. **No risk assessment will be performed for this criterion in the absence of relevant information with the tender and will therefore render the tender as unacceptable and excluded from further consideration.]**

Criterion 3: Suitably qualified and appropriately experienced human resources

Allocation of suitably qualified and appropriately experienced human resources, both in respect of principals and/or other staff (professional, technical and/or administrative) of the tendering Service Provider to the project, as described in the schedule of Key Persons in terms of clause 7.1.2 of the General Conditions of Contract, as proof that the tendering Service Provider will be able to react/respond appropriately to the Services required herein. The Company Organogram with CV's and certified ID's of all principals and employed workforce as well as proof of Professional Registration will be verified. Current and future workload of the tenderer in relation to capacity and capability will also be considered. The tenderer should demonstrate that he or she possesses the necessary professional and technical qualifications, and professional and technical competence in relation to the scope of work and service to be rendered.

[An opinion will be formed by each of the members of an evaluation panel according to his/her assessment of the qualifications and experience of the human resources allocated to the project in terms of the Key Persons (C1.2.3 Data provided by the Service Provider, clause 7.1.2), from information contained in curriculum/curricula vitae submitted with the tender. Members of the evaluation panel will discuss their respective risk perceptions in order to reach consensus, failing which the specific risk will be put to the vote. **No risk assessment will be performed for this criterion in the absence of relevant information / curricula vitae with the tender and will therefore render the tender as unacceptable and excluded from further consideration.]**

Criterion 4: Proof of Professional Indemnity Insurance

Confirmation of the required level of professional indemnity insurance specified in terms of Contract Data clause 5.4.1 (C1.2.3 Data provided by the Service Provider).

[If confirmation/proof of professional indemnity insurance is not duly confirmed in C1.2.3 Data provided by the Service Provider, the risk to Employer will be regarded as unacceptable and render the tender unacceptable on grounds of not being to specification. The Employer retains the right to request documentary proof of such insurance as part of the tender evaluation process. **Unconfirmed professional indemnity insurance will render the tender as unacceptable in terms of risk to the Employer and excluded from further consideration.]**

Criterion 5: Attendance of compulsory bid clarification meeting, if applicable

If applicable, submission of confirmation of DPW-16.1 (PSB) attendance of compulsory bid clarification meeting or proof of attending the compulsory virtual meeting by a suitably qualified and experienced representative of the tendering Service Provider in terms of clause [C.2.7] (T1.2 - Tender Data).

	[Non-attendance, if compulsory in terms of [C.2.7], will be regarded as a risk to the Employer in that salient information required for tender purposes would not have been to the knowledge of the tendering Service Provider, rendering any resultant tender to be incomplete. Non-attendance will render the tender a risk to the Employer and therefore excluded from further consideration. In the event of the clarification meeting not being compulsory, this risk criterion will not be applicable.] Commercial risks: The financial viability assessment evaluates the risk over the life of the service contract period, as to whether the tenderer will be able to deliver the goods and services which are specified in the contract and / or be able to fulfil guarantees or warranties provided for in the contract in order to complete the project successfully for the amount tendered. Aspects to be considered include but not limited to, the respective rates tendered, bank rating, financial capability and capacity whether the tenderer has or has access to sufficient financial resources to deliver the goods or services described in the tender documentation (including fulfilling any guarantees or warranty claims), whether the tenderer is not subject to any current or impending legal action (either formal proceedings or notification of legal action) which could impact on the financial standing of the tenderer or the delivery of the goods or services, management accounts / financial report from auditors as proof of current liquidity, and company or any parent company or investor guarantee/s and financial statements. [An opinion will be formed by each of the members of an evaluation panel according to his/her assessment of the financial viability of the amount tendered in order to render the service. Members of the evaluation panel will discuss their respective risk perceptions in order to reach consensus, failing which the specific risk will be put to the vote. No risk assessment will be performed for this criterion in the absence of relevant information/ curricula vitae with the tender and will therefore render the tender as unacceptable and excluded from further consideration.] Other <u>project specific</u> risk criteria: Not Applicable Note: Any tender not complying with <u>all</u> of the above-mentioned stipulations will be regarded as non-responsive and will therefore <u>not</u> be considered for further evaluation.
--	---

[C.2.7]	A tender clarification meeting will not be held in respect of this tender. Attendance of said clarification meeting is not compulsory. The particulars for said tender clarification meeting are: Location: N/A Venue: N/A Virtual Meeting: N/A Date: N/A Starting time: N/A
[C.2.13.3]	Each tender offer communicated on paper shall be submitted as an original. Each page of the tender document shall be initialled by the Authorised Signatory as per the Resolution of the Board of Directors, Consortia or Joint Venture in terms of PA15.1, PA15.2 or PA15.3.

[C.2.13.4]	No Clause
[C.2.13.5]	The Employer's addresses for delivery of tender offers are as advertised in the Tender Bulletin. In addition, the following identification details must be provided on the <u>back</u> of the envelope: Tenderer's name, contact address and telephone number and in the top left corner on the back of the envelope: "Tender no. H24/036 AI "WCS no. 051099 "Tender for Town Planning Services".
[C.2.13.6]	A two-envelope procedure will not be followed.
[C.2.15]	The closing time for submission of tenders is as advertised in the Tender Bulletin.
[C.2.16]	The tender validity period is 84 days from date of tender closure.
[C.2.19]	The tenderer shall provide access for inspections to his offices as may be required by the Employer.
[C.2.22]	Not a requirement.
[C.2.23]	The tenderer is required to submit with his tender all documents listed in T2 Returnable Documents, T2.1 and T2.2.
[C.3.4]	The time and location for opening tender offers are: Time: tenders will be opened immediately or as soon as possible after the closing time as advertised in the Tender Bulletin; Location: Department of Public Works and Infrastructure, Central Government Offices, North Wing, Cnr Madiba and Bosman Street, Pretoria.
[C.3.5]	A two-envelope procedure will not be followed.
[C.3.9.3]	"Notify the tenderer of all errors, omissions and/or rate imbalances that are identified in the tender offer and request the tenderer to, within a stipulated time, accept the total of prices as corrected in accordance with C.3.9.4."
[C.3.9.4]	"In cases where tender offers contain errors, omissions and/or rate imbalances, these are to be corrected as follows:" "c) If the tenderer does not accept the corrected tender offer, or cannot reach consensus with the Employer on a corrected tender offer, the tenderer is to be classified as not acceptable/non-responsive and removed from further contention."
[C.3.11]	The procedure for the evaluation of responsive tenders is Method 2: Financial Offer and Preference.
[C.3.17]	The number of paper copies of the signed contract to be provided by the employer is one.

T2: RETURNABLE DOCUMENTS

This tender document in its entirety, all returnable documents which must be attached to this tender document, and all returnable schedules must be returned when the tender is submitted.

T2.1 List of Returnable Documents (to be obtained/compiled by the tenderer and attached to this tender). All documents must be duly completed and signed where applicable.

1. Copies of present registration with the **South African Council for Planners** as "Professional Planner", with the registration numbers, of all the registered principals and professionals mentioned under T1.2 Tender Data, clause [C.2.1], item 2, as well as in C1.2.3 Data provided by the Service Provider, clause 7.1.2 Key Persons.
3. An exposition, with necessary annexures, in suitable format and in sufficient detail, providing all the information necessary for the evaluation panel to be able to evaluate the functionality and risk set out in T1.2 Tender Data, clause [C.2.1].

T2.2 Returnable Schedules (all bound into this tender document – to be completed by tenderer)
All documents must be duly completed and signed where applicable.

T2.2.1 SUBSTANTIVE COMPLIANCE RESPONSIVENESS CRITERIA

Failure to submit fully completed documents as stated hereunder shall result in the tender offer being disqualified from further consideration:

1	☒	Only those tenderers who satisfy the eligibility criteria stated in the Tender Data may submit tenders.
2	☒	Tender offer must be properly received on the tender closing date and time specified on the invitation, completed either electronically (if issued in electronic format), or by writing legibly in non-erasable ink. (All as per Standard Conditions of Tender).
3	☒	Use of correction fluid is prohibited.
4	☒	Submission of signed Form of Offer and Acceptance (C1.1)
5	☐	Submission of DPW-09 (PSB): Particulars of Tenderer's Projects.
6	☒	Submission of fully completed (C2.2.2) Activity Schedule for Value Based Fees OR (C2.2.3) Activity Schedule for Time Based Fees, whichever is applicable in accordance with C2.1.1.1.
7	☐	Submission of acceptable Professional Indemnity insurance as per C1.2.3
8	☐	Provide proof of valid professional registration, qualification, CV's and other documentation relating to registered principals and key personnel as contained in C2.1 (2) and 7.2.
9	☐	Bidders must comply with DPW-21 (PSB): Record of Addenda to tender documents, if any.
10	☐	Submission of DPW-16.1 (PSB): Tender Clarification Meeting Certificate signed by the authorised official and completion of bid briefing attendance register.
11	☒	A Lead Professional Planner registered with the South African Council for Planners (SACPLAN). Attach updated CV and qualifications.

12	☒	The listed professional team is compulsory and must be registered with the respective councils (attach copies of updated CV's and qualifications): 1. Professional Civil Engineer/ Technologist (ECSA) 2. Professional Civil Engineer/ Technologist with Transportation/ Traffic Engineering Experience (ECSA) 3. Professional Electrical Engineer/ Technologist (ECSA) 4. Professional Civil Engineer/ Technologist with Geotechnical Experience (ECSA) or Professional Natural Scientist with Geotechnical experience (SACNASP) 5. Professional Architect/Technologist with Heritage Experience (SACAP)/ Professional Archaeologist (ASAPA) 6. Professional Environmental Management Specialist/ Environmental Assessment Practitioner (SACNASP) 7. Professional Land Surveyor (SAGC) previously known as PLATO 8. Professional Conveyancing Attorney (LPC)
13	☒	Town and Regional Planning or Multi-Disciplinary Professional Practice that practices Town and Regional Planning work under fulltime supervision of a registered professional planner.
14	☐	

T2.2.2 ADMINISTRATIVE RESPONSIVENESS CRITERIA

The Employer reserves the right to request further information regarding the undermentioned criteria. Failing to submit further clarification and/or documentation within 7 calendar days from request will disqualify the tender offer from further consideration.

1	☒	Any correction to be initialled by the person authorised to sign the tender documentation as per PA 15.1 or PA 15.2 resolution of board/s of directors / or PA15.3 Special Resolution of Consortia or JV's.
2	☒	Submission of applicable (PA-15.1, PA-15.2, PA-15.3): Resolution by the legal entity, or consortium / joint venture, authorising a dedicated person(s) to sign documents on behalf of the firm / consortium / joint venture.
3	☒	All parts of tender documents submitted must be fully completed in ink and signed where required.
4	☒	Submission of (PA-11): Bidder's disclosure
5	☒	Submission of PA-16.1 (PSB): Ownership Particulars
6	☒	Submission of documentation relating to risk assessment criteria as contained in C 2.1 of T1.2 Tender Data.
7	☒	Data provided by the Service Provider (C1.2.3) fully completed.
8	☒	Submission of (PA 40): Declaration of Designated Groups
9	☒	Submission of proof of Registration on National Treasury's Central Supplier Database (CSD). Insert the Supplier Registration Number on the form of offer, including proposed sub-consultants if any
10	☒	Upon request, submission of fingerprints obtainable from local SAPS including any other additional documentation and information required for vetting purposes.
11	☒	Upon request, submission of a fully completed security clearance application form with supporting documentation and information as required. The security clearance form will be provided by the Employer for projects requiring a security clearance.
12	☒	Submission of ID Copies, valid professional registration certificates for all professionals and Company Profile with organogram.
13	☒	Bidders must comply with DPW-21 (PSB): Record of Addenda to tender documents, if any

14	☒	Submission of DPW-09 (PSB): Particulars of Tenderer's Projects.
15	☒	Submission of acceptable Professional Indemnity insurance as per C1.2.3

Indicate administrative requirements applicable for specific goals, Tenderers will not be required to submit the below documents if not provided in the original tender proposals, Failure to comply with the criteria stated hereunder shall result in the tenderer not allocated points for specific goals.

1	☒	Submission of (PA-16): Preference Points Claim Form in terms of the Preferential Procurement Regulations 2022
2	☒	A trust, consortium or joint venture (including unincorporated consortia and joint ventures) must submit a consolidated B-BBEE Certificate issued by a SANAS accredited service provider

METHOD TO BE USED TO CALCULATE POINTS FOR SPECIFIC GOALS

☒	7.1. For procurement transaction with rand value greater than R1 Million and up to R50 Million (Inclusive of all applicable taxes) the specific goals listed in table 1 below are applicable.		
	Table 1		
Serial No	Specific Goals	Preference Points Allocated out of 20	Documentation to be submitted by bidders to validate their claim
1.	An EME or QSE or any entity which is at least 51% owned by black people (Mandatory)	10	SANAS Accredited BBBEE Certificate or Sworn Affidavit where applicable.
2.	Located in a specific Local Municipality or District Municipality or Metro or Province area for work to be done or services to be rendered in that area (Mandatory)	2	- Official Municipal Rates Statement which is in the name of the bidder. Or - Any account or statement which is in the name of the bidder. Or - Permission to Occupy from local chief in case of rural areas (PTO) which is in the name of the bidder. Or - Lease Agreement which is in the name of the bidder.
3.	An EME or QSE or any entity which is at least 51% owned by black women (Mandatory)	4	SANAS Accredited BBBEE Certificate or Sworn Affidavit where applicable.
4.	An EME or QSE or any entity which is at least 51% owned	2	SANAS Accredited BBBEE Certificate or Sworn Affidavit where applicable.

	by black people with disability (Mandatory)		and • Medical Certificate indicating that the disability is permanent. Or • South African Social Security Agency (SASSA) Registration indicating that the disability is permanent. Or National Council for Persons with Physical Disability in South Africa registration (NCPDPSA).
5.	An EME or QSE or any entity which is at least 51% owned by black youth (Mandatory)	2	• ID Copy and SANAS Accredited BBBEE Certificate or Sworn Affidavit where applicable.

7.2. For procurement transaction with rand value greater than R50 Million (Inclusive of all applicable taxes) the specific goals listed in table 2 below are applicable.

NB. The use of one of goal numbers' 4 or 5 is mandatory. The BSC must select either one of the two, but not both.

Table 2

Serial No	Specific Goals	Preference Points Allocated out of 10	Documentation to be submitted by bidders to validate their claim

PA-11: BIDDER'S DISCLOSURE

Project title:	<i>Northern Cape: Department Of Justice And Constitutional Development: Site Clearance: Construction Of New Magistrate Court: Van Wyksvlei, Vosburg, Windsorton And Upington</i>		
Tender / Quotation no:	H24/036AI	Reference no:	17/1/4/1/6541/1

1. PURPOSE OF THE FORM

Any person (natural or juristic) may make an offer or offers in terms of this invitation to bid. In line with the principles of transparency, accountability, impartiality, and ethics as enshrined in the Constitution of the Republic of South Africa and further expressed in various pieces of legislation, it is required for the bidder to make this declaration in respect of the details required hereunder.

Where a person/s are listed in the Register for Tender Defaulters and / or the List of Restricted Suppliers, that person will automatically be disqualified from the bid process.

2. BIDDER'S DECLARATION

- 2.1 Is the bidder, or any of its directors / trustees / shareholders / members / partners or any person having a controlling interest³ in the enterprise, employed by the state?

☐ YES ☐ NO

- 2.1.1 If so, furnish particulars of the names, individual identity numbers, and, if applicable, state employee numbers of sole proprietor/ directors / trustees / shareholders / members/ partners or any person having a controlling interest in the enterprise, in table below.

Full Name	Identity Number	Name of State institution

(³) the power, by one person or a group of persons holding the majority of the equity of an enterprise, alternatively, the person/s having the deciding vote or power to influence or to direct the course and decisions of the enterprise.

Any reference to words "Bid" or Bidder" herein and/or in any other documentation shall be construed to have the same meaning as the words "Tender" or "Tenderer".

For External Use

Page 1 of 3

Effective date: July 2023

2.2 Do you, or any person connected with the bidder, have a relationship with any person who is employed by the procuring institution?

☐ YES ☐ NO

2.2.1 If so, furnish particulars:

.....

.....

2.3 Does the bidder or any of its directors / trustees / shareholders / members / partners or any person having a controlling interest in the enterprise have any interest in any other related enterprise whether or not they are bidding for this contract?

☐ YES ☐ NO

2.3.1 If so, furnish particulars:

.....

.....

3. DECLARATION

I, the undersigned, (name)..... in submitting the accompanying bid, do hereby make the following statements that I declare to be true and complete in every respect:

- 3.1 I have read and I understand the contents of this disclosure;
- 3.2 I understand that the accompanying bid will be disqualified if this disclosure is found not to be true and complete in every respect;
- 3.3 The bidder has arrived at the accompanying bid independently from, and without consultation, communication, agreement or arrangement with any competitor. However, communication between partners in a joint venture or consortium⁴ will not be construed as collusive bidding.
- 3.4 In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications, prices, including methods, factors or formulas used to calculate prices, market allocation, the intention or decision to submit or not to submit the bid, bidding with the intention not to win the bid and conditions or delivery particulars of the products or services to which this bid invitation relates.
- 3.5 The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.
- 3.6 There have been no consultations, communications, agreements or arrangements made by the bidder with any official of the procuring institution in relation to this procurement process prior to and during the bidding process except to provide clarification on the bid submitted where so required by the institution; and the bidder was not involved in the drafting of the specifications or terms of reference for this bid.

⁴ Joint venture or Consortium means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract.

Any reference to words "Bid" or Bidder" herein and/or in any other documentation shall be construed to have the same meaning as the words "Tender" or "Tenderer".

For External Use

PA-16: PREFERENCE POINTS CLAIM FORM IN TERMS OF THE PREFERENTIAL PROCUREMENT REGULATIONS 2022

This preference form must form part of all tenders invited. It contains general information and serves as a claim form for preference points for specific goals.

NB: BEFORE COMPLETING THIS FORM, TENDERERS MUST STUDY THE GENERAL CONDITIONS, DEFINITIONS AND DIRECTIVES APPLICABLE IN RESPECT OF THE TENDER AND PREFERENTIAL PROCUREMENT REGULATIONS, 2022

1. GENERAL CONDITIONS

1.1 The following preference point systems are applicable to invitations to tender:

- the 80/20 system for requirements with a Rand value of up to R50 000 000 (all applicable taxes included); and
- the 90/10 system for requirements with a Rand value above R50 000 000 (all applicable taxes included).

1.2 Preference Points System to be applied

(tick whichever is applicable).

- ☐ The applicable preference point system for this tender is the **80/20** preference point system.
- ☐ The applicable preference point system for this tender is the **90/10** preference point system.
- ☐ Either the **90/10** or **80/20** preference point system will be applicable in this tender. The lowest/ highest acceptable tender will be used to determine the accurate system once tenders are received.

1.3 Points for this tender shall be awarded for:

1.3.1 Price; and

1.3.2 Specific Goals

1.4 The maximum points for this tender are allocated as follows:

CHOOSE APPLICABLE PREFERENCE POINT SCORING SYSTEM	☒ 80/20	☐ 90/10
PRICE	80	90
SPECIFIC GOALS	20	10
Total points for Price and Specific Goals	100	100

1.5 Breakdown Allocation of Specific Goals Points

1.5.1. For procurement transaction with rand value greater than R2 000, 00 and up to R1 Million (Inclusive of all applicable taxes) the specific goals listed in table 1 below are applicable.

