1. PURPOSE

The purpose of this Policy is to set out, in line with SETA Grant regulations, the basis on how SASSETA disburses Discretionary grants to achieve the implementation of its Sector Skills Plan (SSP), Annual Performance Plan (APP), DHET Service Level Agreement (SLA) and national imperatives as set out in the National Skills Development Plan (NSDP).

2. SCOPE

This Policy outlines the principles and approach governing the management and disbursement of the Discretionary Grants in response to the SETA Grant Regulations. The Policy is applicable to:

- 2.1 Public Education and Training Institutions as well as Private Skills Development Skills Development Providers.
- 2.2 An employer or enterprise within the jurisdiction of SASSETA (SETA 19), including an employer or enterprise not required to pay skills development levy in terms of Skills Development Levies Act.
- 2.3 Other legal person contemplated in sub-paragraph (7) of the SETA Grant Regulations that meets the criteria for the payment of such grants.

- 2.5 Trade Unions / Union Federation, NGO's, CBO's, NLPE's and Co-operatives operating in the safety and security sector.

3. OVERSIGHT

The approval of Discretionary Grant applications shall fall within the operational mandate, save in respect of awards that exceed the delegated authority of the Chief Executive Officer, and appeals. The Board shall retain oversight responsibility over the implementation of the Policy.

4. POLICY STATEMENT

- 4.1 This Policy acknowledges that skills development is not a linear process, in fact; skills and knowledge are produced in a complex set of institutions and institutional arrangements.
- 4.2 The Skills Development Act 97 of 1998 as amended, *inter alia*, provides an institutional framework to implement national, sector and workplace strategies to develop and improve the skills level of the South African workforce. It also makes provision for the establishment of SETAs as institutional vehicles to develop and implement sector skills plans, promote learning programmes, register agreements for learning programmes, collect and disburse skills development levies in accordance with the SETA Grant Regulations.

- 4.3 This Policy is consistent with the provisions of the Skills Development Levies Act 9 of 1999, and the SETA Grant Regulations, which stipulates the processes for the management and disbursement of the funds received as levy income.

5. POLICY OBJECTIVES

- 5.1 The primary objective of this Policy is to create an enabling environment for the management and disbursement of Discretionary Grants in a manner that is equitable, fair, competitive, transparent, and cost effective.
- 5.2 The secondary objective is to regulate the use of the Discretionary Grants for SASSETA to use them to implement the SSP, the APP, the DHET SLA and to address sector and national skills development priorities in the country. These are not grants that employers are entitled to but grants that SASSETA deploys to achieve its objectives in relation to the development of the sector. The purpose of the various discretionary grant policies is not to set out how employers can "get their money back" but rather how the SETA will achieve the implementation of the SSP, APP and DHET SLA in a financial year.
- 5.3 A further objective is to enable SASSETA to use Discretionary Grants to fund learning programs for learners who have been disadvantaged by cancellation of Discretionary Grants projects under which they were benefitting until they complete their studies.

6. GUIDING PRINCIPLES

- 6.1 The Discretionary Grant on 1 April each year must be spent or committed, provided learning programmes for the committed funds have already commenced or in the process of commencing.
- 6.2 SASSETA shall allocate at least 80% of its available Discretionary Grants within a financial year to PIVOTAL programmes that address the scarce and critical skills within the safety and security sector, the needs identified by DHET, in Public Institutions, in private sector's Workplace Skills Plans, the Sector Skills Plan, the NSDP outcomes or qualifications/skills programmes that lead to the top priorities identified in the national list of occupations in high demand, through funding applications.
- 6.3 SASSETA is committed to the promotion of NQF registered and quality assured programmes that addresses occupational shortages and skills gap needs as set out in the SSP, APP including work integrated learning.
- 6.4 The remaining portion, to the maximum of 20%, shall be used for non-pivotal and Strategic Projects.
- 6.5 SASSETA may ring fence funding for projects in a financial year. The ring fencing will be based on the funding applications received from the stakeholders in response to the request from SASSETA and other information gathering mechanisms such as the priorities of the DHET, SSP, APP, and other clearly defined government priorities on skills development linked to the NSDP.

