## \* A3 Messenger Bag, Mens satchel bag

£90.00

A3 Felt satchel bag which is handmade from 3 mm industrial wool felt, which is assembled using pop rivets. The strap is made from 100% vegetable tanned full-grain leather which is backed with wool felt and fastens onto the bag with carabiners.

The front flap fastens with a magnetic snap and there are internal pockets for your phone and wallet.

This bag is big enough to fit A3 notepads and was commissioned by an architect who was struggling to find a bag big enough to fit A3. I can also make a A4 sized bag. please message me if you can't see it listed.

Dimensions:

Length 18" / 45cm

Width 12" / 31cm

Depth 3" / 8cm

This bag, like all my items, are designed and made by myself in London, UK. I do not hold a huge amount of stock so please allow 2-3 days before shipping.

This bag can be spot cleaned using cool water, below 30°. Using hot water or machine washing will continue the felting process and shrink your bag!

I hope you enjoy using this bag as much as I enjoy making them.

Materials: Pop Rivets, Vegetable Tan Leather, Wool Felt, Felt.

Length 18" / 45cm

Width 12" / 31cm

Depth 3" / 8cm

This bag like all my bags has a huge amount of storage

This bag can be used as a briefcase and will continue the theme of my other bags

I hope you enjoy
