5. THE FOLLOWING EVALUATION METHOD FOR RESPONSIVE BIDS WILL BE APPLICABLE:

<input type="checkbox"/> Method 1 (Financial offer)	<input checked="" type="checkbox"/> Method 2 (Financial and Preference offer)
---	---

5.1. This bid will be evaluated according to the 80/20 Preference points scoring system:

6. ELIGIBILITY IN RESPECT OF RISK TO THE EMPLOYER:

Standard risk management assessment criteria in respect of tenders received for routine projects in the engineering and construction works environments:

Tender offers will be evaluated by an Evaluation Committee based on the technical and commercial risk criteria listed hereunder. Each criterion carries the same weight / importance and will be evaluated individually based on reports presented to the Bid Evaluation Committee by the Professional Team appointed on the project. A tender offer will be declared non-responsive and removed from any further evaluation if any one criterion is found to present an unacceptable risk to the Employer.

In order for the evaluation reports to be prepared by the Professional Team, the Tenderer is obliged to provide comprehensive information on form DPW-09 (EC). Failure to complete the said form will cause the tender to be declared non-responsive and removed from any further consideration. The Employer reserves the right to request additional information over and above that which is provided by the Tenderer on said form. The

information must be provided by the Tenderer within the stipulated time as determined by the Bid Evaluation Committee, failing which the tender offer will *mutatis mutandis* be declared non-responsive.

6.1 Technical risks:

Criterion 1: Experience on comparable projects during the past 10 years.

The tendering Service Provider's experience on comparable projects during the past 10 years. The number of current and previous comparable projects performed by the Tenderer as per the evaluation report prepared by the Consultant Team, based on its research and inspection of a representative sample of the Tenderer's current and previous work as reflected on form DPW-09 (EC), as well as, if necessary, of any additional work executed by the Tenderer, not reflected on form DPW-09 (EC). Failing to provide contactable references will result in the tender offer will be *mutatis mutandis* declared non-responsive.

Aspects to be regarded as "comparable" includes (but may be extended according to circumstances): size of projects (measured against monetary value or other project quantifying parameters), nature of projects (building, engineering, high/low rise, etc.), locality/area of execution (site-specific influences, knowledge of local conditions, etc.), complexity of project, projects for similar client department irrespective of end purpose of buildings/facilities created or in progress of being created and time scales of projects (normal, fast track, etc.) and stage of its/their development.

Criterion 2: Contractual commitment and quality of performance on comparable projects during the past 10 years.

Adherence to contractual commitments and quality of performance of comparable current and previous projects performed by the Tenderer during the past 10 years as per the evaluation report prepared by the Consultant Team, based on its research and inspection of a representative sample of the Tenderer's current and previous work as reflected on form DPW-09 (EC), as well as, if necessary, of any additional work executed by the Tenderer.

Aspects to be considered include, but are not limited to the following:

1. The level of progress on current projects in relation to the project programme or, if such is not available/applicable, to the contractual construction period in general;
2. The degree to which previous projects have been completed within the contractual completion periods and/or extensions thereto, and the extend of penalties imposed;
3. Project performance: time management & programming of works, timeous ordering of materials and appointment of subcontractors;
4. Financial management: payment to suppliers and cash flow problems;
5. Quality of workmanship: extent of reworks and timeous attention to remedial works;
6. Personnel resources: suitably qualified and experienced, turnover in site staff and labour force, specifically site manager and foreman;
7. Personnel management: extent of labour disputes and ability to resolving labour disputes amicably;
8. Sub-contractors: extent of turnover in subcontractors, general liaison and payment problems experienced;
9. Contract administration: contractual aspects such as complying to laws and regulations, insurances, security, submission of required documentation timeously, reaction to written contract instructions, appointments of subcontractors, etc. as can generally be expected in standard/normal conditions of contract.
10. Health & Safety: adherence to regulations and compliance, and number of transgressions & serious incidents.
11. Plant & equipment: sufficient resources on site and in time.
12. Delays: extent of causing delays, submission of claims timeously, and abuse of or exaggerated delay claims.
13. Final account: extent to which the contractor assisted in finalising the final account.

