T1: TENDERING PROCEDURES

T1.1 Notice and Invitation to Tender

T1.1.1 The words “**tender**” and “**bid**” in this document or any documents referred to in this document are interchangeable and are deemed to have the same meaning, similarly the words “tenderer” and “tendering Service Provider” are interchangeable and are deemed to have the same meaning. Unless inconsistent with the context, the masculine gender includes the feminine and neuter genders and *vice versa*, and the singular includes the plural and *vice versa*. In this document, words and expressions signified in the text by the use of capital initial letters, shall have the meanings defined in the Standard Professional Services Contract except where the context otherwise requires.

T1.1.2 The Government of the Republic of South Africa in its Department of Public Works invites tenders for the provision of **PROFESSIONAL ARCHITECTURAL SERVICES** as further fully described in C3 Scope of Services hereof.

T1.1.3 COLLECTION OF TENDER DOCUMENTS

☒ Bid documents are available for free download on Departmental website and e-Tender portal www.etenders.gov.za

☒ Alternatively; Bid documents may be collected during working hours at the following address
Physical address: CGO Building
Cnr. Madiba and Bosman Street
PRETORIA

Tender documents may be collected on working days **between 07:30 and 12:45 and between 13:30 and 15:30**. A non-refundable deposit of **R 100** is payable, in cash only, on collection of the tender documents.

T1.1.4 Queries relating to these documents may be addressed to the Employer’s authorised and designated representative who is the departmental project manager:

Mr Lawrence Gaxela

Tel no: 012 406 2052

Cell no: 082 385 7461

Email: Lawrence.Gaxela@dpw.gov.za

Physical address: CGO Building
Cnr. Madiba and Bosman Street
PRETORIA

Postal address: Private Bag X65
PRETORIA
0001

T1.1.5 The closing time for receipt of tenders is 13 February 2025 as advertised on the Departmental Website and E tender website. Telephonic, facsimile, electronic and late tenders will not be accepted.

T1.1.6 Requirements for sealing, addressing, delivery, opening and assessment of tenders are stated in T1.2 Tender Data.

T1.2 Tender Data

T1.2.1 Standard Conditions of Tender

The conditions of tender are the **Standard Conditions of Tender** as contained in **Annexure C of the Construction Industry Development Board Standard for Uniformity in Engineering and Construction Works Contracts** as per Government Notice No. 423 published in Government Gazette No. 42622 of **8 August 2019** and as amended from time to time.

The Standard Conditions of Tender is not included in this tender document. Tenderers must obtain it on the CIDB's Website at:

http://www.cidb.org.za/procurement/procurement_toolbox/cidb_pub/default.aspx

The Standard Conditions of Tender make several references to the Tender Data for details that apply specifically to this tender. The Tender Data shall have precedence in the interpretation of any ambiguity or inconsistency between it and the Standard Conditions of Tender.

Each item of data given below is cross-referenced to the clauses marked [C] in the Standard Conditions of Tender to which it mainly applies.

By submitting a tender in response to T1.1 Notice and Invitation to Tender above, the tenderer binds himself to a *pactum de contrahendo* (contract aimed at conclusion of another contract), the terms of which are contained in the Standard Conditions of Tender and T1.2 Tender Data.

Clause number	
[C.1.1]	The Employer is the Government of the Republic of South Africa in its Department of Public Works & Infrastructure.
[C.1.2]	For this Contract the single volume approach is adopted. This procurement document has been formatted and compiled under the headings for a single volume approach as contained in table 5 of the CIDB's "Standard for Uniformity in Construction Procurement." The tendering Service Provider's attention is specifically drawn to the T2 Returnable Documents identified in the T2.1 List of Returnable Documents and in the T2.2 Returnable Schedules. The Returnable Documents must be obtained and the Returnable Schedules must be completed by a tenderer when submitting a tender. The tenderer must complete these documents, including the "Offer" document in C1.1 Form of Offer and Acceptance, and deliver his tender back to the Employer bound as it was received. The tender document, issued by the Employer, comprises the following separate identifiable documents collectively forming the "Tender Document in a single volume": <u>The Tender</u> T1: Tendering Procedures T1.1 Notice and Invitation to Tender T1.2 Tender Data T2: Returnable Documents T2.1 List of Returnable Documents T2.2 Returnable Schedules <u>The Contract</u> C1: Agreement and Contract Data C1.1 Form of Offer and Acceptance C1.2 Contract Data C2: Pricing Data C2.1 Pricing Assumptions C2.2 Activity Schedule C3: Scope of Services C4: Site Information

[C.1.4]	The Employer's agent for the purpose of this tender is deemed to be the authorised and designated representative of the Employer, who will be the departmental project manager as noted in T1.1.6 Notice and Invitation to Tender.
[C.2.1]	<u>Tenders will only be considered for acceptance if</u> (i.e. will only be regarded as responsive if): 1. The tendering Service Provider is an architectural business undertaking, which is under the fulltime supervision of a registered professional architect/s in terms of the Architectural Professions Act, 2000 (Act no 44 of 2000), owning the majority shares or voting power, as determined by the South African Council for the Architectural Profession in its Code of Professional Conduct, and who will hereafter be referred to as registered principals of the business undertaking. or The tendering Service Provider is a multidisciplinary professional practice, that also practices architectural work, which architectural division/section is under the fulltime supervision of a registered professional architect, as determined by any of the relevant professional Councils, where applicable, for cases pertaining to multi-disciplinary practices/business undertakings, in their respective Codes of Professional Conduct, in terms of number, shareholding and voting power, who are registered correspondingly in terms of the Architectural Professions Act, 2000 (Act no 44 of 2000), Landscape Architectural Profession Act, 2000 (Act no 45 of 2000), Engineering Profession Act, 2000 (Act no 46 of 2000), Construction and Project Management Profession Act, 2000 (Act no 48 of 2000) and/or Quantity Surveying Profession Act, 2000 (Act no 49 of 2000), and who will hereafter be referred to as registered principals of the practices. For architectural services in the multidisciplinary professional practice the minimum requirement is for the architectural division/section to be under fulltime direct supervision of a registered professional architect/s who is/are registered in terms of the Architectural Professions Act, 2000 (Act no 44 of 2000), and who will hereafter be referred to as registered principals of the business undertaking. 2. Copies of certificates or other documentation clearly proving current professional registration with the relevant council, including registration numbers, of all the registered principals mentioned in 1 above are included with the tender as part of the returnable documentation. Where applicable and in order to determine that the bidder is indeed a multidisciplinary professional practice, copies of certificates or other documentation clearly providing current professional registration with the relevant council, including registration numbers of the director(s) based in South Africa of the legal entity mentioned in 1 above are to be included with the tender as part of the returnable documentation. Two or more professional disciplines would qualify as a multidisciplinary professional practice. 3. The information, required in respect of 1 and 2 above, has been provided for all Service Providers tendering in consortium or joint venture; 4. All registered professional architects, of whom the same documentation as in 2 above has been included in the tender of the tendering Service Provider, has been listed in C1.2.3, clause 7.1.2 Key Persons; [The Employer retains the right to verify current professional registration required in terms of 2, 3 and 4 above with the relevant council as part of the tender evaluation process. In the event of any such person not currently being registered with the relevant council, it will render the tender as unacceptable (i.e. non-responsive) and excluded from further consideration.]

5. All Returnable Documents mentioned in T2: Returnable Documents (T2.1 List of Returnable Documents and T2.2 Returnable Schedules) have been included in the tender.

6. **Method to be used to calculate points for specific goals**

6.1 **For procurement transaction with rand value greater than R2 000,00 and up to R1 Million (Inclusive of all applicable taxes) the specific goals listed below are applicable.**

Serial No	Specific Goals	Preference Points Allocated out of 20	Documentation to be submitted by bidders to validate their claim
1.	An EME or QSE which is at least 51% owned by black people (Mandatory)	10	• SANAS Accredited BBBEE Certificate or Sworn Affidavit where applicable.
2.	Located in a specific Local Municipality or District Municipality or Metro or Province area for work to be done or services to be rendered in that area (Mandatory)	2	• Official Municipal Rates Statement which is in the name of the bidder. Or • Any account or statement which is in the name of the bidder. Or • Permission To Occupy from local chief in case of rural areas (PTO) which is in the name of the bidder. Or • Lease Agreement which is in the name of the bidder.
3.	An EME or QSE which is at least 51% owned by black women (Mandatory)	4	• SANAS Accredited BBBEE Certificate or Sworn Affidavit where applicable.
4.	An EME or QSE which is at least 51% owned by black people with disability (Mandatory)	2	• SANAS Accredited BBBEE Certificate or Sworn Affidavit where applicable. and • Medical Certificate indicating that the disability is permanent. Or • South African Social Security Agency (SASSA) Registration indicating that the disability is permanent. Or • National Council for Persons with Physical Disability in South Africa registration (NCPDPSA).
5.	An EME or QSE which is at least 51% owned by black youth (Mandatory)	2	• ID Copy and SANAS Accredited BBBEE Certificate or Sworn Affidavit where applicable.

6.2 For procurement transaction with rand value greater than R1 Million and up to R50 Million (Inclusive of all applicable taxes) the specific goals listed below are applicable.

Serial No	Specific Goals	Preference Points Allocated out of 20	Documentation to be submitted by bidders to validate their claim
1.	An EME or QSE or any entity which is at least 51% owned by black people (Mandatory)	10	SANAS Accredited BBBEE Certificate or Sworn Affidavit where applicable.
2.	Located in a specific Local Municipality or District Municipality or Metro or Province area for work to be done or services to be rendered in that area (Mandatory)	2	- Official Municipal Rates Statement which is in the name of the bidder. Or - Any account or statement which is in the name of the bidder. Or - Permission To Occupy from local chief in case of rural areas (PTO) which is in the name of the bidder. Or - Lease Agreement which is in the name of the bidder.
3.	An EME or QSE or any entity which is at least 51% owned by black women (Mandatory)	4	SANAS Accredited BBBEE Certificate or Sworn Affidavit where applicable.
4.	An EME or QSE or any entity which is at least 51% owned by black people with disability (Mandatory)	2	- SANAS Accredited BBBEE Certificate or Sworn Affidavit where applicable. and - Medical Certificate indicating that the disability is permanent. Or - South African Social Security Agency (SASSA) Registration indicating that the disability is permanent. Or National Council for Persons with Physical Disability in South Africa registration (NCPDSA).

	5. An EME or QSE or any entity which is at least 51% owned by black youth (Mandatory)	2	ID Copy and SANAS Accredited BBBEE Certificate or Sworn Affidavit where applicable.
☐	6.3 For procurement transaction with rand value greater than R50 Million (Inclusive of all applicable taxes) the specific goals listed below are applicable.		
Serial No	Specific Goals	Preference Points Allocated out of 10	Documentation to be submitted by bidders to validate their claim
1.	An EME or QSE or any entity which is at least 51% owned by black people (Mandatory)	4	SANAS Accredited BBBEE Certificate or Sworn Affidavit where applicable.
2.	Located in a specific Local Municipality or District Municipality or Metro or Province area for work to be done or services to be rendered in that area (Mandatory)	2	- Official Municipal Rates Statement which is in the name of the bidder. Or - Any account or statement which is in the name of the bidder. Or - Permission To Occupy from local chief in case of rural areas (PTO) which is in the name of the bidder. Or - Lease Agreement which is in the name of the bidder.
3.	An EME or QSE or any entity which is at least 51% owned by black women (mandatory)	2	SANAS Accredited BBBEE Certificate or Sworn Affidavit where applicable.

4. ☐ 5. ☐	An EME or QSE which is at least 51% owned by black people with disability (Mandatory) OR An EME or QSE which is at least 51% owned by black youth (Mandatory) NB. (The use of this goal is mandatory however the BSC must select either one of the two and not both)	2	• SANAS Accredited BBBEE Certificate or Sworn Affidavit where applicable. and • Medical Certificate indicating that the disability is permanent. Or • South African Social Security Agency (SASSA) Registration indicating that the disability is permanent. Or National Council for Persons with Physical Disability in South Africa registration (NCPDPSA). • ID copy and SANAS Accredited BBBEE Certificate or Sworn Affidavit where applicable.
---	--	----------	---

Black people mean Africans, Coloureds and Indians, who - (a) are citizens of the Republic of South Africa by birth or descent; or (b) became citizens of the Republic of South Africa by naturalisation - (i) before 27 April 1994; or (ii) on or after 27 April 1994 and who would have been entitled to acquire citizenship by naturalisation prior to that date. (BROAD-BASED BLACK ECONOMIC EMPOWERMENT ACT No 25899, 2003 of 9 JANUARY 2004).

7. Functionality criteria

Assessing this tender in terms of Functionality is **applicable**.

Functionality will be applied to test the capability and capacity of the tenderer, such criteria are used to establish minimum requirements where after bids will be evaluated solely on the basis of price and preference. Failure to meet minimum functionality score will result in the tenderer being disqualified.

When applicable:

- (a) The tendering Service Provider has provided the required information/documentation to enable an evaluation panel to perform functionality as described in 6.2(b) and upon scoring, a risk assessment as described in 6.2(c) hereafter and referred to in T2.1 – sub paragraph 3;

- (b) Tender offers are judged by an evaluation panel in terms of functionality, which functionality will be evaluated against the following criteria on a scoring system of 1 to 5, weighted as indicated:

Functionality criteria: ¹	Weighting factor:
1. PROJECT EXPERIENCE Attach a list of related completed projects not older than 15 years, accompanied by contactable and verifiable references and/or completion letters to substantiate the stated experience. (NB: Appointment letters will not be considered). Evaluation Criteria: (i) 7 or more Projects = 5 Points (ii) 6 Projects = 4 Points (iii) 5 Projects = 3 Points (iv) 4 projects = 2 points (v) 3 projects = 1point (vi) less than 3 projects = 0 point	30
2. LEAD PROFESSIONAL ARCHITECT A lead Professional Architect (with urban design experience) registered with the South African Council for the Architectural Profession (SACAP) Evaluation Criteria: (i) Lead Prof. Architect with 7 years or more post registration experience = 5 points (ii) Lead Prof. Architect with 6 years post registration experience = 4 points (iii) Lead Prof. Architect with 5 years post registration experience = 3 points (iv) Lead Prof. Architect with 4 years post registration experience = 2 points (v) Lead Prof, Architect with 3 years post registration experience = 1 points (iv) Lead Prof, Architect with less than 3 years post registration experience = 0 points NB: Prof is an abbreviation for Professional	30

¹ The points allocated to each functionality criterion should not be generic but should be determined separately for each tender on a case by case basis.

3. SUPPORTING PROFESSIONAL PROJECT TEAM REQUIRED The following supporting professional team registered with their respective Councils 3.1. Professional Civil Engineer/ Technologist (ECSA) 3.2. Professional Electrical Engineer/ Technologist (ECSA) 3.3. Professional Civil Engineer/Technologist with Traffic Engineering Experience (ECSA) 3.4. Professional Civil Engineer / Technologist with Geotechnical Engineering experience (ECSA) or Geologist (SACNASP) 3.5 Professional Landscape Architect (SACLAP) 3.6. Professional Town Planner (SACPLAN) Evaluation Criteria: (i) 5 or more years post registration experience = 5 points (ii) 4 years post registration experience = 4 points (iii) 3 years post registration experience = 3 points (iv) 2 years post registration experience = 2 points (v) 1 year post registration experience =1 point (vi) Less than 1 years post registration experience = 0 point	30
4. FINANCIAL CREDIBILITY Provide a stamped bank rating letter from a banking institution to justify credit worthiness and/or risk, not be older than 3 months. (No bank statements, letter of good standing or proof of bank account will be accepted) Evaluation Criteria: (i) Bank Rating of 'A' = 5 points (ii) Bank Rating of 'B' = 4 points (iii) Bank Rating of 'C' = 3 points (iv) Bank Rating of 'D' = 2 points (v) Bank Rating of 'E' = 1 point (vi) No stamped bank rating letter = 0 points In the event of a joint venture, each bidder to submit their own bank rating, the highest bank rating will be considered	10
Total	100 Points

(Weightings will be multiplied by the scores allocated during the evaluation process to arrive at the total functionality points)

Minimum functionality score to qualify for further evaluation:	50
--	------------------

Tenderers who fail to achieve the minimum functionality score will render the tender as unacceptable and will be excluded from further consideration

(c) Risk assessment in terms of Risk to the Employer

(c) Risk assessment in terms of Risk to the Employer

Tender offers are judged by an evaluation panel in terms of risk to the Employer. Such risk will be evaluated against technical and commercial risk criteria listed below. Such risk will be evaluated against the criteria listed below. Each criterion carries the same weight / importance and will be evaluated individually by the Bid Evaluation Committee appointed on the project. An assessment of unacceptable risk on any single criterion will constitute unacceptable risk for the award as a whole, resulting in the tender to be disqualified and removed from further consideration.

In order for the evaluation reports to be prepared by the Bid Evaluation Committee, the Tenderer is obliged to provide comprehensive information on form DPW-09 (PSB). Failure to complete the said form will cause the tender to be declared non-responsive and removed from any further consideration. Information provided in the returnable documentation must be provided in sufficient detail to enable the evaluation panel to evaluate the risk criteria set out below.

The Employer reserves the right to request further clarification, elucidation, additional documentation / information, etc. as may be required to evaluate the tender. The aforementioned can also entail that the persons, named in the schedule of Key Persons (C1.2.3 Data provided by the Service Provider, clause 7.1.2), be invited to an interview.

The information must be provided by the Tenderer within the stipulated time as determined by the Bid Evaluation Committee, failing which the tender offer will *mutatis mutandis* be declared non-responsive.

The risk criteria are as follows:

Technical risks:

Criterion 1: Experience on comparable projects during the past 10 years.

The tendering Service Provider's experience on comparable projects during the past 10 years. The number of current and previous comparable projects performed by the Tenderer as per the evaluation report prepared by the Bid Evaluation Committee, based on its research and inspection of a representative sample of the Tenderer's current and previous work as reflected on form DPW-09 (PSB), as well as, if necessary, of any additional work executed by the Tenderer, not reflected on form DPW-09 (PSB).

Aspects to be regarded as "comparable" includes (but may be extended according to circumstances): size of projects (measured against monetary value or other project quantifying parameters), nature of projects (building, engineering, high/low rise, etc.), locality/area of execution (site-specific influences, knowledge of local conditions, etc.), complexity of project, projects for similar client department irrespective of end purpose of buildings/facilities created or in progress of being created and time scales of projects (normal, fast track, etc.) and stage of its/their development.

[An opinion will be formed by each of the members of an evaluation panel according to his/her assessment of the experience and performance of the tendering Service Provider from information submitted with the tender (in written-, report- and/or brochure format), and upon further investigations/reference checks that may be performed, for which purpose the tendering Service Provider must include names and contact particulars of present and previous Employers to whom services are/were rendered. The Employer retains the right to contact references not mentioned by the tendering Service Provider. Members of the evaluation panel will discuss their respective risk perceptions in order to reach consensus, failing which the specific risk will be put to the vote. **No risk assessment will be performed for this criterion in the absence of relevant information with the tender and will therefore render the tender as unacceptable and will be excluded from further consideration.]**

Criterion 2: Contractual commitment and quality of performance on comparable projects during the past 10 years.

Adherence to contractual commitments and quality of performance of comparable current and previous projects performed by the Tenderer on comparable projects during the past 10 years as per the evaluation report prepared by the Bid Evaluation Committee, based on its research and inspection of a representative sample of the Tenderer's current and previous work as reflected on form DPW-09 (PSB), as well as, if necessary, of any additional work executed by the Tenderer, not reflected on form DPW-09 (PSB).

Aspects to be considered include but not limited to time management & programming, quality of detailed designs, extent of variations to scope due to shortcomings in original designs, compliance to relevant regulations, personnel resources & technical experience of representatives, turnover in representatives, decision making & problem solving skills, promptness and quality of contract administration in terms of reporting and issuing contract documents, attending site meetings, scope management, leadership and accountability, conformance to specification and quality compliance, risk identification and mitigation, all with respect to specific aspects of the project / comparable projects and the project tendered for.

[An opinion will be formed by each of the members of an evaluation panel according to his/her assessment of the experience and performance of the tendering Service Provider from information submitted with the tender (in written-, report- and/or brochure format), and upon further investigations/reference checks that may be performed, for which purpose the tendering Service Provider must include names and contact particulars of present and previous Employers to whom services are/were rendered. The Employer retains the right to contact references not mentioned by the tendering Service Provider. Members of the evaluation panel will discuss their respective risk perceptions in order to reach consensus, failing which the specific risk will be put to the vote. **No risk assessment will be performed for this criterion in the absence of relevant information with the tender and will therefore render the tender as unacceptable and will be excluded from further consideration.]**

Criterion 3: Suitably qualified and appropriately experienced human resources

Allocation of suitably qualified and appropriately experienced human resources, both in respect of principals and/or other staff (professional, technical and/or administrative) of the tendering Service Provider to the project, as described in the schedule of Key Persons in terms of clause 7.1.2 of the General Conditions of Contract, as proof that the tendering Service Provider will be able to react/respond appropriately to the Services required herein. The Company Organogram with CV's and certified ID's of all principals and employed workforce as well as proof of Professional Registration will be verified. Current and future workload of the tenderer in relation to capacity and capability will also be considered. The tenderer should demonstrate that he or she possesses the necessary professional and technical qualifications, and professional and technical competence in relation to the scope of work and service to be rendered.

[An opinion will be formed by each of the members of an evaluation panel according to his/her assessment of the qualifications and experience of the human resources allocated to the project in terms of the Key Persons (C1.2.3 Data provided by the Service Provider, clause 7.1.2), from information contained in curriculum/curricula vitae submitted with the tender. Members of the evaluation panel will discuss their respective risk perceptions in order to reach consensus, failing which the specific risk will be put to the vote. **No risk assessment will be performed for this criterion in the absence of relevant information / curricula vitae with the tender and will therefore render the tender as unacceptable and will be excluded from further consideration.]**

Criterion 4: Proof of Professional Indemnity Insurance

Confirmation of the required level of professional indemnity insurance specified in terms of Contract Data clause 5.4.1 (C1.2.3 Data provided by the Service Provider).