- 6.6 Projects may be awarded in one financial year for implementation in the following financial year where funds are available and the current financial year's performance targets have been achieved.
- 6.7 The Skills Development Provider fee paid by SASSETA covers all direct training costs, and no further claims can be made.
- 6.8 The Skills Development Provider fees paid by SASSETA excludes indirect / incidental costs such as transport, accommodation, and meals (which will be for the cost of the employer), except where otherwise indicated.
- 6.9 SASSETA recognises and embraces the principles of transparency, openness, equity, access and fairness in allocation and disbursement of discretionary grants without prejudice to any individual or stakeholder.

7. LEGISLATIVE FRAMEWORK

- 7.1 According to the SETA Grant Regulations, a SETA must, on an annual basis, and in accordance with any guidelines issued by DHET and operational requirements, approve a Discretionary Grant Policy, specifying how the SETA discretionary funds will be allocated to meet sector needs as set out in the APP and the Service Level Agreement entered into with DHET and national skills development needs.
- 7.2 The Skills Development Act 97 of 1998 and the Skills Development Levies Act 9 of 1999 provide for the collection of levies from employers and provides directives and/or guidelines on how the funds allocated to SETAs should be disbursed.
- 7.3 The SETA Grant Regulations is to:
 - 7.3.1 Regulate the proportion of funds available for skills development that is spent on administration costs.
 - 7.3.2 Make provision for SETAs to contribute to the cost of the work of the Quality Council for Trades and Occupations (QCTO).
 - 7.3.3 Discourage the accumulation of surpluses and carry-over of unspent funds at the end of each financial year.
 - 7.3.4 Improve the quantity and quality of labour market information received by SETAs through Workplace skills plans, annual training reports and professional, internships, vocational, occupational, technical, and academic learning (PIVOTAL) training reports, which provide a reflection of skills needs and inform planning.
 - 7.3.5 PIVOTAL programs, which are NQF-registered and quality assured, towards addressing priority scarce and critical skills needs in the sector, as identified through Sector skills plans and research; and
 - 7.3.6 Create a framework within which expanded use is made of public education and training Skills Development Providers for the provision of skills development programmes.
- 7.4 Other pieces of legislation that guide the implementation of projects are:

8. FUNDING FRAMEWORK

General income and funding of SASSETA is regulated by the Skills Development Levies Act and SETA Grant Regulations as below:

- 8.1 SASSETA's income is derived from the skills levy of contributing employers.
- 8.2 10,5% is allocated towards administration costs for the running of the SETA and includes a 0.5% allocation towards the Quality Council for Trades and Occupations (QCTO) as legislated.
- 8.3 Any Mandatory Grants that are not claimed by 15 August and/or unallocated funds from the administration budget will be transferred to the discretionary fund pool.
- 8.4 Any additional income received shall be allocated to discretionary projects.

8.5 49.5% will be allocated as Discretionary Grants, of which:

8.5.1.1 At least 80% must be used to fund strategic interventions as detailed in the Strategic Plan (SP) and Annual Performance Plan (APP) through PIVOTAL programmes; and

8.5.1.2 A maximum of 20% may be allocated to funding of non-PIVOTAL programmes to develop the sector in accordance with the priorities outlined in the SSP and other clearly defined government priorities on skills development linked to the NSDP.

9. ADMINISTRATIVE COSTS

9.1 SASSETA may use a maximum of 7.5% of project funding to fund its project related administration costs including but not limited to Salaries, Travel & Accommodation and Marketing.

9.2 On application, SASSETA may consider paying a nominal administration or project management costs providing for administrative support to Public TVET Colleges and Public CET Colleges. This may include the allocation of interns to provide administrative support where appropriate, the duration of such internship will be linked to the duration of the project. No private sector beneficiaries will be considered.

10. ALLOCATION OF DISCRETIONARY GRANTS

10.1 BROAD BASED BLACK ECONOMIC EMPOWERMENT

The Broad Based Black Economic Empowerment act provides that the Minister of Trade and Industry may issue codes of good practice that could include "qualification criteria for preferential purposes for procurement and other economic activities." The amended BBBEE Act no 53 of 2003 places more of a burden on State entities to clamp down on BBBEE compliance by service Skills Development Providers.