Table 1

Serial No	Specific Goals	Preference Points Allocated out of 20	Documentation to be submitted by bidders to validate their claim
1.	An EME or QSE which is at least 51% owned by black people (Mandatory)	10	SANAS Accredited BBBEE Certificate or Sworn Affidavit where applicable.
2.	Located in a specific Local Municipality or District Municipality or Metro or Province area for work to be done or services to be rendered in that area (Mandatory)	2	- Official Municipal Rates Statement which is in the name of the bidder. Or - Any account or statement which is in the name of the bidder. Or - Permission to Occupy from local chief in case of rural areas (PTO) which is in the name of the bidder. Or - Lease Agreement which is in the name of the bidder.
3.	An EME or QSE which is at least 51% owned by black women (Mandatory)	4	SANAS Accredited BBBEE Certificate or Sworn Affidavit where applicable.

3.	An EME or QSE or any entity which is at least 51% owned by black women (Mandatory)	4	SANAS Accredited BBBEE Certificate or Sworn Affidavit where applicable.
4.	An EME or QSE or any entity which is at least 51% owned by black people with disability (Mandatory)	2	- SANAS Accredited BBBEE Certificate or Sworn Affidavit where applicable. and - Medical Certificate indicating that the disability is permanent. Or - South African Social Security Agency (SASSA) Registration indicating that the disability is permanent. Or National Council for Persons with Physical Disability in South Africa registration (NCPDPSA).
5.	An EME or QSE or any entity which is at least 51% owned by black youth (Mandatory)	2	ID Copy and SANAS Accredited BBBEE Certificate or Sworn Affidavit where applicable.

1.5.3. For procurement transaction with rand value greater than R50 Million (Inclusive of all applicable taxes) the specific goals listed in table 3 below are applicable.

NB. The use of one of goal numbers' 4 or 5 is mandatory. The BSC must select either one of the two, but not both.

Table 3

Serial No	Specific Goals	Preference Points Allocated out of 10	Documentation to be submitted by bidders to validate their claim
1.	An EME or QSE or any entity which is at least 51% owned by black people (Mandatory)	4	SANAS Accredited BBBEE Certificate or Sworn Affidavit where applicable.
2.	Located in a specific Local Municipality or District Municipality or Metro or Province area for work to be done or services to be rendered in that area (Mandatory)	2	- Official Municipal Rates Statement which is in the name of the bidder. Or - Any account or statement which is in the name of the bidder. Or - Permission to Occupy from local chief in case of rural areas (PTO) which is in the name of the bidder. Or - Lease Agreement which is in the name of the bidder.
3.	An EME or QSE or any entity which is at least 51% owned by black women (mandatory)	2	SANAS Accredited BBBEE Certificate or Sworn Affidavit where applicable.
4. ☐	An EME or QSE or any entity which is at least 51% owned by black people with disability (Mandatory)	2	- SANAS Accredited BBBEE Certificate or Sworn Affidavit where applicable. and - Medical Certificate indicating that the disability is permanent. Or - South African Social Security Agency (SASSA) Registration indicating that the disability is permanent. Or National Council for Persons with Physical Disability in South Africa registration (NCPDPSA).
OR			
5. ☐	An EME or QSE or any entity which is at least 51% owned by black youth (Mandatory)	2	ID Copy and SANAS Accredited BBBEE Certificate or Sworn Affidavit where applicable

Black people mean Africans, Coloureds and Indians, who - (a) are citizens of the Republic of South Africa by birth or descent,

or (b) became citizens of the Republic of South Africa by naturalisation - (i) before 27 April 1994; or (ii) on or after 27 April 1994 and who would have been entitled to acquire citizenship by naturalisation prior to that date. (BROAD-BASED BLACK ECONOMIC EMPOWERMENT ACT No 25899, 2003 of 9 JANUARY 2004).

- 1.6 Failure on the part of the tenderer to submit proof or documentation required in terms of this tender to claim points for specific goals, if the service provider/ tenderer did not submit proof or documentation required to claim for specific goals will be interpreted to mean that preference points for specific goals are not claimed.
- 1.7 The organ of state reserves the right to require of a service provider/tenderer, either before a tender is adjudicated or at any time subsequently, to substantiate any claim in regard to preferences, in any manner required by the organ of state.

2. DEFINITIONS

- (a) **“tender”** means a written offer in the form determined by an organ of state in response to an invitation to provide goods or services through price quotations, competitive tendering process or any other method envisaged in legislation;
- (b) **“price”** means an amount of money tendered for goods or services, and includes all applicable taxes less all unconditional discounts;
- (c) **“rand value”** means the total estimated value of a contract in Rand, calculated at the time of bid invitation, and includes all applicable taxes;
- (d) **“tender for income-generating contracts”** means a written offer in the form determined by an organ of state in response to an invitation for the origination of income-generating contracts through any method envisaged in legislation that will result in a legal agreement between the organ of state and a third party that produces revenue for the organ of state, and includes, but is not limited to, leasing and disposal of assets and concession contracts, excluding direct sales and disposal of assets through public auctions; and
- (e) **“the Act”** means the Preferential Procurement Policy Framework Act, 2000 (Act No. 5 of 2000).

3. FORMULAE FOR PROCUREMENT OF GOODS AND SERVICES

3.1. POINTS AWARDED FOR PRICE

3.1.1. THE 80/20 OR 90/10 PREFERENCE POINT SYSTEMS

A maximum of 80 or 90 points is allocated for price on the following basis:

$$\begin{array}{ccc}
 \mathbf{80/20} & \mathbf{or} & \mathbf{90/10} \\
 \\
 \mathbf{Ps = 80 \left(1 - \frac{Pt - P_{min}}{P_{min}} \right)} & \mathbf{or} & \mathbf{Ps = 90 \left(1 - \frac{Pt - P_{min}}{P_{min}} \right)}
 \end{array}$$

Where

- Ps = Points scored for price of tender under consideration
Pt = Price of tender under consideration
Pmin = Price of lowest acceptable tender

3.2. FORMULAE FOR DISPOSAL OR LEASING OF STATE ASSETS AND INCOME GENERATING PROCUREMENT

The specific goals allocated points in terms of this tender	Number of points allocated (90/10 system) (To be completed by the organ of state)	Number of points allocated (80/20 system) (To be completed by the organ of state)	Number of points claimed (90/10 system) (To be completed by the tenderer)	Number of points claimed (80/20 system) (To be completed by the tenderer)
1. An EME or QSE (or any entity for procurement transaction with rand value greater than R1 Million) which is at least 51% owned by black people	4	10		
2. Located in a specific Local Municipality or District Municipality or Metro or Province area for work to be done or services to be rendered in that area	2	2		
3. An EME or QSE (or any entity for procurement transaction with rand value greater than R1 Million) which is at least 51% owned by black women	2	4		
4. An EME or QSE (or any entity for procurement transaction with rand value greater than R1 Million) which is at least 51% owned by black people with disability	2	2		
5. An EME or QSE (or any entity for procurement transaction with rand value greater than R1 Million) which is at least 51% owned by black youth.*	2	2		

DECLARATION WITH REGARD TO COMPANY/FIRM

4.3. Name of company/firm.....

4.4. Company registration number:

4.5. TYPE OF COMPANY/ FIRM

- ☐ Partnership/Joint Venture / Consortium
- ☐ One-person business/sole propriety
- ☐ Close corporation
- ☐ Public Company
- ☐ Personal Liability Company
- ☐ (Pty) Limited
- ☐ Non-Profit Company
- ☐ State Owned Company

[TICK APPLICABLE BOX]

4.6. I, the undersigned, who is duly authorised to do so on behalf of the company/firm, certify that the points claimed, based on the specific goals as advised in the tender, qualifies the company/ firm for the preference(s) shown and I acknowledge that:

- i) The information furnished is true and correct;
- ii) The preference points claimed are in accordance with the General Conditions as indicated in paragraph 1 of this form;
- iii) In the event of a contract being awarded as a result of points claimed as shown in paragraphs 1.4 and 4.2, the contractor may be required to furnish documentary proof to the satisfaction of the organ of state that the claims are correct;
- iv) If the specific goals have been claimed or obtained on a fraudulent basis or any of the conditions of contract have not been fulfilled, the organ of state may, in addition to any other remedy it may have –
 - (a) disqualify the person from the tendering process;
 - (b) recover costs, losses or damages it has incurred or suffered as a result of that person's conduct;
 - (c) cancel the contract and claim any damages which it has suffered as a result of having to make less favourable arrangements due to such cancellation;
 - (d) recommend that the tenderer or contractor, its shareholders and directors, or only the shareholders and directors who acted on a fraudulent basis, be restricted from obtaining business from any organ of state for a period not exceeding 10 years, after the *audi alteram partem* (hear the other side) rule has been applied; and
 - (e) forward the matter for criminal prosecution, if deemed necessary.

C1: AGREEMENT AND CONTRACT DATA

C1.1 Form of Offer and Acceptance

Offer

The Employer, identified in the acceptance signature block, has solicited offers to enter into a contract for the procurement of:

TOWN PLANNING SERVICES

on the Project

Northern Cape: Department Of Justice and Constitutional Development: Site Clearance: Construction Of New Magistrate Court: Van Wyksvlei, Vosburg, Windsorton and Upington

The tenderer, identified in the offer signature block, has examined the documents listed in the Tender Data and addenda thereto as listed in the returnable schedules, and by submitting this offer has accepted the conditions of tender.

By the representative of the tenderer, deemed to be duly authorized, signing this part of this form of offer and acceptance, the tenderer offers to perform all of the obligations and liabilities of the Service Provider under the Contract including compliance with all its terms and conditions according to their true intent and meaning for remuneration to be determined in accordance with the conditions of Contract identified in the Contract Data.

The offered price for this service as described in C3 Scope of Services, inclusive of all applicable taxes ("all applicable taxes" includes value- added tax, pay as you earn, income tax, unemployment insurance fund contributions and skills development levies), is:

Rand (in figures) R

Rand (in words).....

.....

The amount in words takes precedence over the amount in figures. The award of the tender may be subjected to price negotiation with the preferred tender(s). The negotiated and agreed price will be considered for acceptance as **a firm and final offer**.

This offer may be accepted by the Employer by signing the acceptance part of this form of offer and acceptance and returning one copy of this document to the tenderer before the end of the period of validity stated in the Tender Data, whereupon the tenderer becomes the party named as the Service Provider in the conditions of Contract identified in the Contract Data.

THIS OFFER IS MADE BY THE FOLLOWING LEGAL ENTITY: (cross out block which is not applicable)

Company or close corporation: whose registration number is: whose income tax reference number is: and whose National Treasury Central Supplier Database (CSD) numbers are: CSD supplier number: Tax Compliance Status Pin (TCSP).....	OR	Natural person or partnership: whose identity number(s) is/are: whose income tax reference number is/are: and whose National Treasury Central Supplier Database (CSD) numbers are: CSD supplier number: Tax Compliance Status Pin (TCSP).....
---	----	---

AND WHO IS (if applicable):

Trading under the name and style of:

AND WHO IS:

Represented herein, and who is duly authorised to do so, by: Mr/Mrs/Ms: In his/her capacity as:	Note: A resolution / power of attorney, signed by all the directors / members / partners of the legal entity must accompany this offer, authorising the representative to make this offer.

Acceptance

By signing this part of this form of offer and acceptance, the Employer identified below accepts the tenderer's offer. In consideration thereof, the Employer shall pay the Service Provider the amount due in accordance with the conditions of Contract identified in the Contract Data. Acceptance of the tenderer's offer shall form an agreement between the Employer and the tenderer upon the terms and conditions contained in this agreement and in the Contract that is the subject of this agreement.

The terms of the Contract are contained in:

- Part C1 Agreements and Contract Data, (which includes this agreement)
- Part C2 Pricing Data
- Part C3 Scope of Services

and drawings and documents or parts thereof, which may be incorporated by reference into Parts C1 to C3 above.

Deviations from and amendments to the documents listed in the Tender Data and any addenda thereto as listed in the tender schedules as well as any changes to the terms of the offer agreed by the tenderer and the Employer during this process of offer and acceptance, are contained in the schedule of deviations attached to and forming part of this agreement. No amendments to or deviations from set documents are valid unless contained in this schedule.

The tenderer shall within two weeks after receiving a completed copy of this agreement, including the schedule of deviations (if any), contact the Employer's agent (whose details are given in the Contract Data) to arrange the delivery of any bonds, guarantees, proof of insurance and any other documentation to be provided in terms of the conditions of Contract identified in the Contract Data. Failure to fulfil any of these obligations in accordance with those terms shall constitute a repudiation of this agreement.

Notwithstanding anything contained herein, this agreement comes into effect, if sent by registered post, 4 days from the date on which it was posted, if delivered by hand, on the day of delivery, provided that it has been delivered during ordinary business hours, or if sent by fax, the first business day following the day on which it was faxed. Unless the tenderer (now Service Provider) within seven working days of the date of such submission notifies the Employer in writing of any reason why he cannot accept the contents of this agreement, this agreement shall constitute a binding contract between the Parties.

For the Employer:

Schedule of Deviations

Notes:

1. The extent of deviations from the tender documents issued by the Employer before the tender closing date is limited to those permitted in terms of the conditions of tender.
2. A tenderer's covering letter shall not be included in the final Contract document. Should any matter in such letter, which constitutes a deviation as aforesaid, become the subject of agreements reached during the process of offer and acceptance, the outcome of such agreement shall be recorded here.
3. Any other matter arising from the process of offer and acceptance either as a confirmation, clarification or change to the tender documents and which it is agreed by the Parties becomes an obligation of the Contract shall also be recorded here.
4. Any change or addition to the tender documents arising from the above agreements and recorded here, shall also be incorporated into the final draft of the Contract.

Detail:

By the duly authorised representatives signing this agreement, the Employer and the tenderer agree to and accept the foregoing schedule of deviations as the only deviations from and amendments to the documents listed in the Tender Data and addenda thereto as listed in the tender schedules, as well as any confirmation, clarification or changes to the terms of the offer agreed by the tenderer and the Employer during this process of offer and acceptance.

It is expressly agreed that no other matter whether in writing, oral communication or implied during the period between the issue of the tender documents and the receipt by the tenderer of a completed signed copy of this Agreement shall have any meaning or effect in the Contract between the Parties arising from this agreement.

C1.2 Contract Data

C1.2.1 Standard Professional Services Contract

The conditions applicable to this Contract are the **Standard Professional Services Contract (July 2009 edition)** published by the **Construction Industry Development Board (CIDB)**.

The Standard Professional Service Contract is not included in this tender document. Tenderers must obtain it on the CIDB's Website at:

http://www.cidb.org.za/procurement/procurement_toolbox/cidb_pub/default.aspx

C1.2.2 Data provided by the Employer

Clause	
1	Contract Data Specific data, which together with these General Conditions of Contract, collectively describe the risks, liabilities and obligations of the contracting Parties and the procedures for the administration of the Contract. Clauses stipulated in the Contract Data are in addition to or amendments to or replace the corresponding clauses in the STANDARD PROFESSIONAL SERVICES CONTRACT (July 2009) (Third Edition of CIDB document 1014). The Contract Data shall have precedence in the interpretation of any ambiguity or inconsistency between it and the General Conditions of Contract. The General Conditions of Contract in the Standard Professional Services Contract (July 2009) make several references to the Contract Data for details that apply specifically to this tender.
1	Period of Performance The Period of Performance is the period commencing from the date of signature of the letter of acceptance until the Service Provider has completed all Deliverables in accordance with the Scope of Services and in accordance with the approved baseline programme or within the approved extended programme as per Clause 3.15 of the Standard Professional Services Contract (July 2009).
3.4.1	Any notice, request, consent, approvals or other communication made between the Parties pursuant to the Contract shall be in writing and forwarded to the address specified in the Contract Data. Such communication shall be deemed to have been made when delivered in person to an authorized representative of the Party to whom the communication is addressed, or one week after having been sent by registered post, or unless otherwise indicated in the Contract Data. Communication by e-mail is permitted but the originals of all contractual documents must be submitted. Email communication shall be deemed to have been delivered to the recipient one calendar day after sending.
3.5	The Services shall be executed in the Service Provider's own office and/or on the Project site as described in C3.2.2 Project description. No portion of the work may be performed by a person employed by the State. No portion of the work may be sublet to any other person or persons without the prior written approval of the Employer.
3.6	Omit the following: "... within two (2) years of completion of the Service ...".
3.8.2	The cost of preparation so negotiated shall not exceed the hourly tariff for time based fees as published at the time of the Employer's instruction and the hours will be as negotiated for each Category as defined in C2.1.3.2.

	The cost, for incorporation into the Contract any variations to the Services as ordered by the Employer, shall be calculated according to the Service Provider's tendered price. Implementation of the variation in services to be rendered by the Service Provider, shall only proceed after a written agreement between the parties.				
3.9.1 (a)	A change in legislation takes place in accordance with the provisions of Clause 3.2 provided the change in legislation came into effect after the completion of the tender documentation approved by the Employer.				
3.9.1. (c)	"the Employer, its employees or clients and/or their agents" Only extension of time without cost will considered in case where a 3 rd party has caused a delay.				
3.9.1 (d)	No Clause.				
3.9.1 (e)	The contract is restarted following a suspension period of 2 years the Service Provider is entitled to a change in contract price based on the applicable fee scales as published at the time of uplifting the suspension. The applicable fee scales as published at the time of uplifting the suspension will only be applied to the remaining work stages following the suspension				
3.9.3	"Upon receiving an application from the Service Provider to amend the period of performance and/or fees, the Employer shall assess the changes to the Contract Price and/or extension of the Period of Performance on the impact of the delay on the Services based on the fee structure that the Service Provider has tendered for and appointed on. Additional Services ordered by the Employer shall be assessed on time-based fees as tendered for and adjusted in terms of price adjustment to time-based fees for inflation as per 3.16.				
3.9.4	The application for changes to the Period of Performance is subject to the delay being on the Critical Path of the approved programme and due to no fault of the Service Provider.				
3.12	Penalty Period of Performance shall be sub dividable in separate target dates according to the programme for each assignment to be submitted in terms of clause 3.15 hereof. Without prejudice to his other remedies under the Contract or in law, the Employer shall have the right to recover all cost claimed by the contractor in the event that the contractor claimed for delays resulting from actions or non-actions of the Service Provider. The Employer shall further have the right to recover all other cost, including but not restricted to extended rental cost resulting from the delay caused directly or indirectly by the Service Provider, certifying incorrect work for payment, delay in the construction period, remedial cost to correct incorrect designs and or documentation, including omissions. Without prejudice to his other remedies under the Contract or in law, the Employer shall recover a penalty amount per day, stipulated in the table below per target date for the full period of the delay. In the event that the delay exceeds 30 days, the Employer will have the option to either: (i) terminate the contract and recover any loss as a result of the termination from the Service Provider, or (ii) allow the Service Provider to continue with the Services after the agreement of a new target date and recover the penalty per calendar day, as stipulated in the table below for the full period of the delay. CALCULATION OF PENALTIES <table border="1" style="margin: 10px auto; width: 80%;"> <thead> <tr> <th style="width: 60%; text-align: center;">VALUE OF THE PROJECT</th><th style="width: 40%; text-align: center;">% PENATIES OF FEES</th></tr> </thead> <tbody> <tr> <td style="height: 40px;"></td><td></td></tr> </tbody> </table>	VALUE OF THE PROJECT	% PENATIES OF FEES

12	512,000,001		and above	0.00048828	%

Recovering of cost and or penalties may be done in the following ways:

- a) claim against professional indemnity insurance, or
- b) deduction from fee account, or
- c) direct payment to the contractor by the consultant, or
- d) litigation, or
- e) any other method available to the Employer

3.15.1

A baseline programme for the performance of the Service shall be submitted by the Service Provider, identified as the principal agent in terms of C3.5.1 Service Providers, to the departmental project manager, within a period of seven (7) days following the briefing meeting and whenever a programme is amended or revised, submit for the Employer's approval a programme for the performance of the Services which shall, inter alia, include:

- a) the order and timing of operations by the Service Provider and any actions, access to people, places and things and work required of the Employer and Others;
- b) the dates by which the Service Provider plans to complete work needed to allow the Employer and Others to undertake work required of them;
- c) provisions for float;
- d) the planned completion of the Services or part thereof in relation to a Period of Performance; and
- e) other information as required in terms of the Scope of Work or Contract Data.