	[If confirmation/proof of professional indemnity insurance is not duly confirmed in C1.2.3 Data provided by the Service Provider, the risk to Employer will be regarded as unacceptable and render the tender unacceptable on grounds of not being to specification. The Employer retains the right to request documentary proof of such insurance as part of the tender evaluation process. Unconfirmed professional indemnity insurance will render the tender as unacceptable in terms of risk to the Employer and will be excluded from further consideration.] Criterion 5: Attendance of compulsory bid clarification meeting, if applicable If applicable, submission of confirmation of DPW-16.1 (PSB) attendance of compulsory bid clarification meeting or proof of attending the compulsory virtual meeting by a suitably qualified and experienced representative of the tendering Service Provider in terms of clause [C.2.7] (T1.2 - Tender Data). [Non-attendance, if compulsory in terms of [C.2.7], will be regarded as a risk to the Employer in that salient information required for tender purposes would not have been to the knowledge of the tendering Service Provider, rendering any resultant tender to be incomplete. Non-attendance will render the tender a risk to the Employer and will therefore be excluded from further consideration. In the event of the clarification meeting not being compulsory, this risk criterion will not be applicable.] <u>Commercial risks:</u> The financial viability assessment evaluates the risk over the life of the service contract period, as to whether the tenderer will be able to deliver the goods and services which are specified in the contract and / or be able to fulfil guarantees or warranties provided for in the contract in order to complete the project successfully for the amount tendered. Aspects to be considered include but not limited to, the respective rates tendered, bank rating, financial capability and capacity whether the tenderer has or has access to sufficient financial resources to deliver the goods or services described in the tender documentation (including fulfilling any guarantees or warranty claims), whether the tenderer is not subject to any current or impending legal action (either formal proceedings or notification of legal action) which could impact on the financial standing of the tenderer or the delivery of the goods or services, management accounts / financial report from auditors as proof of current liquidity, and company or any parent company or investor guarantee/s and financial statements. [An opinion will be formed by each of the members of an evaluation panel according to his/her assessment of the financial viability of the amount tendered in order to render the service. Members of the evaluation panel will discuss their respective risk perceptions in order to reach consensus, failing which the specific risk will be put to the vote. No risk assessment will be performed for this criterion in the absence of relevant information/ curricula vitae with the tender and will therefore render the tender as unacceptable and will be excluded from further consideration.] Other <u>project specific</u> risk criteria are not applicable Note: Any tender not complying with <u>all</u> of the above-mentioned stipulations will be regarded as non-responsive and will therefore <u>not</u> be considered for further evaluation.
[C.2.7]	A tender clarification meeting will be held in respect of this tender by way of physical meeting. Attendance of said clarification meeting is compulsory.

	The particulars for said tender clarification meeting are: Location: PIETERMARITZBURG Venue: Chatteron street and Parking Street, Pietermaritzburg, Kwazulu Natal(Erf 1556 Portion B and C Pietermaritzburg Date: 5 February 2025 Starting time: 11:00 am
[C.2.13.3]	Each tender offer communicated on paper shall be submitted as an original. Each page of the tender document shall be initialled by the Authorised Signatory as per the Resolution of the Board of Directors, Consortia or Joint Venture in terms of PA15.1, PA15.2 or PA15.3.
[C.2.13.4]	Delete the last sentence of the paragraph: "Signatories for ... of the tender offer."
[C.2.13.5]	The Employer's addresses for delivery of tender offers are as advertised in the Tender Bulletin. In addition, the following identification details must be provided on the <u>back</u> of the envelope: Tenderer's name, contact address and telephone number and in the top left corner on the back of the envelope: "Tender no. " (and fill in the tender number as on the front page hereof) "WCS no. " (and fill in the WCS number as on the front page hereof) "Tender for Architectural Services".
[C.2.13.6]	A two-envelope procedure will not be followed.
[C.2.15]	The closing time for submission of tenders is as advertised in the Departmental website and E tender website.
[C.2.16]	The tender validity period is 84 days from date of tender closure.
[C.2.19]	The tenderer shall provide access for inspections to his offices as may be required by the Employer.
[C.2.22]	Not a requirement.
[C.2.23]	The tenderer is required to submit with his tender all documents listed in T2 Returnable Documents, T2.1 and T2.2.
[C.3.4]	The time and location for opening tender offers are: Time: tenders will be opened immediately or as soon as possible after the closing time as advertised in the Tender Bulletin; Location: Room 121, Department of Public Works and Infrastructure, Central Government Offices, North Wing, Cnr Madiba and Bosman Street, Pretoria
[C.3.5]	A two-envelope procedure will not be followed.
[C.3.9.3]	Omit the wording and replace with the following: "Notify the tenderer of all errors, omissions and/or rate imbalances that are identified in the tender offer and request the tenderer to, within a stipulated time, accept the total of prices as corrected in accordance with C.3.9.4."
[C.3.9.4]	Omit the wording of the first sentence and replace with: "In cases where tender offers contain errors, omissions and/or rate imbalances, these are to be corrected as follows:" Add sub-paragraph c) as follows: "c) If the tenderer does not accept the corrected tender offer, or cannot reach consensus with the Employer on a corrected tender offer, the tenderer is to be classified as not acceptable/non-responsive and removed from further contention."
[C.3.11]	The procedure for the evaluation of responsive tenders is Method 2: Financial Offer and Preference.
[C.3.17]	The number of paper copies of the signed contract to be provided by the employer is <u>one</u> .

T2: RETURNABLE DOCUMENTS

This tender document in its entirety, all returnable documents which must be attached to this tender document, and all returnable schedules must be returned when the tender is submitted.

T2.1 List of Returnable Documents (to be obtained/compiled by the tenderer and attached to this tender). All documents must be duly completed and signed where applicable.

1. Copies of present registration, with the registration numbers, of all the registered principals and professionals mentioned under T1.2 Tender Data, clause [C.2.1], item 2, as well as in C1.2.3 Data provided by the Service Provider, clause 7.1.2 Key Persons, with the **South African Council for the Architectural Profession** as "Professional Architects".
2. A valid original or certified copy of B-BBEE status level verification certificate for specific goals purposes.
3. An exposition, with necessary annexures, in suitable format and in sufficient detail, providing all the information necessary for the evaluation panel to be able to evaluate the functionality and risk set out in T1.2 Tender Data, clause [C.2.1].

T2.2 Returnable Schedules (all bound into this tender document – to be completed by tenderer)
All documents must be duly completed and signed where applicable.

T2.2.1 SUBSTANTIVE COMPLIANCE RESPONSIVENESS CRITERIA

Failure to submit fully completed documents as stated hereunder shall result in the tender offer being disqualified from further consideration:

1	☒	Only those tenderers who satisfy the eligibility criteria stated in the Tender Data may submit tenders.
2	☒	Tender offer must be properly received on the tender closing date and time specified on the invitation, completed either electronically (if issued in electronic format), or by writing legibly in non-erasable ink. (All as per Standard Conditions of Tender).
3	☒	Use of correction fluid is prohibited.
4	☒	Submission of signed Form of Offer and Acceptance (C1.1)
5	☐	Submission of DPW-09 (PSB): Particulars of Tenderer's Projects.
6	☒	Submission of fully completed (C2.2.2) Activity Schedule for Value Based Fees OR (C2.2.3) Activity Schedule for Time Based Fees, whichever is applicable in accordance with C2.1.1.1.
7	☐	Submission of acceptable Professional Indemnity insurance as per C1.2.3
8	☐	Provide proof of valid professional registration, qualification, CV's and other documentation relating to registered principals and key personnel as contained in C2.1 (2) and 7.2.
9	☐	Bidders must comply with DPW-21 (PSB): Record of Addenda to tender documents, if any.
10	☐	Submission of DPW-16.1 (PSB): Tender Clarification Meeting Certificate signed by the authorised official and completion of bid briefing attendance register.
11	☒	A lead Professional Architect (with urban design experience) registered with SACAP to submit updated CV's including Qualifications

12	☒	The following supporting professional team registered with their respective councils. (attach copies of updated CV's including Qualifications) 1. Professional Civil Engineer/ Technologist (ECSA) 2. Professional Electrical Engineer/ Technologist (ECSA) 3. Professional Civil Engineer/Technologist with Traffic Engineering Experience (ECSA) 4. Professional Civil Engineer / Technologist with Geotechnical Engineering experience (ECSA) or Geologist (SACNASP) 5. Professional Landscape Architect (SACLAP) 6. Professional Town Planner (SACPLAN)
13	☒	Attendance of COMPULSORY briefing meeting and signing of the attendance register and DPW-16 (Site inspection meeting certificate). Service providers to familiarize themselves with the conditions of the site and distance/road conditions to and from the site.
14	☒	
15	☐	
16	☐	

T2.2.2 ADMINISTRATIVE RESPONSIVENESS CRITERIA

The Employer reserves the right to request further information regarding the undermentioned criteria. Failing to submit further clarification and/or documentation within 7 calendar days from request will disqualify the tender offer from further consideration.

1	☒	Any correction to be initialled by the person authorised to sign the tender documentation as per PA 15.1 or PA 15.2 resolution of board/s of directors / or PA15.3 Special Resolution of Consortia or JV's.
2	☒	Submission of applicable (PA-15.1, PA-15.2, PA-15.3): Resolution by the legal entity, or consortium / joint venture, authorising a dedicated person(s) to sign documents on behalf of the firm / consortium / joint venture.
3	☒	All parts of tender documents submitted must be fully completed in ink and signed where required.
4	☒	Submission of (PA-11): Bidder's disclosure
5	☒	Submission of PA-16.1 (PSB): Ownership Particulars
6	☒	Submission of documentation relating to risk assessment criteria as contained in C 2.1 of T1.2 Tender Data.
7	☒	Data provided by the Service Provider (C1.2.3) fully completed.
8	☒	Submission of (PA 40): Declaration of Designated Groups
9	☒	Submission of proof of Registration on National Treasury's Central Supplier Database (CSD). Insert the Supplier Registration Number on the form of offer, including proposed sub-consultants if any
10	☒	Upon request, submission of fingerprints obtainable from local SAPS including any other additional documentation and information required for vetting purposes.
11	☒	Upon request, submission of a fully completed security clearance application form with supporting documentation and information as required. The security clearance form will be provided by the Employer for projects requiring a security clearance.
12	☒	The lead professional Architect (with urban design experience) and supporting professional team to submit copies of ID's, valid professional registration certificates and Company Profile with organogram.
13	☒	Bidders must comply with DPW-21 (PSB): Record of Addenda to tender documents, if any.
14	☒	Submission of DPW-09 (PSB): Particulars of Tenderer's Projects.

15	☐	
----	--------------------------	--

T2.2.3 ADMINISTRATIVE REQUIREMENTS APPLICABLE FOR SPECIFIC GOALS.

Tenderers will not be required to submit the below documents if not provided in the original tender proposals. Failure to comply with the criteria stated hereunder shall result in the tenderer not allocated points for specific goals.

1	☒	Submission of (PA-16): Preference Points Claim Form in terms of the Preferential Procurement Regulations 2022
2	☒	A trust, consortium or joint venture (including unincorporated consortia and joint ventures) must submit a consolidated B-BBEE Certificate issued by a SANAS accredited service provider

PA-16.1 (PSB): OWNERSHIP PARTICULARS

- NB:** 1. This form is to be read with the Notice and Invitation to Tender and [C.2.1] sub paragraphs 1 and 2 of the Tender Data pertaining to this Tender, and completed according to the definitions and information contained in said documents.
2. **Failure to complete this form may result in the tender being disqualified.**

Project title:	Architectural services for: PIETERMARITZBURG: TRANSFER OF PROPERTY FROM UMSUNDUZI MUNICIPALITY TO NATIONAL DEPARTMENT OF PUBLIC WORKS AND INFRASTRUCTURE: APPOINTMENT OF SERVICE PROVIDER FOR A PRECINCT DEVELOPMENT PLAN-
Tender / Quotation no:	H24/053AI

Project title:	Architectural services for: Pietermaritzburg: Transfer Of Property From Umsunduzi Municipality To National Department Of Public Works And Infrastructure: Appointment Of Service Provider For A Precinct Development Plan		
Tender / Quotation no:	H24/053AI	Reference no:	057044

1. PURPOSE OF THE FORM

Any person (natural or juristic) may make an offer or offers in terms of this invitation to bid. In line with the principles of transparency, accountability, impartiality, and ethics as enshrined in the Constitution of the Republic of South Africa and further expressed in various pieces of legislation, it is required for the bidder to make this declaration in respect of the details required hereunder.

Where a person/s are listed in the Register for Tender Defaulters and / or the List of Restricted Suppliers, that person will automatically be disqualified from the bid process.

2. BIDDER'S DECLARATION

- 2.1 Is the bidder, or any of its directors / trustees / shareholders / members / partners or any person having a controlling interest³ in the enterprise, employed by the state?

☐ YES ☐ NO

- 2.1.1 If so, furnish particulars of the names, individual identity numbers, and, if applicable, state employee numbers of sole proprietor/ directors / trustees / shareholders / members/ partners or any person having a controlling interest in the enterprise, in table below.

Full Name	Identity Number	Name of State institution

⁽³⁾ the power, by one person or a group of persons holding the majority of the equity of an enterprise, alternatively, the person/s having the deciding vote or power to influence or to direct the course and decisions of the enterprise.

Any reference to words "Bid" or Bidder" herein and/or in any other documentation shall be construed to have the same meaning as the words "Tender" or "Tenderer".

2.2 Do you, or any person connected with the bidder, have a relationship with any person who is employed by the procuring institution?

☐ YES ☐ NO

2.2.1 If so, furnish particulars:

.....

.....

2.3 Does the bidder or any of its directors / trustees / shareholders / members / partners or any person having a controlling interest in the enterprise have any interest in any other related enterprise whether or not they are bidding for this contract?

☐ YES ☐ NO

2.3.1 If so, furnish particulars:

.....

.....

3. DECLARATION

I, the undersigned, (name)..... in submitting the accompanying bid, do hereby make the following statements that I declare to be true and complete in every respect:

- 3.1 I have read and I understand the contents of this disclosure;
- 3.2 I understand that the accompanying bid will be disqualified if this disclosure is found not to be true and complete in every respect;
- 3.3 The bidder has arrived at the accompanying bid independently from, and without consultation, communication, agreement or arrangement with any competitor. However, communication between partners in a joint venture or consortium⁴ will not be construed as collusive bidding.
- 3.4 In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications, prices, including methods, factors or formulas used to calculate prices, market allocation, the intention or decision to submit or not to submit the bid, bidding with the intention not to win the bid and conditions or delivery particulars of the products or services to which this bid invitation relates.
- 3.5 The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.
- 3.6 There have been no consultations, communications, agreements or arrangements made by the bidder with any official of the procuring institution in relation to this procurement process prior to and during the bidding process except to provide clarification on the bid submitted where so required by the institution; and the bidder was not involved in the drafting of the specifications or terms of reference for this bid.

⁴ Joint venture or Consortium means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract.

Any reference to words "Bid" or Bidder" herein and/or in any other documentation shall be construed to have the same meaning as the words "Tender" or "Tenderer".
For External Use

Effective date: 27 June 2022

PA-16: PREFERENCE POINTS CLAIM FORM IN TERMS OF THE PREFERENTIAL PROCUREMENT REGULATIONS 2022

This preference form must form part of all tenders invited. It contains general information and serves as a claim form for preference points for specific goals.

NB: BEFORE COMPLETING THIS FORM, TENDERERS MUST STUDY THE GENERAL CONDITIONS, DEFINITIONS AND DIRECTIVES APPLICABLE IN RESPECT OF THE TENDER AND PREFERENTIAL PROCUREMENT REGULATIONS, 2022

1. GENERAL CONDITIONS

1.1 The following preference point systems are applicable to invitations to tender:

- the 80/20 system for requirements with a Rand value of up to R50 000 000 (all applicable taxes included); and
- the 90/10 system for requirements with a Rand value above R50 000 000 (all applicable taxes included).

1.2 Preference Points System to be applied

(tick whichever is applicable).

- ☒ The applicable preference point system for this tender is the **80/20** preference point system.
- ☐ The applicable preference point system for this tender is the **90/10** preference point system.
- ☐ Either the **90/10 or 80/20** preference point system will be applicable in this tender. The lowest/ highest acceptable tender will be used to determine the accurate system once tenders are received.

1.3 Points for this tender shall be awarded for:

1.3.1 Price; and

1.3.2 Specific Goals

1.4 The maximum points for this tender are allocated as follows:

CHOOSE APPLICABLE PREFERENCE POINT SCORING SYSTEM	☒ 80/20	☐ 90/10
PRICE	80	90
SPECIFIC GOALS	20	10
Total points for Price and Specific Goals	100	100

1.5 Breakdown Allocation of Specific Goals Points

1.5.1 For Procurement transactions with rand value greater than R2 000.00 and up to R1 Million (Inclusive of all applicable taxes), the specific goals as listed in table 1 below are applicable.

All Acquisitions

Table 1

Serial No	Specific Goals	Preference Points Allocated out of 20	Documentation to be submitted by bidders to validate their claim
1.	An EME or QSE which is at least 51% owned by black people (Mandatory)	10	SANAS Accredited BBBEE Certificate or Sworn Affidavit where applicable.
2.	Located in a specific Local Municipality or District Municipality or Metro or Province area for work to be done or services to be rendered in that area (Mandatory)	2	- Official Municipal Rates Statement which is in the name of the bidder. Or - Any account or statement which is in the name of the bidder. Or - Permission To Occupy from local chief in case of rural areas (PTO) which is in the name of the bidder. Or - Lease Agreement which is in the name of the bidder.
3.	An EME or QSE which is at least 51% owned by black women (Mandatory)	4	SANAS Accredited BBBEE Certificate or Sworn Affidavit where applicable.
4.	An EME or QSE which is at least 51% owned by black people with disability (Mandatory)	2	- SANAS Accredited BBBEE Certificate or Sworn Affidavit where applicable. and - Medical Certificate indicating that the disability is permanent. Or - South African Social Security Agency (SASSA) Registration indicating that the disability is permanent. Or - National Council for Persons with Physical Disability in South Africa registration (NCPDSA).
5.	An EME or QSE which is at least 51% owned by black youth (Mandatory)	2	ID Copy and SANAS Accredited BBBEE Certificate or Sworn Affidavit where applicable.

1.5.2 For procurement transactions with rand value greater than R1 Million and up to R50 Million (Inclusive of all applicable taxes) the specific goals as listed in table 2 below are applicable:

All Acquisitions

Serial No	Specific Goals	Preference Points Allocated out of 20	Documentation to be submitted by bidders to validate their claim
1.	An EME or QSE or any entity which is at least 51% owned by black people (Mandatory)	10	SANAS Accredited BBBEE Certificate or Sworn Affidavit where applicable.
2.	Located in a specific Local Municipality or District Municipality or Metro or Province area for work to be done or services to be rendered in that area (Mandatory)	2	- Official Municipal Rates Statement which is in the name of the bidder. Or - Any account or statement which is in the name of the bidder. Or - Permission To Occupy from local chief in case of rural areas (PTO) which is in the name of the bidder. Or - Lease Agreement which is in the name of the bidder.
3.	An EME or QSE or any entity which is at least 51% owned by black women (Mandatory)	4	SANAS Accredited BBBEE Certificate or Sworn Affidavit where applicable.
4.	An EME or QSE or any entity which is at least 51% owned by black people with disability (Mandatory)	2	- SANAS Accredited BBBEE Certificate or Sworn Affidavit where applicable. and - Medical Certificate indicating that the disability is permanent. Or - South African Social Security Agency (SASSA) Registration indicating that the disability is permanent. Or - National Council for Persons with Physical Disability in South Africa registration (NCPDSA).
5.	An EME or QSE or any entity which is at least 51% owned by black youth (Mandatory)	2	ID Copy and SANAS Accredited BBBEE Certificate or Sworn Affidavit where applicable.

1.5.3 For procurement transactions with rand value greater than R50 Million (Inclusive of all applicable taxes) the specific goals as listed in table 3 below are applicable

All Acquisitions

Table 3

Serial No	Specific Goals	Preference Points Allocated out of 10	Documentation to be submitted by bidders to validate their claim
1.	An EME or QSE or any entity which is at least 51% owned by black people (Mandatory)	4	SANAS Accredited BBBEE Certificate or Sworn Affidavit where applicable.
2.	Located in a specific Local Municipality or District	2	Official Municipal Rates Statement which is in the name of the bidder.

	Municipality or Metro or Province area for work to be done or services to be rendered in that area (Mandatory)		Or - Any account or statement which is in the name of the bidder. Or - Muvhuy Or - Lease Agreement which is in the name of the bidder.
3.	An EME or QSE or any entity which is at least 51% owned by black women (mandatory)	2	SANAS Accredited BBBEE Certificate or Sworn Affidavit where applicable.
4. ☐	An EME or QSE which is at least 51% owned by black people with disability (Mandatory)	2	- SANAS Accredited BBBEE Certificate or Sworn Affidavit where applicable. and - Medical Certificate indicating that the disability is permanent. Or - South African Social Security Agency (SASSA) Registration indicating that the disability is permanent. Or - National Council for Persons with Physical Disability in South Africa registration (NCPDPSA).
5. ☐	OR An EME or QSE which is at least 51% owned by black youth (Mandatory) NB. (The use of this goal is mandatory however the BSC must select either one of the two and not both)		ID Copy and SANAS Accredited BBBEE Certificate or Sworn Affidavit where applicable.

Black people mean Africans, Coloureds and Indians, who - (a) are citizens of the Republic of South Africa by birth or descent; or (b) became citizens of the Republic of South Africa by naturalisation - (i) before 27 April 1994; or (ii) on or after 27 April 1994 and who would have been entitled to acquire citizenship by naturalisation prior to that date. (BROAD-BASED BLACK ECONOMIC EMPOWERMENT ACT No 25899, 2003 of 9 JANUARY 2004).

- 1.6 Failure on the part of the tenderer to submit proof or documentation required in terms of this tender to claim points for specific goals, if the service provider/ tenderer did not submit proof or documentation required to claim for specific goals will be interpreted to mean that preference points for specific goals are not claimed.
- 1.7 The organ of state reserves the right to require of a service provider/tenderer, either before a tender is adjudicated or at any time subsequently, to substantiate any claim in regard to preferences, in any manner required by the organ of state.

2. DEFINITIONS

- (a) **“tender”** means a written offer in the form determined by an organ of state in response to an invitation to provide goods or services through price quotations, competitive tendering process or any other method envisaged in legislation;
- (b) **“price”** means an amount of money tendered for goods or services, and includes all applicable taxes less all unconditional discounts;
- (c) **“rand value”** means the total estimated value of a contract in Rand, calculated at the time of bid invitation, and includes all applicable taxes;
- (d) **“tender for income-generating contracts”** means a written offer in the form determined by an organ

of state in response to an invitation for the origination of income-generating contracts through any method envisaged in legislation that will result in a legal agreement between the organ of state and a third party that produces revenue for the organ of state, and includes, but is not limited to, leasing and disposal of assets and concession contracts, excluding direct sales and disposal of assets through public auctions; and

- (e) **“the Act”** means the Preferential Procurement Policy Framework Act, 2000 (Act No. 5 of 2000).

3. FORMULAE FOR PROCUREMENT OF GOODS AND SERVICES

3.1. POINTS AWARDED FOR PRICE

3.1.1. THE 80/20 OR 90/10 PREFERENCE POINT SYSTEMS

A maximum of 80 or 90 points is allocated for price on the following basis:

$$\begin{array}{ccc} \text{80/20} & \text{or} & \text{90/10} \\ \\ Ps = 80 \left(1 - \frac{Pt - P_{min}}{P_{min}} \right) & \text{or} & Ps = 90 \left(1 - \frac{Pt - P_{min}}{P_{min}} \right) \end{array}$$

Where

- Ps = Points scored for price of tender under consideration
Pt = Price of tender under consideration
Pmin = Price of lowest acceptable tender

3.2. FORMULAE FOR DISPOSAL OR LEASING OF STATE ASSETS AND INCOME GENERATING PROCUREMENT

3.2.1. POINTS AWARDED FOR PRICE

A maximum of 80 or 90 points is allocated for price on the following basis:

$$\begin{array}{ccc} \text{80/20} & \text{or} & \text{90/10} \\ \\ Ps = 80 \left(1 + \frac{Pt - P_{max}}{P_{max}} \right) & \text{or} & Ps = 90 \left(1 + \frac{Pt - P_{max}}{P_{max}} \right) \end{array}$$

Where

- Ps = Points scored for price of tender under consideration
Pt = Price of tender under consideration
Pmax = Price of highest acceptable tender

4. POINTS AWARDED FOR SPECIFIC GOALS

- 4.1. In terms of Regulation 4(2); 5(2); 6(2) and 7(2) of the Preferential Procurement Regulations, preference points must be awarded for specific goals stated in the tender. For the purposes of this tender the tenderer will be allocated points based on the goals stated in table 1,2 and 3 above as may be supported by proof/ documentation stated in the conditions of this tender:
- 4.2. In cases where organs of state intend to use Regulation 3(2) of the Regulations, which states that, if it is unclear whether the 80/20 or 90/10 preference point system applies, an organ of state must, in the tender documents, stipulate in the case of—

- (a) an invitation for tender for income-generating contracts, that either the 80/20 or 90/10 preference point system will apply and that the highest acceptable tender will be used to determine the applicable preference point system; or
- (b) any other invitation for tender, that either the 80/20 or 90/10 preference point system will apply and that the lowest acceptable tender will be used to determine the applicable preference point system,

then the organ of state must indicate the points allocated for specific goals for both the 90/10 and 80/20 preference point system.