Criterion 3: Suitably qualified and appropriately experienced human resources

Allocation of suitably qualified and appropriately experienced human resources, both in respect of principals and/or other staff (contract manager, site agent, site foreman including other professional, technical and/or administrative) of the tendering Service Provider to the project, as proof that the tendering Service Provider

Any reference to words "Bid" or Bidder" herein and/or in any other documentation shall be construed to have the same meaning as the words "Tender" or "Tenderer".

will be able to react/respond appropriately to the Services required herein. The Company Organogram with CV's and certified ID's of all principals and employed workforce as well as proof of Professional Registration will be verified. Current and future workload of the tenderer in relation to capacity and capability will also be considered. The tenderer should demonstrate that he or she possesses the necessary professional and technical qualifications and -competence in relation to the scope of work and work to be undertaken.

Criterion 4: Attendance of compulsory bid clarification meeting, if applicable

If applicable, submission of confirmation of DPW-16.1 (PSB) attendance of compulsory bid clarification meeting or proof of attending the compulsory virtual meeting by a suitably qualified and experienced representative of the tenderer in terms of PA-04 (EC): Notice and Invitation to Tender.

6.2 Commercial risks:

The financial viability assessment evaluates the risk over the life of the construction period, as to whether the tenderer will be able to deliver the goods and services which are specified in the contract and / or be able to fulfil guarantees or warranties provided for in the contract in order to complete the project successfully for the amount tendered.

Aspects to be considered include but are not limited to, the respective rates tendered, bank rating, financial capability and capacity whether the tenderer has or has access to sufficient financial resources to deliver the goods or services described in the tender documentation (including fulfilling any guarantees or warranty claims), whether the tenderer is not subject to any current or impending legal action (either formal proceedings or notification of legal action) which could impact on the financial standing of the tenderer or the delivery of the goods or services, financial report from auditors as proof of current liquidity, and company or any parent company or investor guarantee/s and financial statements.

SCHEDULE-ONE (1)

1. EXCAVATIONS

Excavate carefully in all materials for trenches to expose defective pipe, select, backfill, compact and dispose of all surplus material on completion. Allow for working space, plant, fault finding, shoring and dewatering as required and supply any shortfall of clean earth where required. Payment for excavations will be limited to the length of the defective pipe being replaced plus maximum of 500mm working space on both ends of pipe to be replaced (secondary trenching to be allowed for). Excavations will only be paid at one of the following rates depending on the category in which the average depths fall.

2. EXTRA OVER FOR ITEM 1

Hack up, remove and reinstate to original state on completion of services to match the existing on completion of repairs. Payment for this item will be limited to the actual quality of material removed to the line and length of excavation done including working space as described above. Payment will only be made at one of the following rates, depending on the type of material and average thickness of material being replaced.

3. PIPE WORK

3.1 HIGH PRESSURE PIPES

Replace pipe work to match the existing - inclusive of all couplings, adaptors, tees, bends, holder bats and concrete thrust blocks etc. as well as leak detection where required. Where Asbestos pipes burst the leaks are repaired with an equal diameter, length to be replaced to a full length of standard 6meter uPVC pressure pipe including all connectors.

3.2 UNDERGROUND DRAINAGE PIPES

Replace pipe work to match the existing inclusive of all couplings, adaptors, tees, bends, gulleys, inspection eyes, rodding eyes, holder bats etc. where necessary. Where clay or asbestos pipes burst the leaks are repaired an equal diameter, length to be replaced to a full length of standard 6meter heavy duty UG drainage pipe including connectors.