The baseline programme will be the result of the co-ordination of all appointed Service Providers' inputs and shall be in sufficient detail describing key milestones, events and activities linked to the fastest realistic timeframes in which the Service can be delivered. Milestones and events are to be listed based on the Scope of Services described in part C3 of the various appointed Service Providers' tender documents and presented in bar chart format. No milestones may, at the co-ordination stage, be extended beyond the timeframes outlined in C3.2.2.3 Project Programme, unless approved by the Employer. The programme thus compiled and presented by the principal agent must be counter-signed by all appointed Service Providers as proof that the programme was agreed upon by all during the said co-ordination action. Such signed programme shall then constitute the Service Contract Period between the Employer and all the appointed Service Providers.

In the event of the Employer not being satisfied with the submitted programme, the Parties will negotiate in good faith towards a programme that will be agreeable to both. Such an agreed-upon programme will form the basis for the management of the appointment, the Period of Performance and remuneration purposes of the respective Service Provider/s. Should circumstances change from the initial briefing, the Service Provider/s and the Employer will negotiate a revised programme to satisfy such change(s). Should the Parties fail to reach agreement on the programme or revised programme, the matter will be dealt with in terms of clause 12.1.2 of the General Conditions of Contract. Should the mediation process fail, the

	Contract will be deemed to have been mutually terminated and any reasonable fees accrued at that stage settled by the Employer. Any failure to comply with the provisions of clause 3.15.1 <i>supra</i> and submit or re-submit the programmes of works or failure to submit the programme on the date required by the Employer, which request shall at all material times be reasonable and fair, shall constitute a material breach of the terms and condition of contract which entitles the Employer to terminate the contract with due regard to clause 8.4 (cidb Standard Professional Services Contract, July 2009).
3.16.2	The adjustment to the time-based fees shall be equal to: $(CPI_n - CPI_s) / CPI_s$ where CPI_s = the indices specified in the Contract Data during the month in which the start date falls CPI_n = the latest indices specified in Contract Data during the month in which the anniversary of the Start Date falls Where CPI_s = the index of StatsSA P0141 (Table B) for the month during which the tender closed. CPI_n = the index of StatsSA P0141 (Table B) for the month in which the anniversary of the tender date falls. The indices of StatsSA P0141 are available on the Website: http://www.statssa.gov.za/Publications/statsdownload.asp?PPN=P0141 The formula for calculating the adjusted hourly rate will be: $((((CPI_n - CPI_s) / CPI_s) \times \text{original hourly rate}) + \text{original hourly rate})$
4.1.1	Briefing meeting: The departmental project manager shall arrange a briefing meeting, compulsory for all appointed Service Providers, as soon as practicable after the appointment of the professional team as referred to in C3.5.1 Service Providers, or after the appointment of the core members of the professional team required to commence with the Services if not appointed at the same time, during which meeting the departmental project manager, together with any supporting advisors, will verbally brief the professional team comprehensively regarding the requirements of the project and the Scope of Services and hand over, to the Service Provider/s, all documentation relevant to the execution of the Service.
4.4	Others providing Services on this Project are as listed in C3.5.1 Service Providers.
5.4.1	Minimum professional insurance cover as more comprehensively described in C1.2.3 Data provided by the Service Provider and in respect of which the Service Provider must provide proof of insurance as required.
5.5	The Service-Provider is required to obtain the Employer's prior approval in writing before taking, inter alia, any of the following actions: - appointing Subcontractors for the performance of any part of the Services; - appointing Key Persons not listed by name in the Contract Data; - travelling for which payment will be claimed, as defined in C2.1.6 Travelling and subsistence arrangements and tariffs of charges; - deviate from the programme for each assignment; - deviate from or change the Scope of Services; - change Key Personnel on the Service; 1 Exclusion of authority/powers The Service Provider's authority to act and/or to execute functions or duties is excluded in respect of the matters listed below. The Employer shall retain its powers and authority as stipulated in the applicable clauses of the contract data which are relevant and applicable to the JBCC or GCC conditions of contract.

	1.1 Nomination of nominated or selected subcontractors; 1.2 Granting of extension of time and/or ruling on claims associated with claims for extension of time; 1.3 Acceleration of the rate of progress and determination of the cost for payment of such acceleration; 1.4 Rulings on claims and disputes; 1.5 Suspension of the works; 1.6 Final payment certificate; 1.7 Issuing of <i>mora</i> notices to the contractor; 1.8 Cancellation of the contract between the Employer and contractor. Any claims, demands, notices, notifications, updated particulars and reports in writing, together with additional supporting documentation pertaining thereto, must be submitted by the contractor to the Service Provider, acting as principal agent, in respect of any of the matters listed in 1.1 to 1.8 above. This must be done within the time periods and in the format(s) as determined in the said/relevant conditions of contract. On receipt thereof, said Service Provider must study the documentation, obtain comments/advice/recommendations from the professional team members and submit a motivated recommendation to the Employer. This must be done timeously as to allow the Employer sufficient time to respond within the time periods and in the format(s) determined in said conditions of contract. The Employer's ruling will be copied to the Service Provider for information. 2 Limitation of authority/powers The Service Provider's authority is limited in respect of the submission to the Employer of comments/recommendations/reports for prior endorsement/approval and further instructions. These pertain to any decision in respect of approval for/of: 2.1 Institution of or opposing litigation; 2.2 Issuing of variation orders/contract instructions/orders in writing which increase the value of the works/contract value and/or change the design of intended use of the project; 2.3 Instructions to embark on dayworks; 2.4 Dayworks rates; 2.5 Material quotes relating to dayworks; 2.6 Adjustment of general items relating to dayworks; 2.7 Expenditure on prime cost items; 2.8 Issuing of practical completion, completion, works completion, final completion and/or final approval certificates. In respect of the matters listed in 2.1 to 2.8 above, the Service Provider must submit all necessary documentation in order to enable the Employer to formulate decisions and to obtain the Employer's formal endorsement/approval prior to acting and/or executing functions or duties in respect of the contract between the Employer and the contractor. This must be done timeously so as to allow the Employer sufficient time for decision-making in terms of the said conditions of contract. Failure to adhere to the above stipulation will cause the Service Provider to be liable in terms of the Contract between Service Provider and Employer for all such unintended costs and damages.
5.8	The Service Providers shall finalize their work and complete the first final account were the contractor's contract has been terminated, where after the Service Providers contract shall terminate, unless the Employer elects to retain the services of the Service Providers'.
7.1.1	The Service Provider shall employ and provide all qualified and experienced Personnel required to perform the Services. Service Provider/s including personnel performing service must be fit and proper persons with positive security screening and South African identity document (south African citizens).
8.1	The Service Provider is to commence the performance of each assignment immediately with due diligence after the approval of the PROGRAMME as specified in clause 3.15 above. Failure to comply shall result in penalties in terms of clause 3.12 and / or termination in terms of 8.4.1.
8.2.4	The Employer shall, within 30 Days of receipt of a detailed request, grant such extension to the Period of Performance as may be justified, either prospectively or retrospectively, if the extension

	requested is below 20% of the original period of performance, and 60 days if more than 20% of the original period of performance or, inform the Service Provider that he is not entitled to an extension. Should the Service Provider find the decision of the Employer to be unacceptable he shall, nevertheless, abide by such decision in the performance of the Services and the matter shall be dealt with as a dispute in terms of Clause 12 inform the Service Provider that he is not entitled to an extension. Should the Service Provider find the decision of the Employer to be unacceptable he shall, nevertheless, abide by such decision in the performance of the Services and the matter shall be dealt with as a dispute in terms of Clause 12.
8.4.1	The Employer may terminate the Contract with the Service Provider: (a) where the Services are no longer required; (b) where the funding for the Services is no longer available; (c) where the project has been suspended for a period of two (2) years or more; (d) if the Service Provider does not remedy a failure in the performance of his obligations under the Contract within fourteen (14) Days after having been notified thereof, or within any further period as the Employer may have subsequently approved in writing; (e) if the Service Provider becomes insolvent or liquidated; or (f) if, as the result of <i>Force Majeure</i>, the Service Provider is unable to perform a material portion of the Services for a period of not less than sixty (60) Days; (g) should the Service Provider cease to exist or be incapacitated for whatever reasons, the Employer is entitled, if it so elects; (h) at its sole discretion, where the Service Provider is not performing Services in accordance with clause 5.1.1; (i) where the Service Provider has engaged in corrupt or fraudulent practices in tendering for the service contract, or in executing the service contract or in managing the construction contract. (j) at its sole discretion, where the Service Provider is in violation of clause 5.1.1.
8.4.3 (c)	The period of suspension under clause 8.5 is not to exceed two (2) years.
8.4.4	Upon termination of this Contract pursuant to Clauses 8.4.1 or 8.4.3, the Employer shall remunerate the Service Provider in terms of the Contract for Services satisfactorily performed prior to the effective date of termination and reimburse the Service Provider any reasonable cost incident to the prompt and orderly termination of the Contract, except in the case of termination pursuant to events (d) and (e) of Clause 8.4.1.
8.4.6	Upon termination of this Contract or any part thereof, a copy of any drawings and documents produced pursuant to the Contract being ended and not previously provided by the Service Provider to the Employer shall be delivered to the Employer by the Service Provider within 7 working days after the date of termination.
8.4.7	Any deviation or failure to comply with the provision of clause 8.4.6 supra would entitle the Employer to withhold any payment due to the Service Provider and to invoke any other remedies available in law to enforce compliance therewith.
9.1	Copyright of documents prepared for the Project shall be vested with the Employer.
10.2	An assignment shall be valid only if it is a written agreement between the Employer and Service Provider by which the Service Provider transfers his rights and obligations under the Contract, or part thereof, to others.
10.3	The Service Provider shall not, without the prior written consent of the Employer, assign the Contract or any part thereof, or any benefit or interest thereunder.
12.1.2	Interim settlement of disputes is to be by mediation.
12.2.1	In the event that the Parties fail to agree on a mediator, the mediator is to be nominated by the Association of Arbitrators (Southern Africa).
12.3	No Clause.

12.4	No Clause.
12.5	Final settlement is by litigation.
13.1.3	All partners in a joint venture or consortium shall carry the same professional indemnity insurance as per clause 5.4.1 of the General Conditions of Contract.
13.4	Neither the Employer nor the Service Provider is liable for any loss or damage resulting from any occurrence unless a claim is formally made within 5 years from the date of termination or completion of the Performance Contract.
13.5	The amount of compensation is as per Clause 5.4.1.
13.6	No Clause.
14.2	Amounts due to the Service Provider shall be paid by the Employer within thirty (30) Days of receipt by him of the relevant invoices and source documents, which are correct in all respects. If the Service Provider does not receive payment by the due date, he shall be entitled to charge interest on the unpaid amount, at the Prescribed Rate of interest as determined by the appropriate Minister at the time when <i>mora</i> interest is charged.
14.4	In respect of Services charged for on a time-basis and all other reimbursable expenses the Service Provider shall maintain records in support of such charges and expenses for a period of sixty months after the completion or termination of the Contract. Within this period the Employer may, on not less than 14 Days' notice, require that a reputable and independent firm of accountants, nominated by him at his expense, audit any claims made by the Service Provider for time charges and expenses by attending during normal working hours at the office where the records are maintained.
15	In respect of any amount owed by the Service Provider to the Employer, the Service Provider shall pay the Employer interest at the rate as determined by the Minister of Finance, from time to time, in terms of section 80(1)(b) of the Public Finance Management Act, 1999 (Act no1 of 1999).

C1.2.3 Data provided by the Service Provider

Clause	
	Each item of data given below is cross-referenced to the clause in the General Conditions of Contract to which it mainly applies.
1	The Service Provider is the company, close corporation, natural person or partnership named in C1.1 Form of Offer and Acceptance by the tendering Service Provider.
5.3	The authorised and designated representative of the Service Provider is the person named in the resolution PA-15.1, PA-15.2 or PA-15.3 by the tendering Service Provider.

5.4.1 Indemnification of the Employer

I, the undersigned, being duly authorized by the Service Provider, in terms of the completed resolution (PA-15.1, PA-15.2 or PA-15.3)

..... (Name of authorized person)

hereby confirm that the Service Provider known as:

..... (Legal name of entity tendering herein)

tendering on the project:

.....

..... (Name of project as per C1.1 Form of offer and acceptance)

holds professional indemnity insurance cover, from an approved insurer, duly registered with the Finance Services Board, of not less than R1,5 Million at the time of tender.

I shall submit proof of acceptable Professional Indemnity insurance where the minimum insurance cover is R1,5 Million or 15% of the Value of the Work for the applicable discipline, whichever the greater, to the Client Representative within 30 days upon completion of the planning based on the pre-tender estimate, prior to the commencement of construction. The limit of indemnity will remain intact for Each and Every Claim, no matter how many claims are made.

I further confirm that should the professional indemnity insurance, with no knowledge of the Employer, be allowed to lapse at any time or in the event of the Service Provider cancelling such professional indemnity insurance, with no knowledge of the Employer, at any time or if such professional indemnity cover is not sufficient, then the Service Provider, (i) accepts herewith full liability for the due fulfilment of all obligations in respect of this Service; and (ii) hereby indemnifies, and undertakes to keep indemnified, the Employer in respect of all actions, proceedings, liability, claims, damages, costs and expenses in relation to and arising out of the agreement and/or from the aforesaid Service Provider's intentional and/or negligent wrongful acts, errors and/or omissions in its performance on this Contract.

I confirm that the Service Provider undertakes to keep the Employer indemnified, as indicated above, beyond the Final Completion Certificate/Final Certificate by the Employer (whichever is applicable) for a period of five (5) years after the issue of such applicable certificate.

I confirm that the Service Provider renounces the benefit of the *exceptionis non causa debiti, non numeratae pecuniae* and *excussionis* or any other exceptions which may be legally raised against the enforceability of this indemnification.

Notwithstanding the indemnification required above, the Employer reserves the right to claim damages from the Service Provider for this Project where the Service Provider neglects to discharge its obligations in terms of this agreement.

7.1.2

As an extension of the definitions contained in clause 1 hereof, Key Persons must, for the purposes of this Contract, include one or more of the professionally registered principal(s) of the Service Provider, **and/or**, one or more professional(s) employed to render professional services, for whom copies of certificates or other documentation clearly proving current professional registration with the relevant council, including registration numbers, must be included with the tender as part of the returnable documentation.

The Key Persons and their jobs / functions in relation to the Services are:

Name	Principal and/or employed professional(s)	Specific duties
1.		
2.		
3.		
4.		
5.		
6.		
7.		
8.		
9.		
10.		

7.2

A Personnel Schedule is required.

If the space provided in the table above is not sufficient to describe the **specific duties**, this space may be utilized for such purpose:

C2: PRICING DATA

C2.1 Pricing Assumptions

C2.1.1 Basis of remuneration, method of tendering and estimated fees

C2.1.1.1 Professional fees for **Town Planning Services** will be paid on a **time basis as per the prescribed DPWI Rates for Reimbursable Expenses obtainable on the Employers Website: <http://www.publicworks.gov.za/> under "Documents"; "Consultants Guidelines"**

C2.1.1.2 **Tenderers are to tender:**

The different rates for the different levels in C2.2.2 Activity Schedule for Time Based Fees, column (c) all as set out below.

C2.1.2 Remuneration for **Town Planning Services**

C2.1.2.1 **Professional fees for Services rendered by the Service Provider shall be calculated as follows:**

- **The different rates tendered for the different levels in "C2.2.2 Activity Schedule for Time Based Fees", column (c), multiplied by the actual number of hours spent plus Value Added Tax, all according to the provisions under C2.1.3.**

C2.1.2.2 Reimbursable rates for typing, printing and duplicating work and forwarding charges as set out under C2.1.5 herein will be paid in full, irrespective of the rates tendered as referred to in C2.1.1.2 and C2.1.2.1 above.

C2.1.2.3 The site, and/or venues for meetings, and/or offices for applications must be visited as often as the Services require for the execution of all duties on the Project. The Service Provider must be available at 48 hour notice if so required.

C2.1.2.4 All fee accounts are to be signed by a principal of the Service Provider and submitted in original format, failing which the accounts will be returned. Copies, facsimiles, electronic and other versions of fee accounts will not be considered for payment.

C2.1.2.5 For all Services provided on a time basis, time sheets giving full particulars of the work, date of execution and time duration, should be submitted with each fee account.

C2.1.2.6 Payments to the Service Provider will be made electronically according to the banking details furnished by the Service Provider. Any change in such banking details must be communicated to the departmental project manager timeously. Fee accounts, correct in all respects, will be deemed submitted when received by the Employer and settled when electronically processed by the Employer. The Employer reserves the right to dispute the whole account, any item or part of an item at any time and will deal with such case in terms of clause 14.3 of the General Conditions of Contract.

C2.1.2.7 Accounts for Services rendered may be submitted on the successful completion of each stage of work as per the agreed PEP. No interim accounts prior to completion of stages will be entertained. Payment of accounts rendered will be subject to the checking thereof by the departmental project manager. The Employer reserves the right to amend the amounts claimed in order to conform to the rates stipulated in this Contract and make payment on the basis of the balance of the account in accordance with clause 14.3 of the General Conditions of Contract.

C2.1.2.8 The cost of all site Personnel, rendering standard services, will be deemed to be included in the applicable fees as stated in C2.1.1.1 above.

C2.1.2.9 Fee accounts shall be submitted on the Employer's prescribed format, if available, obtainable on the Employer's Website: <http://www.publicworks.gov.za/> under "Documents"; "Consultants Guidelines".

C2.1.3 Time based fees

C2.1.3.1 Where time based fees are payable (if basis of remuneration has been set at "time basis" according to C2.1.1.1), the various rates per hour tendered for the various levels in C2.2.2 Activity Schedule for Time Based Fees (column (c) "Tenderer's rates for Time Based Fees") and the principles as laid down below will be used. These various rates will annually be adjusted for inflation as determined by clause 3.16.2 of the Contract, as amended in the Contract Data in C1.2.2. The time based rates applicable at the time of the execution of the work, may be claimed.

C2.1.3.2 The various levels (referred to in C2.2.2 Activity Schedule for Time Based Fees) are the levels referred to in the scale of fees on time charges, on which Value Added Tax is excluded, shall be at the rates per hour, rounded off to the nearest rand **as per the prescribed DPWI Rates for Reimbursable Expenses obtainable on the Employers Website; <http://www.publicworks.gov.za/> under "Documents", "Consultants Guidelines"**

Hourly rates calculated in terms of all the above shall be deemed to include overheads and charges in respect of time expended by clerical Personnel which shall, therefore, not be chargeable separately.

C2.1.3.3 Work will be remunerated for at the level in which it falls as defined in C2.1.3.2 above, irrespective of whether the person who in fact executed the work functions at a higher level of responsibility and competence.

C2.1.3.4 All fees claimable on an hourly basis must be substantiated by a comprehensive time sheet indicating the date, name of person whom rendered the service, description of the service rendered, the number of hours spent in rendering the service, the applicable rate per hour in terms of this agreement and the total amount claimed per incident. The Employer reserves the right to validate the information provided by the Service Provider and will remunerate the Service Provider on what is deemed to be fair and reasonable.

