- 5.1 No combat uniform will be allowed.
- 5.2 Security Officers shall report on duty in time requested by Public Works.
- 5.3 Security Officers found guilty of any offences shall be removed from site immediately and deleted from the system e.g. biometrics system.
- 5.4 Security Officers should avoid any conflicts with the staff members or members of public.
- 5.5 Security Officers shall report any lost or found articles to supervisors.
- 5.6 Any Security Officer found under influence of any intoxicating substances will not be allowed on site.
- 5.7 The contractor will be held liable for any damage or loss suffered by the State, as a result of the contractor's own or his employees' negligence or intent, which originated on the site.
- 5.8 The State shall not be liable for any loss or damage of any nature to any of the contractor's properties or any items kept at the State's sites, in cases where the loss originated as a result of negligence or intent on the part of the State.
- 5.9 The State is indemnified against any liability, compensation or legal expenses in respect of the following cases:
 - Loss of life or injuries which may be sustained by the security personnel during the execution of their duties.
 - Damage to or destruction of any equipment or property of the contractor during the execution of their duties.
 - Include illicit frisking, illicit arrests and other illicit or wrongful deeds. The contractor shall be notified in writing of the particulars of each claim he is liable for.
- 5.10 The contractor must, at his own expense, take out sufficient insurance against any claim, costs, loss and/or damage ensuing from his obligations and shall ensure that such insurance remains operative for the duration of this agreement.
- 5.11 A copy of such insurance contract shall be handed to the departmental representative on commencement of the service.
- 5.12 The contractor may not, unless otherwise specified, make use of any of the state's equipment, aids and/or property, for purposes of compliance with the conditions, which equipment, aid and/or property include, *inter alia*, vehicles, stationery, firearms, rooms and furniture.
- 5.13 Water and electricity required for the rendering of the service by the contractor shall be provided free of charge by the State.
- 5.14 The contractor is responsible for the training of his personnel at the site in respect of the application of the guidelines of the emergency plan applicable for the specific site.

- 5.15 All keys required to obtain entry to those parts of the site where the service is to be rendered according to the conditions, will be provided.
- 5.16 The contractor's personnel must at all times refrain from littering and must at all times keep the grounds and buildings occupied by them clean, hygienic and neat.
- 5.17 Under no circumstances are security personnel allowed to carry on any trading (selling sweets, loose draws etc.) within Public Works buildings.
- 5.18 The contractor shall not erect or display any sign, printer matter, painting, nameplates, advertisement, and article or object and of any nature whatsoever, in, against State buildings or sites or any part thereof without written consent from Public Works.
- 5.19 The contractor shall not publicly display at the site any article or object which might be regarded as objectionable or undesirable.
- 5.20 Any sign, printed matter, printing, nameplate, advertisement, article or object displayed without written consent or which is regarded as objectionable or undesirable, will immediately be removed by Public Works and the contractor shall be penalized.
- 5.21 The company must ensure all security officers have their company access card.

6. OTHER SECURITY REGISTERS

Apart from the occurrence book mentioned above the following registers shall be utilized by the Security Officers in rendering service at all Public Works buildings.

6.1 Visitors register

Purpose: The purpose of visitor's register is to have information available at all times regarding persons entering and leaving the premises within a specific period. Register should be kept clean and neat all times. These register forms must be completed correctly and legibly by the security guard/officer on duty and the following information from the visitor should be noted.

- Date and time of visit, and departure.
- Surname and initials of the visitor.
- ID no and proof of identity of the visitor.
- Home and work address of the visitor.
- Name of person to be visited.
- Telephone number at work or home.
- Duration of the visit.
- Purpose of visit.
- Signature of visitor.

6.2 Pocket book

Purpose: The purpose of the pocket book is to note down all incidents occurring or observations made by a security guard/officer during a turn of duty, for later reference.

Requirement: During their turns of duty all security personnel must have a pocket book on their possession.