Thus, the criteria for awarding of discretionary grants will include the receipt of BBBEE certificates. Where an enterprise is exempted from having a BBBEE certificate then they would need to submit the required sworn affidavit to SASSETA.

10.2 PEOPLE WITH DISABILITIES

SASSETA is committed to the development of persons with disabilities (PWD). Preference will be given to applications for PWD. An additional allowance of 20% of the stipend will be paid to the PWD learner on SETA funded programmes on application. Employers may apply, with motivation and supporting documents, for a once-off allowance to modify the learning environment to accommodate learners with disabilities.

10.3 LEARNER / BENEFICIARY RECRUITMENT

SASSETA does not recruit learners for programmes. Applicants for grant funding and project funding are required to perform this function, subject to the following:

- 10.3.1 Preference must be given to South African Citizens. Foreign nationals will only be considered for employed programmes, if they have the necessary work or study permits and the legislation relating to the learning programme allows for it.
- 10.3.2 Preference must be given to beneficiaries who reflect the national transformation targets as set out in the APP.
- 10.3.3 Preference must be given to youth (ages 18 – 35), children of military veterans and military veterans in this age group for unemployed beneficiaries as set out in the APP, DHET SLA and SASSETA's Strategic Plan.
- 10.3.4 Consideration will be given to persons from lower income and marginalised communities.

10.4 OTHER CONSIDERATIONS

In addition to 10.1 and 10.2 above, consideration will be made:

- 10.4.1 To increase learning programmes in rural areas, the evaluation criteria will include giving preference to applications to be implemented in rural areas.
- 10.4.2 Where necessary, SASSETA will prioritise and may increase funding for interventions in rural areas and other regions that may be identified as a priority for development.
- 10.4.3 To ensure that SASSETA contributes to employment opportunities as well as enterprise development in South Africa as outlined in the National Development Plan, preference will be given to PWD, Black, Rural and Women owned enterprises when selecting skills development providers to train public sector employees. This will be considered together with the costing considerations.
- 10.4.4 Subject to availability of funds and in line with regulations and NSDP transformational imperatives; Scarce and Critical skills, industry required programmes and Occupations in High Demand will be given priority funding.
- 10.4.5 In addition to the NSDP transformational imperatives, SASSETA will give special consideration for:
 - 10.4.5.1 Applications that address emerging needs of the Economic Reconstruction & Recovery Programme (ERRP), the Presidential Youth Empowerment Intervention (PYEI) and other national skills priorities determined by the Minister.
 - 10.4.5.2 Applications that address national strategic goals as set out in the National Skills Development Plan (NSDP), the National Skills Accord and other relevant national priorities.
 - 10.4.5.3 Applications that respond to industry skills needs as identified through the SASSETA Sector Skills Plan and other relevant research and address targets as indicated in the Strategic Plan and Annual Performance Plan.
 - 10.4.5.4 Applications that support the development of public TVET and public CET Colleges to deliver SASSETA occupational qualifications.
 - 10.4.5.5 Funding learning programs for learners who have been disadvantaged by cancellation of Discretionary Grant projects under which they were benefitting until they complete their studies.

11. ELIGIBILITY CRITERIA

11.1 To access Discretionary Grant funding for PIVOTAL programmes, employers are required to:

- 11.1.1 Be registered with SASSETA (SETA 19) at SARS, or if exempted, the companies should be operating in the safety and security sector.
- 11.1.2 Companies with 50 or more employees must complete and submit a WSP/ATR in the prescribed template (sub-regulation 7) by 30 April or if granted an extension, by 31 May of the prior year; and those with less than 50 employees must complete and submit a PIVOTAL Training Plan together with all applications for discretionary grants
- 11.1.3 Have such WSP/ATR or PIVOTAL Training Plan accepted by SASSETA.
- 11.1.4 Levy payments, where applicable, must be up to date. SASSETA reserves the right to request evidence to this effect.
- 11.1.5 Be a legal person.

11.2 A new company that has been registered for the first time in terms of section 5 of the Skills Development Levies Act in the previous six (6) months and has submitted an application for a mandatory grant within six (6) months of registration may apply for the discretionary grants.