C2.1.4 Set off

The Employer reserves the right to set off against any amount payable to the Service Provider, any sum which is owing by the Service Provider to the Employer in respect of this or any other project.

C2.1.5 Typing, printing and duplicating work and forwarding charges

C2.1.5.1 Reimbursable rates

The costs of typing, printing and duplicating work in connection with the documentation which must of necessity be done, except those which must in terms of the relevant Manual or other instructions be provided free of charge, shall be reimbursable at rates applicable at the time of the execution of such work. The document "Rates for Reimbursable Expenses" as amended from time to time and referred to below, is obtainable on the Employer's Website: <http://www.publicworks.gov.za/> under "Documents"; "Consultants Guidelines"; item 1.

C2.1.5.2 Typing and duplicating

The typing of correspondence, appendices and covering letters are deemed to be included in the value based fees and time based fees paid.

C2.1.5.3 Drawing duplication

(a) For drawing duplication the standard rate as set out in Table 2 in the "Rates for Reimbursable Expenses" may be claimed or may be claimed according to the provisions as in (b) or (c) below.

(b) If the Service Provider undertakes the duplication of drawings, using his own duplication equipment, he shall be paid the actual cost incurred on condition that it is not higher than the lowest of three quotations of local firms doing drawing duplication in his locality. Such quotations must accompany his account.

(c) If the Service Provider does not undertake his own drawing duplication, he shall be paid the lowest of three quotations of local firms doing plan printing in his locality. Such quotations must accompany his account.

(d) Should there not be three firms doing drawing duplication in his locality, it must be mentioned on his account and the available quotation(s) must then accompany the account.

(The cost of providing all polyester negative prints required to form part of the original set of drawings, as-built drawings including computer assisted drawing records for all facets/disciplines involved in the project are included in the tendered fees and will not be reimbursed separately.)

C2.1.5.4 Forwarding charges

(a) Only the charges in respect of the forwarding of parcels by courier or air freight on special request by the Employer will be refunded, provided that such charges will not be refunded if the request had been made as a result of a delay caused by the Service Provider.

(b) The cost of postage, facsimile transmissions, telephone calls, e-mails, etc., is deemed to be included in the value based fees and time based fees paid.

C2.1.6 Travelling and subsistence arrangements and tariffs of charges

When the Service Provider is requested in writing by or obtained prior approval in writing from the Employer to attend specific meetings at any of the Employer's offices or any extraordinary meetings on site or elsewhere, he will be remunerated according to the provisions under C2.1.6.1 to C2.1.6.5 herein.

C2.1.6.1 General

The most economical mode of transport is to be used taking into account the cost of transport, subsistence and time. Accounts not rendered in accordance herewith may be reduced to an amount determined by the Employer.

As the tariffs referred to hereunder are adjusted from time to time, accounts must be calculated at the tariff applicable at the time of the expenditure.

Where journeys and resultant costs are in the Employer's opinion related to a Service Provider's mal-performance or failure, in terms of this Contract, to properly document or co-ordinate the work or to manage the Contract, no claims for such costs will be considered.

C2.1.6.2 Travelling time

In the case of an appointment on a percentage basis, total travelling time less two hours, will be fully reimbursed. In the case of an appointment on an hourly basis, travelling time will be fully reimbursed. No travelling time will be paid in respect of journeys to DPWI Head Office or the office of the Departmental Project Manager without prior approval in writing.

C2.1.6.3 Travelling costs

Fees for travelling costs are as set out in Table 3 in the "Rates for Reimbursable Expenses".

Travelling costs will be refunded for the full distance covered per return trip measured from the office of the Service Provider appointed.

Compensation for the use of private motor transport will be in accordance with the Government tariff for the relevant engine swept volume, up to a maximum of 3000 cubic centimetres, prescribed from time to time and as set out in Table 3 in the "Rates for Reimbursable Expenses".

C2.1.6.4 Hired vehicles

In cases where use is made of hired vehicles, the most economical sized vehicle available is to be used but compensation shall nevertheless be restricted to the cost of a hired car not exceeding a capacity of 1300 cc. Where use of a special vehicle is essential (e.g. four track or minibus to accommodate more people), prior approval in writing must be obtained from the departmental project manager.

C2.1.6.5 Subsistence allowance

Subsistence costs associated with travelling for this service as tendered under C2.2 Activity Schedule, will annually be adjusted for inflation for the full duration of the Service Contract Period, as determined by clause 3.16.2, of the Contract, as amended in the Contract Data in C1.2.2. The rates claimable are the rates applicable at the time of the execution of the work.

Subsistence cost associated with travelling undertaken in excess of the original Service Contract Period in terms of 3.15.1 of Contract Data will be in terms of Tables 4 and 5 in the "Rates for Reimbursable Expenses" as published by the NDPWI from time to time.

Should the daily tariff as set out in Table 4 be inadequate, substantiated actual costs plus a special daily allowance as shown in Table 5 for incidental expenses, may be claimed. It must be noted that claims may only be according to Table 4 or Table 5. Accommodation should be limited to the equivalent of a three-star hotel and no alcoholic beverages or entertainment costs may be claimed for.

C2.2 Activity Schedule

C2.2.1 Activities

The tenderer must make provision for all activities necessary for the execution of the service as set out in C3 Scope of Services hereof.

C2.2.2 Activity Schedule for Time Based Fees

ACTIVITY SCHEDULE FOR TIME BASED FEES

Tenderer's Rates for Time Based Fees

Level of prof. and tech. staff as defined in C2.1.3.2	(c) Tenderer's rates for rendering town planning Services @ Time Based Fees	X	(d) Estimated hours for each level	(c)x(d) Financial Offer by Tenderer for Time Based Fees
Category A	R	X	h	= R (1)
Category B	R	X	h	= R (2)
Category C	R	X	h	= R (3)
Total Time-based Fees (1+2+3)				= R (4)

Appointment of sub-consultants / specialists (TASK BASED)

The following professional disciplines will have to be sub-contracted by the Service Provider (provided that the bidding company does not have in-house capacity) to assist in completing the objective of this project.

Description	Quantity	Unit	Rate	Value
As direct sub-consultant, to be appointed by the Service Provider, for: Professional Civil Engineering/ Technologist (ECSA)	1		R	= R (5)
As direct sub-consultant, to be appointed by the Service Provider, for: Professional Civil Engineering/ Technologist (ECSA) with Transportation/ Traffic Engineering Experience (ECSA)	1		R	= R (6)
As direct sub-consultant, to be appointed by the Service Provider, for: Professional Electrical Engineer/ Technologist (ECSA)	1		R	= R (7)
As direct sub-consultant, to be appointed by the Service Provider, for: Professional Civil Engineer/ Technologist with Geotechnical Experience	1		R	= R (8)

(ECSA) or Professional Natural Scientist with Geotechnical Experience (SACNASP)				
As direct sub-consultant, to be appointed by the Service Provider, for: Professional Architect/ Technologist with Heritage- Experience (SACAP)/ Professional Archaeologist (ASAPA)	1		R	= R (9)
As direct sub-consultant, to be appointed by the Service Provider, for: Professional Registered Environmental Specialist (SACNASP)	1		R	= R (10)
As direct sub-consultant, to be appointed by the Service Provider, for: Professional Land Surveyor (SAGC) previously known as PLATO	1		R	= R (11)
As direct sub-consultant, to be appointed by the service provider, for: Professional Conveyancing Attorney (LPC)	1		R	= R (12)
Sub-total Sub-consultants / Specialists (5-12)				= R (13)
Administration of Sub-consultants (10% of 13 above)				= R (14)
Total Sub-consultants / Specialists (13+14)				R (15)
Additional Services				
Any other additional services that may be required by Employer.	N/A	Hours	R	= R (16)
Total Additional Services (16)				= R (17)
Total Travelling Disbursements (Table A below)				R (18)
Sub-total of Total time based fees + Total sub-consultants/Specialists + Total additional services + Total travelling disbursements (4+13+17+18)				R (19)
Add VAT @ 15% current VAT rate				R (20)
<u>TOTAL FINANCIAL OFFER FOR TIME BASED FEES CARRIED FORWARD TO THE FORM OF OFFER AND ACCEPTANCE</u> (19 +20)				R (21)

- NOTE:**
1. Total Financial Offer for Value Based Fees **must be carried over to C1.1 Form of Offer and Acceptance as per (21) above**, if this tender is for time-based fees. Failure to carry this amount over to the Form of Offer and Acceptance **will render the Bid Non-responsive** as the Form of Offer **must be fully** completed.
 2. Remuneration for time based appointments will be calculated as determined in C2.1.2 (i.e. for each level: the actual number of hours multiplied by the tendered rates in (c) above).
 3. Any Additional Services, not provided for in the Activity Schedule above, which become necessary/required in terms of the C3: Scope of Services at any stage of the Service after constitution of the contract, requiring further sub-contracting, will be the subject of prior negotiation with, and approval by, the department project manager, who will instruct the Service Provider on the procedure for such negotiation and the approvals required in the process. **Any additional services, procured on sub-contracting basis, without the involvement of the departmental project manager, will not be reimbursed.**
 4. Time spent on travelling, as well as any other travel related expenses such as travelling costs, subsistence allowance and accommodation is deemed to be included in the Traveling Disbursements per return trip to site as per (18) above.
 5. In the event of a variation in the Service Contract Period which results in additional travelling over and above the allowed number of trips in **Table A**, the additional Traveling will be paid in accordance with the "Rates for Reimbursable Expenses" as amended from time to time and referred to below, is obtainable on the Department's Website: <http://www.publicworks.gov.za/Consultants.asp> or from the Departmental Project Manager. These expenses are reimbursable at rates applicable on the time of the actual execution of the specific service contract.
 6. Bidder to provide detailed breakdown of Travelling Disbursements per return trip to site from place of business:

Table A: Summary of Disbursements Tendered

Item	Description	Rate	X	Factor	X	No. of trips	Total (if not applicable insert "NA")
1.	Traveling cost by car	Per Km R	X	Kms per Trip	X		R
2.	Subsistence	Per Trip R	X	-	X		R
3.	Travelling Time as per Clause C2.1.6.2	Per Hour R	X	Hours per Trip	X		
4.	Other: Specify below (Table B).	R	X		X		R
5.	Total disbursement carried over to Activity Schedule (14)						R

Table B: Other Disbursements

Table B only to be completed should the service provider's office be located in a different province and/or the service provider has to travel by air and/or stay over due to the vast distance between the service provider's

office and the development site, in order to attend site visits and meetings (Attach separate sheet if necessary). Any claim by the service provider in absence of rates will not be entertained except if approved by the Employer's representative prior to incurring the cost.

Item	Description	Rate	X	Qty	Total (if not applicable insert "NA")
1.	Travelling by Air	R	X		R
2.	Car Rental	R	X		R
3.	Accommodation	R	X		R
4.		R	X		R
5.		R	X		R
6.		R	X		R
7.	Total carried over to Table A, Item 4				R

7. The cost of typing , printing , duplicating work , forwarding charges , courier cost , travelling and subsistence , travelling time , travelling cost, hired vehicles, subsistence allowances , statutory submissions and approval fees , advertising fees, must be included in the overall cost. The claims will be made against charged disbursements fees and proof thereof of the claims shall be submitted.

1. C3: SCOPE OF SERVICES

C3.1 Employer's objectives

This tender is for:

A Service Provider performing town planning work for the clearance of a site for development purposes.

These services may entail any or all of the Services described in C3.2 as circumstances may dictate and fact become known after the onset of the project. Services anticipated at the time of compilation of this tender are ticked below.

C3.2 Description of the Services

C3.2.1 Project description

Northern Cape: Department Of Justice And Constitutional Development: Site Clearance: Construction Of New Magistrate Court: Van Wyksvlei, Vosburg, Windsorton And Upington

C3.2.1.1 Scope of Project

1. PROJECT BACKGROUND

Town Planning Services received a PDIR to undertake site clearance processes for the construction of new periodical courts in Vanwyksvlei, Vosburg, Windsorton and Upington High Court. Below is the project description of each court and the scope of work.

SCOPE OF WORK FOR VOSBURG

Vosburg - The subject property is located on erf 86 and the current magistrate is located on erf 87 Vosburg, The property is located on Church Street. The property measures approximately 2300. m², the property is zoned for government purposes. Consolidation of the properties to be undertaken.

2. SCOPE OF WORK

TASK 1: SCOPE OF WORK FOR PROJECT MANAGER/ TOWN PLANNER

This Task Based Deliverable involves the scope of work for the Professional Registered Town Planner for which among others includes at least the following:-

- Preparation of motivational memorandum including required documentation and submission to relevant municipality for consideration.
- Address restrictive conditions that must be removed. (if applicable)
- Site orientation
- Briefing and managing of sub-consultants
- Compile and lodge all documentation required for this type of application.

- Overall management of the project until decision has been taken by the Municipality
- Preparation and submission of relevant reports to Department for consideration and authorization.
- Attend all project meetings as and when required.
- Development of SDP and other related drawings

TASK 2: SCOPE OF WORK FOR LAND SURVEYOR

This Task Based Deliverable involves the scope of work for the sub-contracted **Professional Registered Land Surveyor** which amongst others includes:

- Mapping of the property area / cadastral boundaries
- Conduct the consolidation of the following Erven: 86 and 87, provides SG Diagram to Town Planner.
- Placement of beacons (Pegging), framing of diagram, submission and approval by Surveyor General
- Assist with the interpretation of any conditions that may exist in the Title Deed and any existence of Notarial Links to these properties.
- Produce Base Map:-Aerial photograph, contours (0.5 metre intervals) and existing structures
- Overall Project Management on issues pertinent to land Surveyor.
- Attend all project meetings as and when required

TASK 3: SCOPE OF WORK FOR CONVEYANCER

This task-based deliverable involves the scope of work for the sub-contracted **Conveyancer**, which amongst others includes at least the following:

- Compilation and submission of the relevant application for Certificate of consolidated Title for Erven: 86 and 87
- Ensure that the new consolidated properties are registered accordingly under National Government of Republic of South Africa.
- Sought all relevant information from the appointed Town Planning firm that will be acting as Principal Agent.
- Work closely with Project Manager as well as Property Management at Kimberley Regional Office for assistance with the coordination of processes.
- Attend all project meetings as and when required.

TASK 4: SCOPE OF WORK FOR CIVIL ENGINEER

This Task Based Deliverable involves the scope of work for the sub-contracted **Professional Registered Civil Engineer / Technologist** which amongst others includes:

The main function is to carry out an investigation and prepare a "Civil Engineering Services Report" complying with the following guidelines:

Introduction

The Civil Engineering Services Report that is to be prepared for site clearance purposes must provide sufficient information regarding the feasibility in respect of the intended development of the property with specific regard to the availability and capacity of bulk and other civil engineering infrastructural services to enable the Department to decide on the suitability of the specific property for the intended development. The relevant aspects in terms of the services listed here below must be investigated and confirmation is to be provided that the intended development could be supported by such services.

In the case of an existing facility, a basic assessment must also be made and reported on in respect of the existing above surface (visible) on-site civil engineering infrastructure regarding its compliancy with Departmental standards.

With the carrying out of the investigation and preparation of the report, cognizance must be taken of the following:

- The Department's design requirement as per the latest edition of the Department's Civil Engineering Manual (PW 347) as well as other relevant guidelines available on the Department's website, www.publicworks.gov.za (Consultants Guidelines).
- The specific Accommodation Requirements of the relevant Client department for the intended development.

Formal Requirements

The report must be prepared under the supervision of and signed by a Professional Engineer or a Professional Engineering Technologist.

General.

The following general information must be provided:

- a) Brief description of the envisaged facilities as defined by the Client Department in terms of *inter alia* its purpose as well as the building and construction areas. A copy of the Pre-Design Information Request (PDIR) or the Procurement Instruction (PI), whichever is applicable, with the Client's official Accommodation Requirements (certified needs), must be included in the report.
- b) Basic locality plans (provincial and locality in town).
- c) A basic site plan showing the following:
 - i. Demarcation of the property (boundaries, etc.).
 - ii. The topography of the site with 0.5m contours or provides information that would describe the topographical characteristics.
 - iii. The 1 in 100 year flood line or if not readily available provide information that would adequately describe the situation (refer 3.4 Storm Water).
 - iv. In the case of an existing developed site:
 - The position of existing buildings and structures

- The existing access/entrance to the site
- The position of water, sewage and storm water connection points
- Any possible legal and physical constraints such as way-leaves, servitudes, overhead power lines, heritage aspects, graves, rock outcrops, etc. of a civil engineering nature. The Town Planner as Team Leader to be coordinated with in terms of responsibility for reporting.

TECHNICAL REQUIREMENTS

Civil Engineering Services.

For all Civil engineering services, the following information must be covered in the report:

❖ Water Supply (Domestic and Fire)

- i. An estimate with appropriate preliminary calculations of the average daily water demand with peak flows of the envisaged facility in respect of both for domestic and fire-fighting purposes, with a view to determine the flow volume(s) that will be required by the facility.
- ii. The recommended water source(s) supported with appropriate reasoning in terms of the sufficient quantity and quality of the water and its compliance with the applicable standards as well as the possible need for treatment.
- iii. In the situation where a local authority is proposed as the most viable water source, the following must be provided:
 - The availability and sustainable capacity of bulk water.
 - The capacity of the local authority's infrastructure and distribution network in terms of flows, pressures and condition to provide in the facility's requirements.
 - The degree of fire-fighting capability of and assistance available from the local authority.
 - Written confirmation in principle from the local authority regarding its capacity to provide in the water requirements as indicated above and an estimate of the possible bulk contribution cost.
 - Written confirmation in principle from the local authority that a water connection will be provided and an estimate of the possible cost.
 - Any special requirements of the local authority in terms of the provision of water services, e.g. fire-fighting aspects with comments and recommendations in terms thereof.
- iv. In the situation where a local authority as a source is not possible or viable or deemed to be an unacceptable risk and the proposed source is boreholes, a river, etc., the following must be provided:
 - Information regarding possible viable source options.
 - Information regarding further investigations that will have to be conducted.

- Information regarding compliance with relevant legislation and if applicable further steps that will have to be taken to obtain the necessary approvals, authorizations, licenses etc. from the applicable authorities such as Department of Water and Sanitation, Department of Environmental Affairs, etc.

(It is to be noted that the need for further investigations will be decided and instructed by the Department).

- The sustainability and the possible spare capacity of the proposed source must be commented on.
- v. The possible need for water storage and the availability of a suitable location on the property taking into account and reporting on the environmental requirements in terms of the height of water tower structures.

❖ Sewage / Waste Water

- i. An estimate with appropriate preliminary calculations of the average daily flow volumes with peak flows of the envisaged facility with a view to determine the flow volumes that will be discharged by the facility.
- ii. An assessment of disposal options with a recommendation of a viable method.
- iii. In the situation where waste water is proposed to be disposed of into a local authority's system the following must be provided:
 - Information regarding the availability and capacity of a local authority's treatment facility and sewerage network.
 - Written confirmation in principle from the local authority regarding its capacity in terms of its sewerage network and waste water treatment to accept the volumes as estimated and an estimate of the possible bulk contribution cost.
 - Written confirmation in principle from the local authority that a sewage connection will be provided and an estimate of the possible cost.
 - Any special requirements of the local authority in terms of the provision of waste water disposal services with comments and recommendations in terms thereof.
- iv. In the situation where disposal into a local authority's system is not viable or possible and where on-site treatment or other methods of disposal will be required, the following must be provided:
 - Information regarding possible viable options for disposal of waste water with appropriate preliminary calculations e.g. of septic tank, soak-away (French) drain required capacities, etc. as applicable.
 - Information regarding further investigations that will have to be done.