3.3 STORM WATER PIPES:

1. The Department intends to appoint one successful Service Provider per area. The Department reserves the right if required to employ any other contractor for any project in any region or area. The Department reserves the right to allocate works/projects/orders to successful bidders in any area with the aim to spread assignments between them or for the Department to exercise the most economical means to achieve the required end. Thus the successful bidder does not have the right to all projects/works/order in the region it bid for. The department also reserves the right to negotiate the price of the successful bidder.
2. The successful bidder will be subjected to positive security clearance. All company employees including the owner must be South African citizens due many NDPW&I sites being high security facilities and National Key points.
3. The itemized work in schedule one (1) and schedule two (2) is for the repairs and maintenance of plumbing and drainage (main water supply lines and main drainage lines) infrastructure of all state owned properties, namely Police Stations, Prisons, Magistrates Courts, Prestige, Military Bases, State owned housing, etc. as well as leased building and vacant land falling under the control of the Department of Public Works or other Government Departments referred to as "Client" Departments.
4. Each work request (with clear description of work) will be accompanied by a request number (ID number or CPT number). An official instruction, only issued to bidders by designated officials of this Department, for each repair shall be given to the bidder in writing. A request and instruction will be issued as and when services are required, due to the nature of maintenance requests - work requests will not be issued to the contractor at regular intervals and hence the service provider is required to always be on standby to attend to the anticipated plumbing emergencies (DPWI does not guarantee the issuing of work requests on a daily basis).
5. The Contractor must, in the event of replacement and repairs becoming necessary, submit a Technical report with an estimation of the cost of the work concerned to the Department representative on receipt of instructions to that effect put the work in hand. The technical report must be supported with photos from start, duration to completion of the service to give an indication to justify the repairs required and include motivation of replacement of parts. The sole purpose the estimate is to determine the magnitude of the repair and shall not be treated as firm and final price.
6. The contractor shall commence with repair work within 24 hours after receipt of an instruction from the Department official and immediately in the case of emergency repairs. The contractor may not accept any instruction from the Client Department and/or enter into any negotiations with regards to any work to be done.

7. The contractor must use competent and trained staff directly employed and supervised by himself. The contractor shall satisfy the Department in all respects that their Artisans and skilled workforce are suitably qualified to carry out the specified repairs covered by this contract.
8. New parts, components and materials used shall be of equal specification and must match the existing item to be replaced. Only genuine parts are acceptable to the Department and the use of pirate parts will not be allowed. New parts, components and material shall conform to SANS 9001. Parts will be installed and connected according to manufactures specification.
9. The contractor shall submit to the Department any supplier or factory guarantee of repaired or replaced components together with his invoice and shall ensure that such guarantees are not jeopardized in any way. All work done, new parts and components installed and materials used in this contract shall be guaranteed for a period of at least 12 months.
10. The contractor must make sure that workers have a company work suit with company logo on it, clear indication tags with name and photograph openly displayed with company logo as background. The dress code of all workers must adhere to the OHSA. Proper housekeeping must be practiced by the contractor at each site and all rubbish and waste shall be immediately removed from the site when work has been completed.
11. Job cards must be fully completed (with black ink) in all respects for each and every repair work by both the contractor and the Client Department. Complete an exclusive job card for every day of service rendered. Job cards must indicate "job still in progress" and the final job card must indicate "job completed". The original job cards must be submitted with the invoice for payment, a copy must be left with the client, and a second copy must be for the contractor's record keeping (the contractor must procure his own carbon copy job card books which replicates the job card template which the Department will provide). Having blank job cards or incomplete job cards signed and stamped by the Client Department before or after work is completed is deemed to be of a fraudulent nature and is in breach of this contract and can and will lead to the cancellation of the contract.
12. The cost of each repairs and maintenance request will be according to the rates priced by the contractor in the pricing schedules of schedule one (1) and schedule two (2).
 - Transport, material & labour cost must be included in the bidder's rates for each and every item in schedule one (1).
 - For non-scheduled material and non-scheduled major plant used on a task (repair), the contractor must provide the Tax Invoice of purchase or hire from the supplier (certified by SAPS) in order to charge the Department, additionally charging the respective percentage mark ups. Only then will the contractor be allowed to claim labour hours spent on site to perform the task as well as traveling cost (per km rate is inclusive time spent traveling and distance travelled, starting only from 80km outside of core town to and from destination) as laid out and described in schedule two (2).

ACCEPTANCE

By signing this part of this form of offer and acceptance, the Employer identified below accepts the Tenderer's offer. In consideration thereof, the Employer shall pay the Contractor the amount due in accordance with the conditions of contract identified in the contract data. Acceptance of the Tenderer's offer shall form an agreement between the Employer and the Tenderer upon the terms and conditions contained in this agreement and in the contract that is the subject of this agreement.