Table 1: Specific goals for the tender and points claimed are indicated per the table below.

(Note to organs of state: Where either the 90/10 or 80/20 preference point system is applicable, corresponding points must also be indicated as such.

Note to tenderers: The tenderer must indicate how they claim points for each preference point system.)

The specific goals allocated points in terms of this tender	Number of points allocated (90/10 system) (To be completed by the organ of state)	Number of points allocated (80/20 system) (To be completed by the organ of state)	Number of points claimed (90/10 system) (To be completed by the tenderer)	Number of points claimed (80/20 system) (To be completed by the tenderer)
1. An EME or QSE or any entity which is at least 51% owned by Historically Disadvantaged Individuals (HDI)	4	10		
2. Located in a specific Local Municipality or District Municipality or Metro or Province area for work to be done or services to be rendered in that area	2	2		
3. An EME or QSE or any entity which is at least 51% owned by women	2	4		
4. An EME or QSE or any entity which is at least 51% owned by people with disability or	2	2		
5. An EME or QSE or any entity which is at least 51% owned by youth . (only one specific goal is applicable between specific goal number 4 and specific goal number 5 under 90/10 Preference Point System)	2	2		

Note: *in respect of the 90/10 point system a selection of either disability or youth may be made with an allocation of 2 points for either of them.

5. DECLARATION WITH REGARD TO COMPANY/FIRM

5.1. Name of company/firm.....

5.2. Company registration number:

5.3. TYPE OF COMPANY/ FIRM

- ☐ Partnership/Joint Venture / Consortium
- ☐ One-person business/sole propriety
- ☐ Close corporation
- ☐ Public Company
- ☐ Personal Liability Company
- ☐ (Pty) Limited
- ☐ Non-Profit Company
- ☐ State Owned Company

[TICK APPLICABLE BOX]

5.4. I, the undersigned, who is duly authorised to do so on behalf of the company/firm, certify that the points claimed, based on the specific goals as advised in the tender, qualifies the company/ firm for the preference(s) shown and I acknowledge that:

- i) The information furnished is true and correct;
- ii) The preference points claimed are in accordance with the General Conditions as indicated in paragraph 1 of this form;
- iii) In the event of a contract being awarded as a result of points claimed as shown in paragraphs 1.4 and 4.2, the contractor may be required to furnish documentary proof to the satisfaction of the organ of state that the claims are correct;
- iv) If the specific goals have been claimed or obtained on a fraudulent basis or any of the conditions of contract have not been fulfilled, the organ of state may, in addition to any other remedy it may have –
 - (a) disqualify the person from the tendering process;
 - (b) recover costs, losses or damages it has incurred or suffered as a result of that person's conduct;
 - (c) cancel the contract and claim any damages which it has suffered as a result of having to make less favourable arrangements due to such cancellation;
 - (d) recommend that the tenderer or contractor, its shareholders and directors, or only the shareholders and directors who acted on a fraudulent basis, be restricted from obtaining business from any organ of state for a period not exceeding 10 years, after the *audi alteram partem* (hear the other side) rule has been applied; and
 - (e) forward the matter for criminal prosecution, if deemed necessary.

C1: AGREEMENT AND CONTRACT DATA

C1.1 Form of Offer and Acceptance

Offer

The Employer, identified in the acceptance signature block, has solicited offers to enter into a contract for the procurement of:

PROFESSIONAL ARCHITECTURAL SERVICES

on the Project

Pietermaritzburg: Transfer Of Property From Umsunduzi Municipality To National Department Of Public Works And Infrastructure: Appointment Of Service Provider For A Precinct Development Plan

The tenderer, identified in the offer signature block, has examined the documents listed in the Tender Data and addenda thereto as listed in the returnable schedules, and by submitting this offer has accepted the conditions of tender.

By the representative of the tenderer, deemed to be duly authorized, signing this part of this form of offer and acceptance, the tenderer offers to perform all of the obligations and liabilities of the Service Provider under the Contract including compliance with all its terms and conditions according to their true intent and meaning for remuneration to be determined in accordance with the conditions of Contract identified in the Contract Data.

The offered price for this service as described in C3 Scope of Services, inclusive of all applicable taxes ("all applicable taxes" includes value-added tax, pay as you earn, income tax, unemployment insurance fund contributions and skills development levies), is:

Rand (in figures) R

Rand (in words).....

The percentage of normal fees tendered is % (in figures)

..... percent (in words) as indicated in C2.2.2 Activity Schedule for Value Based Fees, column (b). (In the event of the basis for remuneration being "time based" as determined in C2.1.1.1, mark the percentage above "N/A".)(Remuneration, however, will be calculated as determined in C2.1.2.)

The amount in words takes precedence over the amount in figures. The award of the tender may be subjected to price negotiation with the preferred tender(s). The negotiated and agreed price will be considered for acceptance as **a firm and final offer**.

This offer may be accepted by the Employer by signing the acceptance part of this form of offer and acceptance and returning one copy of this document to the tenderer before the end of the period of validity stated in the Tender Data, whereupon the tenderer becomes the party named as the Service Provider in the conditions of Contract identified in the Contract Data.

THIS OFFER IS MADE BY THE FOLLOWING LEGAL ENTITY: (cross out block which is not applicable)

and whose National Treasury Central Supplier Database (CSD) numbers are:

CSD supplier number:

Tax Compliance Status Pin (TCSP).....

and whose National Treasury Central Supplier Database (CSD) numbers are:

CSD supplier number:

Tax Compliance Status Pin (TCSP).....

AND WHO IS (if applicable):

Trading under the name and style of:

AND WHO IS:

Represented herein, and who is duly authorised to do so, by:

Mr/Mrs/Ms:

In his/her capacity as:

Note:

A resolution / power of attorney, signed by all the directors / members / partners of the legal entity must accompany this offer, authorising the representative to make this offer.

SIGNED FOR THE TENDERER:

Acceptance

By signing this part of this form of offer and acceptance, the Employer identified below accepts the tenderer's offer. In consideration thereof, the Employer shall pay the Service Provider the amount due in accordance with the conditions of Contract identified in the Contract Data. Acceptance of the tenderer's offer shall form an agreement between the Employer and the tenderer upon the terms and conditions contained in this agreement and in the Contract that is the subject of this agreement.

The terms of the Contract are contained in:

- Part C1 Agreements and Contract Data, (which includes this agreement)
- Part C2 Pricing Data
- Part C3 Scope of Services

and drawings and documents or parts thereof, which may be incorporated by reference into Parts C1 to C3 above.

Deviations from and amendments to the documents listed in the Tender Data and any addenda thereto as listed in the tender schedules as well as any changes to the terms of the offer agreed by the tenderer and the Employer during this process of offer and acceptance, are contained in the schedule of deviations attached to and forming part of this agreement. No amendments to or deviations from set documents are valid unless contained in this schedule.

The tenderer shall within two weeks after receiving a completed copy of this agreement, including the schedule of deviations (if any), contact the Employer's agent (whose details are given in the Contract Data) to arrange the delivery of any bonds, guarantees, proof of insurance and any other documentation to be provided in terms of the conditions of Contract identified in the Contract Data. Failure to fulfil any of these obligations in accordance with those terms shall constitute a repudiation of this agreement.

Notwithstanding anything contained herein, this agreement comes into effect, if sent by registered post, 4 days from the date on which it was posted, if delivered by hand, on the day of delivery, provided that it has been delivered during ordinary business hours, or if sent by fax, the first business day following the day on which it was faxed. Unless the tenderer (now Service Provider) within seven working days of the date of such submission notifies the Employer in writing of any reason why he cannot accept the contents of this agreement, this agreement shall constitute a binding contract between the Parties.

For the Employer:

Schedule of Deviations

Notes:

1. The extent of deviations from the tender documents issued by the Employer before the tender closing date is limited to those permitted in terms of the conditions of tender.
2. A tenderer's covering letter shall not be included in the final Contract document. Should any matter in such letter, which constitutes a deviation as aforesaid, become the subject of agreements reached during the process of offer and acceptance, the outcome of such agreement shall be recorded here.
3. Any other matter arising from the process of offer and acceptance either as a confirmation, clarification or change to the tender documents and which it is agreed by the Parties becomes an obligation of the Contract shall also be recorded here.
4. Any change or addition to the tender documents arising from the above agreements and recorded here, shall also be incorporated into the final draft of the Contract.

Detail:

By the duly authorised representatives signing this agreement, the Employer and the tenderer agree to and accept the foregoing schedule of deviations as the only deviations from and amendments to the documents listed in the Tender Data and addenda thereto as listed in the tender schedules, as well as any confirmation, clarification or changes to the terms of the offer agreed by the tenderer and the Employer during this process of offer and acceptance.

It is expressly agreed that no other matter whether in writing, oral communication or implied during the period between the issue of the tender documents and the receipt by the tenderer of a completed signed copy of this Agreement shall have any meaning or effect in the Contract between the Parties arising from this agreement.

C1.2 Contract Data

C1.2.1 Standard Professional Services Contract
The conditions applicable to this Contract are the **Standard Professional Services Contract (July 2009)** published by the **Construction Industry Development Board (CIDB)**.

The Standard Professional Service Contract is not included in this tender document. Tenderers must obtain it on the CIDB's Website at:

http://www.cidb.org.za/procurement/procurement_toolbox/cidb_pub/default.aspx

C1.2.2 Data provided by the Employer

Clause	
1	Contract Data Specific data, which together with these General Conditions of Contract, collectively describe the risks, liabilities and obligations of the contracting Parties and the procedures for the administration of the Contract. Clauses stipulated in the Contract Data are in addition to or amendments to or replace the corresponding clauses in the STANDARD PROFESSIONAL SERVICES CONTRACT (July 2009) (Third Edition of CIDB document 1014). The Contract Data shall have precedence in the interpretation of any ambiguity or inconsistency between it and the General Conditions of Contract. The General Conditions of Contract in the Standard Professional Services Contract (July 2009) make several references to the Contract Data for details that apply specifically to this tender.
1	Period of Performance The Period of Performance is the period commencing from the date of signature of the letter of acceptance until the Service Provider has completed all Deliverables in accordance with the Scope of Services and in accordance with the approved baseline programme or within the approved extended programme as per Clause 3.15 of the Standard Professional Services Contract (July 2009).
3.4.1	Replace Clause 3.4.1 with the following: Any notice, request, consent, approvals or other communication made between the Parties pursuant to the Contract shall be in writing and forwarded to the address specified in the Contract Data. Such communication shall be deemed to have been made when delivered in person to an authorized representative of the Party to whom the communication is addressed, or one week after having been sent by registered post, or unless otherwise indicated in the Contract Data. Communication by e-mail is permitted but the originals of all contractual documents must be submitted. Email communication shall be deemed to have been delivered to the recipient one calendar day after sending.
3.5	Add to clause 3.5 The Services shall be executed in the Service Provider's own office and/or on the Project site as described in C3.2.2 Project description. No portion of the work may be performed by a person employed by the State. No portion of the work may be sublet to any other person or persons without the prior written approval of the Employer.
3.6	Omit the following: "... within two (2) years of completion of the Service ...".
3.8.2	Add the following to clause 3.8.2: The cost of preparation so negotiated shall not exceed the hourly tariff for time based fees as published at the time of the Employer's instruction and the hours will be as negotiated for each Category as defined in C2.1.3.2.

	The cost, for incorporation into the Contract any variations to the Services as ordered by the Employer, shall be calculated according to the Service Provider's tendered price. Implementation of the variation in services to be rendered by the Service Provider, shall only proceed after a written agreement between the parties.
3.9.1 (a)	Replace clause 3.9.1 (a) with the following: A change in legislation takes place in accordance with the provisions of Clause 3.2 provided the change in legislation came into effect after the completion of the tender documentation approved by the Employer.
3.9.1 (c)	Replace "Employers or others" with "the Employer, its employees or clients and/or their agents" Only extension of time without cost will considered in case where a 3rd party has caused a delay.
3.9.1 (d)	No Clause.
3.9.1 (e)	Replace clause 3.9.1 (e) with the following: The contract is restarted following a suspension period of 2 years the Service Provider is entitled to a change in contract price based on the applicable fee scales as published at the time of uplifting the suspension. The applicable fee scales as published at the time of uplifting the suspension will only be applied to the remaining work stages following the suspension.
3.9.3	Replace clause 3.9.3 with the following: "Upon receiving an application from the Service Provider to amend the period of performance and/or fees, the Employer shall assess the changes to the Contract Price and/or extension of the Period of Performance on the impact of the delay on the Services based on the fee structure that the Service Provider has tendered for and appointed on. Additional Services ordered by the Employer shall be assessed on time-based fees as tendered for and adjusted in terms of price adjustment to time-based fees for inflation as per 3.16.
3.9.4	Add to clause 3.9.4: The application for changes to the Period of Performance is subject to the delay being on the Critical Path of the approved programme and due to no fault of the Service Provider.
3.12	Penalty Replace clauses 3.12.1 and 3.12.2 with the following: Period of Performance shall be sub dividable in separate target dates according to the programme for each assignment to be submitted in terms of clause 3.15 hereof. Without prejudice to his other remedies under the Contract or in law, the Employer shall have the right to recover all cost claimed by the contractor in the event that the contractor claimed for delays resulting from actions or non-actions of the Service Provider. The Employer shall further have the right to recover all other cost, including but not restricted to extended rental cost resulting from the delay caused directly or indirectly by the Service Provider, certifying incorrect work for payment, delay in the construction period, remedial cost to correct incorrect designs and or documentation, including omissions. Without prejudice to his other remedies under the Contract or in law, the Employer shall recover a penalty amount per day, stipulated in the table below per target date for the full period of the delay.

In the event that the delay exceeds 30 days, the Employer will have the option to either:

- (i) terminate the contract and recover any loss as a result of the termination from the Service Provider, or
- (ii) allow the Service Provider to continue with the Services after the agreement of a new target date and recover the penalty per calendar day, as stipulated in the table below for the full period of the delay.

CALCULATION OF PENALTIES

VALUE OF FEES				% PENALTIES OF FEES	
1	1	UP TO	500,000	0.05000000	%
2	500,001	UP TO	1,000,000	0.05000000	%
3	1,000,001	UP TO	2,000,000	0.03750000	%
4	2,000,001	UP TO	4,000,000	0.02500000	%
5	4,000,001	UP TO	8,000,000	0.01875000	%
6	8,000,001	UP TO	16,000,000	0.01250000	%
7	16,000,001	UP TO	32,000,000	0.00781250	%
8	32,000,001	UP TO	64,000,000	0.00468750	%
9	64,000,001	UP TO	128,000,000	0.00273438	%
10	128,000,001	UP TO	256,000,000	0.00156250	%
11	256,000,001	UP TO	512,000,000	0.00087891	%
12	512,000,001		and above	0.00048828	%

Recovering of cost and or penalties may be done in the following ways:

- a) claim against professional indemnity insurance, or
- b) deduction from fee account, or
- c) direct payment to the contractor by the consultant, or
- d) litigation, or
- e) any other method available to the Employer

3.15.1

Replace clause 3.15.1 with the following:

A baseline programme for the performance of the Service shall be submitted by the Service Provider, identified as the principal agent in terms of C3.5.1 Service Providers, to the departmental project manager, within a period of two (2) weeks following the briefing meeting and whenever a programme is amended or revised, submit for the Employer's approval a programme for the performance of the Services which shall, inter alia, include:

- a) the order and timing of operations by the Service Provider and any actions, access to people, places and things and work required of the Employer and Others;
- b) the dates by which the Service Provider plans to complete work needed to allow the Employer and Others to undertake work required of them;
- c) provisions for float;
- d) the planned completion of the Services or part thereof in relation to a Period of Performance; and
- e) other information as required in terms of the Scope of Work or Contract Data.

The baseline programme will be the result of the co-ordination of all appointed Service Providers' inputs and shall be in sufficient detail describing key milestones, events and activities linked to the fastest realistic timeframes in which the Service can be delivered. Milestones and events are to be listed based on the Scope of Services described in part C3 of the various appointed Service Providers' tender documents and presented in bar chart format. No milestones may, at the co-ordination stage, be extended beyond the timeframes outlined in C3.2.2.3 Project Programme,

	unless approved by the Employer. The programme thus compiled and presented by the principal agent must be counter-signed by all appointed Service Providers as proof that the programme was agreed upon by all during the said co-ordination action. Such signed programme shall then constitute the Service Contract Period between the Employer and all the appointed Service Providers. In the event of the Employer not being satisfied with the submitted programme, the Parties will negotiate in good faith towards a programme that will be agreeable to both. Such an agreed-upon programme will form the basis for the management of the appointment, the Period of Performance and remuneration purposes of the respective Service Provider/s. Should circumstances change from the initial briefing, the Service Provider/s and the Employer will negotiate a revised programme to satisfy such change(s). Should the Parties fail to reach agreement on the programme or revised programme, the matter will be dealt with in terms of clause 12.1.2 of the General Conditions of Contract. Should the mediation process fail, the Contract will be deemed to have been mutually terminated and any reasonable fees accrued at that stage settled by the Employer. Any failure to comply with the provisions of clause 3.15.1 <i>supra</i> and submit or re-submit the programmes of works or failure to submit the programme on the date required by the Employer, which request shall at all material times be reasonable and fair, shall constitute a material breach of the terms and condition of contract which entitles the Employer to terminate the contract with due regard to clause 8.4 (cidb Standard Professional Services Contract, July 2009).
3.16.2	The adjustment to the time-based fees shall be equal to: $(CPI_n - CPI_s) / CPI_s$ where CPI_s = the indices specified in the Contract Data during the month in which the start date falls CPI_n = the latest indices specified in Contract Data during the month in which the anniversary of the Start Date falls Where CPI_s = the index of StatsSA P0141 (Table B) for the month during which the tender closed. CPI_n = the index of StatsSA P0141 (Table B) for the month in which the anniversary of the tender date falls. The indices of StatsSA P0141 are available on the Website: http://www.statssa.gov.za/Publications/statsdownload.asp?PPN=P0141 The formula for calculating the adjusted hourly rate will be: $(((CPI_n - CPI_s) / CPI_s) \times \text{original hourly rate}) + \text{original hourly rate}$
4.1.1	Add to clause 4.1.1 the following: Briefing meeting: The departmental project manager shall arrange a briefing meeting, compulsory for all appointed Service Providers, as soon as practicable after the appointment of the professional team as referred to in C3.5.1 Service Providers, or after the appointment of the core members of the professional team required to commence with the Services if not appointed at the same time, during which meeting the departmental project manager, together with any supporting advisors, will verbally brief the professional team comprehensively regarding the requirements of the project and the Scope of Services and hand over, to the Service Provider/s, all documentation relevant to the execution of the Service.
4.4	Others providing Services on this Project are as listed in C3.5.1 Service Providers.

5.4.1	Add to clause 5.4.1: Minimum professional insurance cover as more comprehensively described in C1.2.3 Data provided by the Service Provider and in respect of which the Service Provider must provide proof of insurance as required.
5.5	Replace clause 5.5 with the following: The Service-Provider is required to obtain the Employer's prior approval in writing before taking, inter alia, any of the following actions: a) appointing Subcontractors for the performance of any part of the Services; b) appointing Key Persons not listed by name in the Contract Data; c) travelling for which payment will be claimed, as defined in C2.1.7 Travelling and subsistence arrangements and tariffs of charges; d) deviate from the programme for each assignment; e) deviate from or change the Scope of Services; f) change Key Personnel on the Service; Add to clause 5.5 c: 1 Exclusion of authority/powers The Service Provider's authority to act and/or to execute functions or duties is excluded in respect of the matters listed below. The Employer shall retain its powers and authority as stipulated in the applicable clauses of the contract data which are relevant and applicable to the JBCC or GCC conditions of contract. 1.1 Nomination of nominated or selected subcontractors; 1.2 Granting of extension of time and/or ruling on claims associated with claims for extension of time; 1.3 Acceleration of the rate of progress and determination of the cost for payment of such acceleration; 1.4 Rulings on claims and disputes; 1.5 Suspension of the works; 1.6 Final payment certificate; 1.7 Issuing of <i>mora</i> notices to the contractor; 1.8 Cancellation of the contract between the Employer and contractor. Any claims, demands, notices, notifications, updated particulars and reports in writing, together with additional supporting documentation pertaining thereto, must be submitted by the contractor to the Service Provider, acting as principal agent, in respect of any of the matters listed in 1.1 to 1.8 above. This must be done within the time periods and in the format(s) as determined in the said/relevant conditions of contract. On receipt thereof, said Service Provider must study the documentation, obtain comments/advice/recommendations from the professional team members and submit a motivated recommendation to the Employer. This must be done timeously as to allow the Employer sufficient time to respond within the time periods and in the format(s) determined in said conditions of contract. The Employer's ruling will be copied to the Service Provider for information. 2 Limitation of authority/powers The Service Provider's authority is limited in respect of the submission to the Employer of comments/recommendations/reports for prior endorsement/approval and further instructions. These pertain to any decision in respect of approval for/of: 2.1 Institution of or opposing litigation; 2.2 Issuing of variation orders/contract instructions/orders in writing which increase the value of the works/contract value and/or change the design of intended use of the project; 2.3 Instructions to embark on dayworks; 2.4 Dayworks rates; 2.5 Material quotes relating to dayworks; 2.6 Adjustment of general items relating to dayworks;