- Information regarding compliance with relevant legislation and if applicable further steps that will have to be taken to obtain the necessary approvals, authorizations, licenses, etc. from the applicable authorities such as Department of Water Affairs and Sanitation, Department of Environmental Affairs, etc.

(It is to be noted that the need for further investigations will be decided and instructed by the Department).

- v. Should, off-site treatment or disposal as a possible result of space constraint on the envisaged property be contemplated, this must be stated together with the proposed means of sewage disposal.
- vi. Conservancy tank solutions should be avoided if possible.
- vii. For dolomite sites the means of disposal shall not be septic tanks with soak-away (french) drains. This is deemed unacceptable and a recommendation/objection to this effect should be raised.

❖ Solid Waste

- i. An estimate of the volume of waste that will be generated by the facility.
- ii. An assessment of disposal options with a recommendation of a viable method.
- iii. The capacity of a local authority's infrastructure for disposal.
- iv. Written confirmation in principle from the local authority regarding its capacity for disposal of the volume as estimated and an estimate of possible bulk contribution costs.
- v. Any special requirements of the local authority with comments and recommendations in terms thereof.
- vi. Should e.g. an incinerator be required for the facility, then an indication on whether meeting of the legal requirements such as licencing as well as other related criteria will be attainable, should be provided.
- vii. If there are oil separators or fat traps on site, a comment on the location/position in relation to the buildings should be made (possible bad odour). The efficiency of the current system, the frequency of the cleaning fat tray(s) and access to the disposal facilities.

❖ Storm Water

- i. An evaluation of the acceptability of the site's location in terms of the risk of storm water flooding.
- ii. The site's locality relative to the 1 in 100 year flood line and the Local Authority's or other legal specific requirements in respect of flood line relating aspects and development limitations as well as an indication on whether the envisaged development will comply.
- iii. An estimate with appropriate preliminary calculations of the probable storm water run-off according to the frequencies as per the "Guidelines for Human Settlement Planning and Design".

- iv. An assessment of envisaged storm water management on site with a method of discharging from the site.
- v. Written confirmation in principle from the local or other responsible authority regarding its capacity for accepting storm water volumes as estimated from the site and a quotation of possible bulk contribution costs from the local authority if applicable.
- vi. Any special requirements of the local authority e.g. attenuation dams which may impact on the envisaged development with comments and recommendations in terms thereof.

TASK 5: SCOPE OF WORK FOR ELECTRICAL ENGINEER

This Task Based Deliverable involves the scope of work described hereunder for the sub-contracted **Professional Registered Electrical Engineer / Technologist**

The electrical engineer scope of work at site clearance phase shall be limited to report on the following:

- Give a brief description of the site and the conditions. Indicate position on a sketch of existing supply point and if required new supply point.
- Obtain or determine the capacity of the existing electrical connection on site.
- Get confirmation from the local supply authority regarding type and size of electrical supply and what type of measurement and costing system are used.
- Indicate if spare capacity exists on the electrical network. Indicate the condition of the existing network and if the existing network complies with the relevant acts, standards and regulations. I.e. SANS 10142 and OHS ACT.
- Determine the closest supply point to the site.
- Determine the total load required for the existing and the new installation (additional accommodation).
- Get confirmation from the local supply authority in writing that they will be able to provide the total new load required. Obtain estimated cost from the local supply authority regarding the upgrading/new connection.
- Obtain confirmation from the local supply authority regarding the voltage the connection will be provided. (MV or LV)
- Advise the Department regarding regulatory and statutory requirements as well as any by-laws regarding the new connection.
- Advise the Department regarding any by-laws regarding emergency power supplies connected to the electrical network.

TASK 6: SCOPE OF WORK FOR GEOTECHNICAL INVESTIGATION

This Task Based Deliverable involves the scope of work described hereunder for the sub-contracted Competent **Professional Registered Person (Geotechnical Specialist)**

Geotechnical Aspects.

An evaluation of the soil conditions, with a view to point out the possible impact on the design and construction costs of roads, parking and other services must be provided. For this purpose use should be made of the geotechnical report as prepared by the structural engineering and/or geotechnical engineering consultant. Geotechnical investigations should be executed in compliance with the Departmental guideline, PW 2006/1 and must be limited to basic investigations and analyses. This should include the following:

- Carry out a desktop study (topographical maps, geological maps, gathering information from previously conducted studies within the area maybe obtainable from the local authority and etc.)
- In the event where desktop study outcomes prove insufficient for the purpose, the digging of a limited number of shallow trial holes (until refusal with a TLB) and profiling there of (upon approval from the property owners or authorities)
- Laboratory testing is limited to the determination of the basic soil properties clays (expansiveness), collapsible soils and etc., and only if a visual assessment could not be made and if regarded as an absolute necessity to enable a recommendation to be made on the suitability of the site.

(It is to be noted that the need for additional more detailed investigations may be motivated and will be decided upon and instructed by the Department). Such investigations shall be coordinated between the civil and structural or geotechnical engineering consultants to ensure that the information (soil types, parameters, etc.) gathered by the investigation and tests would be applicable to both civil and structural engineering requirements. The reporting with recommendations on civil and structural engineering aspects should however be presented separately.

Regarding the possible presence of dolomite, enquiries should be directed to the Directorate: Town Planning Services to provide a copy of, or the Dolomite Risk Management Unit of the Department's Directorate: Civil and Structural Engineering for the issuing of a Dolomite Status Certificate, a copy of which should be enclosed in this report.

TASK 7: SCOPE OF WORK FOR TRAFFIC AND TRANSPORTATION ENGINEER

➤ Transportation (Public Transport)

- A basic assessment based on applicable codes and standards of the possible need for public transport for users of the facility.
- The availability of public transport with reference to the anticipated need.
- Parking demand adjusted as allowed in TMH 16 and 17
- Written confirmation in principle from the local or other authorities regarding the availability of public transport.

- Any special requirements of the local authority with comments and recommendations in terms thereof.

➤ Site Traffic Assessment

- An assessment of the available space on the site to satisfy the calculated need for roads and parking. If parking is not provided within the proposed development, a parking layout, compatible with the proposed site layout, must be provided.
- The site layout plan need to allow for both the excess, out of building, parking as well as visitors parking. Where no visitors or employee parking is prescribed (THM 17) a comparative survey of a similar facility should be used or undertaken to provide realistic planning numbers.
- Parking area layout design as contained in the COTO documents must be applied, with specific attention given to ease of access and traffic flow.
- Access to sites is specific to the development and must be approved by the local authority as part of the Building Application. Provisional approvals will not be accepted.

➤ Traffic Impact Assessment

- A basic assessment of the possible impact that the envisaged development will have on existing traffic patterns as well as the resultant possible need for upgrading of relevant traffic and road infrastructure, including on existing traffic management measures.
- A recommendation based on TMH 16, on the need for a detailed traffic impact study, must be made. This will determine the scope of the detail required for the traffic report.
- Written confirmation from the local authority regarding the need for upgrading of traffic and road infrastructure and an estimate of bulk contribution costs.
- Final recommendations regarding access to the site.
- Written confirmation in from the local authority regarding the availability of access to the site and an estimate of possible bulk contribution costs.
- Any special requirements of the local authority with comments and recommendations in terms thereof.

TASK 8: SCOPE OF WORK FOR ENVIRONMENTALIST

This Task Based Deliverable involves the scope of work for the sub-contracted **Environmental** which includes:

- Undertaking of environmental screening to determine all activities triggering an environmental impact assessment (EIA) process.
- Undertaking of specialist studies excluding heritage assessment.
- Application to DEA for registration of EIA if applicable.
- Undertaking scoping process of EIA
- Submission and approval of scoping report.
- Preparation of EIA report.
- Preparation of the environmental management programme (EMPr)
- Submission and approval of EIA.
- Follow up on responses from competent authority.
- Attainment of environmental authorisation.

SCOPE OF WORK FOR VAN WYSKVEI

PROJECT BACKGROUND

Van wyksvlei - The subject magistrate will be located on Erf 359 Vanwyksvlei, the property is currently vacant with an extent of 1487m², the property is zoned for public open space, therefore rezoning to be conducted.

SCOPE OF WORK

TASK 1: SCOPE OF WORK FOR PROJECT MANAGER/ TOWN PLANNER

This Task Based Deliverable involves the scope of work for the Professional Registered Town Planner for which among others includes at least the following:-

- Preparation of motivational memorandum including required documentation and submission to relevant municipality for consideration.
- Address restrictive conditions that must be removed. (if applicable)
- Site orientation
- Briefing and managing all sub-consultants
- Compile and lodge all documentation required for this type of application.
- Overall management of the project until decision has been taken by the Municipality
- Preparation and submission of relevant reports to Department for consideration and authorization.
- Attend all project meetings as and when required.
- Development of SDP and other related drawings

TASK 2: SCOPE OF WORK FOR CIVIL ENGINEER

This Task Based Deliverable involves the scope of work for the sub-contracted Professional Registered Civil Engineer / Technologist which amongst others includes:

The main function is to carry out an investigation and prepare a "Civil Engineering Services Report" complying with the following guidelines:

Introduction

The Civil Engineering Services Report that is to be prepared for site clearance purposes must provide sufficient information regarding the feasibility in respect of the intended development of the property with specific regard to the availability and capacity of bulk and other civil engineering infrastructural services to enable the Department to decide on the suitability of the specific property for the intended development. The

relevant aspects in terms of the services listed here below must be investigated and confirmation is to be provided that the intended development could be supported by such services.

In the case of an existing facility, a basic assessment must also be made and reported on in respect of the existing above surface (visible) on-site civil engineering infrastructure regarding its compliancy with Departmental standards.

With the carrying out of the investigation and preparation of the report, cognizance must be taken of the following:

- The Department's design requirement as per the latest edition of the Department's Civil Engineering Manual (PW 347) as well as other relevant guidelines available on the Department's website, www.publicworks.gov.za (Consultants Guidelines).
- The specific Accommodation Requirements of the relevant Client department for the intended development.

Formal Requirements

The report must be prepared under the supervision of and signed by a Professional Engineer or a Professional Engineering Technologist.

General.

The following general information must be provided:

- d) Brief description of the envisaged facilities as defined by the Client Department in terms of *inter alia* its purpose as well as the building and construction areas. A copy of the Pre-Design Information Request (PDIR) or the Procurement Instruction (PI), whichever is applicable, with the Client's official Accommodation Requirements (certified needs), must be included in the report.
- e) Basic locality plans (provincial and locality in town).
- f) A basic site plan showing the following:
 - v. Demarcation of the property (boundaries, etc.).
 - vi. The topography of the site with 0.5m contours or provides information that would describe the topographical characteristics.
 - vii. The 1 in 100 year flood line or if not readily available provide information that would adequately describe the situation (refer 3.4 Storm Water).
 - viii. In the case of an existing developed site:
 - The position of existing buildings and structures
 - The existing access/entrance to the site
 - The position of water, sewage and storm water connection points
 - Any possible legal and physical constraints such as way-leaves, servitudes, overhead power lines, heritage aspects, graves, rock outcrops, etc. of a civil engineering nature.

The Town Planner as Team Leader to be coordinated with in terms of responsibility for reporting.

TECHNICAL REQUIREMENTS

Civil Engineering Services.

For all Civil engineering services, the following information must be covered in the report:

❖ Water Supply (Domestic and Fire)

- vi. An estimate with appropriate preliminary calculations of the average daily water demand with peak flows of the envisaged facility in respect of both for domestic and fire-fighting purposes, with a view to determine the flow volume(s) that will be required by the facility.
- vii. The recommended water source(s) supported with appropriate reasoning in terms of the sufficient quantity and quality of the water and its compliance with the applicable standards as well as the possible need for treatment.
- viii. In the situation where a local authority is proposed as the most viable water source, the following must be provided:
 - The availability and sustainable capacity of bulk water.
 - The capacity of the local authority's infrastructure and distribution network in terms of flows, pressures and condition to provide in the facility's requirements.
 - The degree of fire-fighting capability of and assistance available from the local authority.
 - Written confirmation in principle from the local authority regarding its capacity to provide in the water requirements as indicated above and an estimate of the possible bulk contribution cost.
 - Written confirmation in principle from the local authority that a water connection will be provided and an estimate of the possible cost.
 - Any special requirements of the local authority in terms of the provision of water services, e.g. fire-fighting aspects with comments and recommendations in terms thereof.
- ix. In the situation where a local authority as a source is not possible or viable or deemed to be an unacceptable risk and the proposed source is boreholes, a river, etc., the following must be provided:
 - Information regarding possible viable source options.
 - Information regarding further investigations that will have to be conducted.
 - Information regarding compliance with relevant legislation and if applicable further steps that will have to be taken to obtain the necessary approvals, authorizations, licenses etc. from the applicable authorities such as Department of Water and Sanitation, Department of Environmental Affairs, etc.

(It is to be noted that the need for further investigations will be decided and instructed by the Department).

- The sustainability and the possible spare capacity of the proposed source must be commented on.
- x. The possible need for water storage and the availability of a suitable location on the property taking into account and reporting on the environmental requirements in terms of the height of water tower structures.

❖ Sewage / Waste Water

- viii. An estimate with appropriate preliminary calculations of the average daily flow volumes with peak flows of the envisaged facility with a view to determine the flow volumes that will be discharged by the facility.
- ix. An assessment of disposal options with a recommendation of a viable method.
- x. In the situation where waste water is proposed to be disposed of into a local authority's system the following must be provided:
 - Information regarding the availability and capacity of a local authority's treatment facility and sewerage network.
 - Written confirmation in principle from the local authority regarding its capacity in terms of its sewerage network and waste water treatment to accept the volumes as estimated and an estimate of the possible bulk contribution cost.
 - Written confirmation in principle from the local authority that a sewage connection will be provided and an estimate of the possible cost.
 - Any special requirements of the local authority in terms of the provision of waste water disposal services with comments and recommendations in terms thereof.
- xi. In the situation where disposal into a local authority's system is not viable or possible and where on-site treatment or other methods of disposal will be required, the following must be provided:
 - Information regarding possible viable options for disposal of waste water with appropriate preliminary calculations e.g. of septic tank, soak-away (French) drain required capacities, etc. as applicable.
 - Information regarding further investigations that will have to be done.
 - Information regarding compliance with relevant legislation and if applicable further steps that will have to be taken to obtain the necessary approvals, authorizations, licenses, etc. from the applicable authorities such as Department of Water Affairs and Sanitation, Department of Environmental Affairs, etc.

(It is to be noted that the need for further investigations will be decided and instructed by the Department).

- xii. Should, off-site treatment or disposal as a possible result of space constraint on the envisaged property be contemplated, this must be stated together with the proposed means of sewage disposal.
- xiii. Conservancy tank solutions should be avoided if possible.
- xiv. For dolomite sites the means of disposal shall not be septic tanks with soak-away (french) drains. This is deemed unacceptable and a recommendation/objection to this effect should be raised.

❖ Solid Waste

- viii. An estimate of the volume of waste that will be generated by the facility.
- ix. An assessment of disposal options with a recommendation of a viable method.
- x. The capacity of a local authority's infrastructure for disposal.
- xi. Written confirmation in principle from the local authority regarding its capacity for disposal of the volume as estimated and an estimate of possible bulk contribution costs.
- xii. Any special requirements of the local authority with comments and recommendations in terms thereof.
- xiii. Should e.g. an incinerator be required for the facility, then an indication on whether meeting of the legal requirements such as licencing as well as other related criteria will be attainable, should be provided.
- xiv. If there are oil separators or fat traps on site, a comment on the location/position in relation to the buildings should be made (possible bad odour). The efficiency of the current system, the frequency of the cleaning fat tray(s) and access to the disposal facilities.

❖ Storm Water

- vii. An evaluation of the acceptability of the site's location in terms of the risk of storm water flooding.
- viii. The site's locality relative to the 1 in 100 year flood line and the Local Authority's or other legal specific requirements in respect of flood line relating aspects and development limitations as well as an indication on whether the envisaged development will comply.
- ix. An estimate with appropriate preliminary calculations of the probable storm water run-off according to the frequencies as per the "Guidelines for Human Settlement Planning and Design".
- x. An assessment of envisaged storm water management on site with a method of discharging from the site.

- xi. Written confirmation in principle from the local or other responsible authority regarding its capacity for accepting storm water volumes as estimated from the site and a quotation of possible bulk contribution costs from the local authority if applicable.
- xii. Any special requirements of the local authority e.g. attenuation dams which may impact on the envisaged development with comments and recommendations in terms thereof.

TASK 3: SCOPE OF WORK FOR ELECTRICAL ENGINEER

This Task Based Deliverable involves the scope of work described hereunder for the sub-contracted **Professional Registered Electrical Engineer / Technologist**

The electrical engineer scope of work at site clearance phase shall be limited to report on the following:

- Give a brief description of the site and the conditions. Indicate position on a sketch of existing supply point and if required new supply point.
- Obtain or determine the capacity of the existing electrical connection on site.
- Get confirmation from the local supply authority regarding type and size of electrical supply and what type of measurement and costing system are used.
- Indicate if spare capacity exists on the electrical network. Indicate the condition of the existing network and if the existing network complies with the relevant acts, standards and regulations. I.e. SANS 10142 and OHS ACT.
- Determine the closest supply point to the site.
- Determine the total load required for the existing and the new installation (additional accommodation).
- Get confirmation from the local supply authority in writing that they will be able to provide the total new load required. Obtain estimated cost from the local supply authority regarding the upgrading/new connection.
- Obtain confirmation from the local supply authority regarding the voltage the connection will be provided. (MV or LV)
- Advise the Department regarding regulatory and statutory requirements as well as any by-laws regarding the new connection.
- Advise the Department regarding any by-laws regarding emergency power supplies connected to the electrical network.

TASK 4: SCOPE OF WORK FOR GEOTECHNICAL SPECIALIST

This Task Based Deliverable involves the scope of work described hereunder for the sub-contracted Competent **Professional Registered Person (Geotechnical Specialist)**

Geotechnical Aspects.

An evaluation of the soil conditions, with a view to point out the possible impact on the design and construction costs of roads, parking and other services must be provided. For this purpose use should be made of the geotechnical report as prepared by the structural engineering and/or geotechnical engineering consultant. Geotechnical investigations should be executed in compliance with the Departmental guideline, PW 2006/1 and must be limited to basic investigations and analyses. This should include the following:

- Carry out a desktop study (topographical maps, geological maps, gathering information from previously conducted studies within the area maybe obtainable from the local authority and etc.)
- In the event where desktop study outcomes prove insufficient for the purpose, the digging of a limited number of shallow trial holes (until refusal with a TLB) and profiling there of (upon approval from the property owners or authorities)
- Laboratory testing is limited to the determination of the basic soil properties clays (expansiveness), collapsible soils and etc., and only if a visual assessment could not be made and if regarded as an absolute necessity to enable a recommendation to be made on the suitability of the site.

(It is to be noted that the need for additional more detailed investigations may be motivated and will be decided upon and instructed by the Department). Such investigations shall be coordinated between the civil and structural or geotechnical engineering consultants to ensure that the information (soil types, parameters, etc.) gathered by the investigation and tests would be applicable to both civil and structural engineering requirements. The reporting with recommendations on civil and structural engineering aspects should however be presented separately.

Regarding the possible presence of dolomite, enquiries should be directed to the Directorate: Town Planning Services to provide a copy of, or the Dolomite Risk Management Unit of the Department's Directorate: Civil and Structural Engineering for the issuing of a Dolomite Status Certificate, a copy of which should be enclosed in this report.