11.3 All Public Benefit Organisations (PBO's) such as NGO's, CBOs, and Cooperatives, operating in the safety and security sector must be duly registered with CIPC, Department of Social Development and be in good standing with the South African Revenue Services, having filed returns annually for all taxes not exempted from.

11.4 Trade Unions and Union Federations operating in the safety and security sector must be duly recognised in the SASSETA Constitution, registered with the Department of Employment and Labour and be in good standing with the South African Revenue Services, having filed returns annually for all taxes not exempted from.

11.5 All organisations other than those established by legislation must be duly registered with the CIPC and status be "In Business," having filed annual returns with the CIPC.

12. PARTNERSHIPS

12.1 The NSDP requires a SETA to partner with registered public TVET Colleges, public Universities and public CET Colleges in the delivery of learning programs. It is the strategy of SASSETA to ensure that it delivers most of its learning programmes through public institutions. It therefore follows that most of these will be delivered in partnership with registered public TVET Colleges, public Universities and public CET Colleges. The SASSETA may accordingly enter MOUs with these entities to advance skills development within the sector. Should SASSETA have an MOU with these public entities and there is a training need from the sector that these public entities can fulfil, then the training programme need not be advertised, the public entity may be appointed by SASSETA following the evaluation and approval process referred to in clause 12.4.

12.2 Further to this, SETAs are encouraged to support CBO, NGO, Cooperatives, Trade Unions, Union Federations, Non-Levy Paying Entities (NLPE's) operating in the safety and security sector. These partnerships are formed to ensure proper skills development for both employed

and unemployed individuals. An MOU with this category of entities can be entered into in order to achieve this objective.

12.3 NGOs, CBOs, Co-operatives and NLPEs that have an existing valid MOU with SASSETA may specify their training needs through the Expression of Interest process. Should the entity be accredited to offer the training intervention, or the training may be provided by a public entity referred to in paragraph 12.1 then the training need not be advertised, however the evaluation and approval will be as per the discretionary grants process.

12.4 Learning programmes to be delivered under a partnership as envisaged in this section must be submitted within the timeframe determined for the submission of Expressions of Interest and must be presented to the LPERC Sub-Committee to evaluate and make necessary recommendations to LPERC that will adjudicate and recommend to the Chief Executive Officer for final approval as outlined in clause 17 below.

12.5 The Memorandum of Understanding must clearly outline the following:

- Relationship between the parties;
- The areas of common interest; and
- How their needs will be addressed

The Memorandum of Understanding will not form the Discretionary Grant contract between the parties. After a specific learning programme for implementation has been approved through the Discretionary Grants process, a Discretionary Grant Funding agreement will be entered into and will specify:

- Details of the learning programme
- Scope of Work
- Number of Learners
- Obligations of the Parties
- Approved funding
- Project duration
- Payment Deliverables and
- Disbursement Schedule

12.6 The NSDP encourages the support of Trade Unions and Union Federations operating in their sector in identifying skills needs and strategies to address those needs. They will not be subject to the same evaluation criteria as other entities.

12.7 To qualify for funding the Unions should provide proof of valid tax exemption from SARS.

12.8 The training and skills needs will be subjected to evaluation and approval as outlined in clause 12.4 above. If there is a need for a Skills Development Provider the Trade Union or Union Federation shall source that provider and comply with accreditation requirements that may be placed by SASSETA to ensure that proper training take place.

13. ALLOCATION OF DISCRETIONARY GRANT FUNDS

13.1 The SASSETA Board shall approve a five-year Strategic Plan, which is reviewed annually and is informed by the legislative and regulatory environment, Policy imperatives as well as Sector Skills Plan (SSP) research.

13.2 Annually, SASSETA enters into a Service Level Agreement with the Department of Higher Education and Training (DHET). This SLA sets out the minimum service levels that the SETA must meet in performing its statutory functions, meeting the National Skills Development Strategy targets, and implementing its Strategic Plan (SP) and Annual Performance Plan (APP).

13.3 The SP and APP set out the Operational Plan on how the strategic objectives will be achieved and how funding will be allocated towards achieving SASSETA's strategic, financial and performance indicators with a view to making principle decisions that will guide the strategic direction for the period. The SP and the APP are subject to the approval of the Minister of Higher Education and Training.