	2.7 Expenditure on prime cost items; 2.8 Issuing of practical completion, completion, works completion, final completion and/or final approval certificates. In respect of the matters listed in 2.1 to 2.8 above, the Service Provider must submit all necessary documentation in order to enable the Employer to formulate decisions and to obtain the Employer's formal endorsement/approval prior to acting and/or executing functions or duties in respect of the contract between the Employer and the contractor. This must be done timeously so as to allow the Employer sufficient time for decision-making in terms of the said conditions of contract. Failure to adhere to the above stipulation will cause the Service Provider to be liable in terms of the Contract between Service Provider and Employer for all such unintended costs and damages.
5.8	Add clause 5.8: The Service Providers shall finalize their work and complete the first final account were the contractor's contract has been terminated, where after the Service Providers contract shall terminate, unless the Employer elects to retain the services of the Service Provider's.
7.1.1	Replace clause 7.1.1 with the following: The Service Provider shall employ and provide all qualified and experienced Personnel required to perform the Services. Service Provider/s including personnel performing service must be fit and proper persons with positive security screening and South African identity document (south African citizens).
8.1	Replace clause 8.1 with the following: The Service Provider is to commence the performance of each assignment immediately with due diligence after the approval of the PROGRAMME as specified in clause 3.15 above. Failure to comply shall result in penalties in terms of clause 3.12 and / or termination in terms of 8.4.1.
8.2.4	Replace clause 8.2.4 with the following: The Employer shall, within 30 Days of receipt of a detailed request, grant such extension to the Period of Performance as may be justified, either prospectively or retrospectively, if the extension requested is below 20% of the original period of performance, and 60 days if more than 20% of the original period of performance or, inform the Service Provider that he is not entitled to an extension. Should the Service Provider find the decision of the Employer to be unacceptable he shall, nevertheless, abide by such decision in the performance of the Services and the matter shall be dealt with as a dispute in terms of Clause 12 inform the Service Provider that he is not entitled to an extension. Should the Service Provider find the decision of the Employer to be unacceptable he shall, nevertheless, abide by such decision in the performance of the Services and the matter shall be dealt with as a dispute in terms of Clause 12.
8.4.1	Replace clause 8.4.1 with the following: The Employer may terminate the Contract with the Service Provider: (a) where the Services are no longer required; (b) where the funding for the Services is no longer available; (c) where the project has been suspended for a period of two (2) years or more; (d) if the Service Provider does not remedy a failure in the performance of his obligations under the Contract within fourteen (14) Days after having been notified thereof, or within any further period as the Employer may have subsequently approved in writing; (e) if the Service Provider becomes insolvent or liquidated; or (f) if, as the result of <i>Force Majeure</i>, the Service Provider is unable to perform a material portion of the Services for a period of not less than sixty (60) Days; (g) should the Service Provider cease to exist or be incapacitated for whatever reasons, the Employer is entitled, if it so elects;

	(h) at its sole discretion, where the Service Provider is not performing Services in accordance with clause 5.1.1; (i) where the Service Provider has engaged in corrupt or fraudulent practices in tendering for the service contract, or in executing the service contract or in managing the construction contract. (j) at its sole discretion, where the Service Provider is in violation of clause 5.1.1.
8.4.3 (c)	Add to clause 8.4.3 (c) the following: The period of suspension under clause 8.5 is not to exceed two (2) years.
8.4.4	Replace clause 8.4.4 with the following: Upon termination of this Contract pursuant to Clauses 8.4.1 or 8.4.3, the Employer shall remunerate the Service Provider in terms of the Contract for Services satisfactorily performed prior to the effective date of termination and reimburse the Service Provider any reasonable cost incident to the prompt and orderly termination of the Contract, except in the case of termination pursuant to events (d) and (e) of Clause 8.4.1.
8.4.6	Add clause 8.4.6: Upon termination of this Contract or any part thereof, a copy of any drawings and documents produced pursuant to the Contract being ended and not previously provided by the Service Provider to the Employer shall be delivered to the Employer by the Service Provider within 7 working days after the date of termination.
8.4.7	Add clause 8.4.7: Any deviation or failure to comply with the provision of clause 8.4.6 supra would entitle the Employer to withhold any payment due to the Service Provider and to invoke any other remedies available in law to enforce compliance therewith.
9.1	Add to clause 9.1: Copyright of documents prepared for the Project shall be vested with the Employer.
10.2	Replace clause 10.2 with the following: An assignment shall be valid only if it is a written agreement between the Employer and Service Provider by which the Service Provider transfers his rights and obligations under the Contract, or part thereof, to others.
10.3	Replace clause 10.3 with the following: The Service Provider shall not, without the prior written consent of the Employer, assign the Contract or any part thereof, or any benefit or interest thereunder.
12.1.2	Interim settlement of disputes is to be by mediation.
12.2.1	Add to clause 12.2.1: In the event that the Parties fail to agree on a mediator, the mediator is to be nominated by the Association of Arbitrators (Southern Africa).
12.3	No Clause.
12.4	No Clause.
12.5	Add Clause 12.5: Final settlement is by litigation.

13.1.3	Replace clause 13.1.3 with the following: All partners in a joint venture or consortium shall carry the same professional indemnity insurance as per clause 5.4.1 of the General Conditions of Contract.
13.4	Replace clause 13.4 with the following: Neither the Employer nor the Service Provider is liable for any loss or damage resulting from any occurrence unless a claim is formally made within 5 years from the date of termination or completion of the Performance Contract.
13.5	Replace clause 13.5 with the following: The amount of compensation is as per Clause 5.4.1.
13.6	No Clause.
14.2	Replace 14.2 clause with the following: Amounts due to the Service Provider shall be paid by the Employer within thirty (30) Days of receipt by him of the relevant invoices and source documents, which are correct in all respects. If the Service Provider does not receive payment by the due date, he shall be entitled to charge interest on the unpaid amount, at the Prescribed Rate of interest as determined by the appropriate Minister at the time when <i>mora</i> interest is charged.
14.4	Replace 14.4 clause with the following: In respect of Services charged for on a time-basis and all other reimbursable expenses the Service Provider shall maintain records in support of such charges and expenses for a period of sixty months after the completion or termination of the Contract. Within this period the Employer may, on not less than 14 Days' notice, require that a reputable and independent firm of accountants, nominated by him at his expense, audit any claims made by the Service Provider for time charges and expenses by attending during normal working hours at the office where the records are maintained.
15	Add to clause 15: In respect of any amount owed by the Service Provider to the Employer, the Service Provider shall pay the Employer interest at the rate as determined by the Minister of Finance, from time to time, in terms of section 80(1)(b) of the Public Finance Management Act, 1999 (Act no1 of 1999).

C1.2.3 Data provided by the Service Provider

Clause	
	Each item of data given below is cross-referenced to the clause in the General Conditions of Contract to which it mainly applies.
1	The Service Provider is the company, close corporation, natural person or partnership named in C1.1 Form of Offer and Acceptance by the tendering Service Provider.
5.3	The authorised and designated representative of the Service Provider is the person named in the resolution PA-15.1, PA-15.2 or PA-15.3 by the tendering Service Provider.

5.4.1

Indemnification of the Employer

I, the undersigned, being duly authorized by the Service Provider, in terms of the completed resolution (PA-15.1, PA-15.2 or PA-15.3)

..... (Name of authorized person)

hereby confirm that the Service Provider known as:

..... (Legal name of entity tendering herein)

tendering on the project:

.....

..... (Name of project as per C1.1 Form of offer and acceptance)

holds professional indemnity insurance cover, from an approved insurer, duly registered with the Finance Services Board, of not less than R1,5 Million at the time of tender.

I shall submit proof of acceptable Professional Indemnity insurance where the minimum insurance cover is R1,5 Million or 15% of the Value of the Work for the applicable discipline, whichever the greater, to the Client Representative within 30 days upon completion of the planning based on the pre-tender estimate, prior to the commencement of construction. The limit of indemnity will remain intact for Each and Every Claim, no matter how many claims are made.

I further confirm that should the professional indemnity insurance, with no knowledge of the Employer, be allowed to lapse at any time or in the event of the Service Provider cancelling such professional indemnity insurance, with no knowledge of the Employer, at any time or if such professional indemnity cover is not sufficient, then the Service Provider, (i) accepts herewith full liability for the due fulfilment of all obligations in respect of this Service; and (ii) hereby indemnifies, and undertakes to keep indemnified, the Employer in respect of all actions, proceedings, liability, claims, damages, costs and expenses in relation to and arising out of the agreement and/or from the aforesaid Service Provider's intentional and/or negligent wrongful acts, errors and/or omissions in its performance on this Contract.

I confirm that the Service Provider undertakes to keep the Employer indemnified, as indicated above, beyond the Final Completion Certificate/Final Certificate by the Employer (whichever is applicable) for a period of five (5) years after the issue of such applicable certificate.

I confirm that the Service Provider renounces the benefit of the *exceptionis non causa debiti, non numeratae pecuniae* and *excussionis* or any other exceptions which may be legally raised against the enforceability of this indemnification.

Notwithstanding the indemnification required above, the Employer reserves the right to claim damages from the Service Provider for this Project where the Service Provider neglects to discharge its obligations in terms of this agreement.

C2: PRICING DATA

C2.1 Pricing Assumptions

C2.1.1 Basis of remuneration, method of tendering and estimated fees

C2.1.1.1 Professional fees for **Architectural Services** will be paid on a **"time basis as specified in clause C2.1.4"**.

C2.1.1.2 **Tenderers are to tender:**
A percentage of the estimated fees(in the event of the basis for remuneration being indicated above as a "value based" fee)

or

The different rates for the different levels in C2.2.3 Activity Schedule for Time Based Fees, column (c) (in the event of the basis for remuneration being indicated above as a "time based" fee)

all as set out below.

C2.1.2 Remuneration for **Architectural Services**

C2.1.2.1 **Professional fees shall be calculated as follows for Services rendered by the Service Provider:**

- **In the event of the basis for remuneration being a "value based" fee, the percentage of the normal fees tendered in "C1.1 Form of Offer and Acceptance", plus Value Added Tax, all according to the provisions under C2.1.3;**

or

- **In the event of the basis for remuneration being a "time based" fee, the different rates tendered for the different levels in "C2.2.3 Activity Schedule for Time Based Fees", column (c), multiplied by the actual number of hours spent plus Value Added Tax, all according to the provisions under C2.1.4.**

C2.1.2.2 The amount tendered herein (C1.1) is for tender purposes only and will be amended according to the application of the value fee scale *vis-à-vis* the actual cost of construction (if basis of remuneration has been set at "value based" according to C2.1.1.1) or the actual number of hours for each level (if basis of remuneration has been set at "time based" according to C2.1.1.1).

The estimated construction cost in the Activity Schedule does not take clauses 25 and 26 (Annexure A) into consideration. The final fee will be calculated on the final construction cost, excluding items pertinently listed as exclusions in clause 25 and those examples listed in clause 26, but including inclusions as pertinently listed in clause 27 of Annexure A.

When the **architect** has, upon proof, fulfilled a coordinating and/or planning role in respect of the excluded items, a fee commensurate with the input made by the **architect**, but not exceeding 1% of the value of the items, may be claimed.

C2.1.2.3 Reimbursable rates for typing, printing and duplicating work and forwarding charges as set out under C2.1.6 herein will be paid in full, irrespective of the percentage or rates tendered as referred to in C2.1.1.2 and C2.1.2.1 above.

C2.1.2.4 The site must be visited as often as the works require for the execution of all duties on the Project. The Service Provider must be available at 24 hour notice to visit the site if so required.

C2.1.2.5 All fee accounts must be accompanied by an updated original written certification by the quantity surveyor, if appointed, of the amount(s) on which fees are based. The onus, however, rests on the Service Provider to calculate fees on the appropriate value and according to the correct fee scale, read in conjunction with this Contract.

- C2.1.2.6 All fee accounts are to be signed by a principal of the Service Provider and submitted in original format, failing which the accounts will be returned. Copies, facsimiles, electronic and other versions of fee accounts will not be considered for payment.
- C2.1.2.7 For all Services provided on a time basis, time sheets giving full particulars of the work, date of execution and time duration, should be submitted with each fee account.
- C2.1.2.8 Payments to the Service Provider will be made electronically according to the banking details furnished by the Service Provider and verified by the Employer. Any change in such banking details must be communicated to the departmental project manager timeously. Fee accounts, correct in all respects, will be deemed submitted when received by the Employer and settled when electronically processed by the Employer. The Employer reserves the right to dispute the whole account, any item or part of an item at any time and will deal with such case in terms of clause 14.3 of the General Conditions of Contract.
- C2.1.2.9 Accounts for Services rendered may be submitted on the successful completion of each stage of work. Interim accounts will only be considered during the construction stage of the works and then not more frequently than quarterly except if otherwise agreed between the authorised and designated representative of the Service Provider and the Employer. Payment of accounts rendered will be subject to the checking thereof by the departmental project manager. The Employer reserves the right to amend the amounts claimed in order to conform to the rates stipulated in this Contract and make payment on the basis of the balance of the account in accordance with clause 14.3 of the General Conditions of Contract.
- C2.1.2.10 The cost of all site Personnel, rendering standard services, will be deemed to be included in the applicable fees as stated in C2.1.1.1 above. Should the need for detailed inspections on site during work stage 5 be required, such requirement shall timeously be motivated in the prescribed format and the cost thereof timeously negotiated in advance with the departmental project manager. Failure to adhere hereto may invalidate any claim the Service Provider may have in respect of any Services rendered without such negotiation process, agreement reached and the terms thereof reduced to writing.
- C2.1.2.11 All Services relating to the implementation of the works which are to be provided in terms of the Guidelines for the Implementation of Labour-Intensive Infrastructure Projects under the Expanded Public Works Programme (EPWP) are normal services in terms of the 2023 NDPWI - Scope of Architectural Services and Tariff of Fees. Any changes in the design of the works to incorporate labour-intensive works should not constitute a change in scope or an additional service where the scope of work is framed around such publications.
- C2.1.2.12 Fee accounts shall be submitted in the Employer's prescribed format, if available. Fee account formats are obtainable on the Employer's Website: <http://www.publicworks.gov.za> under "Documents"; "Consultants Guidelines"; item 9.1.

C2.1.3 Value based fees

- C2.1.3.1 Fees for work done under a value based fee
Where value based fees are payable (if basis of remuneration has been set at "value basis" according to C2.1.1.1), the Service Provider will be remunerated for Services rendered, subject to the provisions in C2.1.2 above and subject to the specific terms and conditions stated below and elsewhere in this document, in accordance with the **2023 NDPWI - Scope of Architectural Services and Tariff of Fees in respect of services rendered by a person registered in terms of section 19(2) of the Architectural Profession Act, 2000 (Act No.44 of 2000)** dated 1 March 2023. This document is referred to as the "2023 NDPWI - Scope of Architectural Services and Tariff of Fees" hereinafter and is appended as Annexure A. This tariff of fees will be payable for the full Period of Performance.

The tender submitted shall be based on the 2023 NDPWI - Scope of Architectural Services and Tariff of Fees.

C2.1.3.2 Full services

The fee for full services shall be the tendered percentage based on the fee provided in the Tariff of Professional Fees, before apportionment of the fee to services. Where the Service Provider is required to perform a portion of the full services, only the relevant portion of the fee shall be paid. Refer to C3 Scope of services (C3.2.1 in particular) for detail of services required herein.

C2.1.3.2.1 Certain items and services, which are external to the building(s) and/or which are regarded as items of equipment, irrespective whether these are external or internal to the building(s), are not regarded as an "integral part of the project or design of the Works" and consequently the cost of these items are to be excluded from the value of the Works on which a value based fee is calculated.

The Service Provider may, in the price offer, make provision for and include all professional costs for involvement in the design and co-ordination for the provision of these items. No professional fees, in excess of what was tendered, will be considered for professional services performed and time spent by the Service Provider in any matters associated with these items.

Examples of items regarded as "not being an integral part of the project or design of the Works" are listed in the 2023 NDPWI - Scope of Architectural Services and Tariff of Fees.

C2.1.3.3 Interim payments to the Service Provider

For the purposes of ascertaining the interim payments due, the cost of the works, which shall exclude any provisional allowances made to cover contingencies and escalation, shall be:

- the net amount of the accepted tender, or
- if no tender is accepted, the net amount of the lowest suitable tender, unless acceptable motivation can be provided to prove that such amount is unreasonable, or
- if the contract is awarded by negotiation the negotiated price, or
- if no tenders are invited or if no suitable tenders are received or if no negotiation is concluded, the estimate. The estimate shall be the one accepted by the Employer as representing the value of the works, which for purposes of interim payments will be deemed to be 80% of the quantity surveyor's estimate, if a quantity surveyor has been appointed.

C2.1.3.4 Fees for documentation for work covered by a provisional sum

Where a provisional sum is included in the bills of quantities for work to be documented at a later stage, the documentation fee in respect of such work shall be remunerated at the time when the documentation has been completed. The fee shall relate to the type of documentation drawn up by the architect in respect of each section of such work.

C2.1.3.5 Alternative tenders

No fee shall be payable for documentation prepared for alternative tenders involving the mere substitution of material not requiring any measurements or calculation.

C2.1.3.6 Interim payments for work stage 6

Interim payments for work stage 6 will be allowed only when an acceptable and complete final account for the Project, or any separate identifiable phase of the Project, has been received by the Employer provided that the relevant fee shall be subject to a factor of 80%.

C2.1.3.7 Time charges for work done under a value based fee

Where time charges are payable according to the 2023 NDPWI - Scope of Architectural Services and Tariff of Fees (if basis of remuneration has been set at "value based" according to C2.1.1.1), the principles as described in the 2023 NDPWI - Scope of Architectural Services and Tariff of Fees, and the rates set out below, will be applicable.

Time charges for this service as tendered under C2.2 Activity Schedule, will annually be adjusted for inflation for the full duration of the Service Contract Period as determined by clause 3.16.2, of the Contract, as amended in the Contract Data in C1.2.2. The rates claimable are the rates applicable at the time of the execution of the work.

Time charges for work done in excess of the original Service Contract Period as per 3.15.1 of the Contract Data, will be calculated in terms of Clause C2.1.3.7.1.

If the Activity Schedule did not make provision for rendering services on an hourly rate the hourly rate payable will be calculated in terms of Clause C2.1.3.7.1.

C2.1.3.7.1 Time charges are reimbursable at rates applicable at the time of the actual execution of the specific service. The "Rates for Reimbursable Expenses" as amended from time to time and referred to below, is obtainable on the Employer's Website: <http://www.publicworks.gov.za/> under "Documents"; "Consultants Guidelines"; item 1.

C2.1.3.7.2 The scale of fees on time charges, on which Value Added Tax is excluded, shall be at the following rates per hour, rounded off to the nearest rand: (see Table 8 of "Rates for Reimbursable Expenses" for the actual amounts calculated in accordance with to the principles laid down below):

- (i) registered professional principals*: 18,75 cents for each R100,00 of the total annual remuneration package attached to the lowest notch of a level 13 salary range (Director) in the Public Service;
- (ii) registered professionals*: 17,5 cents for each R100,00 of the total annual remuneration package attached to the lowest notch of a level 12 salary range (Deputy Director second leg) in the Public Service;
- (iii) registered technicians**: 16,5 cents for each R100,00 of his/her **gross annual remuneration**; provided that this hourly rate shall not exceed 16,5 cents for each R100,00 of the total annual remuneration package attached to the lowest notch of a level 11 salary range (Deputy Director first leg) in the Public Service.

*(includes professional architects, professional quantity surveyors, professional engineers, professional technologists [engineering], professional planners and professional construction project managers)

** (includes professional technicians [engineering] professional senior technologists [architectural], principal technologists [architectural] and technical planner).

Hourly rates calculated in terms of (i), (ii) and (iii) above shall be deemed to include overheads and charges in respect of time expended by clerical Personnel which shall, therefore, not be chargeable separately.

C2.1.3.7.3 Unless otherwise specifically agreed in writing, remuneration for the time expended by principals in terms of C2.1.3.7.2 (i) above on a project shall be limited to 5 per cent of the total time expended for time charges in respect of the Project. Any time expended by principals in excess of the 5 per cent limit shall be remunerated at the rates determined in (ii) or (iii) above.

C2.1.3.7.4 Notwithstanding the above, where work is of such a nature that Personnel as described in C2.1.3.7.2 (iii) above are capable of performing such work, it shall be remunerated at that level and not at the rates described in (i) and (ii) above, irrespective of who in fact executed the work.

C2.1.3.7.5 Gross annual remuneration in C2.1.3.7.2 (iii) above shall mean basic salary and guaranteed annual bonus; fringe benefits not included in basic salary; income benefit, as determined from time to time by the South African Revenue Services for income tax purposes, for the private use of a motor vehicle by the employer; employer's contribution to pension/provident fund, medical aid and group life assurance premiums; Compensation Fund and Unemployment Fund contributions, Metropolitan Council levies and any other statutory contributions or levies; all other costs and benefits as per conditions of appointment but excluding any share of profit and payment for overtime.

C2.1.3.7.6 The salaries referred to in C2.1.3.7.2 (i) to (iii) above can change from time to time, which will, therefore, change the rates applicable. These rates will, however, only be adjusted on the first day of each calendar year irrespective of any changes in salary ranges during the relevant year. The rates applicable at the time of the execution of the work as set out in Table 8 of the "Rates for Reimbursable Expenses", as adjusted from time to time, may be claimed.

C2.1.3.8 Additional services

Unless separately specified in C3.3.3 and scheduled in the Activity Schedule, no separate payment shall be made for additional services. The cost of providing these services shall be deemed to be included in the value based fee tendered for normal services.

C2.1.3.9 Excessive Variation in Time (Construction Period)

In the event of the initial contract period being exceeded by more than 10 per cent, through no fault of the architectural professional, the architect is to be remunerated for all additional work over and above the period exceeding the additional 10%, resulting from the extension of time. The hourly rates according to the then current departmental hourly rate together with related reimbursables shall apply.

C2.1.3.10 Remuneration when Construction Contracts are Cancelled/ Completion Contracts

When the Construction Contract is cancelled during the construction period by either the Employer or the Contractor, the following will apply:

- a) Fees for stages 1 to 4 will be based on the Contract Sum of the original contract.
- b) Fees for stages 5 and 6 will be based on the final account value of the cancelled contract.
- c) Fees can only be claimed for stages where services were rendered.
- d) In terms of completion contracts, remuneration for stage 1 to 4 will only be applicable to new scope of work, in which case fees will be based on an hourly basis.
- e) Fees will be remunerated on an hourly basis for the compilation of the Bills of Quantities for the completion Contract.
- f) The hourly rates payable will be in terms of "Rates for Reimbursable Expenses" as amended from time to time, based on time sheets.
- g) All consultants must obtain written confirmation, with regards to the scope of services required for stages 1 to 4 work on the Completion Contract, from the Project Manager prior to commencing with the work.
- h) Fees will be remunerated based on the NDPWI fee scales for stages 5 and 6 based on the final account value of the completion contract.

Service Providers to refer to Clause 5.8 (should the Employer elect to retain the services of the Service Provider).

C2.1.3.11 Remuneration upon Suspension or Cancellation of the Project

In the event of the project being suspended or cancelled prior to the commencement of the construction works, the fees payable will be determined by applying the percentage claimable fee of the work stage completed or partially completed, based on the percentage of the estimate as indicated below:

- a) at time of suspension or cancellation during the planning stage - 80% of the PQS / Engineer's estimate, or
- b) just prior to inviting tenders or during tender stage but before the closing of tenders - 80% of the PQS / Engineer's pre-tender estimate.
- c) after closing of tenders but prior to recommendation of a tender - 100% of the responsive tender with the lowest price where there is an acceptable tender. Where there is no responsive tenders then C2.1.3.14 (b) will apply, or
- d) a tender has been recommended for award - 100% of the recommended bidder's tender price,
- e) a tender has been awarded but no work has commenced - 100% of the recommended bidder's tender price

or

In the event of the project being suspended or cancelled after the commencement of the works, fees will be based on 100% of the contract sum, excluding provisional sums, for Stages 1 to 4 and 100% of the final account value of the work done and certified when the contract is terminated during Stage 5 or 6.

C2.1.3.12 All fees claimable on an hourly basis must be substantiated by a comprehensive time sheet indicating the date, name of person whom rendered the service, description of the service rendered, the number of hours spent in rendering the service, the applicable rate per hour in terms of this agreement and the total amount claimed per incident. The Employer reserves the right to

validate the information provided by the Service Provider and will remunerate the Service Provider on what is deemed to be fair and reasonable.