TASK 5: SCOPE OF WORK FOR TRAFFIC AND TRANSPORTATION ENGINEER

- Transportation (Public Transport)
 - A basic assessment based on applicable codes and standards of the possible need for public transport for users of the facility.
 - The availability of public transport with reference to the anticipated need.
 - Parking demand adjusted as allowed in TMH 16 and 17

- Written confirmation in principle from the local or other authorities regarding the availability of public transport.
- Any special requirements of the local authority with comments and recommendations in terms thereof.

➤ Site Traffic Assessment

- An assessment of the available space on the site to satisfy the calculated need for roads and parking. If parking is not provided within the proposed development, a parking layout, compatible with the proposed site layout, must be provided.
- The site layout plan need to allow for both the excess, out of building, parking as well as visitors parking. Where no visitors or employee parking is prescribed (THM 17) a comparative survey of a similar facility should be used or undertaken to provide realistic planning numbers.
- Parking area layout design as contained in the COTO documents must be applied, with specific attention given to ease of access and traffic flow.
- Access to sites is specific to the development and must be approved by the local authority as part of the Building Application. Provisional approvals will not be accepted.

➤ Traffic Impact Assessment

- A basic assessment of the possible impact that the envisaged development will have on existing traffic patterns as well as the resultant possible need for upgrading of relevant traffic and road infrastructure, including on existing traffic management measures.
- A recommendation based on TMH 16, on the need for a detailed traffic impact study, must be made. This will determine the scope of the detail required for the traffic report.
- Written confirmation from the local authority regarding the need for upgrading of traffic and road infrastructure and an estimate of bulk contribution costs.
- Final recommendations regarding access to the site.
- Written confirmation in from the local authority regarding the availability of access to the site and an estimate of possible bulk contribution costs.
- Any special requirements of the local authority with comments and recommendations in terms thereof.

TASK 6: SCOPE OF WORK FOR ENVIRONMENTALIST

This Task Based Deliverable involves the scope of work for the sub-contracted **Environmental** which includes:

- Undertaking of environmental screening to determine all activities triggering an environmental impact assessment (EIA) process.
- Undertaking of specialist studies excluding heritage assessment.
- Application to DEA for registration of EIA if applicable.
- Undertaking scoping process of EIA
- Submission and approval of scoping report.
- Preparation of EIA report.
- Preparation of the environmental management programme (EMPr)
- Submission and approval of EIA.

- Follow up on responses from competent authority.
- Attainment of environmental authorisation.

SCOPE OF WORK FOR WINDSORTON

PROJECT BACKGROUND

Windsorton - The subject property is located on Erf 1595, the property is vacant and currently zoned for businesses which allows for the placement of offices.

SCOPE OF WORK

TASK 1: SCOPE OF WORK FOR TOWN PLANNER/ PROJECT MANAGER

This Task Based Deliverable involves the scope of work for the Professional Registered Town Planner for which among others includes at least the following:-

- Preparation of motivational memorandum including required documentation and submission to relevant municipality for consideration.
- Address restrictive conditions that must be removed. (if applicable)
- Site orientation
- Briefing of sub-consultants
- Compile and lodge all documentation required for this type of application.
- Overall management of the project until decision has been taken by the Municipality
- Preparation and submission of relevant reports to Department for consideration and authorization. Acquiring essential site physical characteristics information in preparation of the site planning purposes such, topography, geology, cadastral boundaries, servitudes, existing infrastructural services map or condition, aerial photographs, existing structures, contours, roads, large rooted trees, fences, broad sectorial land uses, overhead power/telecommunication lines etc.)
- Investigation of applicable Town Planning development controls in relation to the property (i.e. Height, Coverage, FSR/FAR, Building lines, Parking requirements, Zoning etc)
- Preparation and submission of the rezoning applications
- Attending to all the required local authority processes regarding the above-mentioned applications such as public participation processes, advertisements, council meetings etc.
- Attending to all the public participation processes, advertisements and council meetings as required
- Acquiring comments from other Institutions or Departments for the above-mentioned applications if required
- Preparation of site development plans conceptualizing the location of the existing and proposed developments on site/s
- Screening of applicable development parameters to determine the actual development controls required for the proposed developments in line with the site development plans and existing developments

- Management and analysis of all specialists studies undertaken by sub-consultants
- Attend all project meetings as and when required.

TASK 2: SCOPE OF WORK FOR CIVIL ENGINEER

This Task Based Deliverable involves the scope of work for the sub-contracted **Professional Registered Civil Engineer / Technologist** which amongst others includes:

The main function is to carry out an investigation and prepare a "Civil Engineering Services Report" complying with the following guidelines:

Introduction

The Civil Engineering Services Report that is to be prepared for site clearance purposes must provide sufficient information regarding the feasibility in respect of the intended development of the property with specific regard to the availability and capacity of bulk and other civil engineering infrastructural services to enable the Department to decide on the suitability of the specific property for the intended development. The relevant aspects in terms of the services listed here below must be investigated and confirmation is to be provided that the intended development could be supported by such services.

In the case of an existing facility, a basic assessment must also be made and reported on in respect of the existing above surface (visible) on-site civil engineering infrastructure regarding its compliance with Departmental standards.

With the carrying out of the investigation and preparation of the report, cognizance must be taken of the following:

- The Department's design requirement as per the latest edition of the Department's Civil Engineering Manual (PW 347) as well as other relevant guidelines available on the Department's website, www.publicworks.gov.za (Consultants Guidelines).
- The specific Accommodation Requirements of the relevant Client department for the intended development.

Formal Requirements

The report must be prepared under the supervision of and signed by a Professional Engineer or a Professional Engineering Technologist.

General.

The following general information must be provided:

- g) Brief description of the envisaged facilities as defined by the Client Department in terms of *inter alia* its purpose as well as the building and construction areas. A copy of the Pre-Design Information Request

(PDIR) or the Procurement Instruction (PI), whichever is applicable, with the Client's official Accommodation Requirements (certified needs), must be included in the report.

- h) Basic locality plans (provincial and locality in town).
- i) A basic site plan showing the following:
 - ix. Demarcation of the property (boundaries, etc.).
 - x. The topography of the site with 0.5m contours or provides information that would describe the topographical characteristics.
 - xi. The 1 in 100 year flood line or if not readily available provide information that would adequately describe the situation (refer 3.4 Storm Water).
 - xii. In the case of an existing developed site:
 - The position of existing buildings and structures
 - The existing access/entrance to the site
 - The position of water, sewage and storm water connection points
 - Any possible legal and physical constraints such as way-leaves, servitudes, overhead power lines, heritage aspects, graves, rock outcrops, etc. of a civil engineering nature. The Town Planner as Team Leader to be coordinated with in terms of responsibility for reporting.

TECHNICAL REQUIREMENTS

Civil Engineering Services.

For all Civil engineering services, the following information must be covered in the report:

❖ Water Supply (Domestic and Fire)

- xi. An estimate with appropriate preliminary calculations of the average daily water demand with peak flows of the envisaged facility in respect of both for domestic and fire-fighting purposes, with a view to determine the flow volume(s) that will be required by the facility.
- xii. The recommended water source(s) supported with appropriate reasoning in terms of the sufficient quantity and quality of the water and its compliance with the applicable standards as well as the possible need for treatment.
- xiii. In the situation where a local authority is proposed as the most viable water source, the following must be provided:
 - The availability and sustainable capacity of bulk water.
 - The capacity of the local authority's infrastructure and distribution network in terms of flows, pressures and condition to provide in the facility's requirements.
 - The degree of fire-fighting capability of and assistance available from the local authority.

- Written confirmation in principle from the local authority regarding its capacity to provide in the water requirements as indicated above and an estimate of the possible bulk contribution cost.
 - Written confirmation in principle from the local authority that a water connection will be provided and an estimate of the possible cost.
 - Any special requirements of the local authority in terms of the provision of water services, e.g. fire-fighting aspects with comments and recommendations in terms thereof.
- xiv. In the situation where a local authority as a source is not possible or viable or deemed to be an unacceptable risk and the proposed source is boreholes, a river, etc., the following must be provided:
- Information regarding possible viable source options.
 - Information regarding further investigations that will have to be conducted.
 - Information regarding compliance with relevant legislation and if applicable further steps that will have to be taken to obtain the necessary approvals, authorizations, licenses etc. from the applicable authorities such as Department of Water and Sanitation, Department of Environmental Affairs, etc.
- (It is to be noted that the need for further investigations will be decided and instructed by the Department).*
- The sustainability and the possible spare capacity of the proposed source must be commented on.
- xv. The possible need for water storage and the availability of a suitable location on the property taking into account and reporting on the environmental requirements in terms of the height of water tower structures.

❖ Sewage / Waste Water

- xv. An estimate with appropriate preliminary calculations of the average daily flow volumes with peak flows of the envisaged facility with a view to determine the flow volumes that will be discharged by the facility.
- xvi. An assessment of disposal options with a recommendation of a viable method.
- xvii. In the situation where waste water is proposed to be disposed of into a local authority's system the following must be provided:
- Information regarding the availability and capacity of a local authority's treatment facility and sewerage network.
 - Written confirmation in principle from the local authority regarding its capacity in terms of its sewerage network and waste water treatment to accept the volumes as estimated and an estimate of the possible bulk contribution cost.

- Written confirmation in principle from the local authority that a sewage connection will be provided and an estimate of the possible cost.
- Any special requirements of the local authority in terms of the provision of waste water disposal services with comments and recommendations in terms thereof.

xviii. In the situation where disposal into a local authority's system is not viable or possible and where on-site treatment or other methods of disposal will be required, the following must be provided:

- Information regarding possible viable options for disposal of waste water with appropriate preliminary calculations e.g. of septic tank, soak-away (French) drain required capacities, etc. as applicable.
- Information regarding further investigations that will have to be done.
- Information regarding compliance with relevant legislation and if applicable further steps that will have to be taken to obtain the necessary approvals, authorizations, licenses, etc. from the applicable authorities such as Department of Water Affairs and Sanitation, Department of Environmental Affairs, etc.

(It is to be noted that the need for further investigations will be decided and instructed by the Department).

- xix. Should, off-site treatment or disposal as a possible result of space constraint on the envisaged property be contemplated, this must be stated together with the proposed means of sewage disposal.
- xx. Conservancy tank solutions should be avoided if possible.
- xxi. For dolomite sites the means of disposal shall not be septic tanks with soak-away (french) drains. This is deemed unacceptable and a recommendation/objection to this effect should be raised.

❖ Solid Waste

- xv. An estimate of the volume of waste that will be generated by the facility.
- xvi. An assessment of disposal options with a recommendation of a viable method.
- xvii. The capacity of a local authority's infrastructure for disposal.
- xviii. Written confirmation in principle from the local authority regarding its capacity for disposal of the volume as estimated and an estimate of possible bulk contribution costs.
- xix. Any special requirements of the local authority with comments and recommendations in terms thereof.
- xx. Should e.g. an incinerator be required for the facility, then an indication on whether meeting of the legal requirements such as licencing as well as other related criteria will be attainable, should be provided.

- xxi. If there are oil separators or fat traps on site, a comment on the location/position in relation to the buildings should be made (possible bad odour). The efficiency of the current system, the frequency of the cleaning fat tray(s) and access to the disposal facilities.

❖ Storm Water

- xiii. An evaluation of the acceptability of the site's location in terms of the risk of storm water flooding.
- xiv. The site's locality relative to the 1 in 100 year flood line and the Local Authority's or other legal specific requirements in respect of flood line relating aspects and development limitations as well as an indication on whether the envisaged development will comply.
- xv. An estimate with appropriate preliminary calculations of the probable storm water run-off according to the frequencies as per the "Guidelines for Human Settlement Planning and Design".
- xvi. An assessment of envisaged storm water management on site with a method of discharging from the site.
- xvii. Written confirmation in principle from the local or other responsible authority regarding its capacity for accepting storm water volumes as estimated from the site and a quotation of possible bulk contribution costs from the local authority if applicable.
- xviii. Any special requirements of the local authority e.g. attenuation dams which may impact on the envisaged development with comments and recommendations in terms thereof.

TASK 3: SCOPE OF WORK FOR ELECTRICAL ENGINEER

This Task Based Deliverable involves the scope of work described hereunder for the sub-contracted **Professional Registered Electrical Engineer / Technologist**

The electrical engineer scope of work at site clearance phase shall be limited to report on the following:

- Give a brief description of the site and the conditions. Indicate position on a sketch of existing supply point and if required new supply point.
- Obtain or determine the capacity of the existing electrical connection on site.
- Get confirmation from the local supply authority regarding type and size of electrical supply and what type of measurement and costing system are used.
- Indicate if spare capacity exists on the electrical network. Indicate the condition of the existing network and if the existing network complies with the relevant acts, standards and regulations. I.e. SANS 10142 and OHS ACT.
- Determine the closest supply point to the site.
- Determine the total load required for the existing and the new installation (additional accommodation).

- Get confirmation from the local supply authority in writing that they will be able to provide the total new load required. Obtain estimated cost from the local supply authority regarding the upgrading/new connection.
- Obtain confirmation from the local supply authority regarding the voltage the connection will be provided. (MV or LV)
- Advise the Department regarding regulatory and statutory requirements as well as any by-laws regarding the new connection.
- Advise the Department regarding any by-laws regarding emergency power supplies connected to the electrical network.

TASK 4: SCOPE OF WORK FOR GEOTECHNICAL SPECIALIST

This Task Based Deliverable involves the scope of work described hereunder for the sub-contracted Competent **Professional Registered Person (Geotechnical Specialist)**

Geotechnical Aspects.

An evaluation of the soil conditions, with a view to point out the possible impact on the design and construction costs of roads, parking and other services must be provided. For this purpose use should be made of the geotechnical report as prepared by the structural engineering and/or geotechnical engineering consultant. Geotechnical investigations should be executed in compliance with the Departmental guideline, PW 2006/1 and must be limited to basic investigations and analyses. This should include the following:

- Carry out a desktop study (topographical maps, geological maps, gathering information from previously conducted studies within the area maybe obtainable from the local authority and etc.)
- In the event where desktop study outcomes prove insufficient for the purpose, the digging of a limited number of shallow trial holes (until refusal with a TLB) and profiling thereof (upon approval from the property owners or authorities)
- Laboratory testing is limited to the determination of the basic soil properties clays (expansiveness), collapsible soils and etc., and only if a visual assessment could not be made and if regarded as an absolute necessity to enable a recommendation to be made on the suitability of the site.

(It is to be noted that the need for additional more detailed investigations may be motivated and will be decided upon and instructed by the Department). Such investigations shall be coordinated between the civil and structural or geotechnical engineering consultants to ensure that the information (soil types, parameters, etc.) gathered by the investigation and tests would be applicable to both civil and structural engineering requirements. The reporting with recommendations on civil and structural engineering aspects should however be presented separately.

Regarding the possible presence of dolomite, enquiries should be directed to the Directorate: Town Planning Services to provide a copy of, or the Dolomite Risk Management Unit of the Department's Directorate: Civil and Structural Engineering for the issuing of a Dolomite Status Certificate, a copy of which should be enclosed in this report.

TASK 5: SCOPE OF WORK FOR TRAFFIC AND TRANSPORTATION ENGINEER

➤ Transportation (Public Transport)

- A basic assessment based on applicable codes and standards of the possible need for public transport for users of the facility.
- The availability of public transport with reference to the anticipated need.
- Parking demand adjusted as allowed in TMH 16 and 17
- Written confirmation in principle from the local or other authorities regarding the availability of public transport.
- Any special requirements of the local authority with comments and recommendations in terms thereof.

➤ Site Traffic Assessment

- An assessment of the available space on the site to satisfy the calculated need for roads and parking. If parking is not provided within the proposed development, a parking layout, compatible with the proposed site layout, must be provided.
- The site layout plan need to allow for both the excess, out of building, parking as well as visitors parking. Where no visitors or employee parking is prescribed (THM 17) a comparative survey of a similar facility should be used or undertaken to provide realistic planning numbers.
- Parking area layout design as contained in the COTO documents must be applied, with specific attention given to ease of access and traffic flow.
- Access to sites is specific to the development and must be approved by the local authority as part of the Building Application. Provisional approvals will not be accepted.

➤ Traffic Impact Assessment

- A basic assessment of the possible impact that the envisaged development will have on existing traffic patterns as well as the resultant possible need for upgrading of relevant traffic and road infrastructure, including on existing traffic management measures.
- A recommendation based on TMH 16, on the need for a detailed traffic impact study, must be made. This will determine the scope of the detail required for the traffic report.
- Written confirmation from the local authority regarding the need for upgrading of traffic and road infrastructure and an estimate of bulk contribution costs.
- Final recommendations regarding access to the site.
- Written confirmation in from the local authority regarding the availability of access to the site and an estimate of possible bulk contribution costs.
- Any special requirements of the local authority with comments and recommendations in terms thereof.

TASK 6: SCOPE OF WORK FOR ENVIRONMENTALIST

This Task Based Deliverable involves the scope of work for the sub-contracted **Environmental** which includes:

- Undertaking of environmental screening to determine all activities triggering an environmental impact assessment (EIA) process.
- Undertaking of specialist studies excluding heritage assessment.
- Application to DEA for registration of EIA if applicable.
- Undertaking scoping process of EIA
- Submission and approval of scoping report.
- Preparation of EIA report.
- Preparation of the environmental management programme (EMPr)
- Submission and approval of EIA.

- Follow up on responses from competent authority.
- Attainment of environmental authorisation.

SCOPE OF WORK FOR UPINGTON HIGH COURT

PROJECT BACKGROUND

Upington High Court - The subject property is located on Erf 330 Upington. The property measures approximately 2 Ha, and the property is zoned 'Government'. The site has an existing structure that is more than 60 years of age.

SCOPE OF WORK

TASK 1: SCOPE OF WORK FOR PROJECT MANAGER/ TOWN PLANNER

This Task Based Deliverable involves the scope of work for the Professional Registered Town Planner for which among others includes at least the following:-

- Preparation of motivational memorandum including required documentation and submission to relevant municipality for consideration.
- Address restrictive conditions that must be removed. (if applicable)
- Site orientation
- Briefing of sub-consultants
- Compile and lodge all documentation required for this type of application.
- Overall management of the project until decision has been taken by the Municipality
- Preparation and submission of relevant reports to Department for consideration and authorization.
- Attend all project meetings as and when required.
- Development of SDP and other related drawings

TASK 2: SCOPE OF WORK FOR CIVIL ENGINEER

This Task Based Deliverable involves the scope of work for the sub-contracted **Professional Registered Civil Engineer / Technologist** which amongst others includes:

The main function is to carry out an investigation and prepare a "Civil Engineering Services Report" complying with the following guidelines:

Introduction

The Civil Engineering Services Report that is to be prepared for site clearance purposes must provide sufficient information regarding the feasibility in respect of the intended development of the property with specific regard to the availability and capacity of bulk and other civil engineering infrastructural services to enable the Department to decide on the suitability of the specific property for the intended development. The relevant aspects in terms of the services listed here below must be investigated and confirmation is to be provided that the intended development could be supported by such services.

In the case of an existing facility, a basic assessment must also be made and reported on in respect of the existing above surface (visible) on-site civil engineering infrastructure regarding its compliancy with Departmental standards.

With the carrying out of the investigation and preparation of the report, cognizance must be taken of the following:

- The Department's design requirement as per the latest edition of the Department's Civil Engineering Manual (PW 347) as well as other relevant guidelines available on the Department's website, www.publicworks.gov.za (Consultants Guidelines).
- The specific Accommodation Requirements of the relevant Client department for the intended development.