14. ACCESSING DISCRETIONARY GRANT FUNDING

The following broad processes will be followed to access the Discretionary Grant:

14.1 Government Departments and Public Entities with a valid Memorandum of Understanding / Agreement with SASSETA must submit an Expression of Interest listing their training needs for each financial year within the timeframes determined by SASSETA. Expressions of Interest will be presented to LPERC Sub-Committee to evaluate and make the necessary recommendations to LPERC and ultimately the Chief Executive Officer for final approval. If a Skills Development Provider is required to conduct training, such will be advertised and SASSETA shall source that provider through a funding window. Should a Government Department or Public Entity require to appoint their own provider, they should follow their own procurement processes in the appointment and provide proof on this regard to SASSETA.

14.2 Artisan Programme requests from government departments and other public entities may be allocated to DHET registered Centres of Specialisation and accredited public TVET Colleges without the need to advertise. Where private training Skills Development Providers are required, a competitive bidding process will be followed.

14.3 All other stakeholders not provided for in 14.1 and 14.2 above should apply for PIVOTAL and Non-PIVOTAL discretionary grants during an open funding window and the applications will follow the discretionary grant evaluation and approval process as outlined in clause 17 below.

14.4 When the PIVOTAL targets set out in the APP and SLA have been met and funds are available, SASSETA may invite applications for Non-PIVOTAL grants through a funding window.

15. FUNDING WINDOWS

15.1 Each financial year SASSETA shall prepare and advertise via the media an invitation to apply for projects and the first advertisement for each funding window type (private sector, public sector and Non-Pivotal or Strategic Projects) shall remain open for at least 21 days. The Chief Executive Officer shall approve all adverts. Should there be a need for deviation, the Chief Executive Officer must approve such deviation.

15.3 Should there be no successful/compliant applicants and as a result of which delivery on APP/SLA could be compromised after the first funding window of the private sector or public sector funding window:

15.3.1 SASSETA may Open a Closed Funding Window inviting all entities that have submitted their WSP and such WSP has been accepted by the SETA to submit proposals for training in areas that SASSETA has identified a shortfall in terms of the APP targets. This invitation will be published on the SASSETA website. Upon receipt of such proposals / applications the normal evaluation process will be followed.

15.3.2 Should the APP target be met, and there is a high demand for a learning intervention and there are sufficient funds available, then SASSETA may consider such funding applications (received within a funding window, or Expression of Interest) with the additional funding that is available.

15.5 Applicants seeking both Full Funding and Co-Funding for projects may apply in the appropriate funding window. Co-funding applications will be prioritised over applications for full funding.

15.6 Goods and services (including training) which have to be procured for projects recommended from the Expression of Interest, unsolicited project proposals and other approved discretionary grant projects will be procured utilising approved competitive bidding processes.

15.7 The Chief Executive Officer of SASSETA may, during the course of the financial year, publish on an urgent basis, proposals to address areas where project delivery is poor as reflected in the DHET QMR/SLA and/or APP reporting. Advertisements in this regard will be for a shorter duration of time than a normal advertisement, but not less than 7 calendar days to allow for all applicants to prepare for an application.

15.8 The award of Discretionary Grants shall take place as early in the financial year to which this policy applies as possible, provided that the APP and Budget of the SETA for the financial has been approved.

15.9 Applications for discretionary grants submitted in a prior year and whose evaluation was not concluded at the end of the prior year, may be considered in terms of the policy applicable in the prior year.

16. JOINT VENTURES

16.1 For PIVOTAL programmes advertised in the private sector funding window, all eligible applicants may indicate a preferred Skills Development Provider and provide all the SDP's compliance documents and proof of accreditation. This is not considered a joint venture.

16.2 For Non-PIVOTAL Strategic Projects where parties will be implementing the proposed project as a Joint Venture or Consortium, the sum total of all credentials within the joint venture / consortium must fully comply with the legal and regulatory requirements, the application made in the name of the Joint Venture / Consortium and a duly signed Joint Venture agreement clearly defining the roles of each party must be attached to the application. If successful, the

SETA will enter into a funding agreement with the JV or Consortium and not individual parties to the JV / Consortium.

17. EVALUATION OF APPLICATIONS