C2.1.4 Time based fees

C2.1.4.1 Fees for work done for a time based fee

Where time based fees are payable (if basis of remuneration has been set at "time basis" according to C2.1.1.1), the various rates per hour tendered for the various levels in C2.2.3 Activity Schedule for Time Based Fees (column (c) "Tenderer's rates for Time Based Fees") and the principles as laid down below will be used. These various rates will annually be adjusted for inflation as determined by clause 3.16.2 of the Contract, as amended in the Contract Data in C1.2.2. The time based rates applicable at the time of the execution of the work, may be claimed.

C2.1.4.2 The various levels (referred to in C2.2.3 Activity Schedule for Time Based Fees) are the levels referred to in categories A to D below.

To determine the time based fee rates, the professional and technical staff concerned are divided into:-

Category A: Expert professional registered architect

in respect of a private consulting practice in architecture, shall mean a top practitioner whose expertise and relevant experience is nationally or internationally recognized and who provides advice at a level of specialization where such advice is recognized as that of an expert.

Category B: Principals

where level of expertise and relevant experience is commensurate with the position, performs work of a conceptual nature in architectural design and development, provides strategic guidance in planning and executing a project and/or carries responsibility for quality management pertaining to a project.

Category C: Registered professional architect

in respect of a private consulting practice in architecture, shall mean all salaried professional staff with adequate expertise and relevant experience performing work of a relevant professional nature and who carry the direct technical responsibility for one or more specific activities related to a project. A person referred to in level A and/or B above may also fall into this level if such a person performs work of a relevant professional nature at this level.

Category D: Other technical Personnel

in respect of a private consulting practice in architecture, shall mean all other salaried technical staff with adequate expertise and relevant experience performing work of a relevant professional nature with direction and control provided by any person contemplated in levels A, B or C above.

Hourly rates calculated in terms of all the above shall be deemed to include overheads and charges in respect of time expended by clerical Personnel which shall, therefore, not be chargeable separately.

C2.1.4.3 Work will be remunerated for at the level in which it falls as defined in C2.1.4.2 above, irrespective of whether the person who in fact executed the work functions at a higher level of responsibility and competence.

C2.1.4.4 Remuneration upon Suspension or Cancellation of the Project prior to commencement of the Construction Project

In the event of the project being suspended or cancelled prior to the commencement of the construction, the fees claimable by the Service Provider will be determined as follows:

The hourly rate for proven time spent (time sheets) on providing professional services on the project, plus cost of all re-imbursements till date of suspension or cancellation of the Project,

irrespective during which phase of the project life cycle prior to commencement of construction, the project is suspended or cancelled.

C2.1.4.5 All fees claimable on an hourly basis must be substantiated by a comprehensive time sheet indicating the date, name of person whom rendered the service, description of the service rendered, the number of hours spent in rendering the service, the applicable rate per hour in terms of this agreement and the total amount claimed per incident. The Employer reserves the right to validate the information provided by the Service Provider and will remunerate the Service Provider on what is deemed to be fair and reasonable.

C2.1.4.6 If the Activity Schedule did not make provision for rendering services on an hourly rate the hourly rate payable will be calculated in terms of Clause C2.1.3.7.1.

C2.1.5 Set off

The Employer reserves the right to set off against any amount payable to the Service Provider, any sum which is owing by the Service Provider to the Employer in respect of this or any other project.

C2.1.6 Typing, printing and duplicating work and forwarding charges

C2.1.6.1 Reimbursable rates

The costs of typing, printing and duplicating work in connection with the documentation which must of necessity be done, except those which must in terms of the relevant Manual or other instructions be provided free of charge, shall be reimbursable at rates applicable at the time of the execution of such work. The document "Rates for Reimbursable Expenses" as amended from time to time and referred to below, is obtainable on the Employer's Website: <http://www.publicworks.gov.za/> under "Documents"; "Consultants Guidelines"; item 1.

C2.1.6.2 Typing and duplicating

If the Service Provider cannot undertake the work himself, he may have it done by another service provider which specialises in this type of work and he shall be paid the actual costs incurred upon submission of statements and receipts which have been endorsed by him confirming that the tariff is the most economical for the locality concerned.

If the Service Provider undertakes the work himself, he shall be paid in respect of actual expenses incurred subject to the maximum tariffs per A4 sheet as set out in Table 1 in the "Rates for Reimbursable Expenses".

Typing and duplicating expenses shall only be refunded in respect of the final copies of the following documents namely formal reports, formal soil investigation reports, specifications, feasibility reports, bills of quantities, material lists, minutes of site meetings and final accounts. The cost of printed hard covers shall only be paid in respect of documents which will be made available to the public such as bills of quantities and specifications or where provision of hard covers is specifically approved.

The typing of correspondence, appendices and covering letters are deemed to be included in the value based fees and time base fees paid.

C2.1.6.3 Drawing duplication

(a) For drawing duplication the standard rate as set out in Table 2 in the "Rates for Reimbursable Expenses" may be claimed ~~or~~ may be claimed according to the provisions as in (b) or (c) below.

(b) If the Service Provider undertakes the duplication of drawings, using his own duplication equipment, he shall be paid the actual cost incurred on condition that it is not higher than the lowest of three quotations of local firms doing drawing duplication in his locality. Such quotations must accompany his account.

(c) If the Service Provider does not undertake his own drawing duplication, he shall be paid the lowest of three quotations of local firms doing plan printing in his locality. Such quotations must accompany his account.

- (d) Should there not be three firms doing drawing duplication in his locality, it must be mentioned on his account and the available quotation(s) must then accompany the account.

(The cost of providing all polyester negative prints required to form part of the original set of drawings, as-built drawings including computer assisted drawing records for all facets/disciplines involved in the project are included in the tendered fees and will not be reimbursed separately.)

C2.1.6.4 Forwarding charges

- (a) Only the charges in respect of the forwarding of parcels by courier or air freight on special request by the Employer will be refunded, provided that such charges will not be refunded if the request had been made as a result of a delay caused by the Service Provider.

- (b) The cost of postage, facsimile transmissions, telephone calls, e-mails, etc, is deemed to be included in the value based fees and time based fees paid.

C2.1.7 Travelling and subsistence arrangements and tariffs of charges

When the Service Provider is requested in writing by or obtained prior approval in writing from the Employer to attend specific meetings at any of the Employer's offices or any extraordinary meetings on site or elsewhere, he will be remunerated according to the provisions under C2.1.7.1 to C2.1.7.5 herein.

C2.1.7.1 General

The most economical mode of transport is to be used taking into account the cost of transport, subsistence and time. Accounts not rendered in accordance herewith may be reduced to an amount determined by the Employer.

As the tariffs referred to hereunder are adjusted from time to time, accounts must be calculated at the tariff applicable at the time of the expenditure.

Where journeys and resultant costs are in the Employer's opinion related to a Service Provider's malperformance or failure, in terms of this Contract, to properly document or co-ordinate the work or to manage the Contract, no claims for such costs will be considered.

C2.1.7.2 Travelling time

In the case of an appointment on a percentage basis, total travelling time less two hours, will be fully reimbursed. In the case of an appointment on an hourly basis, travelling time will be fully reimbursed. No travelling time will be paid in respect of journeys to DPWI Head Office or the office of the Departmental Project Manager without prior approval in writing.

C2.1.7.3 Travelling costs

Fees for travelling costs are as set out in Table 3 in the "Rates for Reimbursable Expenses".

Travelling costs will be refunded for the full distance covered per return trip measured from the office of the Service Provider appointed.

Compensation for the use of private motor transport will be in accordance with the Government tariff for the relevant engine swept volume, up to a maximum of 3000 cubic centimetres, prescribed from time to time and as set out in Table 3 in the "Rates for Reimbursable Expenses".

C2.1.7.4 Hired vehicles

In cases where use is made of hired vehicles, the most economical sized vehicle available is to be used but compensation shall nevertheless be restricted to the cost of a hired car not exceeding a capacity of 1300 cc. Where use of a special vehicle is essential (e.g. four track or minibus to accommodate more people), prior approval in writing must be obtained from the departmental project manager.

C2.1.7.5 Subsistence allowance

Subsistence costs associated with travelling for this service as tendered under C2.2 Activity Schedule, will annually be adjusted for inflation for the full duration of the Service Contract Period,

as determined by clause 3.16.2, of the Contract, as amended in the Contract Data in C1.2.2. The rates claimable are the rates applicable at the time of the execution of the work.

Subsistence cost, associated with travelling undertaken in excess of the original Service Contract Period in terms of 3.15.1 of Contract Data, will be in terms of Tables 4 and 5 in the "Rates for Reimbursable Expenses" as published by the NDPWI from time to time.

Should the daily tariff as set out in Table 4 be inadequate, substantiated actual costs plus a special daily allowance as shown in Table 5 for incidental expenses, may be claimed. It must be noted that claims may only be according to Table 4 or Table 5. Accommodation should be limited to the equivalent of a three-star hotel and no alcoholic beverages or entertainment costs may be claimed for.

Only actual costs are payable in respect of absence from office of less than 24 hours.

C2.2 Activity Schedule

C2.2.1 Activities

C2.2.1.1 The services as defined in the C3 Scope of Services are required. The activity schedule below lists the normal services as defined in the 2023 NDPWI - Scope of Architectural Services and Tariff of Fees (Annexure A), clause 3 and as further defined in C3 Scope of Services, as well as additional services as defined in C3 Scope of Services, of this document.

The applicable fee scale will only be amended to the latest fee scale in use by NDPWI should the project be suspended or where there is no activity for more than two (2) years, and the Employer elects to retain the services of the Service Provider upon uplifting the Suspension in terms of Clause 8.5.1 of the Contract Data.

C2.2.1.2 The estimated normal fees have been calculated using the 2023 NDPWI - Scope of Architectural Services and Tariff of Fees, (Annexure A), by applying the applicable fee scale given in clause A, to determine the basic fee. The project complexity is indicated in C2.2.2 below, should a "value based" fee be applicable.

No allowance has been made in the estimated normal fees below for the additional services in C2.1.3.8 that have been specified to be included in the normal fees. The tenderer shall make provision for the cost of the additional services that are to be included under normal services by adjusting the percentage tendered in column (b).

C2.2.1.3 The services are to be provided in stages and the proportioning of the fee for normal services over the various stages shall be as set out in the 2023 NDPWI - Scope of Architectural Services and Tariff of Fees, (Annexure A), clause 8.1.

C2.2.1.4 The tenderer must make provision for all activities necessary for the execution of the service as set out in C3 Scope of Services hereof.

C2.2.2 Activity Schedule for Value Based Fees

C2.2.3 Activity Schedule for Time Based Fees

C2.2.3.1 Activities

C2.2.3.1.1 The activities shall be as listed under item C3 Scope of Services as required.

C2.2.3.1.2 The tenderer must make provision for all activities necessary for the execution of the service as set out in C3 Scope of Services hereof.

C2.2.3.2 Activity Schedule for Time Based Fees

ACTIVITY SCHEDULE FOR TIME BASED FEES

(Only to be completed if remuneration is stipulated as on a "time basis" in C2.1.1.1 herein)

Tenderer's Rates for Time Based Fees				
Level of prof. and tech. staff as defined in C2.1.4.2	(c) Tenderer's rates for Time Based Fees	X	(d) Estimated hours for each category	(c)x(d) Financial Offer by Tenderer for Time Based Fees

Category C	R	X	(ditto) h	= R (3)
Category D	R	X	(ditto) h	= R (4)
Total Time-based Fees (1+2+3+4)				= R (5)
Appointment of sub-consultants / specialists				
Description	Quantity	Unit (h)	Rate	Value
As direct sub-consultant, to be appointed by the Service Provider, for: Professional Civil Engineer/Professional Technologist (sewer, water, stormwater)				= R (6)
As direct sub-consultant, to be appointed by the Service Provider, for: Professional Electrical Engineer/Professional Technologist				(7)
As direct sub-consultant, to be appointed by the Service Provider, for: Professional Civil Engineer/Professional Technologist (traffic specialist)				(8)

As direct sub-consultant, to be appointed by the Service Provider, for: Professional Landscape Architect				(9)
As direct sub-consultant, to be appointed by the Service Provider, for: Professional Quantity Surveyor				(10)
As direct sub-consultant, to be appointed by the Service Provider, for: Community Development/Change Management/Public Relations/Social Science/ Development Studies Specialist in Social Facilitation.				(11)
Sub-total Sub-consultants / Specialists (6-20)				= R (12)
Administration of Sub-consultants				= R (13)
Total Sub-consultants / Specialists (21+22)				R (14)
Total Travelling Disbursements (Table A below)				= R (15)
Typing, Printing, Duplicating and Forwarding Charges in terms of C2.1.6 (Provisional Sum)				= R (type in a provisional amount) (16)
Sub-total of Total time based fees + Total sub-consultants/Specialists + Total travelling disbursements + Typing, Printing, Duplicating and Forwarding Charges (5+23+24+25)				= R (17)
Add VAT (26) X current VAT rate				= R (18)
<u>TOTAL FINANCIAL OFFER FOR TIME BASED FEES CARRIED FORWARD TO THE FORM OF OFFER AND ACCEPTANCE</u> (26+27)				= R (19)

- NOTE:**
1. Total Financial Offer for Value Based Fees **must be carried over to C1.1 Form of Offer and Acceptance as per (17) above**, if this tender is for time-based fees. Failure to carry this amount over to the Form of Offer and Acceptance **will render the Bid Non-responsive** as the Form of Offer **must be fully** completed.
 2. Remuneration for time based appointments will be calculated as determined in C2.1.2 (i.e. for each level: the actual number of hours multiplied by the tendered rates in (c) above).
 3. Supplementary Services: Where applicable, the Service Provider will be remunerated at an hourly rate as tendered (Based on detailed time sheets) for time spent in liaising, coordinating, sourcing and verification of documents submitted by the contractor including related meetings pertaining to and submitting reports as required to the following Targeted Procurement and Contract Participation Goals applicable to the Construction Project which shall include but not be limited to: SMME contract participation, EPWP and NYS labour reporting, the use of Local Material and Content, the cidb B.U.I.L.D. Programme and any other Contract Participation Goals applicable to

the construction project. The hourly rate will be adjusted in accordance with Clause 3.16.2 of the cidb Standard Professional Service Contract and Clause 3.16 of the Contract Data.

4. Time spent on travelling, as well as any other travel related expenses such as travelling costs, subsistence allowance and accommodation is deemed to be included in the Traveling Disbursements per return trip to site as per **(14)** above.
5. In the event of a variation in the Service Contract Period which results in additional travelling over and above the allowed number of trips in **Table A**, the additional Traveling will be paid in accordance with the "Rates for Reimbursable Expenses" as amended from time to time and referred to below, is obtainable on the Department's Website: <http://www.publicworks.gov.za/Consultants.asp> or from the Departmental Project Manager. These expenses are reimbursable at rates applicable on the time of the actual execution of the specific service contract.
6. Bidder to provide detailed breakdown of Travelling Disbursements per return trip to site from place of business:

Table A: Summary of Disbursements Tendered

Item	Description	Rate	X	Factor	X	No. of trips	Total (if not applicable insert "NA")
1.	Traveling cost by car	Per Km R	X	Kms per Trip	X	(type in the number of anticipated trips)	R

(This percentage is not to be transferred to the Form of Offer when tendering “time based fees”)

C3: SCOPE OF SERVICES

C3.1 Employer's objectives

This tender is for:

A Service Provider performing architectural work for a Government Precinct Development Plan.

C3.2 Description of the Services

C3.2.1 Services

The following architectural Services are required:

C3.2.2 Project description

Carolina: Appointment Of Service Provider For A Precinct Development Plan

C3.2.2.1 Scope

Refer to Annexure A

C3.2.2.2 Location of the Project

Carolina, Mpumalanga

C3.2.2.3 Project Programme

DETAILS OF MILESTONES	PROJECT DELIVERABLES	DELIVERABLES TIMEFRAMES Maximum
COMPONENT 1: INCEPTION		
- Consultation and finalisation of project brief - Analysis of the accommodation needs in relation to the identified site - Site orientation and assessment - Project programme and timeframes for deliverables (PEP) - Briefing and management of project team - Preparation and submission of a comprehensive Inception Report - Attending all project meetings when necessary	Comprehensive Inception Report	1 week
COMPONENT 2: LOCATION ANALYSIS AND SPECIALIST REPORTS/PROCESSES		
- Legislative and policy context. - Fitness for purpose: Confirmation of the user department profile and accommodation needs. - Volumetric Concept: Architect - Location and site analysis: All required specialists.	Final Precinct Development Plan and Report Marketing Brochure (printed and digital copies)	6 weeks
COMPONENT 3: PRECINCT DEVELOPMENT PLAN AND SPECIALIST STUDIES (FOR LAND DEVELOPMENT APPLICATION) INCLUDING COST ANALYSIS		
- Urban Design Framework - Concept Flythrough and Marketing Brochure to support Precinct Investment Plan/Strategy - Facilities Management & Operations Model - Urban Design Guidelines - Cost Analysis and Report	Final Precinct Development Plan and Report Marketing Brochure (printed and digital copies)	6 weeks

- Address and respond to comments received from DPWI project manager - Social Facilitation process - Manage sub-consultants in delivery of the project		
COMPONENT 4: CLOSE OUT		
Close Out Report with all required deliverables	Close Out Report	1 week

The programme for the execution of the project is dependent on the various approval processes within the Department and a programme with specific time frames can therefore not be provided at tender stage since it will depend on the time frames required by the consultants for completion of the design and documentation based on the final scope of work, as well as approval processes within the Department and other legislative bodies from whom approvals may be required. The final programme will be in accordance with the approved programme in terms of clause 3.15 of the Standard Professional Services Contract and clause 3.15.1 of the Contract Data. The following table depicts provisional project milestone dates envisaged for tendering purposes only:

C3.2.2.4 Information available from Employer
The project manager will make available the following:

- Lease portfolio
- Precinct Concept for phase 1
- Engineering reports for phase1
- Landscape reports for phase 1

C3.2.2.5 Other Contracts on Site
N/A

C3.2.2.6 Reporting Requirements and Approval Procedure

The dates for submission of detailed monthly progress reports will be stated in the Inception Report. These monthly reports must be submitted on or before the last Friday of each month. Draft reports must be submitted to the project manager for comments prior to submission of the final report for each component of the project. Sufficient time (at least one week) must be allocated for this purpose to ensure that the final deliverable for each phase is submitted on the date stated in the Inception Report.

C3.2.2.7 Labour-Intensive Works

(a) The Service Provider shall not perform any significant portion of a project involving labour-intensive works under the direction of a staff member who has not completed the NQF level 7 unit standard "Develop and Promote Labour-Intensive Construction Strategies" or equivalent QCTO qualifications (See Annexure C of the Guidelines for the Implementation of Labour-Intensive Infrastructure Projects under the Expanded Public Works Programme (EPWP)).

(b) The staff member of the Service Provider who is responsible for the administration of any works contract involving labour-intensive works must have completed the NQF level 5 unit standard "Manage Labour-Intensive Construction Projects" or equivalent QCTO qualifications (See Annexure C of the Guidelines for the Implementation of Labour-Intensive Infrastructure Projects under the Expanded Public Works Programme (EPWP)).

The Service Provider must provide the Employer with satisfactory evidence (e.g. letter of competency) that staff members satisfy the requirements of (a) and (b) above.

(c) The Service Provider must design and implement the construction/maintenance works in accordance with the latest version (download at www.epwp.gov.za) of the Guidelines for the Implementation of the Labour-Intensive Projects under the Expanded Public Works Programme (EPWP) published by the Department of Public Works. The Service Provider must sign the undertaking (Annexure E of the Guidelines for the Implementation of Labour-Intensive Infrastructure Projects under the Expanded Public Works Programme (EPWP)) confirming they have complied with EPWP requirements at design and implementation stages.

(d) The Service Provider shall, for monitoring purposes, keep monthly records and transmit to the Employer data on the following indicators with regard to the Project:

- Project budget and planned output according to EPWP requirements
- Actual Project Expenditure and actual output according to EPWP requirements
- Planned and achieved labour intensity
- Number of work opportunities created
- Demographics of workers employed (disaggregated by women, youth and persons with disabilities)
- Wage rate earned on project
- Number of person-days of employment created
- Copies of Identity documents of workers
- Number of persons who have attended training including the nature and duration of training provided
- Assets created, rehabilitated or maintained in accordance with indicators in the EPWP M & E Framework
- Services provided or delivered in accordance with indicators in the EPWP M & E Framework

(e) The values for the indicators shall be submitted to the Employer according to agreed time frames on the prescribed reporting template (from the EPWP Unit in the Department of Public Works) and obtainable from www.epwp.gov.za.

(f) The Service Provider shall, before certifying a contractor's payment certificate, ensure that the contractor has submitted labour information in a format and timeframe specified by the Employer. If the information submitted by the contractor is inadequate the Service Provider shall not submit the payment certificate to the Employer for payment of the relevant outputs.

(g) The Service Provider shall certify that the works have been completed in accordance with the requirements of the Guidelines for the Implementation of Labour-Intensive Infrastructure Projects under the Expanded Public Works Programme (EPWP) and the Contract:

- whenever a payment certificate is presented to the Employer for payment; and
- immediately after the issuing of a practical completion certificate that signifies that the whole of the works have reached a state of readiness for occupation or use for the purposes intended although some minor work may be outstanding.

C3.3 Extent of the Services

The specific architectural Services required on this Project and referred to in C3.2 is stated in Annexure B

C3.3.1 Full services

Unless otherwise stated, duties will cover the full field of architectural functions.

C3.3.2 Principal agent

Regarding this appointment as principal agent, duties over and above those as architect will include *inter alia*:

- receiving of instructions from the departmental project manager and distributing to the relevant parties
- co-ordinating of consultants
- compiling and updating the planning programme

- co-ordinating and arranging site meetings and inspections
- liaising with client department only if specifically so instructed
- close liaising and co-operating with the departmental project manager
- furnishing of monthly project reports
- issuing of written instructions
- receiving notices according to the building contract
- issuing of monthly interim payment certificates, final payment certificates for practical and final completion
- making recommendations in respect of the extension of the building contract period and periods where penalties are applicable
- ensuring that all final accounts will be corrected and handed in on time
- administering of and supervising the building contract in accordance with the requirements, where applicable, as set out in Manual for Private Architects PW 147, and
- other duties not listed above but which could reasonably be expected of a principal agent as well as those listed in the 2023 NDPWI - Scope of Architectural Services and Tariff of Fees.

C3.3.3 Additional Services carrying additional fees
N/A

C3.4 Standard Departmental Documents

The Service Provider must refer to and comply with the following standard departmental documentation:

- "Manual for Private Architects" (PW 147)
- "Construction Works: Specification" (PW 371 –A; PW 371 –B)
- "Directives on the Management of Heritage Assets"
- "Appropriate Development of Infrastructure on Dolomite: Manual for Consultants" (PW 344)
- "Sketch Plan Committee Manual"
- "CDA As-Built Requirements"

The above is available from the following website:
<http://www.publicworks.gov.za/consultantsdocs.html>

C3.5 Use of reasonable skill and care

It will be expected of the Service Provider to apply reasonable skills and due diligence in the execution of the duties stipulated in this document which shall include *inter alia* the following:

Although the Service Provider's documents may be scrutinised by the Employer, this shall in no way relieve him of his professional responsibility for the proper and prompt execution of his duties. The Employer shall also be entitled to have any documentation or calculations verified by Others. In the event of mal performance, default or negligence, the Employer shall have the right to claim compensation or damages and set off such against any amount payable.