Formal Requirements

The report must be prepared under the supervision of and signed by a Professional Engineer or a Professional Engineering Technologist.

General.

The following general information must be provided:

- j) Brief description of the envisaged facilities as defined by the Client Department in terms of *inter alia* its purpose as well as the building and construction areas. A copy of the Pre-Design Information Request (PDIR) or the Procurement Instruction (PI), whichever is applicable, with the Client's official Accommodation Requirements (certified needs), must be included in the report.
- k) Basic locality plans (provincial and locality in town).

- l) A basic site plan showing the following:
- xiii. Demarcation of the property (boundaries, etc.).
 - xiv. The topography of the site with 0.5m contours or provides information that would describe the topographical characteristics.
 - xv. The 1 in 100 year flood line or if not readily available provide information that would adequately describe the situation (refer 3.4 Storm Water).
 - xvi. In the case of an existing developed site:
 - The position of existing buildings and structures
 - The existing access/entrance to the site
 - The position of water, sewage and storm water connection points
 - Any possible legal and physical constraints such as way-leaves, servitudes, overhead power lines, heritage aspects, graves, rock outcrops, etc. of a civil engineering nature. The Town Planner as Team Leader to be coordinated with in terms of responsibility for reporting.

TECHNICAL REQUIREMENTS

Civil Engineering Services.

For all Civil engineering services, the following information must be covered in the report:

❖ Water Supply (Domestic and Fire)

- xvi. An estimate with appropriate preliminary calculations of the average daily water demand with peak flows of the envisaged facility in respect of both for domestic and fire-fighting purposes, with a view to determine the flow volume(s) that will be required by the facility.
- xvii. The recommended water source(s) supported with appropriate reasoning in terms of the sufficient quantity and quality of the water and its compliance with the applicable standards as well as the possible need for treatment.
- xviii. In the situation where a local authority is proposed as the most viable water source, the following must be provided:
 - The availability and sustainable capacity of bulk water.
 - The capacity of the local authority's infrastructure and distribution network in terms of flows, pressures and condition to provide in the facility's requirements.
 - The degree of fire-fighting capability of and assistance available from the local authority.
 - Written confirmation in principle from the local authority regarding its capacity to provide in the water requirements as indicated above and an estimate of the possible bulk contribution cost.
 - Written confirmation in principle from the local authority that a water connection will be provided and an estimate of the possible cost.

- Any special requirements of the local authority in terms of the provision of water services, e.g. fire-fighting aspects with comments and recommendations in terms thereof.

xix. In the situation where a local authority as a source is not possible or viable or deemed to be an unacceptable risk and the proposed source is boreholes, a river, etc., the following must be provided:

- Information regarding possible viable source options.
- Information regarding further investigations that will have to be conducted.
- Information regarding compliance with relevant legislation and if applicable further steps that will have to be taken to obtain the necessary approvals, authorizations, licenses etc. from the applicable authorities such as Department of Water and Sanitation, Department of Environmental Affairs, etc.

(It is to be noted that the need for further investigations will be decided and instructed by the Department).

- The sustainability and the possible spare capacity of the proposed source must be commented on.
- xx. The possible need for water storage and the availability of a suitable location on the property taking into account and reporting on the environmental requirements in terms of the height of water tower structures.

❖ **Sewage / Waste Water**

xxii. An estimate with appropriate preliminary calculations of the average daily flow volumes with peak flows of the envisaged facility with a view to determine the flow volumes that will be discharged by the facility.

xxiii. An assessment of disposal options with a recommendation of a viable method.

xxiv. In the situation where waste water is proposed to be disposed of into a local authority's system the following must be provided:

- Information regarding the availability and capacity of a local authority's treatment facility and sewerage network.
- Written confirmation in principle from the local authority regarding its capacity in terms of its sewerage network and waste water treatment to accept the volumes as estimated and an estimate of the possible bulk contribution cost.
- Written confirmation in principle from the local authority that a sewage connection will be provided and an estimate of the possible cost.
- Any special requirements of the local authority in terms of the provision of waste water disposal services with comments and recommendations in terms thereof.

xxv. In the situation where disposal into a local authority's system is not viable or possible and where on-site treatment or other methods of disposal will be required, the following must be provided:

- Information regarding possible viable options for disposal of waste water with appropriate preliminary calculations e.g. of septic tank, soak-away (French) drain required capacities, etc. as applicable.
- Information regarding further investigations that will have to be done.
- Information regarding compliance with relevant legislation and if applicable further steps that will have to be taken to obtain the necessary approvals, authorizations, licenses, etc. from the applicable authorities such as Department of Water Affairs and Sanitation, Department of Environmental Affairs, etc.

(It is to be noted that the need for further investigations will be decided and instructed by the Department).

- xxvi. Should, off-site treatment or disposal as a possible result of space constraint on the envisaged property be contemplated, this must be stated together with the proposed means of sewage disposal.
- xxvii. Conservancy tank solutions should be avoided if possible.
- xxviii. For dolomite sites the means of disposal shall not be septic tanks with soak-away (french) drains. This is deemed unacceptable and a recommendation/objection to this effect should be raised.

❖ Solid Waste

- xxii. An estimate of the volume of waste that will be generated by the facility.
- xxiii. An assessment of disposal options with a recommendation of a viable method.
- xxiv. The capacity of a local authority's infrastructure for disposal.
- xxv. Written confirmation in principle from the local authority regarding its capacity for disposal of the volume as estimated and an estimate of possible bulk contribution costs.
- xxvi. Any special requirements of the local authority with comments and recommendations in terms thereof.
- xxvii. Should e.g. an incinerator be required for the facility, then an indication on whether meeting of the legal requirements such as licencing as well as other related criteria will be attainable, should be provided.
- xxviii. If there are oil separators or fat traps on site, a comment on the location/position in relation to the buildings should be made (possible bad odour). The efficiency of the current system, the frequency of the cleaning fat tray(s) and access to the disposal facilities.

❖ Storm Water

- xix. An evaluation of the acceptability of the site's location in terms of the risk of storm water flooding.
- xx. The site's locality relative to the 1 in 100 year flood line and the Local Authority's or other legal specific requirements in respect of flood line relating aspects and development limitations as well as an indication on whether the envisaged development will comply.
- xxi. An estimate with appropriate preliminary calculations of the probable storm water run-off according to the frequencies as per the "Guidelines for Human Settlement Planning and Design".
- xxii. An assessment of envisaged storm water management on site with a method of discharging from the site.
- xxiii. Written confirmation in principle from the local or other responsible authority regarding its capacity for accepting storm water volumes as estimated from the site and a quotation of possible bulk contribution costs from the local authority if applicable.
- xxiv. Any special requirements of the local authority e.g. attenuation dams which may impact on the envisaged development with comments and recommendations in terms thereof.

TASK 3: SCOPE OF WORK FOR ELECTRICAL ENGINEER

This Task Based Deliverable involves the scope of work described hereunder for the sub-contracted **Professional Registered Electrical Engineer / Technologist**

The electrical engineer scope of work at site clearance phase shall be limited to report on the following:

- Give a brief description of the site and the conditions. Indicate position on a sketch of existing supply point and if required new supply point.
- Obtain or determine the capacity of the existing electrical connection on site.
- Get confirmation from the local supply authority regarding type and size of electrical supply and what type of measurement and costing system are used.
- Indicate if spare capacity exists on the electrical network. Indicate the condition of the existing network and if the existing network complies with the relevant acts, standards and regulations. I.e. SANS 10142 and OHS ACT.
- Determine the closest supply point to the site.
- Determine the total load required for the existing and the new installation (additional accommodation).
- Get confirmation from the local supply authority in writing that they will be able to provide the total new load required. Obtain estimated cost from the local supply authority regarding the upgrading/new connection.
- Obtain confirmation from the local supply authority regarding the voltage the connection will be provided. (MV or LV)

- Advise the Department regarding regulatory and statutory requirements as well as any by-laws regarding the new connection.
- Advise the Department regarding any by-laws regarding emergency power supplies connected to the electrical network.

TASK 4: SCOPE OF WORK FOR GEOTECHNICAL SPECIALIST

This Task Based Deliverable involves the scope of work described hereunder for the sub-contracted Competent **Professional Registered Person (Geotechnical Specialist)**

Geotechnical Aspects.

An evaluation of the soil conditions, with a view to point out the possible impact on the design and construction costs of roads, parking and other services must be provided. For this purpose use should be made of the geotechnical report as prepared by the structural engineering and/or geotechnical engineering consultant. Geotechnical investigations should be executed in compliance with the Departmental guideline, PW 2006/1 and must be limited to basic investigations and analyses. This should include the following:

- Carry out a desktop study (topographical maps, geological maps, gathering information from previously conducted studies within the area maybe obtainable from the local authority and etc.)
- In the event where desktop study outcomes prove insufficient for the purpose, the digging of a limited number of shallow trial holes (until refusal with a TLB) and profiling thereof (upon approval from the property owners or authorities)
- Laboratory testing is limited to the determination of the basic soil properties clays (expansiveness), collapsible soils and etc., and only if a visual assessment could not be made and if regarded as an absolute necessity to enable a recommendation to be made on the suitability of the site.

(It is to be noted that the need for additional more detailed investigations may be motivated and will be decided upon and instructed by the Department). Such investigations shall be coordinated between the civil and structural or geotechnical engineering consultants to ensure that the information (soil types, parameters, etc.) gathered by the investigation and tests would be applicable to both civil and structural engineering requirements. The reporting with recommendations on civil and structural engineering aspects should however be presented separately.

Regarding the possible presence of dolomite, enquiries should be directed to the Directorate: Town Planning Services to provide a copy of, or the Dolomite Risk Management Unit of the Department's Directorate: Civil and Structural Engineering for the issuing of a Dolomite Status Certificate, a copy of which should be enclosed in this report.

TASK 5: SCOPE OF WORK FOR TRAFFIC AND TRANSPORTATION ENGINEER

➤ Transportation (Public Transport)

- A basic assessment based on applicable codes and standards of the possible need for public transport for users of the facility.
- The availability of public transport with reference to the anticipated need.
- Parking demand adjusted as allowed in TMH 16 and 17
- Written confirmation in principle from the local or other authorities regarding the availability of public transport.
- Any special requirements of the local authority with comments and recommendations in terms thereof.

➤ Site Traffic Assessment

- An assessment of the available space on the site to satisfy the calculated need for roads and parking. If parking is not provided within the proposed development, a parking layout, compatible with the proposed site layout, must be provided.
- The site layout plan need to allow for both the excess, out of building, parking as well as visitors parking. Where no visitors or employee parking is prescribed (THM 17) a comparative survey of a similar facility should be used or undertaken to provide realistic planning numbers.
- Parking area layout design as contained in the COTO documents must be applied, with specific attention given to ease of access and traffic flow.
- Access to sites is specific to the development and must be approved by the local authority as part of the Building Application. Provisional approvals will not be accepted.

➤ Traffic Impact Assessment

- A basic assessment of the possible impact that the envisaged development will have on existing traffic patterns as well as the resultant possible need for upgrading of relevant traffic and road infrastructure, including on existing traffic management measures.
- A recommendation based on TMH 16, on the need for a detailed traffic impact study, must be made. This will determine the scope of the detail required for the traffic report.
- Written confirmation from the local authority regarding the need for upgrading of traffic and road infrastructure and an estimate of bulk contribution costs.
- Final recommendations regarding access to the site.
- Written confirmation in from the local authority regarding the availability of access to the site and an estimate of possible bulk contribution costs.
- Any special requirements of the local authority with comments and recommendations in terms thereof.

TASK 6: SCOPE OF WORK FOR HERITAGE ARCHITECT

This Task Based Deliverable involves the scope of work for the sub-contracted **Professional Registered Architect/Technologist with Heritage Experience** which amongst others includes:

Site Development Plan

- Produce detailed site plan/ concept plan design of the essential staff housing and security in compliance with Municipal Spatial Planning Use Management Act (SPLUMA)
- Attend all inputs as may be raised by both Municipality as well as the Department of Public Works & Infrastructure
- Compile parking in compliance of the relevant town planning scheme development control parameters in consultation with the Departments Architect.

Attend all project meetings as and when required

Heritage Impact Assessment

According to the National Heritage Resources Act, 1999 (Act no. 25 of 1999), any development greater than 0.5 ha must have a Phase 1: Heritage Impact Assessment undertaken. The study will outline the existing heritage features (if any) and will assess the potential impact of the development on these resources and recommend appropriate mitigation measures.

Each cultural heritage, architectural, or archaeological site, object and/or structure will be identified, documented, classified according to the National Heritage Resources (NHRA; Act no 25 of 1999) and described according to minimum accepted standards. The site/s will then be assessed according to criteria such as conservation status, integrity, current utilization and significance.

A. Documentation

Documentation of heritage resources identified on site will entail the following:

- Site coordinates defined with a GPS and marked on 1:50 000 map sheets;
- Each site identified will be annotated with the following basic information:
- Cultural heritage feature period and typology (i.e. Early Stone Age, Middle Stone Age etc);
 - Potential threats to the site;
 - Value of the site (research, academic or other);
 - Rating of site according to the South African Heritage Resources agency (SAHRA) specifications; and
 - Digital photographs capturing the essence of the site.

B. Site Conservation Status and Integrity

Site conservation status refers to the degree of current preservation of each heritage site. This is rates as poor, fair / medium or good. Site integrity refers to the interpretation of the context of identified resources i.e. primary or secondary. A primary site would be one where the heritage resource is in its original context, i.e. unmoved and relative undisturbed. A secondary site would be as a result of displacement either by natural or anthropogenic means.

C. Current Utilization

This refers to the way in which a site is presently being used, if at all.

D. Significance

Significance refers to the overall rating of the site. This ranges from low, medium to high. Low significance means that the site is unlikely to produce any new information. Medium significance means that the site is of such quality or rarity, that more information can be gained from further research.

TASK 7: ENVIRONMENTAL IMPACT ASSESSMENT (EIA)

This Task Based Deliverable involves the scope of work for the sub-contracted **Environmental**ist which includes:

- Undertaking of environmental screening to determine all activities triggering an environmental impact assessment (EIA) process.
- Undertaking of specialist studies excluding heritage assessment.
- Application to DEA for registration of EIA if applicable.
- Undertaking scoping process of EIA
- Submission and approval of scoping report.
- Preparation of EIA report.
- Preparation of the environmental management programme (EMPr)
- Submission and approval of EIA.
- Follow up on responses from competent authority.
- Attainment of environmental authorisation.

The Summary Below Is The Scope Of Work For Each Project:

Project	Scope of Work
Vosburg	▪ Town Planning: Project Management ▪ Land Surveyor ▪ Conveyancer ▪ Civil Engineering ▪ Geo-tech Civil Engineering

	▪ Traffic and Transportation Engineering ▪ Electrical Engineering ▪ EIA
Vanwkysvlei,	▪ Town Planning: Project Management ▪ Civil Engineering ▪ Geo-tech Civil Engineering ▪ Traffic and Transportation Engineering ▪ Electrical Engineering ▪ EIA
Windsorton	▪ Town Planning: Project Management ▪ Civil Engineering ▪ Geo-tech Civil Engineering ▪ Traffic and Transportation Engineering ▪ Electrical Engineering ▪ Electrical Engineering ▪ EIA
Uppington High Court	▪ Town Planning: Project Management ▪ Civil Engineering ▪ Geo-tech Civil Engineering ▪ Traffic and Transportation Engineering ▪ Electrical Engineering ▪ Electrical Engineering ▪ EIA ▪ Heritage Impact Assessment

C3.2.1.2 Location of the Project

See above location on the scope of work.

C3.2.1.3 Project Programme

DETAILS OF MILESTONES	PROJECT DELIVERABLES	DELIVERABLES TIMEFRAMES (min-max)
PHASE 1: analysis of the existing infrastructure		
▪ Desktop analysis of the existing infrastructure by all the professionals.	▪ Desktop report with recommendations of all the disciplines.	3 weeks
PHASE 2: SITE AUDIT LEGALISATION AND APPROVALS		
▪ Detailed specialists studies undertaken by sub-consultants such as civil, electrical and investigation reports, Transportation/ Traffic Engineering, geotechnical investigations ▪ Legalization of the property according to the recommendations from Phase 1 ▪ Addressing all the legal matters on site, this includes: ○ EIA processes ○ Rezoning ▪ Acquire all required approvals i.e. Zoning Certificate and Approval from DEA	▪ Comprehensive site audit report inclusive of all detailed specialists reports ▪ Feasibility reports and all relevant approvals from all the professionals.	10 months and 2 weeks
PHASE 3 : FINALIZATION OR PROJECT CLOSE OUT		
▪ Preparation and submission of the final site clearance reports with all approvals and sub-consultants reports	▪ Final site clearance report with all required approvals, confirmation letters for bulk services from the local authority.	3 weeks

The project execution is hereto expected to be completed by the Service Provider in line with the above time period hence the contract is valid only for 12 months maximum and the Project Execution Plan (PEP) to be submitted within seven (07) days after appointment. Any deviation to the above although within the 12months period to be agreed with and must be approved by the Departmental Project Manager. With the milestones in mind, a Project Execution Plan (PEP) must be submitted in the format and within the time period stated in 3.15 of the Contract Data.

The PEP shall depict the work procedure proposed to obtain required result. It must, *inter alia*, include:

- a) cost per key milestone events/activities and/or deliverables;
- b) programme of key milestone events or activities for completion of Services;
- c) responsibilities, and facilities/resources that will be provided,
- d) CV of all persons whom the consultant proposes to use where qualifications or experience are of crucial importance.

The programme for the execution of the project is dependent on the various approval processes within the Department and a programme with specific time frames can therefore not be provided at tender stage since it will depend on the time frames required by the consultants for completion of the design and documentation based on the final scope of work, as well as approval processes within the Department and other legislative bodies from whom approvals may be required. The final programme will be in accordance with the approved programme in terms of clause 3.15 of

the Standard Professional Services Contract and clause 3.15.1 of the Contract Data. The following table depicts provisional project milestone dates envisaged for tendering purposes only (To be removed):

C3.2.1.4 Information available from Employer
Department of Public Works and Infrastructure: Project Manager: Victoria Sukumani
Available Documents: Title Deed and SG Diagram

C3.2.1.5 Reporting Requirements and Approval Procedure

As identified in C3.3 extent of the Services and the to-be-submitted PEP.

Notwithstanding any other requirements as listed elsewhere, the Service Provider shall submit a monthly report indicating progress of the Services.

C3.3 Extent of the Services

The specific town planning services required on this Project and referred to in C3.2 above entails the following, relative to the site to be cleared: [The Employer reserves the right to increase/decrease the services marked herein].

C3.3.1 ☐ Site Identification

If a site is not pre-identified by either the Client Department of the departmental project manager, the Service Provider must identify suitable sites, provide substantiation deliberations and recommend the most suitable site.

Deliverable: Site Identification Report

Site Identification Report to show alternative site options with pro's and con's, the evaluation of each option with a point scoring system and a recommended as to the best site for the purposes of the proposed development. The said Report to cover the following, duly supplemented with annexures:

- ☐ Property Description
- ☐ Locality map
- ☐ Land-use map
- ☐ Ownership
- ☐ Property Size
- ☐ Zoning/Land use rights
- ☐ Heritage aspects to be investigated
- ☐ Environmental aspects to be investigated
- ☐ Access
- ☐ Accessibility
- ☐ Feasibility
- ☐ Availability of Services
- ☐ Alternative site options
- ☐ Recommendation

C3.3.2 ☒ Site Audit

If a site was identified by the client department or the departmental project manager as an acceptable site for the development, the Services Provider's task is to verify whether the proposed site is suitable for the proposed facilities and to confirm the availability, feasibility and legal status of the proposed development on the site. The use of specialist professionals may be required.

