TERMS OF REFERENCE:

APPOINTMENT OF SERVICE PROVIDER TO DELIVER THE PRINCE2 FOUNDATION AND DIGITAL CORE GUIDANCE COURSE

1. Purpose

The Directorate: Human Resources Development requires the appointment of accredited and credible service provider to deliver the PRINCE2 Foundation and Digital Core Guidance course.

2. Background

The Department of Public Works and Infrastructure has in line with the National Skills Development Act and Human Resources Development Strategy conducted a training needs analysis for 2026/27 financial year. The Training Calendar was developed using the training needs received from the units as well as the training gaps identified through the Skills Audit exercise.

PRINCE2 foundation and digital core guidance course was identified by one (01) official from the Chief Directorate: Information Communication Technology (ICT).

3. Expected Outcomes/ Deliverables

The course will help the official to have sufficient knowledge and understanding of the PRINCE2 method to be able to work effectively with, or as a member of, a project management team working within an environment supporting PRINCE2.

4. The course content should cover the following areas:

Overview of PRINCE2® Project Management

- The definitions and characteristics of a project,
- What makes a project a PRINCE2 project, and
- The features and benefits of PRINCE2.

public works
& infrastructure

Department:
Public Works and Infrastructure
REPUBLIC OF SOUTH AFRICA

-

PRINCE2 Project Management

PRINCE2® Overview

Torque IT offers authorized instructor led PRINCE2® training and certification solutions that ensure that attendees gain a solid understanding of Project Management as well as the PRINCE2® methodology.

The associated certifications, also available through Torque IT, serve to demonstrate that successful candidates possess the Project Management skills knowledge and abilities that are relevant, and in demand, in the industry today.

PRINCE2® (Projects IN Controlled Environments) is the world's most practiced project management methodology and a de facto standard developed and used extensively by project managers around the world.

Embodying established and proven best practice in project management, PRINCE2® is a flexible method that guides you through the essentials for running a successful project. Regardless of type or scale PRINCE2® can be tailored to meet your organization or industry-specific requirements.