During assessment of any existing facilities, which may have a direct bearing on the Project, the Service Provider shall determine deficiencies with such facilities in terms of the Occupational Health and Safety Act, 1993 (Act 85 of 1993), the SANS 10400, etc. and recommend measures to rectify those during the project execution phase.

The departmental project manager shall be notified by the Service Provider and his personnel of any transgression, including *inter alia* the Occupational Health and Safety Act, 1993 (Act 85 of 1993) and environmental legislation during the Service Provider's operation pertaining to the Contract regardless of who may be involved.

C3.6 Co-operation with other services providers

It will be required of the Service Provider to co-operate with the following:

C3.6.1 Service Providers

Service Providers from the following professions are/will be appointed on the Project to form the professional team:

- 1. Professional Civil Engineer/ Technologist (ECSA)**
- 2. Professional Electrical Engineer/ Technologist (ECSA)**
- 3. Professional Civil Engineer/Technologist with Traffic Engineering Experience (ECSA)**
- 4. Professional Civil Engineer / Technologist with Geotechnical Engineering experience (ECSA) or Geologist (SACNASP)**
- 5. Professional Landscape Architect (SACLAP)**
- 6. Professional Town Planner (SACPLAN)**

The **architect** will act as principal agent.

The required professional Services will be executed by the professional team under the control and management of the designated departmental project manager who, at the time of invitation to perform professional Services, will be the person mentioned in T1.1.6. The Employer reserves the right to replace the mentioned departmental project manager with another member of its staff or any individual/firm from the private sector should it be deemed necessary at any stage during the execution of the Project.

C3.6.2 Occupational Health and Safety Act, 1993 (Act 85 of 1993)

The Employer shall appoint a Service Provider under a separate contract as its "agent" as contemplated in the Construction Regulations in the Occupational Health and Safety Act, 1993 (Act 85 of 1993).

The Service Provider under this Contract shall however make provision for the incorporation of the Occupational Health and Safety specifications, compiled by others, in the tender documentation, if applicable.

It is a firm requirement that in the designs, planning and supervision of the execution of the work done under this contract resulting from this tender, all applicable regulations and stipulations under the Occupational Health and Safety Act, 1993 (Act 85 of 1993) including regulations and codes of practice, etc. are complied with and that the final product shall be in full compliance with said legislation, standards, etc.

Furthermore, the Service Provider shall be fully responsible for the compliance of his operation, equipment as well as staff and persons under his supervision on site whether by invitation, instruction or otherwise and regardless of the capacity, purpose and relationship of any such persons to the appointment, to all aspects of all applicable regulations and stipulations under the act.

C3.6.3 Other role players

Local, provincial and national authorities, statutory bodies, governmental departments, Others, as may be required from time to time, including the client department/end user(s).

C3.7 Brief

C3.7.1 Target dates and times

The Service Provider will be expected throughout to give preference to the execution of the work involved in this commission.

The work of all Service Providers will be co-ordinated by the principal agent. All work is to be performed by the persons listed as Key Persons and persons under their supervision and further be executed as described in the Programme according to clause 3.15 of the Contract Data (and/or PEP according to the same clause, if applicable).

During the construction phase of the Project it will be expected of the principal agent to obtain a construction programme from the main contractor, to continuously monitor his progress against that programme for compliance and to take whichever steps have been described in the relevant manual and the Working Guideline for Project Managers. This should be done in collaboration with the rest of the professional team, should the progress not be according to the said programme.

The Quantity Surveyor shall prepare the final account in consultation with the Employer and issue the final account to the contractor within sixty (60) working days from the date of Practical Completion. Late completion of final account will result in penalties being applied per calendar day, as tabled under Clause 3.12 of the Contract Data.

- C3.7.2 **Reporting requirements**
Notwithstanding any other requirements as listed elsewhere, the Service Provider shall submit a monthly report indicating progress of the Services.
- C3.7.3 **Local content**
It is the policy of the Employer to give preference to materials and equipment of South African manufacture. The Service Provider is to ensure that, wherever feasible, designs are based on locally manufactured equipment and materials which can meet requirements at competitive prices.
- C3.7.4 **Design innovation**
Given the need for energy efficiency and environmental sustainability in the built environment, each member of the professional team is required, wherever possible and applicable, to demonstrate design innovation in all aspects of the Service towards “green” design solutions. Aspects to be considered and incorporated in all new building and/or maintenance designs are, *inter alia* but not limited to,
(a) sustainable development
 e.g. in building form, material choice, construction detailing and methods, recycling ability;
(b) energy efficiency
 e.g.
 (i) passive design methods towards energy conservation and consumption: building orientation, exploitation of nature’s inherent energy sources),
 (ii) energy efficient solutions and installations for lighting, ventilation, cooling, heating, etc. (e.g. energy efficient light fittings),
 (iii) alternative or renewable energy sources where practical/feasible/economical;
(c) water conservation/saving/re-use methods; and
(d) environmental friendliness (e.g. respect for natural habitat, blending of building with site/environment/surrounding fabric, positioning of buildings, consideration of neighbouring sites’ access to sun, wind, view, etc.).
- C3.7.5 **Final disposal of documents**
Upon approval and finalisation of the final account of projects requiring a security clearance, it is a requirement that the Service Provider forward to the Employer all documents relating to this service. The same may also be requested on projects not requiring a security clearance.
- C3.8 Reference data**
- C3.8.1 **Space norms**
Space norms **are** applicable on this service.

The space norms of the Department of Public Works, space norms as may be published in the government gazette, norms determined by the Employer, when applicable to this/these Project(s), are the norms as set hereunder and shall not be exceeded without prior written approval. Any re-planning resulting from the norms as set, being exceeded, shall be for the Service Provider’s account.

The professional team must apply cost control and submit elemental estimates at each stage, reduced to a common date. The Service Provider must set appropriate procedures in place with the other members of the professional team to ensure compliance in this regard.

Space must be controlled and reconciled with the approved norm(s). All planning units are to be provided and if not, this must be pointed out.

The Employer must, at least at completion of each work stage, be provided by the principal agent with certificates which specify that the space norms are not being exceeded, before the next stage may be proceeded with.

The space norm(s) is known and will be provided by the project manager:

(a) SPACE NORM(S):

ASM/GSM _____ m²

C3.9 Applicable legislation and standards

This section applies to legislation emanating from national and provincial governments as well as that of any local authorities in whose area of jurisdiction the subject of the appointment falls and which has a bearing on the activities and facilities under this appointment.

All the applicable legislation, which do not specifically allow discretion in respect of compliance by the State, shall be followed exactly as intended by such legislation regardless of any instructions, verbal or in writing, to the contrary. (Refer *inter alia* to Section 41 of the Occupational Health and Safety Act, 1993 (Act 85 of 1993)).

Should any applicable legislation allow discretion in respect of compliance by the State, it shall be followed exactly as intended by the relevant legislation as if no discretion is allowed until such time as specific instructions in writing are issued to the appointed professional team by the departmental project manager.

The Service Provider undertakes to ensure that his actions and outcome thereof including, but not limited to, the facilities to be affected by the Service shall be in accordance with all relevant legislation and upon delivery, will function as required by said relevant legislation. The Service Provider's actions and the outcome thereof will in no way be detrimental to the health and safety of the occupants or persons present therein or in the vicinity thereof. Similarly it must not be detrimental to any aspects of the environment in its structure or operation if operated as specified in operation manual(s). The relevant legislation meant herein, as amended, consist of *inter alia* the following, but not limited to:

- Architectural Profession Act, 2000 (Act 44 of 2000);
- Atmospheric Pollution Prevention Act, 1965 (Act 45 of 1965);
- Construction Industry Development Board Act, 2000 (Act 38 of 2000);
- Council for the Built Environment Act, 2000 (Act 43 of 2000);
- Electricity Act, 1987 (Act 41 of 1987);
- Environmental Conservation Act, 1989 (Act 73 of 1989);
- Fire Brigade Services Act, 1987 (Act 99 of 1987);
- Local Government Municipal Systems Act, 2000 (Act 32 of 2000), municipal by-laws and any special requirements of the local service supply authority;
- National Building Regulations and Building Standards Act, 1977 (Act 103 of 1977);
- National Environmental Management Act, 1998 (Act 107 of 1998);
- National Heritage Resources Act, 1999 (Act 25 of 1999);
- National Water Act, 1998 (Act 36 of 1998);
- Occupational Health and Safety Act, 1993 (Act 85 of 1993);
- Telecommunications Act, 1996 (Act 103 of 1996);
- Water Services Act, 1997 (Act 108 of 1997) and general authorizations;
- the latest issue of SANS 10142: "Code of Practice for the Wiring of Premises";

- the Regulations of the local Gas Board, where applicable and
- all regulations promulgated under the above Acts.

Although the more salient legislation has been referred to above, the *onus* remains on the Service Provider to adhere to, and apply, any and all Acts and/or Regulations not specifically mentioned in the list above but which will have an effect on the Project.

This will be a continuous process throughout the appointment, which will manifest itself during the following phases:

- development of plans and documentation;
- supervision of any Service Provider under the appointment;
- ensuring compliance of the end product;
- compiling and issuing of Instruction/Operational Manuals indicating *inter alia* what the legal and safety requirements entail for the user(s)/operator(s) of the facilities;
- providing instruction to the intended users/operators.

The Service Provider accepts full and complete responsibility (both contractually and/or in delict) regarding compliance with the Occupational Health and Safety Act, 1993 (Act 85 of 1993) for his acts and omissions as well as those of his employees and indemnifies the Employer against any legal action in this regard.

The Service Provider undertakes to ensure that the requirements of the Occupational Health and Safety Act, 1993 will similarly apply to the agreement with any sub service providers inclusive of indemnifying the Employer against any legal action regarding the actions and/or omissions by them.

C3.10 Access to land/buildings/sites

Access to the land/buildings/sites shall be negotiated in consultation with the departmental project manager.

C3.11 Software application for programming

The Service Provider must avail himself of software to be used in the Project documentation for compatibility with other Service Providers as well as the Employer. Specific requirements for compatibility are specified in the relevant manuals.

C3.12 Security clearance

It is an explicit condition of this agreement that partners, directors and/or the members of staff who will have insight into the planning of projects requiring security clearance, be kept to a minimum and that such persons will not object to being submitted to a security clearance, if the Employer so requires.

If the latter is applicable, the necessary forms will accompany this tender or be provided to the Service Provider at any stage thereafter. These forms must be completed, if attached, and returned with the tender. It is important to furnish information which is complete in every respect.

Should the authority responsible for the clearance, for security reasons not be satisfied with the classification obtained of any of the staff members of the Service Provider, it will be a further condition of this appointment that none of such staff members be involved with any aspect of the Project.

All documents pertaining to these projects must be stored in a safe place when not in use so as to ensure that the level of security of the projects is maintained.

The Employer will not accept liability for any costs in this regard.

FINGER PRINTS (except Defence projects)

Persons of whom security clearance is required can obtain a finger print form SAP 91(a) from any police station. Kindly ensure that the police official responsible for taking the finger prints certifies the form since non-certification will result in the form being unacceptable.

C3.13 Forms for contract administration

All forms required during contract administration, called PRM forms, are obtainable on the Employer's website at <http://www.publicworks.gov.za/under> "Documents"; "Consultants Guidelines"; item 14. The agreement and conditions of contract to be entered into with the main contractor shall be the most recent version of the JBCC, if it is a multi-disciplinary contract, or GCC, if it is an engineering contract, **as approved and in use by the National Department of Public Works.**

C3.14 Condition to accept unregistered persons with suitable built environment qualifications on secondment

It is an express term of the contract that the Service Provider, after award of tender, accept unregistered, suitably qualified (built environment) persons in his office for the purpose of exposing the latter to the full extent of professional work, or as may be required according to specific circumstances, in order to gain experience which can be presented to the relevant Council for consideration towards professional registration. The secondment of such unregistered persons will be negotiated with the Service Provider in terms of numbers, periods of training and extent of professional work opportunity to be afforded. The conditions of secondment will be the subject of a separate Memorandum of Understanding with the Service Provider which will serve as an annexure hereto. Any secondment arrangements will cease upon the professional registration of the seconded person or as agreed on and so included in the aforesaid Memorandum of Understanding. The responsibility for salaries of seconded persons will remain with the Employer, but responsibility for operational expenses, necessary for the execution of the work, will vest with the Service Provider, all of which will be dealt with in the Memorandum of Understanding.

C3.15 Submission of Accrual Reports

The Service Provider shall submit accrual reports to the client representative at the end of March and September each year for the duration of the Service Contract period from the date of appointment up to and including project closeout. This is to ensure that PMTE complies with the accounting framework GRAP, which requires that PMTE disclose all its accruals as at the end of each reporting date.

C3.16 Submission of monthly Project Execution Plans (PEP)

The Principle Agent will submit monthly an updated Project Execution Plans (PEP) in accordance with DPWI standard proforma, on a date as agreed with the Employer's Representative.

C3.17 Contract Skills Development Goal

The Contract Skills Development Goal is not applicable to this project.

The cidb Standard for Developing Skills through Infrastructure Contracts as published in the Government Gazette Notice, No. 48491 of 28 April 2023 where the Service Contract has a duration of 12 months or more, and the professional fees excluding allowances and including VAT exceeds R5 million. This best practice Standard for developing skills through infrastructure contracts standard establishes a minimum contract skills development goal which is to be achieved in the performance of a contract in relation to the provision of different types of workplace opportunities linked to work associated with a contract which culminate in or lead to registration in a professional category by one of the professional bodies listed in the standard (Table 1).

Table 1: Categories of registration

Profession	Category of registration	Act
Architectural	Architect, Senior Architectural Technologist, Architectural Technologist or Architectural Draughts person	Architectural Profession Act of 2000 (Act No.44 of 2000)
Engineering	Engineer, Engineering Technologist, Engineering Technician or Certificated Engineer	Engineering Profession Act of 2000 (Act No. 46 of 2000)
Landscape Architectural	Landscape Architect, Landscape Technologist, Landscape Technician or Landscape Assistant	Landscape Architectural Profession Act of 2000 (Act No. 45 of 2000)
Quantity surveying	Quantity surveyor	Quantity Surveying Profession Act of 2000 (Act No. 49 of 2000)

The Contract Skills Development Goal (CSDG) is the number of hours of skills development opportunities that a Service Provider contracts to provide in relation to work directly related to the Service Contract up to completion the Professional Service Contract. The contract skills development goals, expressed in hours, shall be not less than the professional fees [(1) from the Activity Schedule + VAT] in millions of Rand multiplied by 150 where professional fees is the financial value of a professional service contract at the time of the award of the contract excluding all allowances and expenses, but including value added tax.

Example: The contract amount for a professional services contract is R5.6 m. The contract skills development goal in hours is $R5.6m \times 150 = 840$ hours, where the contract amount is the basic fee for services excluding allowances but including VAT.

Where required in terms of the service contract, a specified proportion of the learners and candidates shall be selected from persons in the employ of the state who meet the relevant eligibility criteria for the relevant programme.

Where required in terms of the service contract, the Employer shall advise the Service Provider of the types of training to be undertaken by the learners and candidates. The mentor shall be a registered person, designated to guide a learner or candidate through structured work experience learning component of a learning programme required for the acquisition of a part or full qualification or professional designation.

Achieving the Contract Skills Development Goal (CSDG)

The Service Provider shall achieve the measurable contract skills development goal by providing opportunities to learners requiring structured workplace learning using one or a combination of any of the following in relation to work directly related to the contract or order:

Method 1: structured workplace learning opportunities for learners towards the attainment of a part or a full occupational qualification;

Method 2: structured workplace learning opportunities for apprentices or other artisan learners towards the attainment of a trade qualification leading to a listed trade (GG No. 35625, 31 August 2012) subject to at least 60% of the artisan learners being holders of public TVET college qualifications;

Method 3: work integrated learning opportunities for University of Technology or Comprehensive University students completing their national diplomas; or

Method 4: structured workplace learning opportunities for candidates towards registration in a professional category by a statutory council listed in Table 1 above.

Employed learners may not account for more than 33 percent of the contract skills development goal. Not more than one method may be applied to any individual concurrently in the calculation of the contract skills development goal. The principle is that an individual can only be counted once towards the CSDG.

Not more than one method may be applied to any individual concurrently in the calculation of the contract skills development goal.

Contract Skills Development Goal Credits

Contract skills development credits will not be awarded for learners enrolled as beneficiaries of other funded or subsidised programmes.

In the case of engineering and construction works, design and build and services contracts:

- The contract skills development goals shall be granted by multiplying the number of people employed by the Service Providers and placed for continuous training opportunities in a three-month period by the notional values contained in Table 3, or as revised in a Gazette notice.
- The Service Provider may source beneficiaries of the contract skills development goal from the cidb Skills Development Agency (SDA).
- All beneficiaries of the Standard must be registered with the cidb SDA.

NOTE: The role and function of a cidb SDA is outlined in the Standard, Annexure B.

Credits towards the contract skills development goal for professional services contracts shall be granted by summing the hours of structured workplace learning opportunities provided to P1 and P2 learners as well as professional candidates in accordance with the Act, Clause 3.3.

No more than 45 hours may be claimed per week for any individual.

Contract skills development goal credits shall be reduced to the extent that they fail to comply with the requirements of this standard.

The Service Provider shall achieve in the performance of the contract the contract skills development goal established in this Standard for developing skills through infrastructure contracts (March 2020).

Table 3: The notional cost of providing training opportunities per quarter

Type of Training Opportunity	Provision for stipends (Unemployed learners only)	Provisions for mentorship	Provisions for additional costs*	Total costs	
				Unemployed learners	Employed learners
Method 1					
Occupational qualification	R7 000	R0	R9 000	R16 000	R9 000
Method 2					
Unemployed TVET College graduates	R14 000	R0	R9 000	R23 000	N/A
Method 3					
P1 and P2 learners, or a 240 credits .qualification	R24 000	R20 000	R4 500	R48 500	N/A
Method 4					

Candidates with a 360 credits qualification	R37 000	R20 000	R4 500	R61 500	R20 000
Candidates with 480 or more credits qualification	R47 000	R20 000	R4 500	R71 500	R20 000

* Additional provisions include provisions for personal protective equipment, insurance, medical assessments, course fees and trade tools (where applicable) assessment, moderation and monitoring of learners.

NOTE:

- i) Where an unemployed learner is employed directly by the Service Provider, the Service Provider shall pay the stipend directly to the learner
- ii) Where an unemployed learner is sourced through an SDA, training provider or skills development facilitator the Service Provider must pay the stipend to the SDA, training provider or skills development facilitator who in turn will pay the learner
- iii) The notional cost of providing training opportunities will be increase by CPI on an annual basis. The new, revised costs will be published on the cidb website on 1 April in each year.

The Employer requires that employees of the state be seconded to the Service Provider in order to be provided with structured workplace learning opportunities in accordance with the provisions of this standard. The specified number of employees of the state is **N/A**. The Employer shall provide a list of persons for selection by the Service Provider as prescribed in the implementation guidelines. Persons selected by the Service Provider shall be seconded to the Service Provider under the terms and conditions prescribed in the implementation guidelines.

Credits towards the contract skills development goal shall be denied where the Service Provider fails to comply in terms of Clause 3.4 of the Act. Compliance requirements shall be in terms of Clause 4 of the Act and records to be provided to be in accordance with Clause 5 of the Act.

Role and Functions of the Skills Development Agency

The Skills Development Agency (SDA) will provide career management and compliance reporting functions for all learners for CSDG compliance in terms of this Standard. Where the Service Providers provide direct employment to unemployed learners, or enrolls own employees for CSDG compliance, the Service Provider shall register them with the cidb SDA. The SDA can also act as an employment intermediary for unemployed learners.

The roles and functions of the Skills Development Agency (SDA) are summarised below.

Career Management and Compliance Reporting

The Service Provider shall enter into a contract agreement with the cidb SDA, training provider or skills development facilitator to manage their learners according to the provisions given below:

- a) preparing training plans for registered learners, including details of the scope of experiential work to be covered and expected outcomes;
- b) registering learners with the appropriate Sector Educational and Training Authority established in terms of the Skills Development Act of 2008 (Act 37 of 2008);
- c) conducting entry and exit level medicals for learners at the conclusion of each placement opportunity;
- d) providing personal protective equipment;
- e) liaising with the supervisor to monitor onsite training progress of learners;
- f) liaising with the supervisor to arrange for summative assessments at appropriate stages of the training; and
- g) liaising with the supervisor to prepare reports for the Employer's representative and cidb at practical completion of the contract.

The relevant training provider or skills development facilitator shall invoice the Service Providers for the provision of these services as per cost schedule in Table 3.

The cidb SDA shall open a trust fund to ring-fence monies essential for all learner requirements where necessary provided for in this standard such as personal protective equipment, medical assessments, insurance, course fees, monitoring as well as top up training and assessment.

Employment Intermediary

The cidb SDA can act as an employment intermediary for unemployed learners and provide Service Providers with learners qualifying for participation in the CSDG, as well as managing their employment functions such as payment of stipends, workman's compensation, provision of personal protective equipment, trade specific tools, etc.

In such cases, the Service Provider shall contract directly with an SDA, training provider or skills development facilitator of their choice for the recruitment, placement and management of learners. The Service Provider shall pay the SDA, training provider or skills development facilitator in accordance with the notional costs provided for in this standard, or as amended by a Gazette.

Sanctions

Failure by the Service Provider to achieve the **total** Notional Cost of the Contract Skills Development Goal (Excluding VAT), as indicated in the pricing schedule item, will result in a penalty of 30% of the value of the portion not achieved, unless the Service Provider can prove to the Employer's satisfaction that the non-achievement was beyond his/her control.

C4: SITE INFORMATION

The property is owned by the Municipality and awaiting donation through a council resolution from the municipality, in terms of the description of the property for this project, the property is registered as Erf 1556 PTN (B&C) Pietermaritzburg and measures approximately 5.89HA in extent. Portion of Erf 1556 PTN (B&C) Pietermaritzburg is located in the Pietermaritzburg CBD. The property is the subject of the Pietermaritzburg Precinct., Portion of Erf 1556 PTN (B&C) Pietermaritzburg is currently vacant.

LIST OF ANNEXTURE

ANNEXTURE 1: SCOPE OF WORK

INTRODUCTION

- 1.1. The Department of Public Works and Infrastructure (DPWI) through Planning and Precinct Development (PPD) Programme under the Branch Real Estate Investment Services (REIS) in the Property Management Trading Entity (PMTE) needs to appoint a suitably qualified service provider or a consortium of suitably qualified service providers to compile a precinct plan within a period of 12 months for Pietermaritzburg Precinct (WCS No 057044) located in Pietermaritzburg Municipality in KwaZulu Natal Province
- 1.2. The DPWI seeks to appoint a suitably qualified service provider(s), primarily Architectural services complemented by a team of the experts within a 12 months to compile a precinct plan for Pietermaritzburg Precinct.

BACKGROUND

- 1.3. In terms of the Constitution of the Republic of South Africa, the Department of Public Works and Infrastructure (DPWI) is one of the custodians of the State immovable asset and entrusted to provide accommodation to various national user departments.
- 1.4. The provision of accommodation to various national departments takes place through a number of accommodation solutions including precinct development that combines accommodation requirements of more than one user department into a consolidated site to ensure efficiency on various levels.
- 1.5. The PPD Programme draws its assertion on a number of policy and legislative frameworks including but not limited to the following:
 - 1.5.1. The National Development Plan (NDP)

For the DPWI to contribute towards main objectives and mission of government as a developmental state setting the country on a higher and sustainable trajectory of economic growth and increased infrastructure development.