Deliverable: Site Audit Report

Audit of the acceptable site's pros and con's, verification of viability of pre-determined site, findings and recommendations.

- ☐ Title Deeds

- ☒ Surveyor General Diagram
- ☐ Topographical Land Survey with contours, structures, trees etc.
- ☒ Servitudes, services traversing the site, right of ways
- ☒ Locality map
- ☒ Land-use map
- ☒ Impact on the surrounding land uses from the proposed development
- ☒ Impact on the development from the surrounding land uses
- ☒ Zoning certificate
- ☒ Heritage aspects to be investigated and application lodged if needed
- ☒ Need for EIA or Basic Assessment or Exemption
- ☒ Confirm Access and Accessibility
- ☒ Infrastructure Services report indicating capacity of services
- ☒ Geotechnical Report
- ☒ Site contamination/pollution report
- ☒ Traffic Impact Assessment and mitigation measures
- ☒ Photographs, aerial photographs, maps
- ☒ Community support
- ☒ Recommendation

Professional inputs required

Specialist/professional services that may be required for this appointment/project may include any of the following:

- ☒ Civil and
- ☐ Architect
- ☒ Electrical Engineers
- ☒ Traffic/Transport Engineers
- ☐ Mechanical Engineers
- ☐ Structural Engineers
- ☒ Land Surveyor
- ☒ Environmental Consultant
- ☒ Geotechnical Specialist
- ☐ Soil Scientist
- ☒ Heritage Specialist
- ☐ Contamination/pollution specialist
- ☒ Any Specialist as may be required depending on the characteristic of the property

3.3.3 ☐ Land Procurement / Availability

If no suitable State owned property is available for the intended service, the department needs to secure alternative land for the proposed development. As such it is expected of the Service Provider to enter into preliminary negotiations and to conclude a Land Availability Agreement, which includes confirmation of all conditions pertaining to the proposed transaction, as well as the owner's willingness to make the land available to the State.

Deliverable: Land procurement report

Report to motivate the need to procure land to create an appropriate site for the proposed development.

- ☐ Land ownership report
- ☐ Land availability
- ☐ Probable conditions and cost implications
- ☐ Diagram of required land
- ☐ Title deeds
- ☐ Valuations
- ☐ Draft Deed of Sale (obtainable from the Regional Office of DPW)
- ☐ Council Resolution when Municipal land is to be acquired/ donated
- ☐ If property has been vested (Item 28(1) Certificate to be obtained from ☐ Department of Agriculture Land Reform and Rural Development)
- ☐ Deed of Donation is required in the event that the property being the subject of a donation.

If the land is held in trust for a Tribal Authority or in the ownership of the Department of Land Affairs (the old TBVC-areas), it is necessary to obtain Tribal approval of the proposed acquisition/donation. It is then necessary to obtain an Item 28(1) certificate form the Department of Land Affairs.

- ☐ **Meeting with Tribal Authority in the presence of an authorized official Of the Department of Land Affairs**
- ☐ **Tribal Authority approval Surveyed Diagram**
- ☐ **Item 28(1) Certificate**
- ☐ **PTO from Department of Traditional Affairs in KwaZulu-Natal – only for Ngonyama Trust Land**

3.3.4 ☒ **Site Creation**

This is the final phase of the project. The outcome informs the departmental project manager on site information available or remaining, risk factors for the planning and construction phases, approvals obtained, remaining approvals, conditions to guide planning and development, important issues to note.

Legalization

After a proposed or determined site is selected and approved by the departmental project manager and client department, the process of formalization is referred to as Site Creation and may include the following unless circumstances dictate differently in which case the PEP must be adjusted and agreed prior to execution of the Service:

- ☐ **Township Establishment**
- ☒ **Rezoning**
- ☐ **Consent use**
- ☒ **Consolidation**
- ☐ **Subdivision**
- ☐ **Removal of restrictions**
- ☐ **DFA-application**
- ☒ **Environmental Authorization from the National Department of Environmental Affairs**
- ☐ **Water Use License Authorization from the National Department of Water Affairs**
- ☒ **Heritage audit/approval**
- ☐ **Less Formal Township Establishment**

Deliverable: Site Report

Final report containing the site information/documentation from all professions and all approvals from authorities. This is deemed the final product.

- ☒ **Essential engineering services capacity vs. demand report**
- ☐ **Approved SG Diagram**
- ☐ **Title Deeds**
- ☒ **Heritage approval (SAHRA permit & conditions)**
- ☒ **EIA authorizations and report it. Act 73 of 1989**
- ☐ **Water Use authorization**
- ☒ **Environmental Management Plan imposed on the execution phase (EIA)**
- ☐ **Land use rights approval from the municipality**
- ☒ **Local Authority Financial Contributions**
- ☒ **Infrastructure Service Level Agreement**

C3.4 Use of reasonable skill and care

It will be expected of the Service Provider to apply reasonable skills and due diligence in the execution of the duties stipulated in this document which shall include *inter alia* the following:

Although the Service Provider's documents may be scrutinised by the Employer, this shall in no way relieve him of his professional responsibility for the proper and prompt execution of his duties.

The Employer shall also be entitled to have any documentation or calculations verified by Others. In the event of mal-performance, default or negligence, the Employer shall have the right to claim compensation or damages and set off such against any amount payable.

Occupational Health and Safety Act, 1993 (Act 85 of 1993)

The Service Provider shall be fully responsible for the compliance of his operation, equipment as well as staff and persons under his supervision in terms of the said Act, whether by invitation, instruction or otherwise and regardless of the capacity, purpose and relationship of any such persons to the appointment, to all aspects of all applicable regulations and stipulations under the Act.

Others may include, but are not limited to, Local, provincial and national authorities, statutory bodies, governmental departments, Others, as may be required from time to time, including the client department/end user(s).

C3.5 Brief

C3.5.1 Targeted dates and times

The Service Provider will be expected throughout to give preference to the execution of the work involved in this commission.

All work is to be performed by the persons listed as Key Persons and persons under their supervision and further be executed as described in the Programme according to clause 3.15 of the Contract Data (and/or PEP according to the same clause, if applicable).

C3.5.2 Final disposal of documents

Upon approval and finalisation of the final account of projects requiring a security clearance, it is a requirement that the Service Provider forward to the Employer all documents relating to this service. The same may be requested on any other project of the Employer.

C3.6 Applicable legislation and standards

This section applies to legislation emanating from national and provincial governments as well as that of any local authorities in whose area of jurisdiction the subject of the appointment falls and which has a bearing on the activities and services under this appointment.

All the applicable legislation, which do not specifically allow discretion in respect of compliance by the State, shall be followed exactly as intended by such legislation regardless of any instructions, verbal or in writing, to the contrary.

Should any applicable legislation allow discretion in respect of compliance by the State, it shall be followed exactly as intended by the relevant legislation as if no discretion is allowed until such time as specific instructions in writing are issued to the appointed professional team by the departmental project manager.

The Service Provider undertakes to ensure that his actions and outcome thereof including, but not limited to, the services to be affected by the Services shall be in accordance with all relevant legislation.

C3.7 Access to land/buildings/sites

Access to the land/buildings/sites shall be negotiated in consultation with the departmental project manager and with the pre-agreement with owner of such land/buildings/sites.

C3.8 Software application for programming

The Service Provider must avail himself of software to be used in the Project documentation for compatibility with other Service Providers as well as the Employer.

C3.9 Security clearance

It is an explicit condition of this agreement that partners, directors and/or the members of staff who will have insight into the planning of projects requiring security clearance, be kept to a minimum and that such persons will not object to being submitted to a security clearance, if the Employer so requires.

If the latter is applicable, the necessary forms will accompany this tender or be provided to the Service Provider at any stage thereafter. These forms must be completed, if attached, and returned with the tender. It is important to furnish information which is complete in every respect.

Should the authority responsible for the clearance, for security reasons not be satisfied with the classification obtained of any of the staff members of the Service Provider, it will be a further condition of this appointment that none of such staff members be involved with any aspect of the Project.

All documents pertaining to these projects must be stored in a safe place when not in use so as to ensure that the level of security of the projects is maintained.

The Employer will not accept liability for any costs in this regard.

FINGER PRINTS (except Defence projects)

Persons of whom security clearance is required can obtain a finger print form SAP 91(a) from any police station. Kindly ensure that the police official responsible for taking the finger prints certifies the form since non-certification will result in the form being unacceptable.

C3.10 Condition to accept unregistered persons with suitable built environment qualifications on secondment

It is an express term of the contract that the Service Provider, after award of tender, accept unregistered, suitably qualified (built environment) persons in his office for the purpose of exposing the latter to the full extent of professional work, or as may be required according to specific circumstances, in order to gain experience which can be presented to the relevant Council for consideration towards professional registration. The secondment of such unregistered persons will be negotiated with the Service Provider in terms of numbers, periods of training and extent of professional work opportunity to be afforded. The conditions of secondment will be the subject of a separate Memorandum of Understanding with the Service Provider which will serve as an annexure hereto. Any secondment arrangements will cease upon the professional registration of the seconded person or as agreed on and so included in the aforesaid Memorandum of Understanding. The responsibility for salaries of seconded persons will remain with the Employer, but responsibility for operational expenses, necessary for the execution of the work, will vest with the Service Provider, all of which will be dealt with in the Memorandum of Understanding.

C3.11 Submission of Accrual Reports

The Service Provider shall submit accrual reports to the client representative at the end of March and September each year for the duration of the Service Contract period from the date of appointment up to and including project closeout. This is to ensure that PMTE complies with the accounting framework GRAP, which requires that PMTE disclose all its accruals as at the end of each reporting date.

C3.12 Submission of monthly Project Progress Report (PPR)

The Principal Agent will submit monthly an updated Project Progress Report (PPR) in accordance with DPWI standard proforma, on a date as agreed with the Employer's Representative.

C3.13 Contract Skills Development Goal

The Contract Skills Development Goal is N/A to this project.

The cidb Standard for Developing Skills through Infrastructure Contracts as published in the Government Gazette Notice, No. 43495 of 3 July 2020 where the Service Contract has a duration of 12 months or more, and the professional fees excluding allowances and including VAT exceeds R5 million. This best practice Standard for developing skills through infrastructure contracts standard establishes a minimum contract skills development goal which is to be achieved in the performance of a contract in relation to the provision of different types of workplace opportunities linked to work associated with a contract which culminate in or lead to registration in a professional category by one of the professional bodies listed in the standard (Table 1).

Table 1: Categories of registration

Profession	Category of registration	Act
Architectural	Architect, Senior Architectural Technologist, Architectural Technologist or Architectural Draughts person	Architectural Profession Act of 2000 (Act No.44 of 2000)
Construction Project Management or Construction Management	Construction Project Manager or Construction Manager	Project and Construction Management Professions Act of 2000 (Act No. 48 of 2000)
Engineering	Engineer, Engineering Technologist, Engineering Technician or Certificated Engineer	Engineering Profession Act of 2000 (Act No. 46 of 2000)
Health and Safety Practitioners	Construction Health and Safety Agent, Construction Health and Safety Manager, Construction Health and Safety Officer	Occupational Health and Safety Act of 1993 (Act No. 85 of 1993) Construction Regulations, 2014
Landscape Architectural	Landscape Architect, Landscape Technologist, Landscape Technician or Landscape Assistant	Landscape Architectural Profession Act of 2000 (Act No. 45 of 2000)
Planning	Planner or Technical planner	Planning Profession Act, 2002. (Act No. 36 of 2002)
Quantity surveying	Quantity surveyor	Quantity Surveying Profession Act of 2000 (Act No. 49 of 2000)
Scientists/Environmentalists	Natural scientists	Natural Scientific Professions Act (Act No. 27 of 2003)/S24H of NEMA (Act No. 107 of 1998) and the Section 24H Registration Authority Regulations
Surveying	Land surveyor, Engineering surveyor or Technician engineering surveyor	Professional and Technical Surveyors' Act (Act No. 40 of 1984)
Valuers	Valuer or Associate Valuer	Property Valuers Profession Act (Act No. 47 of 2000)

The Contract Skills Development Goal (CSDG) is the number of hours of skills development opportunities that a Service Provider contracts to provide in relation to work directly related to the Service Contract up to completion the Professional Service Contract. The contract skills development goals, expressed in hours, shall be not less than the professional fees [(1) from the Activity Schedule + VAT] in millions of Rand multiplied by 150 where professional fees is the financial value of a professional service contract at the time of the award of the contract excluding all allowances and expenses, but including value added tax.

Example: The contract amount for a professional services contract is R5.6 m. The contract skills development goal in hours is $R5.6m \times 150 = 840$ hours, where the contract amount is the basic fee for services excluding allowances but including VAT.

Where required in terms of the service contract, a specified proportion of the learners and candidates shall be selected from persons in the employ of the state who meet the relevant eligibility criteria for the relevant programme.

Where required in terms of the service contract, the Employer shall advise the Service Provider of the types of training to be undertaken by the learners and candidates. The mentor shall be a registered person, designated to guide a learner of candidate through structured work experience learning component of a learning programme required for the acquisition of a part or full qualification or professional designation.

Achieving the Contract Skills Development Goal (CSDG)

The Service Provider shall achieve the measurable contract skills development goal by providing opportunities to learners requiring structured workplace learning using one or a combination of any of the following in relation to work directly related to the contract or order:

Method 1: structured workplace learning opportunities for learners towards the attainment of a part or a full occupational qualification;

Method 2: structured workplace learning opportunities for apprentices or other artisan learners towards the attainment of a trade qualification leading to a listed trade (GG No. 35625, 31 August 2012) subject to at least 60% of the artisan learners being holders of public TVET college qualifications;

Method 3: work integrated learning opportunities for University of Technology or Comprehensive University students completing their national diplomas; or

Method 4: structured workplace learning opportunities for candidates towards registration in a professional category by a statutory council listed in Table 1 above.

Employed learners may not account for more than 33 percent of the contract skills development goal. Not more than one method may be applied to any individual concurrently in the calculation of the contract skills development goal. The principle is that an individual can only be counted once towards the CSDG.

Not more than one method may be applied to any individual concurrently in the calculation of the contract skills development goal.

Contract Skills Development Goal Credits

Contract skills development credits will not be awarded for learners enrolled as beneficiaries of other funded or subsidised programmes.

In the case of engineering and construction works, design and build and services contracts:

- a) The contract skills development goals shall be granted by multiplying the number of people employed by the Service Providers and placed for continuous training opportunities in a three-month period by the notional values contained in Table 3, or as revised in a Gazette notice.
- b) The Service Provider may source beneficiaries of the contract skills development goal from the cidb Skills Development Agency (SDA).
- c) All beneficiaries of the Standard must be registered with the cidb SDA.

NOTE: The role and function of a cidb SDA is outlined in the Standard, Annexure B.

Credits towards the contract skills development goal for professional services contracts shall be granted by summing the hours of structured workplace learning opportunities provided to P1 and P2 learners as well as professional candidates in accordance with the Act, Clause 3.3.

No more than 45 hours may be claimed per week for any individual.

Contract skills development goal credits shall be reduced to the extent that they fail to comply with the requirements of this standard.

The Service Provider shall achieve in the performance of the contract the contract skills development goal established in this Standard for developing skills through infrastructure contracts (March 2020).

Table 3: The notional cost of providing training opportunities per quarter

Type of Training Opportunity	Provision for stipends (Unemployed learners only)	Provisions for mentorship	Provisions for additional costs*	Total costs	
				Unemployed learners	Employed learners
Method 1					
Occupational	R7 000	R0	R9 000	R16 000	R9 000
Method 2					
Unemployed TVET College graduates	R14 000	R0	R9 000	R23 000	N/A
Method 3					
P1 and P2 learners, or a 240 credits	R24 000	R20 000	R4 500	R48 500	N/A
Method 4					
Candidates with a 360 credits	R37 000	R20 000	R4 500	R61 500	R20 000
Candidates with 480 or more credits qualification	R47 000	R20 000	R4 500	R71 500	R20 000

* Additional provisions include provisions for personal protective equipment, insurance, medical assessments, course fees and trade tools (where applicable) assessment, moderation and monitoring of learners.

NOTE:

- Where an unemployed learner is employed directly by the Service Provider, the Service Provider shall pay the stipend directly to the learner
- Where an unemployed learner is sourced through an SDA, training provider or skills development facilitator the Service Provider must pay the stipend to the SDA, training provider or skills development facilitator who in turn will pay the learner
- The notional cost of providing training opportunities will be increase by CPI on an annual basis. The new, revised costs will be published on the cidb website on 1 April in each year.

The Employer requires that employees of the state be seconded to the Service Provider in order to be provided with structured workplace learning opportunities in accordance with the provisions of this standard. The specified number of employees of the state is **N/A**. The Employer shall provide a list of persons for selection by the Service Provider as prescribed in the implementation guidelines. Persons selected by the Service Provider shall be seconded to the Service Provider under the terms and conditions prescribed in the implementation guidelines.

Credits towards the contract skills development goal shall be denied where the Service Provider fails to comply in terms of Clause 3.4 of the Act. Compliance requirements shall be in terms of Clause 4 of the Act and records to be provided to be in accordance with Clause 5 of the Act.

Role and Functions of the Skills Development Agency

The Skills Development Agency (SDA) will provide career management and compliance reporting functions for all learners for CSDG compliance in terms of this Standard. Where the Service Providers provide direct employment to unemployed learners, or enrolls own employees for CSDG compliance, the Service Provider shall register them with the cidb SDA. The SDA can also act as an employment intermediary for unemployed learners.

The roles and functions of the Skills Development Agency (SDA) are summarised below.

Career Management and Compliance Reporting

The Service Provider shall enter into a contract agreement with the cidb SDA, training provider or skills development facilitator to manage their learners according to the provisions given below:

- a) preparing training plans for registered learners, including details of the scope of experiential work to be covered and expected outcomes;
- b) registering learners with the appropriate Sector Educational and Training Authority established in terms of the Skills Development Act of 2008 (Act 37 of 2008);
- c) conducting entry and exit level medicals for learners at the conclusion of each placement opportunity;
- d) providing personal protective equipment;
- e) liaising with the supervisor to monitor onsite training progress of learners;
- f) liaising with the supervisor to arrange for summative assessments at appropriate stages of the training; and
- g) liaising with the supervisor to prepare reports for the Employer's representative and cidb at practical completion of the contract.

The relevant training provider or skills development facilitator shall invoice the Service Providers for the provision of these services as per cost schedule in Table 3.

The cidb SDA shall open a trust fund to ring-fence monies essential for all learner requirements where necessary provided for in this standard such as personal protective equipment, medical assessments, insurance, course fees, monitoring as well as top up training and assessment.

Employment Intermediary

The cidb SDA can act as an employment intermediary for unemployed learners and provide Service Providers with learners qualifying for participation in the CSDG, as well as managing their employment functions such as payment of stipends, workman's compensation, provision of personal protective equipment, trade specific tools, etc.

In such cases, the Service Provider shall contract directly with an SDA, training provider or skills development facilitator of their choice for the recruitment, placement and management of learners. The Service Provider shall pay the SDA, training provider or skills development facilitator in accordance with the notional costs provided for in this standard, or as amended by a Gazette.

Sanctions

Failure by the Service Provider to achieve the **total** Notional Cost of the Contract Skills Development Goal (Excluding VAT), as indicated in the pricing schedule item, will result in a penalty of 30% of the value of the portion not achieved, unless the Service Provider can prove to the Employer's satisfaction that the non-achievement was beyond his/her control.

C4: SITE INFORMATION

(Refer to C3.2.2.4 above.)