NB: The following information must be noted down in the Pocketbook

All occurrence/events, however important, slight or unusual, referring to the following:

1. Reporting on and off duty.
2. Time the event occurred.
3. Extent of occurrence or event.
4. Any serious event taking place during the execution of the duty, Security Officer should record it in the pocket.
5. Supervisor visiting the site should sign in the Security Officers pocket book to ensure that he/she has visited the officers on site. Supervisor's entry should be in red pen.
6. The pocket book also helps Security Officer with his/her performance evaluation.

6.3 Staff after hours register 18H00-06H00

1. The after hours register is intended to exercise control over staff members and any other people who entered the buildings after hours. This register is also applied during weekends and public holidays.
2. All personnel leaving the building after hours should complete the after hours register.
3. Security Officer on duty must ensure that they complete the register for the client, and that all personnel completing the register correctly. This means that Security Officer shall ensure that correct time and signature of the personnel is entered correctly them selves.

6.4 **Information register**

1. The information register plays an essential role regarding communication of security matters, particularly for shift workers. Instructions, incidents and any other matters are recorded in the book so that shift-workers can receive messages.
2. Security Officers reporting for duty should read the information register, so that they can have necessary information regarding security activities. After the message the officer should sign to acknowledge that he/she is aware the message.
3. Each entry should have serial number, date, time and the name of the officer who made the entry.

6.5 **After hour Mail receipt register**

1. The register record all the mails received by the Security Officers on duty. Normally the mails will be received from other departments and companies.
2. When a postal article is delivered, the security on duty should ensure that it is addressed to Public Works. If the sender's names do not appear on the article, as the messenger to write his/her name, address and telephone on the back of the article.
3. The article should go-through the X-ray machine to determine whether it is safe or not.
4. Enter all the details in the register.
5. Obtain the signature of the person who delivered the article and his personal details and mark the article with same serial number in the register.

6.6 **Removal permit**

This permit is the most essential in terms of control goods and asset leaving the department. This register should be controlled on this manner.

1. State asset, information and other relevant goods are not allowed to leave the department before the proper authority is obtained. There are certain senior managers on each section who has the authority to sign for the goods leaving the building. Goods shall not leave the building before the necessary authority is given.

2. Serial numbers and make of the goods should be verified by Security Officers, before the goods could leave the building. When the Security Officer is not certain with the serial numbers and other information, he/she should contact the senior officer to look into the matter.

6.7 **Government vehicle register**

Security personnel should control government vehicles at the exit and entrances of the buildings. The security personnel should look at the following issues:

1. To determine whether the driver has the authority to drive the vehicle.
2. To prevent the theft of vehicles and the tools a copy of the trip authorization must be kept by security.
3. To ensure that the vehicles are used for official purposes only.
4. To verify particulars and ensure correctness of the trip authorization.
5. To ensure that all new damages to the vehicle is reported / indicated on the trip authorization.

7. **COMPULSORY INSPECTION**

The Department of Public Works shall have the prerogative to conduct inspection on the services rendered by the contractor:

1. Inspect the equipment provided by Public Works.
2. Inspect the equipment provided by the contractor.
3. Records of any Security Shortage on the side.
4. The right to dismiss the Security Officer or Site Manager on site inspection or service shall be conducted by the Public Works Security Manager as well as his/her immediate managers at anytime they find it be appropriate to do so.
5. The Department of Public Works reserves the right to conduct inspection for the services rendered by the contractor at any time, this will done in order to establish whether the service rendered by

the contract is satisfactory and comply with the conditions of contract and the site specification.

6. The Department of Public Works reserves the right to require from the contractor that any of his employees be replaced, in which case the employee must leave the site and he/she must be replaced immediately. The State will not be held responsible for any damage or claims, which may arise because of this and is indemnified against any such claims and legal expenses.