In support of economic growth and development in the current fiscally-constrained environment, the Department's strategic focus is being realigned to the NDP through the Property Management Trading Entity (PMTE), as its implementing agent.

The effect of this will be to leverage value creation on available assets, generate revenue through diverse strategies, including letting out and property development (including precincts), to maximise the DPWI immovable asset portfolio under PMTE management.

- 1.5.2. The National Spatial Development Framework (NSDF) and the Spatial Planning and Land Use Management Act (SPLUMA)

For the Department to advocate for a compact, service-based, resource efficient space economy, as well as the pursuit of denser, smaller and polycentric systems of settlements with smaller footprints to ensure long-term resilience benefits.

One site or a grouping of sites with combined user department accommodation optimizes the use of state owned assets, reduces services runs, and combines complementary uses to best serve the public. It therefore results in more effective service delivery.

Facilities can be managed more economically, and certain functions can be combined to further increase efficiencies - for example, ablution facilities could be shared to reduce wet services runs, and waiting areas could be combined to optimize space. Through careful design, a precinct would integrate with the existing fabric and enhance the immediate urban area, assisting in attracting socio-economic opportunities for the local community that it serves.

1.5.3. DPWI Strategic Spatial Framework (SSF) 2022

The objectives of the DPWI Strategic Spatial Framework (SSF) are as follows:

- Spatial transformation through increased access to social services in urban and rural areas
- Integrated development supporting spatial planning that aligns with infrastructure investment
- Catalyst for revitalization and socio-economic stimulus in targeted areas; and
- Optimize the utilization of state-owned assets through sustainable development.

The framework was enhanced in 2022 to guide investment decisions (accommodation for User Departments) through targeted and integrated spatial planning that is aligned to the transformative national spatial agenda as alluded to in the National Government Outcomes of the country.

1.6. Therefore, the project is for the development of a Pietermaritzburg Precinct Plan that supports integrated planning and development to create opportunities for revenue generation for the State.

PRECINCT PROBLEM STATEMENT

3.1. The Precinct Programme is mandated to plan and develop integrated precincts in urban and rural areas for improved government accommodation, enhanced service delivery and revenue generation opportunities for the State.

3.2. The Programme was initiated to provide in the need for state owned accommodation for Head Offices in the Tshwane Inner City. However, in 2014, it was extended country wide to include other Metropolitan, and all District and Local Municipalities across the country.

3.3. Nevertheless, the following problem statements are identified within the PPD Programme

3.3.1. Lack of development funding as one of the key areas derailing successful implementation of the Programme. This is evident through lack of CAPEX from Users to implement the precincts particularly in the other Metros, District and Rural areas across the country

3.3.2. Site planning process which includes legislative compliance, strategic alignment, soliciting council, obtaining user commitments and site enablement, among others that take almost 4-5 years; and

3.3.3. Large mandate with over 226 Municipalities including over 600 towns and 1000's of villages while the Programme is under resourced.

- 3.3.4. Therefore, the purpose of the Pietermaritzburg Precinct Plan is to inculcate integrated planning and development paradigm, and thus unlocking potential within the DPWI asset portfolio to improve revenue generation towards self-sustainability for the PMTE through investment by the State and private sector in mixed use precinct including offices for government and private sector, retail and residential activities, among others.

OBJECTIVES

- 4.1. The main objective of the Pietermaritzburg Precinct Plan is to make proposals regarding the design of the first phase of the precinct based on a high level design concept.

- 4.2. The precinct plan is guided by appropriate development principles and objectives that respond to national, provincial and local policies and plans. The requirements of the DPWI and its user departments must be addressed in an innovative way of planning precinct, which will help to address challenges and opportunities. Key informants to the development principles and objectives include the following::

4.2.1. Strategic Location

- The property is located at a strategic position in Pietermaritzburg to support access to government and mixed use services.

4.2.2. Technically Feasible

- The proposed solution must be able to accommodate the required demand and comply with industry standards.

4.2.3. Sustainable

- Socially responsible, economically viable and environmentally sensitive - including engineering and building design concept.

4.2.4. Cost Efficient

- The proposed system must optimise operations and reduce operational cost for both DPWI and its user departments, and private sector.

4.2.5. Functionally Integrated

- Transportation systems, engineering services and land uses must be integrated and coordinated internally and externally.

4.2.6. Flexible

- The phasing of Precinct Plan must be seamless and implementable without being perceived as incomplete.

4.2.7. People Orientated

- Focus should be on the needs of the public and staff.

- 4.3. The planning and design of Pietermaritzburg Precinct Plan needs to respond to innovative approaches to development that can transform spaces into sustainable, mixed use precincts, supporting transit-oriented development (TOD).
- 4.4. TOD is an innovative urban development strategy that focuses on the development of intensive mixed uses within easy walking distance of quality public transport facilities and allows full compliance with regional and local transport strategies that promote public transport and land use and transport integration.

5. STRUCTURE OF THE PROJECT

- 5.1. The project will have four components with relevant sub-components to inform the reports that must be developed. These are:

5.1.1. Component 1: Inception Report

Inception Report will confirm the detailed methodology, project time frame and associated budget linked with project team members, their role and professional fee and time that will be allocated to each team member. The Inception Report is signed off by the service provider once the project manager agrees to the content. The following must be considered as part of this phase of the project:

- Project report in MS Word and PDF format
- Bound as 2X colour hard copies
- Soft copy on external drive (to be provided by services provider)
- Project scope and time frame in MS Excel and PDF format
- The dates for submission of detailed monthly progress reports. These monthly reports must be submitted on or before the last Friday of each month
- Detailed scope
- Budget per phase (including VAT) linked to the date when invoices will be submitted
- Time sheets with associated hourly rates and related cost by each team member for all activities related to the project must accompany invoices
- Provision for briefing or terms of reference workshop with client
- Analysis of information that is available from the Chief Directorate: Planning & Precinct Development (PPD) related to the proposed development which include
 - DPWI PPD Development Framework Report to provide high level guidance towards development of the Government Precinct Development Plan;
 - Detailed topographical survey of the site
- Outcome of site orientation (status quo)

- Provision for briefing of all sub-consultants
- Meetings with relevant Greater Pietermaritzburg Municipality officials to confirm nature of land development application parameters
- The tenderer must make provision for all activities necessary for the execution of the service as set out in this Scope of Services.

5.1.2. Component 2: Location Analysis Report (for professional Team Essential Functions)

The Location Analysis Report provides a contextual status quo framework for the site and the area where it is located. It is seen as an integral part of the Precinct Development Plan. The aim of the Location Analysis Report or contextual framework is to describe the status quo concerning the study area which comprises the development site and area surrounding the government precinct. It identifies and analyses key informants and becomes the baseline for decision making on the design. Information that require analysis include smart city principles, 4th-IR, climate change and other environmental issues, movement and access, external engineering services capacity and location, urban form, land and open space analysis, etc.

The minimum contents of the Location Analysis Report are, but are not limited to, the following:

- Legislative and policy context including Smart City Framework : Architect.
- Fitness for purpose: Confirmation of the user department profile and accommodation needs : Architect.
- The initial volumetric concept (which have been developed) analysis : Architect.
- Location and site analysis: Architect.
- Confirmation of all town planning matters related to the site. Zoning certificate must be obtained: Town Planner
- Detailed Land Use Plan: On-site land use, indicated on a Site Plan, and surrounding Land Use Plan, which provides context to activities taking place in the surrounding area : Town Planner.
- Location and site analysis: Transport engineer.
- Location and site analysis: Civil engineer.
- Location and site analysis: Electrical engineer.
- Location and site analysis ;Geologist/Geotechnical Engineer
- Location and site analysis: Landscape architect.
- Summary of key aspects detailing opportunities, constraints and challenges and the implications for the development.

5.1.3. Component 3: Precinct Development Plan

The purpose of the Precinct Development Plan is to guide implementation of the project which will be developed or phased over time. It demonstrates the urban vision for the development. The potential and implications to include Building Information Modelling (BIM) as part of the implementation of the project must be considered.

The following information informs the Precinct Development Plan and Report:

5.1.3.1. Urban Design Framework

The Urban Design Framework is the urban vision or three-dimensional concept with input from various professions and the urban design guidelines. The Urban Design Framework requires input from the following:

- A. Spatial and Land Use Framework
- B. High Level Volumetric Concept
- C. Access and Circulation Framework
- D. Public Space and Landscaping Framework
- E. Engineering Infrastructure and Services Framework
 - Water Supply
 - Wastewater Disposal
 - Solid Waste Disposal
 - Surface Water Management
 - Electricity Supply

A. Spatial and Land Use Framework(Town Planner)

The spatial and land use strategy for the precinct is to promote the development of a highly accessible, well-structured, facility at a strategic location in the Pietermaritzburg CBD, supported by a high-quality public realm and network and responsive built form. The development will form an integral part of the Pietermaritzburg CBD capitalising on the smart city and 4-IR opportunities generated by the infrastructure in the area.

The precinct will provide accommodation for national user departments and this first phase of the Pietermaritzburg Precinct must include accommodation and support facilities associated with the space and operational requirements of these departments.

The precinct must consider access to public transport, parking, high levels of accessibility to the precinct and strong linkages to the surrounding urban fabric while striking a balance with public safety. All within the available land-use budget of the current zoning.

The new building will be constructed to accommodate the identified user departments' accommodation needs and will have a high-quality architectural design that reflects the branding of national government.

This facility will be designed in a flexible building format that can be adapted to other uses in the future and to accommodate improved service delivery objectives, especially taking into account smart city principles and 4-IR.

It is critical, due to the nature of the services that will be provided, to ensure maximum visibility and exposure and to create a high-quality building edge along the street.

Key public realm interventions will include:

- The development of high-quality access to the building from the adjacent streets.
- The development of a high-quality landscaped environment with the adjoining environment.
- The retention and enhancement of important green corridors and natural drainage systems and their utilisation as important structuring elements and visual, infrastructural and recreational amenities.

B. High Level Volumetric Concept(Architect)

The desktop volumetric concept that was developed for the precinct will be refined. The volumetric concept translates the space and operational needs of the user departments into three-dimensional form to enable assessment of needs in relation to the approved land development controls. The volumetric concept will inform other aspects of the development i.e. engineering services, facilities management, accessibility, landscaping, etc.

C. Access and Circulation Framework(Traffic Engineer)

The transport strategy to the precinct is focused around the improvement of access to the precinct through encouraging the use of public transport (PT) and the integration between all transport modes, thus resulting in limited road infrastructure upgrading requirements. Different modes of transport is aimed at ensuring optimal access to the development by ensuring effective and efficient movement of visitors and staff.

The proposed strategy for the precinct must consider the PT options that are available and must integrate with Municipal and Provincial strategies which will complement each other in the long term.

The Transport Strategy further supports a shift from private vehicles to PT vehicles which will result in a reduction in parking requirements. The integration with land use planning and supporting proposed TOD will further be supported by the PT shift. However, input from the Municipality and Province towards supporting the aim of the development is critical to ensure success of the intention to concentrate more on PT and less on vehicular transport. With guidance from the Municipality, taxi operators must also be consulted.

The effective circulation and improvement of pedestrian traffic flow coming from will also limit the need for road network upgrading.

The facilities should allow for pedestrianized movement within the precinct and allow for access to and from transport systems in place. The development concept will mitigate vehicular movement within the precinct.

Increased PT accessibility to and from the precinct will support the intended reduced travel time and travel cost for lower income members of the public wanting to use the facilities.

The following aspects are crucial to the implementation of the transport strategy:

- PT focus and access to BRT and rail services where applicable to reduce the emphasis on road upgrades and parking provision.
- Need for road access for staff, delivery vehicles.
- Bus system (where applicable) from the site with access to bus stations.
- Walkability especially between the multi-modal transport areas. These must be clearly defined and supported by signage approved by the Municipality.
- Limited need for public parking.
- The main transport related proposals as follows:
 - Introduction of PT drop-of and pick-up in front of building with time limitation
 - No parking of PT vehicles allowed. This will be regulated by security Municipal Police.
 - Staff and delivery vehicle access.

Road and Street Network and Parking:

- Location and type of access along Parking Road.
- Treatment of the road reserve lane configuration requirements to enable efficient access.
- Access requirements to provide efficient access to the building.
- Parking requirements for visitors, staff and loading/deliveries to the building.
- Any other transport issues that will shape the precinct plan layout.

D. Public Space and Landscaping Framework (Landscape Architect)

The overall strategy for landscaping is to be defined taking consideration of the following aspects:

- The precinct will need to have an overall brand.
- Seek to establish a sense of arrival.
- Establish the main access into the site from surrounding area.

- Sustainable drainage system in collaboration with civil engineer. Rainwater harvesting for irrigation of planted areas is also strongly recommended to be incorporated into the design of new buildings and infrastructure.
- The use of locally indigenous plant species, in particular succulent and geophyte species that will obviate the need for intensive water use (irrigation).
- Grassy lawns should be avoided in the development as these require much greater water use for irrigation.

A Landscape Framework Plan must be developed.

E. Engineering Infrastructure and Services Framework Sustainable Infrastructure(Civil Engineer)

The development of the precinct will need to be serviced by sustainable infrastructure that supports and enhances the future development. Proposed infrastructure strategies include:

- Water re-uses from grey water/ rainwater harvesting.
- Managing of surface water drainage systems holistically in line with sustainable development.
- Storm water storage will assist with retention and attenuation of storm water runoff and for irrigation to landscaped areas.
- Solar systems for energy generation.
- Waste separation area for all materials that can be recovered to promote recycling.

It should be noted that, following approval of the land development application in support of the development, bulk engineering services contributions need to be paid to the Pietermaritzburg Municipality.

F. Water Supply

Investigations needs to be conducted for the supplies of water to the development site through the Pietermaritzburg Municipality the existing bulk water infrastructure and its adequacy need to be confirmed proposed development.

Aspects that must be considered are:

- Water demand projections including fire protection.
- Consideration of on-site storage options and required capacity to operate partially or fully independently for 24 hours. Facility that will be required to be considered.
- Landscaping requirements (in consultation with landscape architect).

- High level reticulation requirements for development (to support Cost Report) in relation to optimal position of connection point.
- Layout Plan

G. Wastewater Disposal

Investigations needs to be conducted for sewage to a treatment facility Through Pietermaritzburg Municipality, capacity needs to be confirmed to accommodate wastewater disposal.

Aspects that must be considered are:

- High level wastewater reticulation requirements (to support Cost Report) in relation to optimal position of connection point.
- Layout Plan

H. Solid Waste Disposal

Investigations needs to be conducted Pietermaritzburg Municipality is responsible for the removal of solid waste. During the Site Clearance process, comments from the Municipality to support of the (re)zoning and related land use rights with certain conditions.

Over and above the removal of solid waste by the municipality, recycling must also be considered in support of environmental sustainability and possible income generation. The location and management of such a facility must be included as part of this project.

I. Surface Water Management

Aspects that must be considered are:

- Pietermaritzburg municipal by-laws and requirements
- Green storm water infrastructure to reduce storm water runoff volumes and peak flows by through retention.
- Drainage system for development (to support Cost Report) in consultation with landscape architect.
- Storm water Plan

J. Electricity Supply

Investigations needs to be conducted for supplying of electricity to the development site through Pietermaritzburg Municipality The existing bulk electrical infrastructure has been confirmed to be adequate for the proposed development.

Aspects that must be considered:

- Electricity demand projections.

- High level reticulation requirements for development (to support Cost Report) in relation to optimal position of connection point.
- Alternative/renewable energy supply options to relieve the Municipality / Eskom supply.
- Layout Plan

5.1.3.2. Facilities Management & Operations Model(Architect)

Total Facilities Management (TFM) (also called 'one-stop-shop') is the management of building and its services. This encompasses multiple disciplines to ensure functionality of the built environment by integrating people, place, process and technology. It relates to technical or hard services as well as soft services.

The facilities management model for the precinct must be considered based on the option to outsource the service.

This aspect is critical, as it impacts on the life-cycle costing and therefore on the payment of user charges/unitary payments by the identified user departments.

5.1.3.3. Urban Design Guidelines

Pietermaritzburg will contribute to the ultimate quality and performance of the precinct for all its identified User Departments and visitors. The development will provide state owned accommodation to Social Cluster and Administrative user departments. The function of the development, as a Government Service Delivery Precinct, is a critical factor which must be the focus in the guidelines.

Architectural guidelines are essential to ensure that the development will add value to quality and experience of the precinct public environment. Having an architectural character with guidelines will enable the Department to control execution of the vision at the implementation stage.

The purpose of the guidelines include the following:

- a. An assessment tool to assist the Department in achieving the development vision and create an identity and enhance the prestige of the Pietermaritzburg Government Precinct.
- b. Guidance for the Department and user departments.
- c. To assist in integration and contribution of the various components of the precinct, that will be made by the future buildings in the precinct, to grow into a cohesive and integrated complete precinct.
- d. To establish and protect the value of public and private investment in the Pietermaritzburg area through effective, practical and meaningful development and building quality control.

- e. To provide Green Building guidelines for an environmentally sustainable design which are to be linked to current best practice systems.

Essential principles which underpin the guidelines are as follows:

- i. Provide guidelines that enable the creativity and innovation of individual developer teams to add value to the precinct.
- ii. Ensure that the building is designed to respond positively to, and contribute to, the public domain (streets and spaces) within which it is situated.
- iii. Ensure that the building plays its part in creating a legible, identifiable and memorable urban environment through a cohesive architectural branding uniquely South African in character.
- iv. Support the development of mixed use (administrative and service delivery) and flexible building typologies that can contribute to urban diversity and environmental sustainability as well as socio-economic responsibility.
- v. Prioritise pedestrian comfort and convenience and ensure that the built form supports and provides for intended high levels of accessibility, comfort, convenience and safety for people during all phases of the precinct development.
- vi. Ensure easy identifiable accessibility to buildings from public spaces and creating space which improves the micro-climate around buildings for occupants and visitors.
- vii. The construction of new buildings and new infrastructure are required to be environmentally responsible and embrace "green building" and "green infrastructure" best practice principles from the outset. Building guidelines incorporates the links to best practice certifications available in the region, such as Green Star Africa which will be available as a rating tool for Green Building Certification for design, as-built and operations.
- viii. Determine building footprint, defining street edge, etc.
- ix. Consider parking calculations (including parking solution for commercial developments)

Important requirements to consider:

A. Green Buildings and Infrastructure

Sustainability-centred approaches that promote the development of energy efficient, sustainable and low impact buildings and infrastructure, such as Sustainable Drainage Systems (SuDS), rainwater harvesting, indigenous landscaping, solar panels, etc.

B. Architecture and Built Form

Key informants drive the architectural character branding concepts proposed below.

- Respond to the South African development context which reflects and conveys progress, leading edge and global standards.
- Functionality.
- Value for money (SAPOA requirements for state owned buildings).

Architectural concepts and styles which portray elements of these imperatives are proposed. The type of buildings which are likely to be established in the precinct, illustrate critical elements relating to local climate, cultural patterns and forms, materials and colours which are practical and which need to be explored to resonate with, and have meaning in, the South African and Regional context.

C. Building Typology

The shape, configuration, massing and height of the building is a critical consideration for both functionality and branding of the precinct and should be used to eventually create a collective built form for the precinct which contributes to the imageability and legibility of the development. The first building in the precinct is expected to be a landmark building. The quality of the structure is a key principle that needs to be applied to the building typology and its intended function as an administrative and social service hub.

The building must support the operational requirements of the identified user departments. The use of each floor should be considered in relation to the operational requirements. Input from the Department: Architectural Services will be required to provide guidance on the approved norms and the interpretation thereof. These norms are developed for each user department in terms of the Space Planning Norms and Standards for Office Accommodation Use by Organs of State, 2005.

The ground floor of the building should accommodate the mix of uses associated with the service function of the user departments, security, access to the building for different users, weather extremities, etc. The building must provide for a dignified experience for both user departments and visitors.

D. Application of Building Principles

The following summarizes a high-level application of the principles described in the previous sections and describes the spatial application for the Concept.

- Multi-storey building with ground floor security, waiting facilities
- Vehicular access with pick-up and drop-off facilities for public transport
- On-site delivery access and parking provision
- Consider viability of dual access from front and rear streets
- Potential and suitability of basement level for parking and PT access
- Structured parking provision
- Colour

- Material
- Glazing
- Building Modulation
- Roofs

5.1.4. Component 4: High Level Cost Analysis

5.1.4.1. High Level Development Cost (Quantity Surveyor)

In order to generate the high level development cost, it is recommended that a quantity surveyor be consulted for inputs.

In making cost estimates for the development concept, consider the following:

- a) Include the cost of the construction of the building
- b) Cost of constructing internal engineering services
- c) Exterior spaces, and also include costs for perimeter fencing if required
- d) Cost to utilise BIM software during design, construction and life-cycle.
- e) Costs to upgrade external public infrastructure should be separated to inform an SLA with the local municipality.

5.1.4.2. Life Cycle Costing

Life cycle costing (LCC) is a method of economic analysis directed at all costs related to constructing, operating, and maintaining a construction project over a defined period of time. In the traditional approach to real estate investment, this can be thought of as the different components of a Net Present Value (NPV) analysis. Life cycle cost analysis is a projection of initial and ongoing costs of ownership, or leasing, and operations for a facility or site over its useful life.

In order to gain the maximum value for money, all costs incurred over the whole life span must be estimated. The optimization of the life cycle costs of a construction project is essential for a complex decision making process by the DPWI and user departments identified to locate within the precinct building.

The intended building, as the productive outcome of the construction project, is characterized by a long lifespan with operating costs much higher than the initial construction/development cost. This is the reason why all decisions connected with a construction project have a long-term and significant impact. The analysis of the project should not focus simply on the construction costs, but also on how matters such as the building design, facilities and fittings affect future operation and maintenance costs.

Life cycle costs (LCC) in general consist of an initial investment (usually construction costs) and the follow-on costs (ordinary payments, i.e. energy, utilities, cleaning and maintenance, irregular costs for replacement, etc.).

Life cycle costing is one form of analysis for determining whether a project meets the client's performance requirements. The LCC methodology can be utilised to assess the tenders for the

implementation of the project, where those tenders differ not only in their tender price but also in their operational and maintenance costs. The LCC approach may lead to a different result when evaluating tenders than when the construction tender price is the only criterion taken into consideration.

The use of an LCC methodology can save money by both providing better forecasting and optimising future costs.

The following minimum information must be included as part of the life-cycle costing:

- (1) Current accommodation of identified user departments (leased and state owned)
- (2) Municipal valuation of Pietermaritzburg to be established
- (3) Construction cost and time estimate
- (4) Project Location, Gross m2, Lettable m2, expected occupation date
- (5) Financial Assumptions:
 - Annual escalation(s)
 - Interest/discount rates
 - Repayment period
- (6) Annual Operating Cost
 - Utilities
 - Maintenance
 - Periodic refurbishments/replacements
 - Rates and taxes
 - Insurance
 - Other property management costs
 - Residual value

5.1.4.3. Proportionate User Charges for Identified User Departments

The implementation of the project and the associated life cycle costing affects the need to spend public funds efficiently.

The identified user departments must be informed of the optimal financial model for implementation, i.e. whether the project be a capital project or a Public Private Partnership (PPP), Build Operate and Transfer (BOT) and how that impacts on their budget.