The terms of the contract are contained in:

Part C1 Agreement and contract data, (which includes this agreement)

Part C2 Pricing data

Part C3 Scope of work

Part C4 Site information and drawings and documents or parts thereof, which may be incorporated by reference into the above listed Parts.

Deviations from and amendments to the documents listed in the tender data and any addenda thereto as listed in the tender schedules as well as any changes to the terms of the offer agreed by the Tenderer and the Employer during this process of offer and acceptance, are contained in the schedule of deviations attached to and forming part of this agreement. No amendments to or deviations from said documents are valid unless contained in this schedule.

The Tenderer shall within two weeks after receiving a completed copy of this agreement, including the schedule of deviations (if any), contact the Employer's agent (whose details are given in the contract data) to arrange the delivery of any securities, bonds, guarantees, proof of insurance and any other documentation to be provided in terms of the conditions of contract identified in the contract data. Failure to fulfil any of these obligations in accordance with those terms shall constitute a repudiation of this agreement.

Notwithstanding anything contained herein, this agreement comes into effect on the date when the tenderer receives one fully completed original copy of this document, including the schedule of deviations (if any). Unless the tenderer (now contractor) within five (5) working days of the date of such receipt notifies the employer in writing of any reason why he/she cannot accept the contents of this agreement, this agreement shall constitute a binding contract between the parties.

1.6 Failure on the part of the tenderer to submit proof or documentation required in terms of this tender to claim points for specific goals, if the service provider/ tenderer did not submit proof or documentation required to claim for specific goals will be interpreted to mean that preference points for specific goals are not claimed.

1.7 The organ of state reserves the right to require of a service provider/tenderer, either before a tender is adjudicated or at any time subsequently, to substantiate any claim in regard to preferences, in any manner required by the organ of state.

2. DEFINITIONS

(a) **“tender”** means a written offer in the form determined by an organ of state in response to an invitation to provide goods or services through price quotations,

competitive tendering process or any other method envisaged in legislation;

- (b) “**price**” means an amount of money tendered for goods or services, and includes all applicable taxes less all unconditional discounts;
- (c) “**rand value**” means the total estimated value of a contract in Rand, calculated at the time of bid invitation, and includes all applicable taxes;
- (d) “**tender for income-generating contracts**” means a written offer in the form determined by an organ of state in response to an invitation for the origination of income-generating contracts through any method envisaged in legislation that will result in a legal agreement between the organ of state and a third party that produces revenue for the organ of state, and includes, but is not limited to, leasing and disposal of assets and concession contracts, excluding direct sales and disposal of assets through public auctions; and
- (e) “**the Act**” means the Preferential Procurement Policy Framework Act, 2000 (Act No. 5 of 2000).

P_{max} = Price of highest acceptable tender

4. POINTS AWARDED FOR SPECIFIC GOALS

4.1. In terms of Regulation 4(2); 5(2); 6(2) and 7(2) of the Preferential Procurement Regulations, preference points must be awarded for specific goals stated in the tender. For the purposes of this tender the tenderer will be allocated points based on the goals stated in table 1,2 and 3 above as may be supported by proof/ documentation stated in the conditions of this tender:

4.2. In cases where organs of state intend to use Regulation 3(2) of the Regulations, which states that, if it is unclear whether the 80/20 or 90/10 preference point system applies, an organ of state must, in the tender documents, stipulate in the case of—

(a) an invitation for tender for income-generating contracts, that either the 80/20 or 90/10 preference point system will apply and that the highest acceptable tender will be used to determine the applicable preference point system; or

(b) any other invitation for tender, that either the 80/20 or 90/10 preference point system will apply and that the lowest acceptable tender will be used to determine the applicable preference point system,

then the organ of state must indicate the points allocated for specific goals for both the 90/10 and 80/20 preference point system.

Table 4: Specific goals for the tender and points claimed are indicated per the table below.

(Note to organs of state: Where either the 90/10 or 80/20 preference point system is applicable, corresponding points must also be indicated as such.)

Note to tenderers: The tenderer must indicate how they claim points for each preference point system.)