8. TENDERERS SHOULD PROVIDE THE EMPLOYER WITH THE SATISFACTORY PROOF OF THE FOLLOWING REGISTRATION CERTIFICATE BEFORE THE TENDER CAN BE CONSIDERED:

Registration as employer with the Compensation Commissioner,

South African Receiver of Revenue and

Unemployment Insurance Commissioner.

Registration with the Security Officers Board.

Only applications for price adjustment in accordance with the following escalation formula will be considered by Department of Public Works

$$Pa = (1 - V) Pt + \frac{D1}{R1o} \frac{R1t}{R2o} + \frac{D2}{R2o} \frac{R2t}{R3o} + \frac{D3}{R3o} \frac{R3t}{R4o} + \frac{D4}{R4o} \frac{R4t}{R4o} + V Pt$$

Where:

- Period = The period between price adjustments
Pa = The adjusted price or rate for each period
V = The firm part of the price or rate which must not be smaller than 0,15
Pt = The price or rate on date of tender which will apply for the First period
1, to D4 = The fraction of the price to be coupled to indicates R1 to R4 respectively. D1 to D4 must add up to 1.
R1, to R4 = The indices applicable, namely:
R1 = salaries/wages, consumer price index PO 141.1 table 21
R2 = transport, PO 141.1 table 16
R3 = clothing and footwear, PO 141.1 table 16
R4 = overheads, PO 141.1 table 26

o = The suffix which indicate the index number (figure) applicable on date of tender. For all practical purposes, an index number of three months before date of tender may be used.

t = The suffix which indicate the index number to be used of the adjustment of the price or rate for the next period. Once again, an index number of three months before Commencement of the next period may be used. Prices Or rates as quoted, are firm for the first period and there- after as adjusted for each period.

9. TERMINATION OF SERVICE

1. The stipulations of the General Conditions and procedure apply in particular to cases of failure to comply with any of the conditions of contract, or where an unsatisfactory service is rendered e.g. they must comply with PSIRA.
2. Any amendment or waiving of the stipulations of the contract must occur in writing by mutual consent through the agency of the Department.
3. Should the contractor alienate his rights and liabilities in terms of this contract, he/she should notify NDPW immediately so that the necessary steps for the cession of the contract can be taken.
4. The Department further reserves the right to early termination of services of the contractor, in the event of misconduct by any one of their employees (which may or may not be construed as a breach of the contract), incompatibility or operational requirement.

Bidders must provide their Companies Profiles to meet with all the risk assessment indicated below.

**PSIRA Act no 56 of 2001 (Financial Capabilities):
Bidders failing to compile with PSIRA Act in accordance to Minimum Sectorial Determination Pricing Structure will be disqualified.**

Methodology

The detailed methodology plan should indicate the strategy, the company will apply in challenges which can be experienced in the three sites (PWH, Ndinaye Building and Nipilar House). The Methodology should indicate how secure the buildings, taking into account the site challenges i.e. theft of IT equipment, access control, support during strike situations and how to conduct fruitful investigations etc.

COMPANY WILL BE HELD RESPONSIBLE FOR ANY LOSS OF PROPERTY WITHIN THE PREMISES, AS RESULTS OF NEGLIGENCE ON THE PART OF ANY OF THEIR EMPLOYEES /ASSOCIATION.

Experience

Minimum of one (1) year experience in large size institutions. This should be supported by the references from such institutions.

Appointing the credible and experience Supervisors with the following requirements:

1. Two (2) year experience
2. Grade C.

Resources

Well established control room in accordance to PSIRA specifications and standards i.e. base radio, fax, landline, uninterrupted power supply system (UPS). The company must respond to emergency within 45 minutes. (Locality will be added advantage) It is therefore advisable that the company be based or has a control room in Durban area.

Contingency and Supervision

Company must have a contingency plan they will put in place in case of breach of security. An indication of the company capacity to handle the project must be indicated during the period of the contract and how supervision will be carried out during the course of the contract.