The solution must advise the expected capital outflow by the users if the project is recommended as a capital project. The ongoing annual payment, which is after the construction, must be indicated for each

development option; that is, the unitary payment in the case of a PPP or BOT and operational costs (user charges) in the case of a capital project.

6. PROPERTY INFORMATION

6.1. Property Description

In terms of the description of the property for this project, the property is registered as Erf 1556 PTN (B&C) Pietermaritzburg and measures approximately 5.89HA in extent.

6.2. Locality

Portion of Erf 1556 PTN (B&C) Pietermaritzburg is located in the Pietermaritzburg CBD. The property is the subject of the Pietermaritzburg Precinct.

6.3. Ownership

The property is owned by the Municipality and awaiting donation through a council resolution from the municipality

6.4. Current Utilisation and Existing structures

Portion of Erf 1556 PTN (B&C) Pietermaritzburg is currently vacant.

7. DELIVERY OF PROJECT

7.1 Draft reports must be submitted to the DPWI Project Manager for comments prior to submission of the final report for each phase of the project. Sufficient time (at least two weeks) must be allocated for this purpose to ensure that the final deliverable for each phase is submitted on the date stated in the Inception Report.

7.2 Invoice will be issued in accordance with the Inception Report. Invoice must include the full project description, WCS number and be accompanied by a time sheet. The time sheet must specify the activity, time and cost for the relevant phase of the project aligned to the Inception Report.

7.3. Handover of information and data in the following format:

- Two printed copies (full colour).
- Soft copies in MS Word, PDF (all maps and drawings) and relevant architectural software on USB device.

8. CRITICAL MILESTONES

The project has to be delivered within a period of 17 weeks.

This programme provides a guideline for preparation of the Project Execution Plan with milestones, responsible professional and associated cost. Once the Inception Report is submitted and approved by the DPWI Project Manager, the Inception Report and the signed tender document regulates execution of the project in terms of the scope, timeframe and budget.

DETAILS OF MILESTONES	PROJECT DELIVERABLES	DELIVERABLES TIMEFRAMES
		Maximum
COMPONENT 1: INCEPTION		
• Consultation and finalisation of project brief. • Analysis of the accommodation needs in relation to the identified site • Site orientation and assessment • Project programme and timeframes for deliverables • Briefing and management of project team • Preparation and submission of a comprehensive Inception Report • Attending all project meetings when necessary	Comprehensive Inception Report	1 week
PHASE 2: LOCATION ANALYSIS REPORT		
• Legislative and policy context. • Location and site analysis: architect. • Fitness for purpose: Confirmation of the user department profile and accommodation needs.: Architect • The initial volumetric concept (which have been developed) analysis : Architect. • Confirmation of all town planning matters related to the site. A comprehensive Site Clearance : Town Planner • Certificate is available. Zoning certificate must be obtained: Town Planner • Detailed Land Use Plan: On-site land use (detailed topographical survey is available), indicated on a Site Plan, and surrounding Land Use Plan, which provides context to activities taking place in the surrounding area : Town Planner • Location and site analysis: Transport engineer. • Location and site analysis: Civil engineer.	Comprehensive Location Analysis Report inclusive of all detailed specialists reports	8 weeks

- Location and site analysis: Electrical engineer. - Location and site analysis: Landscape architect. - Summary of key aspects detailing opportunities, constraints and challenges and the implications for the development.		
COMPONENT 3: PRECINCT DEVELOPMENT PLAN AND REPORT (URBAN DESIGN FRAMEWORK)		
- Urban Design Plan - Facilities Management & Operations Model - Urban Design Guidelines - High Level Cost Report - Address and respond to comments received from DPWI project manager - Attend all project meetings as and when required - Manage sub-consultants in delivery of the project	Final Precinct Development Plan and Report	8 weeks

Submission of deliverables, in line with the allocated time frames, need to consider and allocate time for input and feedback by project manager.

9. FUNCTIONALITY CRITERIA

Functionality Criteria	Weighting Factor
1. PROJECT EXPERIENCE Attach a list of related completed projects not older than 15 years, accompanied by contactable and verifiable references and/or completion letters to substantiate the stated experience. (NB: Appointment letters will not be considered). Evaluation Criteria: (i) 7 or more Projects = 5 Points (ii) 6 Projects = 4 Points (iii) 5 Projects = 3 Points (iv) 4 projects = 2 points (v) 3 projects = 1point (vi) less than 3 projects = 0 point	30
2. LEAD PROFESSIONAL ARCHITECT A lead Professional Architect (with urban design experience) registered with the South African Council for the Architectural Profession (SACAP) Evaluation Criteria: (i) Lead Prof. Architect with 7 years or more post registration experience = 5 points (ii) Lead Prof. Architect with 6 years post registration experience = 4 points	30

(iii) Lead Prof. Architect with 5 years post registration experience = 3 points (iv) Lead Prof. Architect with 4 years post registration experience = 2 points (v) Lead Prof. Architect with 3 years post registration experience = 1 points (iv) Lead Prof. Architect with less than 3 years post registration experience = 0 points NB: Prof is an abbreviation for Professional	
3. SUPPORTING PROFESSIONAL PROJECT TEAM REQUIRED The following supporting professional team registered with their respective Councils 3.1. Professional Civil Engineer/ Technologist (ECSA) 3.2. Professional Electrical Engineer/ Technologist (ECSA) 3.3. Professional Civil Engineer/Technologist with Traffic Engineering Experience (ECSA) 3.4. Professional Civil Engineer / Technologist with Geotechnical Engineering experience (ECSA) or Geologist (SACNASP) 3.5 Professional Landscape Architect (SACLAP) 3.6. Professional Town Planner (SACPLAN) Evaluation Criteria: (i) 5 or more years post registration experience = 5 points (ii) 4 years post registration experience = 4 points (iii) 3 years post registration experience = 3 points (iv) 2 years post registration experience = 2 points (v) 1 year post registration experience =1 point (vi) Less than 1 years post registration experience = 0 point	30
4. FINANCIAL CREDIBILITY Provide a stamped bank rating letter from a banking institution to justify credit worthiness and/or risk, not be older than 3 months. (No bank statements, letter of good standing or proof of bank account will be accepted) Evaluation Criteria: (i) Bank Rating of 'A' = 5 points (ii) Bank Rating of 'B' = 4 points (iii) Bank Rating of 'C' = 3 points (iv) Bank Rating of 'D' = 2 points (v) Bank Rating of 'E' = 1 point (vi) No stamped bank rating letter = 0 points	10

In the event of a joint venture, each bidder to submit their own bank rating. the highest bank rating will be considered	

10. CONCLUSION

This aim of this project is to address the need for a Precinct Plan that supports smart city development principles. DPWI seeks to appoint a suitably qualified service provider(s) primarily Professional Architect complemented by a team of the expects to compile a precinct plan within a period of 12 months for Pietermaritzburg Precinct (WCS No.: 057044) located in Umsunduzi Municipality in KwaZulu Natal Province.

ANNEXURE 1 – SITE INFORMATION

Identified site for government precinct and is Erf 1556 Portion B and C

11. Table 1 Leases within Pietermaritzburg

SIKHOSANA DRIVE	382.70	0	1,025.66	Pietermaritzburg msunduzi tlc	South African Police Services	Office
PT 1: UKULINGO FARM: 14068	168.00	0	2,333.96	Pietermaritzburg msunduzi tlc	South African Police Services	Vacant Land
SAKABULU ROAD	2,081.00	0		Department Of Land Affairs	South African Police Services	Vacant Land
SWARTKOP MOUNTAIN	1.00	0		MPAMUZA TRIBAL AUTHORITY	South African Police Services	Vacant Land
145 CHURCH STREET	1,675.44	27		TUPAC BUSINESS ENTERPRISES	South African Police Services	Office

The total active leases within Pietermaritzburg amount to 4957,2m². A figure of 20% was added for future growth which results in a total figure of 5950m². The client departments in question will need to be contacted at a later stage in order to get a better understanding of their requirements and the nature of their operations. The above however is used in the interim to inform the proposed development.

12. PROPOSED DEVELOPMENT CONCEPT

Portion B and C Development Potential and Land Use Budget

Site area	Proposed Building footprint	Building height	Total Bulk (incl. parkade)	Total GLA	FAR	Coverage	Parkade + At grade+ Street	Open Space
5,89HA (58 900m ² for proposal portion)	16 343m ²	6 stories max	107 195m ²	51 626m ²	0.88	27%	45 500m ² + 9513m ² + 556m ² = 55 569m ² (1852 bays)	42 557m ²

Required Parameters:

- ✓ Site Extent – 5,89HA
- ✓ Maximum Height – 6 stories
- ✓ Coverage – 30%
- ✓ FAR – 1
- ✓ Parking – 1 per 25m² office space

EXISTING SDF

Portion B – Conference Facility/ Hotel

Portion C – Residential developments

EXISTING ZONING

The site is currently zoned as Garage and Filling Station.

Precinct Development Plan

ANNEXURE 1: PROFESSIONAL TEAM ESSENTIAL FUNCTIONS

(a) Location and site analysis: Architect

- Attend site briefing and Scope of work meeting
- Assist in developing a clear project brief and advise on the procurement rule for the project
- Advise on rights, constraints, consents and approvals and advise on the other consultants and services required
- Assist in defining the consultant's scope of work and services, Determine availability of data, drawings and plans relating to the project
- Provide necessary information within the agreed scope of project to the other consultants, Assist in developing a project programme
- Prepare concept design based on client's brief
- Consult with the other professional team and incorporate their inputs Discuss the proposed design concept with local authorities, Clarify and confirm the project space norms to optimise functional and operational efficiency Co-ordinate design and cost interfaces with the other consultants.
- Prepare and submit the site development plan to the local authority for approval where applicable
- Liase, co-operate and provide necessary information to the client,
- Review anticipated costs of the project Review project programme
- Review the high level design, costing and programme with the other consultants, and confirm the scope and complexity,
- Review the high level design and consult with local and statutory authorities and Incorporate all services and the work of consultants

(b) Location and site analysis: Town planner

This task-based deliverable involves the scope of work for the **Professional Town Planner**, which amongst others includes at least the following:

- Site Identification and assessment
- Site orientation and assessment
- Consultation with the Municipalities regarding the requirements of the proposed developments
- Acquiring essential site physical characteristics information in preparation of the site planning purposes such, topography, geology, cadastral boundaries, servitudes, existing infrastructural services map or condition, aerial photographs, existing structures, contours, roads, large rooted trees, fences, broad sectorial land uses, overhead power/telecommunication lines etc.)
- Investigation of applicable Town Planning development controls in relation to the property (i.e. Height, Coverage, FSR/FAR, Building lines, Parking requirements, Zoning etc);
- Preparation and submission of simultaneous rezoning and consolidation applications;
- Attending to all the required local authority processes regarding the above-mentioned applications such as public participation processes, advertisements and etc;
- Acquiring comments from other Institutions or Departments for the above-mentioned applications if required;
- Preparation of site development plans conceptualizing the location of the existing and proposed developments on site;
- Screening of applicable development parameters to determine the actual development controls required for the proposed developments in line with the site development plans and existing developments;
- Ensuring that the SG Diagrams are approved by the Surveyor General Office;
- Analysis of specialists studies undertaken by sub-consultants;
- Preparation of site audit report providing a summary of the analyzed reports;
- Lodging application if necessary
- Attend all project meetings as and when required;
- Acquiring approvals of the required development applications from the local authorities;
- Submission of a comprehensive site clearance report for consideration by the Project Manager.
- Close of the park(public open space) and conduct Public participation

The land development application must consider this information. The Precinct Development Plan must provide a detailed analysis to confirm the suitability of identified user departments to locate within the precinct and also confirm that user accommodation requirements are accurate.

(c) Location and site analysis: Transport Engineer.

This task-based deliverable involves the scope of work for the sub-contracted Professional Transportation Engineering or Traffic Engineer/Technologist, which amongst others includes at least the following:

Transportation (Public Transport)

- A basic assessment based on applicable codes and standards of the possible need for public transport for users of the facility
- The availability of public transport with reference to the anticipated need
- Parking demand adjusted as allowed in TMH 16 and 17
- Written confirmation in principle from the Local or other Authorities regarding the availability of public transport
- Any special requirements of the Local Authority with comments and recommendations in terms thereof.

Site Traffic Assessment

- An assessment of the available space on the site to satisfy the calculated need for roads and parking. If parking is not provided within the proposed development, a parking layout, comparable with the proposed site layout must be provide.
- The site layout plan need to allow for both the excess, out of building, parking as well as visitors parking. Where no visitors or employee parking is prescribed (TMH 17) a comparative survey of a similar facility should be used or undertaken to provide realistic planning numbers.
- Parking area layout design as contained in the COTO documents must be applied, with specific attention given to ease of access and traffic flow.
- Access to sites is specific to the development and must be approved by the Local Authority as part of the Building Application. Provisional approvals will not be accepted.

Traffic Impact Assessment

- A basic assessment of the possible impact that the envisaged development will have on existing traffic patterns as well as the resultant possible need for upgrading of relevant traffic and road infrastructure., including on existing traffic management measures.
- A recommendation based on TMH 16 on the need for a detailed traffic impact study must be made. This will determine the scope of the detail required for the traffic report.
- Written confirmation from the Local Authority regarding the need for upgrading of traffic and rod infrastructure and an estimate of bulk contribution costs
- Final recommendations regarding access to the site

- Written confirmation in principle from the local authority regarding the availability of access to the site and an estimate of possible bulk contribution costs.
- Any special requirements of the local authority with comments and recommendations in terms thereof.

Sustainability of Services

The sustainability of the services in terms of the future provisioning thereof based on current demand as well as in terms of the possible projected increased demands and requirements due to e.g. possible extensions to the envisaged facility must be commented on. Information regarding possible future increased utilization is to be obtained from the Department's Directorate: Town Planning Services. If such information could not readily be obtained then a general opinion should be provided). Where applicable, use must be made of available Integrated Development Plans and the Local Authority's comments in this regard are to be obtained and provided.

(d) Location and site analysis: Civil Engineer (water, sewer, stormwater).

This task-based deliverable involves the scope of work for the sub-contracted Professional/Technologist Civil Engineer, which amongst others includes at least the following:

Water Supply (Domestic and Fire)

- An estimate with appropriate preliminary calculations of the average daily water demand with peak flows of the envisaged facility in respect of both for domestic and fire-fighting purposes, with a view to determine the flow volume(s) that will be required by the facility.
- The recommended water source(s) supported with appropriate reasoning in terms of the sufficient quantity and quality of the water and its compliance with the applicable standards as well as the possible need for treatment.
- In the situation where a local authority is proposed as the most viable water source, the following must be provided:
 - The availability and sustainable capacity of bulk water
 - The capacity of the local authority's infrastructure and distribution network in terms of flows, pressures and condition to provide in the facility's requirements
 - The degree of fire-fighting capability of and assistance available from the local authority.

- Written confirmation in principle from the local authority regarding its capacity to provide in the water requirements as indicated above and an estimate of the possible bulk contribution cost
- Written confirmation in principle from the local authority that a water connection will be provided and an estimate of the possible cost
- Any special requirements of the local authority in terms of the provision of water services, e.g. fire-fighting aspects with comments and recommendations in terms thereof.
- In the situation where a local authority as a source is not possible or viable or deemed to be an unacceptable risk and the proposed source is boreholes, a river, etc., the following must be provided:
 - Information regarding possible viable source options. - Information regarding further investigations that will have to be conducted.
 - Information regarding compliance with relevant legislation and if applicable further steps that will have to be taken to obtain the necessary approvals, authorisations, licences etc. from the applicable authorities such as Department of Water and Sanitation, Department of Environmental Affairs, etc.
- The sustainability and the possible spare capacity of the proposed source must be commented on.
- The possible need for water storage and the availability of a suitable location on the property taking into account and reporting on the environmental requirements in terms of the height of water tower structures.
- If the site is confirmed to be located on dolomite land, a Dolomite Footprint Stability Investigation (FDSI) must be conducted through the DRMU from which a recommendations will be made on the works that will be implemented on the ground.

Sewage / Waste Water

- An estimate with appropriate preliminary calculations of the average daily flow volumes with peak flows of the envisaged facility with a view to determine the flow volumes that will be discharged by the facility.
- An assessment of disposal options with a recommendation of a viable method.

- In the situation where waste water is proposed to be disposed of into a local authority's system the following must be provided:
 - Information regarding the availability and capacity of a local authority's treatment facility and sewerage network.
 - Written confirmation in principle from the local authority regarding its capacity in terms of its sewerage network and wastewater treatment to accept the volumes as estimated and an estimate of the possible bulk contribution cost.
 - Written confirmation in principle from the local authority that a sewage connection will be provided and an estimate of the possible cost.
 - Any special requirements of the local authority in terms of the provision of waste water disposal services with comments and recommendations in terms thereof.
- In the situation where disposal into a local authority's system is not viable or possible and where onsite treatment or other methods of disposal will be required, the following must be provided:
 - Information regarding possible viable options for disposal of wastewater. - Information regarding further investigations that will have to be done.
 - Information regarding compliance with relevant legislation and if applicable further steps that will have to be taken to obtain the necessary approvals, authorisations, licences, etc. from the applicable authorities such as Department of Water Affairs and Sanitation, Department of Environmental Affairs, etc.
- Should off-site treatment or disposal as a possible result of space constraint on the envisaged property be contemplated, this must be stated together with the proposed means of sewage disposal.
- Conservancy tank solutions should be avoided if possible.
- For dolomite sites the means of disposal shall not be septic tanks with soakaway ("French") drains. This is deemed unacceptable and a recommendation/objection to this effect should be raised.

Solid Waste

- An estimate of the volume of waste that will be generated by the facility.
- An assessment of disposal options with a recommendation of a viable method.
- (The capacity of a local authority's infrastructure for disposal.

- Written confirmation in principle from the local authority regarding its capacity for disposal of the volume as estimated and an estimate of possible bulk contribution costs.
- Any special requirements of the local authority with comments and recommendations in terms thereof.
- Should e.g. an incinerator be required for the facility, then an indication on whether meeting of the legal requirements such as licencing as well as other related criteria will be attainable should be provided.
- If there are oil separators or fat traps on site, a comment on the location/position in relation to the buildings should be made (possible bad odour). The efficiency of the current system, the frequency of the cleaning fat tray(s) and access to the disposal facilities.

Storm Water

- An evaluation of the acceptability of the site's location in terms of the risk of storm water flooding.
- The site's locality relative to the 1 in 100 year flood line and the Local Authority's or other legal specific requirements in respect of flood line relating aspects and development limitations as well as an indication on whether the envisaged. Development will comply. (This aspect should normally be the environmental consultant's responsibility if appointed. The civil engineering services report should however provide basic information in this regard. To be coordinated with the appointed town planner and environmental consultant).
- An estimate with appropriate preliminary calculations of the probable storm water run-off according to the frequencies as per the "Guidelines for Human Settlement Planning and Design".
- An assessment of envisaged storm water management on site with a method of discharging from the site.
- Written confirmation in principle from the local or other responsible authority regarding its capacity for accepting storm water volumes as estimated from the site and a quotation of possible bulk contribution costs from the local authority if applicable.

Any special requirements of the local authority e.g. attenuation dams which may impact on the envisaged development with comments and recommendations in terms thereof)

(e) Location and site analysis: Civil Engineer - Geologist/Geotechnical

This task-based deliverable involves the scope of work for the sub-contracted Professional Engineering Geologist/Geotechnical Engineer/Technologist or a Professional Geotechnical Practitioner, which amongst others includes:

An evaluation of the geological and soil conditions, with a view to point out the possible impact on the design and construction costs of roads, parking and other services, must be provided.

For this purpose use should be made of the geotechnical report as prepared by a structural engineering and/or geotechnical engineering consultant. It is being advised that the geotechnical investigations are to be coordinated between the civil and structural or geotechnical consultants to ensure that the information (soil type, parameters, etc.) gathered by the investigations should and tests would be applicable to both civil and structural engineering requirements. The reporting with recommendations on civil and structural should however be presented separately.

Geotechnical investigations should be executed in compliance with the Departmental guideline document, PW 2006/1 and must be limited to basic (elementary) investigations and analyses. This should include the following:

- Carrying out of a desk study (topographical maps, geological maps, gathering information e.g. records of other investigations in the area and from the local authority, etc.).
- If the event where desktop study outcomes prove insufficient for the purpose, the digging of a limited number of shallow trial holes (until refusal with a TLB) and profiling thereof (upon approval from the property owners or authorities).
- Laboratory testing is limited to the determination of the basic soil properties clays (expansiveness), collapsible soils etc., and only if a visual assessment could not be made and if regarded as an absolute necessity to enable a recommendation to be made on the suitability of the site.
- Recommend foundation design criteria based on geological characteristics of the site. The report should formulate an opinion on the type of foundations required for the envisaged type of buildings, any site specific special requirements and restrictions that may be anticipated.

Regarding the possible presence of dolomite, enquiries should be directed to the Directorate: Town Planning Services to provide a copy of, or the Dolomite Risk Management Unit of the Department's Directorate: Civil and Structural Engineering for the issuing of a Dolomite Status Certificate, a copy of which should be enclosed in this report.

Topography

A description with an evaluation of the topography of the site must be provided with reference to its acceptability for the intended use in terms of the feasibility to provide the required civil engineering services, the possible need for excavation, etc

(f) Location and site analysis: Electrical Engineer.

This Task Based Deliverable involves the scope of work for the sub-contracted professional Registered Electrical Engineer/Technologist, which amongst others includes:

- The required electrical engineer scope of work at site clearance phase shall be:
- Give a brief description of the site and the conditions.
- Obtain or determine the capacity of the existing electrical network on the site.
- Prepare calculations of the projected capacity demand for electricity in relation to the development.
- Indicate the condition of the existing network on site and if it complies with the relevant Acts, Standards and Regulations.
- Get confirmation from the local supply authority regarding what type of measurement and costing system are used.
- Determine the closest supply point to the site.
- Determine the total load required for the existing and the new installation (additional accommodation).
- Get confirmation from the local supply authority in writing that they will be able to provide the total new load required. Obtain estimated cost from the local supply authority regarding the new connection/upgrading.
- Obtain confirmation from the local supply authority at what voltage the connection will be provided. (MV or LV)
- Advise the Department regarding regulatory and statutory requirements as well as any by-laws regarding the new connection.
- Advise the Department regarding any by-laws required for emergency and alternative power supplies which the Department might connect to the electrical network.

(g) Location and site analysis: Landscape Architect.

- Assist in developing a clear project brief Attend project initiation meetings
- Advise on the procurement policy for the project, advise on rights, constraints, consents and approvals
- Determine availability of data, drawings and plans relating to the project

- Advise on the necessary surveys, analyses, tests and/or other investigations where such information will be required.
- Advise on appropriate financial design criteria
- Provide necessary information within the agreed scope of the project to the other consultants
- Agree the documentation programme with the principal consultant and the other consultants
Attend design and consultants' meetings
- Prepare concept design based on the client's brief
- Consult with professional team and incorporate their input Discuss design concept with local and other authorities as required
- Advise the client regarding further surveys, analysis, tests and investigations which may be required.
- Refine and assess concept design to ensure conformity with statutory requirements and consents.
- Co-ordinate design interfaces with the other consultants Select hard and soft landscape construction materials prepare cost estimates as required
- Submit presentation of the design concept to the client for approval
- Prepare and submit the landscape development plan to the local authority for approval where applicable Liaise and provide necessary information to the client, principal consultant and other consultants
